On Sunday night he secured well supper at the Union and on Monday he was about bright and early. He waited in Butte from 8 o'clock in the city and on the way up noticed a window a face that he knew. He waited for the postmaster that night, but found no one in Butte and had been in vain. It was just at sunset when he John down the window of the house and then he came to the house of the city authorities, with the result above stated.

GIVE US WORK

To enable us to put some idle men to work, we have decided to change our policy and by furnishing Asphalte work as follows, which is very much below the real value, and every dollar is paid to Utah workmen:

Garden walks, ready and lawn walks,	10c per sq. ft.
Sidewalks, etc., 1½ in.	15c "
1½ in.	15c "
Alley work, etc., 1½ in.	12½c "
2 in.	15c "
Wearing surface, 1½ in.	17½c "
Cellar floors, 1½ in.	20c "

Road work, etc., at equally low prices. Our Asphaltum is not equal to white, does not hurt the eyes to come near it, and is far superior to the best cement work ever laid.

We employ everyone, and the more orders we get we can give all men work, and the more we can do for the people.

We will take part of the pay in store pay, but our workmen can use on a cash basis.
