ordinary basket in Big Cottonwood; the Sunnyside water power location and all water rights in Big Cottonwood canyon, and other real estate and personal property, the estimated value of which with the above named property is $1,550 000.

Police Court Notes.

A trio of trespassers, Dan Lindrie, Peter Jost and John Anderson, pleaded guilty in the police court today and were given twenty, fifteen and ten days respectively in the city jail.

R. Martin pleaded guilty to begging and got five days while William Johnson for the same offense was ordered imprisoned for thirty-five days.

Geo. Everson, who was arrested yesterday for drunkenness and disturbing the peace, was fined $5 and $2.50 on the respective charges.

Mike B—s had a hearing for petit larceny but was discharged.

Mr. Arnold Better.

Orson F. Arnold, Esq., who was reported yesterday as ill, is much better today, and was able to be out. His sickness was not so serious as thought at first, being merely the result of over-exhaustion, most of the effects having passed away already.

Fell Through the Joists.

A. F. Hills Jr, brother of C. S. Hills, secretary to Attorney General Bishop, while at work on a building on Sixth East and Fourth South streets, today, had the misfortune to fall through the joists of the first floor to the cellar below, a distance of five feet. The young man became partially unconscious, and for a time it was feared he had broken some of his ribs. A physician was at once summoned who after an examination said his ribs were broken, but that he probably had received internal injuries. While Mr. Hills injuries are not of a serious nature, they are sufficient to lay him up for some time.

Entered by Burglars.

The warehouse of Miller and Miller at the corner of Fifth South and Third West streets was entered by burglars Tuesday evening and two sacks of bran stolen. Several parties are suspected.

Was Onto His Job.

Similing Matthias Meakin walked into Henry Sadler's place of business on East Temple street this morning and approaching a two-gallon keg of whisky wrapped upin a sack, stood by it while he asked the clerk, "Can I leave this here?" "Yes, take it and get out," answered the clerk, and Matthias very willingly did so. As he was leaving, he shouldering the the two-gallon keg and walking out the back door. The mistake was noticed shortly afterwards and Matthias was arrested for petit larceny. In the police court this afternoon the defendant was found guilty and sentenced to 70 days in the city jail.

Supervisor of State Funds.

Gov. Wells appointed John S. McMaster of Brigham City supervisor of State issues today. Mr. McMaster's duty will be to supervise the expenditure of $2,100 of the State's money, appropriated by the last legislature for the construction of a public bridge over Bear river, near Dewryville, Box Elder county.

Richard G. Price, aged 65, and Mary Ann Gourdy, same age, both of this city, were granted a license to get married today.

COURT AT VERNAL.

A Most Important Session to Commence Next Monday.

CRIMINAL CASES TO BE TRIED.

Cattle Men and Sheep Men Gathered from Utah, Colorado, Wyoming and Idaho.

(Associated Press.)

VERNAL, Utah, via telephone to Fort Duchesne, via telegraph to Price, Utah, August 5.—On Monday next the criminal court for this district convenes, Judge Dusenberry of Provo presiding. This session of the district court is perhaps one of the most important as well as of more than ordinary interest, for the reason that there cases before the final court the cases of several armed mounted criminals who have recently been captured in this vicinity by the sheriff's officers, and by the help of the United States military officials at Fort Duchesne, and by the help of the United States military telegraph, which covers the line from Fort Duchesne to Price, a distance of nearly one hundred miles. Were it not for the military post at Fort Duchesne, the wildest element of cattle thieves, highwaymen and the worst of murderers would practically have control of this country, away out here beyond the bounds of civilization, so to speak.

THE MCKEE BROTHERS.

There are several very serious cases to be tried before the coming session of the criminal court here, but the most important case which is occasioned great interest is that against the McKee brothers charged with cattle and sheep stealing and slaughtering. There is not to be had within the confines of the hotel accommodations of Vernal, at this writing, a vacant room or cot or mattress after next Saturday. Every sleeping apartment has been engaged by telephone and telegraph by attorneys and by prominent cattle and sheep raising men from not only Utah, but from Wyoming and Colorado, to act them as far away as Idaho. The cattle men and the sheep men seem to have pooled their grievances now, as against the specialed thieves and slaughterers, and it would seem that they are determined to rid the country of the pests. The representative cattle and sheep men of the affected districts are on mass here to see to it that the recent raid made upon the stock will be the last for a long time to come, if not the last of all which has so much been seen so disastrous and the a lesson Simon pure punishment is meted out to the guilty parties, who they claim are now in custody, and others will soon follow.

THE MCKEE BROTHERS.

said a lawyer to the Associated Press reporter today, have a great deal to disprove. They have left nothing undone towards employing able counsel, and let me tell you right here, that they have employed L. H. Rhodes of Salt Lake City to defend them, Attorney Rhodes is one of Utah's big lawyers. He was formerly a resident of Denver, was the county attorney of Arapahoe county several years ago, and made an enviable reputation as a great criminal lawyer. Lawyer Rhodes is on his way here "to defend the McKee boys, and next week the greatest legal criminal charge Utah ever knew, in Utah will be fought right here at Vernal. The Utah, Wyoming, Colorado and Idaho Cattle Growers' Protective association are going to supply the prosecution with able counsel to help to convict those recently arrested."

HOW IT ALL HAPPENED.

For a long time past the cattle and sheep men on the ranges have been troubled by depredations upon their stock by maliciously inclined outlaws, to put it mildly. Port Inspector James T. Hesse, at Fort Duchesne, has been one of the largest sufferers in a financial point of view. For months past efforts were made to capture the miscreants. On Thursday, July 22, last, a posse of men composed of sheep owners left Vernal for the purpose of capturing, dead or alive, the McKee brothers, against whom it is said sufficient evidence has been secured to convict them of having recently found the Ericsson brothers to a tree, and then maliciously killed a large number of sheep. The four McKee brothers, James, George, Joseph and Thomas are under arrest here, and as before stated there is to be a tremendous legal fight on hand in the district court next week when their trial begins.

From indications today the Associated Press representative is informed from a source considered reliable, that before the trial of the McKee brothers is finished, several arrests will be made of state officials who are supposed to be concerned in the cattle stealing and killing outrages, and that three arrests will create a tremendous sensation throughout the West. It is furthermore stated today that the mother of the McKee brothers, who resides in Salt Lake City, will be at Vernal Sunday, and that the mother will be a very important witness during the trial of her sons. NEWSBOYS AT LAGOON.

Paper Venders and Their Friends Have a Gay Time—Luncheon Served at Noon.

"Jack" Harrison, his confederates the newsboys, and a thousand other people were total Patsies, for Lagoon yesterday. Amusement seekers were very chary during the day and had a tight rope time, despite the fact that they

and were brought to an abrupt termination by the extinguishment of the electric lights at 10:45 when the last trips pulled out for the city, loaded to the gunnels.

During the afternoon a program of athletic sports was carried out the prizes-winners being as follows: Walter Sears won the 100 yard dash in 11 seconds, and also the 50 yard dash in 6 seconds; Spencer Young won the 100 yard dash for boys and Joseph Hirsch the 50-yard dash for boys; Miss Annie Simpson won the 50-yard girl's race; Thomas Bridge and Joseph Jones won the three-legged race for boys; Edward Smith and Walter Sears won the three-legged race for men; George McKinnon won the obstacle race.

In the evening, with President Simpson as grand master of ceremonies, the miscellaneous programme was attended to, the same being as follows: Miss Beatrice Cousins got a prize for having the smallest foot, the "Guilty" standing 12 inches. "The most portrait lady at Lagoon," said the president, "is Miss May Clark of Farmington," and she she was awarded a prize. Miss Bessie Young was tendered the distinction of having the largest nose, Miss Bertha Whitney took the prettiest lips, while "Bessy" Rhodes the smallest mouth, was a candidate, and Edward E. Smith and Mr. Gunnemann took the trophies for being the most gentlemanly and fair respectively at the resort. James Golding was adjudged the handsomest young man. In the waiting contest James Doyle of Denver and Pearl Snell of Salt Lake won the prizes, while Miss Margaret Lester danced the Highland Fling and was rewarded.

The distribution of prizes took place into morning from the stage of J. P. Gardner on East Temple street.

The company is not remarkable for having carried the marked ball out of the contract with the boys so that it a bind of amusement that is all much appreciated in this community. The company was also fair in its treatment of the boys in paying them for the expenses they had incurred in connection with the affair and as the latter were satisfied, the general public has no fault to find.

LOOKS WELL FOR SAN PEDRO.

Southern Pacific Purchases Land Near Proposed Breakwater for a Dock.

LOS ANGELES, Cal., Aug. 5.—The Pacific Improvement company, representing the Southern Pacific Railroad company, has bought 170 acres of land overlooking the proposed Breakwater at San Pedro. This new purchase of the Improvement company is a trifle less than a quarter of a mile which is held by the San Pedro Harbor dock company.

By the purchase of this land the Southern Pacific will have splendid facilities for docks, as it is close to one of the proposed entrances to the breakwater. This deal would indicate that favorable action on the San Pedro Harbor by Congress is anticipated.

E. P. Officials Leave.

The party of Union Pacific railroad officials, including General Passenger Agent Lomax, D. W. Hitchcock of the passenger department at San Francisco, and Thomas Schumacher of the freight department, left the city today for San Francisco. The gentlemen have been in Salt Lake several days and came to take part in the meeting of the Union Pacific directorate. They have been attending to business since the time connected with traffic relations between the Union Pacific and Oregon Short Line.

Burlington Files Papers.

The Gleanwood Avalanche says the following on the proposed road from Colorado to Salt Lake City:

The Burlington railroad has filed papers in Denver for a road to start from Lyons, this state, and cross into North park. It has planned to go down Bear river and into Utah, eventually getting to the Pacific coast. The Denver Times says plans are completed and everything ready to commence work.

If the Burlington undertakes this task it will knock out the Union Pacific in a general way. The territory to be opened up will be so great as was ever opened up in this state. It will allow the miners at Hahn's peak and Whitney park to get their ore to market. It will give a road built down Bear river it will stand the people of Glenwood Springs in hand to get a "jerk water" connection with it.

Washout on D. & R. G.

DENVER, Colo., Aug. 4.—The washout on the Denver & Rio Grande railroad caused by a cloudburst at Castle Rock, Colorado, yesterday was quickly repaired and trains are running regularly today. Very little damage was caused by the washout, as the Rio Grande trains were just last night over the Gulch route back between Denver and Colorado Springs.

S. P. and O. S. Will Be Friendly.

BUTTE, Mont., Aug. 4.—Private information received here from the East says President Underwood of the Sou ther is to succeed Winter as the head of the Northern Pacific. The fact that Underwood is a close friend of James J. Hill of the Great Northern indicates that the latter will have the say in the management of the Northern Pacific at least, and that the relations between it and the Great Northern will be most friendly.

Japs Dislike Reduction.

BOISE, Idaho, Aug. 4.—The Japanese employed as section hands on the Oregon Short Line struck for higher wages today. The company began putting on white men, but it is thought this evening the difficulty with the Japs will be arranged.

Railroad Notes.

The Utah Fuel association officers send out some fine bonnets and other advertising matter today, giving notice of their excursion to Castle Springs on Saturday, Aug. 14.

University Students at Saltair.

The University Field Day club excursion at Saltair last night was a most enjoyable affair. The students had been informed by a circular letter of the outing and they turned out with their friends in large numbers. Dancing was indulged to pleasantly and the water was remarkably smooth and warm. At 8:30 Speedy made his high dive from the only platform, and later in the evening the Honeycombs gave their dancing performance.

The main attraction, however, was the dancing. Christensen's enlarged orchestra was in attendance and a special program had been arranged. The cool breeze made the ride home even more enjoyable. The last train left the beach at 11:15.

Railroad Notes.

E. V. Mead, general agent of the Union Pacific at Butte, leaves the city tonight for Butte.

Nothing has been done by U. P. and O. S. L. officials in the matter of changing the 11:45 arrangement.

R. T. G. Matthews, southern traveling agent of the Missouri Pacific railway, was in town today, visiting railroad men and distributing some fine class advertising matter. Mr. Matthews intends to visit Butte, Portland, Seattle and other northern points in the interest of his road.

District Court Notes.

Judge Cherry overruled today the demurrer to the complaint, in the case of T. Kilts Brown vs Charles E. Moor.

Judge Cherry heard arguments today in the matter of the application of C. F. Smith for a writ of prohibition against City Justice of the Peace D. H. Wenger, in the case of Fort Wayne Organ company vs C. F. Smith, to prevent the enforcement of a judgment previously rendered.

MINOR MENTION.

Thomas Cupit of Summit county was commissioned a notary public today.

The board of education will meet tonight. It is expected that all members, except Pres. Tarbet, will be in attendance. The latter is enjoying his vacation in California.

DEATHS.

ELKES—Joseph Gallow Elkes, died in this city, Aug. 3, 1897, of paralysis, after an illness of over four months. He was born March 7, 1828, in Hanley, Staffordshire, England, and came to this city in the second handcart company. He was a strict believer and saint father. He leaves a wife, two sons and other relatives to mourn his loss.

A funeral service will be held in the First Fourth Ward meeting house on Sunday, Aug. 8, at 2 p.m. Friends of the family are invited to attend.

PIANOS! PIANOS! PIANOS!

We can sell them cheaper than anyone. Look at these:

1 Decker Piano, ... was $500.00, now $ 79.00
1 Upright Piano, ... was $500.00, now $145.00
1 Steinway Piano, Grand, ... was $1000.00, now $350.00
1 Upright Piano, ... was $300.00, now $165.00
1 Upright Piano, ... was $300.00, now $175.00

All other Pianos in proportion.

You know us, when you don't know the various manufacturers and dealers in pianos and organs; therefore, we will you to be very careful as to the merit of any piano or organ that we sell. We invite such responsibility. We have dealed almost an entire lifetime in the pianos and organs business and resulting the knowledge necessary to judge a piano or organ, and we buy only according to our judgment.

We are good for every promise we make; this is the praise we offer you.

A GREAT PIANO SALE

By the Manufacturers Themselves.

We are about to overhaul our second-hand pianos. Our instruments are all new and cut own manufacture. Why should you buy a second-hand piano when you can get a new high-grade instrument at second-hand prices? Dealers refuse to handle our pianos because they say they cost too much money and are not profitable. We are selling in this city directly to the consumer and at lower prices than we have ever quoted to dealers. We must have representation here, and have adopted this method of introducing our goods. The same grade of piano that is being sold in this city for $900 will be sold by us for less than half that amount. The original four railroads of pianos we recently shipped here are equally as disappointed. We have new pianos (we don't handle second-hand, a reliable stock) from $175 upward, guaranteed for ten years. Easy terms if desired.
