THE EVENING NEWS.

Thursday, . August 17, 1871.

PRICE OF GOLD.

Reported Daily by HOOPER, ELDREDGE & Co., Bankers.

SALT LAKE CITY, August 17, 1871.

Buying at $1.10 Selling at $1.12.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 96.

There will be a two days' meeting held at Provo City on Saturday and Sunday, August 19th and 20th, commencing at 10 a.m., on the first named day. There will be present some or all of the First Presidency, several of the Twelve and of the First Presidents of Seventies.

THE BENEFIT TO-NIGHT.—Let it be remembered that the complimentary benefit to these musical wonders, the Hyers Sisters, comes off to-night. The programme for the occasion is one of considerable attractiveness. The entertainment will open with an original concert, in which Misses Anna and Emma Hyers, Mr. Joseph Stokes Le Count and Mr. Dick Brown will put forth their best efforts.

The performance will conclude with the comic Drama, "Robert Macaire or, the Two Murderers," in which C. L. Graves will appear as Jaques Strop, and W. J. Kingshall as Robert Macaire.

ITEMS FROM "OUR DIXIE."—Our St. George correspondent, "Athole," writes from that place, under date of the 7th, as follows:

"Last week President Joseph W. Young went on a visit to Pioche, to arrange with the business men of that place relative to the telegraph line now being built between St. George and Pioche. He reports that the line will be ready for the wires in the course of three or four weeks.

Owing to the lack of water in the Santa Clara, the production of corn and fodder for the teams, at St. George, will be very limited. It has generally been the custom here for the brethren to plant corn on their stubble land, and they intended putting in a larger amount than usual this season, but, owing to adverse circumstances, they were frustrated in this, and consequently, the crop will not even be an average one. As much of the spring crops have already entirely dried up.

On the 5th a meeting of the Canaan Stock Company was held at the St. George Hall, when the Directors declared a dividend of forty and a half per cent., two per cent. of which will be kept on hand as a contingent fund. The shareholders, generally, are well satisfied with the dividend and management of the enterprize.

The work on the Tabernacle is rapidly progressing, when the excessive heat is taken into consideration. The lumber is being hauled from Beaver and Pine valley, and piled up.

Our fruit crops generally look well, with the exception of some vines and fruit trees that are drying up for lack of water.

The election to-day has been well patronized, especially by the ladies, who came to the polling booth in carriages, wagons, &c., with banners and flying colors, to exercise the franchise, as becomes free and independent citizens of our great Republic.

This season we are more free from sickness of any kind than in previous years.

"OUR SALESMAN."—This is the title of a small but neatly got up monthly sheet, published by Linforth, Kellogg & Co., 3 and 5 Front St., San Francisco, the closing number of Vol. 1 of which has just come to hand. The publishers are wholesale importers and jobbers of Foreign and Domestic Hardware, and the *Salesman*, besides containing a few well written articles on subjects of importance to business men, gives a kind of review of their business, shows the condition of the markets, etc.

IN TOWN.—We had a call this morning from Mr. W. F Mendsen of the Coan & Tenbroeke Carriage Manufacturing Company of Chicago. Mr. M. can be found at the Townsend house for about a week, by those who may wish to order articles of this celebrated firm.

OGDEN ITEMS FROM THE "JUNCTION."—There was a lengthy investigation of the Harrison poisoning case on Saturday last, at the conclusion of which Alderman Thomson, after reviewing the evidence in detail, said:

"While it was evident the deceased came to his death by mineral poison, which, from the facts elicited, there was reason to believe was either taken by the deceased himself or administered to him by some person unknown to the court, and while there was good and sufficient cause for the suspicions which had arisen among the people, which had led to this investigation, there was not probable cause shown in the evidence that the prisoner, Minnie Harrison, was guilty of the crime of which she was accused, and she would therefore be discharged from custody."

The announcement was received with cheers by the friends of Mrs. Harrison, and she was immediately released.

The C. P. R. R. Company have nearly finished fifteen miles of fencing along the line, between Brigham City and a point five miles west of Ogden. It is intended to have bars in the fence and crossings on the track for the accommodation of teams where the line divides a farm. It will be necessary to exercise great care not to leave the bars down and thus allow cattle to get on the track.

On Saturday last a match game of Base Ball was played at Corinne, between the Corinne Base Ball Club, (champions of Utah Territory,) and the "Echo" club of Ogden, on the grounds of the former, which resulted in a defeat for the champions. The "Echos" made 61 runs in nine innings and the "Corinnes" 38 in eight innings.

A tremendous swarm of grasshoppers alight on the gardens in the extreme eastern portion of Ogden on Sunday last, and have continued 'even until the present day.' Corn, beans, cabbage, young trees, etc., are suffering from their ravages. Coal oil has been applied to trees with good effect, so far as the hoppers are concerned, they will not go near it."

INDIAN TROUBLES IN THE SOUTH.—The following dispatch was received by Deseret Telegraph to-day:

ST. GEORGE, 17.

Tutesgavit, chief of the Santa Clara Indians, died some three weeks ago. His Indians are now without a chief and feel themselves under no restraint. Since the chief's death, they have stolen quite a number of horses and killed some cattle. Friendly Indians report a combination between the Clara, Beaver Dam and Muddy Indians to raid on the horses and cattle on our ranges and, where practicable, to steal from our settlements. They also report that some stolen horses were driven towards Beaver Dams last night and this morning, passing within two miles of this city. Reports brought in this morning state that all the Santa Clara Indians have left their long-time camping ground, except one very old man, and have taken the line of travel for Beaver Dams and the Muddy. A Shebitz Indian states that five head of beeves have been recently killed at the Whitmore and Miller ranches.

HOME MANUFACTURE.—We received the following special dispatch last evening, from our agent at Logan:

LOGAN, August 16.

Editor Deseret News:—Messrs. Croft and Allock turned out, yesterday, 550 pounds of No. 1 castings, varying from one pound to 185 pounds each, in boxings, bearings, couplings, tubes, &c., for different kinds of machinery. They are just completing a circular saw mill, which has many greater improvements than any yet imported, which they can furnish complete for the same price or less than those imported; also shingle mills, water-wheels, or anything in the machine line.

EMIGRATING SAINTS.—The company of Latter-day Saints, which left Liverpool, on the steamship *Nevada*, Captain Forsyth, on July 26th and arrived on the 7th instant at New York, reached this city last evening by the 7:30 train. The company was in excellent health, having had a prosperous voyage across the ocean, and a pleasant journey from New York to this point. Not a death occurred during the entire journey. At 2:40 p.m. yesterday a special car was attached to the train going to Ogden for the accommodation of Presidents Young and Smith and a number of other gentlemen and ladies who had invitations to go up and meet the company. Of the valley Elders there were: Lot Smith, John Jaques, Albert Dewey, A. P. Shumway and Joseph Argyle. The first named was in charge of the company. These Elders looked excellently, all being much heavier than when they left, except Lot Smith. At Farmington, where the latter resides, he received a warm reception, the leading citizens and the people generally having turned out to meet him. At this city hundreds were at the depot to meet the emigrants and to welcome their friends. Elders Geo. W. Groo and H. J. Faust and wife crossed to New York with this company. They remained in the States to visit their friends. Elder David M. Stuart, who has been laboring for some time on a mission in the States, traveled with this company from Omaha to Ogden, at which place he resides.

ARRIVALS.

TOWNSEND HOUSE

NOTICE

IS Hereby Given that there was a Mining District organized November 27, 1869, in Davis County, Territory of Utah, known as the Bountiful Mining District.

DAVID SESSIONS, Recorder.

d228 3

Special Notices.

Address of Church Emigration Agent.—Mr. William C. Staines, Box 3987, New York.

SUMMONSES.—We are now prepared to supply Justices of the Peace with Blank forms of summonses. Other Blank forms also for sale at this Office. d58,a104dw-tf

Cutting & Co.'s California Canned Fruits, Jellies, Jams, Ale, stables, etc., are far superior to all others. For sale by all First-class Grocers

The Gentleman who picked up a fine boot on the State Road, on the 14th, will please leave it at this office and be rewarded. d227 3

HAVE YOU NEVER HEARD OF IT? Then inquire at once at your grocer's for Dooley's Chemical Yeast Baking Powder, the only strictly pure and harmless Baking Powder in market, from which good, sweet, palatable biscuits, rolls, cakes, or pastry can be made uniformly with the same success. This article has been steadily increasing in demand and public favor, and stands to-day the most reliable Baking Powder in use. Ask your grocer for Dooley's Yeast Powder, and your testimony to its practical worth will be added to the thousands of others.

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. en(170)tf
