The court house was packed to the doors this ufternoon when Steve Adams defendant in the murder trial which involves the approaching trial of Moyer, Haywood and Pettibone, for e murder of ex-Goy, Steunenberg, ent on the witness stand in his own behalf. Adams was examined with the greatest dotall regarding his past life. The had married Mrs. Adams at Tellu-ride and immediately after marriage went back to Independence, where he was arrested for dynamiting the shaft of the Indicator mine. He was thrown into jail for 33 days, but no charge was preferred, and he was released. Adams described the means by which he got to Denver and changed his name to Steve Dixon, and came to Idaho from Denver, fearing to be thrown back into jail, and went to the Marble Creek district for the purpose of hiding. While in Denver he met Jack Simpkins, who was then a mem-ber of the executive board of the Western Federation. While on the way to Marble Creek he met Vincent St. John and Griffin in Burke, and met Simpkins at Wardner. When he was into the Marble Creek district he was Simpkins at Wardner. When he went into the Marbie Creak district he was armed with an old black powder Win-chester rifle and an automatic revolv-

enester fine and an automatic revolv-er. He shot quite a lot in the district, but denied the incident of shooting over Tyler's cabin while Tyler and Philips sat in front. Adams corrobor-ated the testimony regarding his at-tendance at Mason's birthday party and his leaving there on Aug. 8 for the head of navigation, accompanied by Glover. He confirmed the tosti-mony of Eli Laird regarding his riding in the pilot house on the boat and other witness regarding his visit to Spokane and staying with his uncle there. He denied that he was at Price's hotel at Mica Meadows on Aug. 24.

He was thrown into jail over night at Baker City and demanded that Brown get bin an attorney Brown refused but thrown into jail over night at Baker City and demanded that Brown get him an attorney. Brown refused, but vext morning he demanded again, and Brown went out and witness saw Atty. Moore. Adams feared being taken to Colorado. While at the depot waiting for the train, Brown told him that he was on the inside and if Adams vould do what was wanted he would come out all right. Thiel reiterated this statement a number of times on the way to Boise. At Boise he was taken straight to the penitentiary and thrown into a solid steel cell on the second tier, with Harry Orchard, and confined six or seven days. While in the cell Or-chard told Adams that he had made a confession, implicating officers of the Western Federation and Adams; that he (Orchard) was to get off without pro-secution and that he was to get a piece of money and he intended to out a

Orchard warned Adams that the best thing he could do was to help convict the offi-cers of the Western Federation and corroborate Orchard's confession and save himself and think of his family, and if Adams failed to do this he would be taken back to Colorado and he either secution and that he was to get a piece be taken back to Colorado and be either mobbed or hanged. Adams' testimony will be resumed to-Immediately before, Adams testified Adams testined Mrs. Adams was on the witness stand and stated that on March 2, 1906, she had been taken from Baker City to Bolse by Thiele. Mr. Way, formerly a mechanical engineer by profession, was deaf himself for 25 years, and it was to relieve his own trouble that he de-voted his mechanical skill and years of special study of the ear to solving the problem of an artificial aid to hear-ing. She was locked in the wo-man's ward in the penitentiary, along with women prisoners, and while there Gov. Gooding had once called on her and kissed her baby two or three times.
