BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the vicissitudes of an American climate possesses that soft and sparkling point of real beauty—a pure and clear complexion.
What nature has thus denied, art must be called upon to furnish.
It can be done; it is done daily. Prof. W. E. Hayes placed beauty within the reach of every outlawed daughter of Eve when he discovered the surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA
BALM
The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.
It conceals all natural blemishes in the most surprising and effective manner.
It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.
It drives away all evidences of fatigue and excitement.
It makes the plainest face beautiful.
It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rounded, and plump.
It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm removes all blemishes and conceals every drawback to beauty; and, while it lasts, it makes no water, it is so life-like in its effects that the closest observer cannot detect its use.
Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Last Night's Dispatches.

EASTERN.

The Potter Investigating Committee.

NEW YORK, 20.—The Potter committee resumed its investigation this morning.

E. A. Burk was the first witness. He said: I was charged with the registration in election matters in 1876, in New Orleans, as chairman of the central committee and registration bureau. I think we knew the result of the election in Louisiana about the 15th of November. The returns were all in except the parish of St. Martins, which has about 2,000 votes.

General Butler did all the questioning of witness.

Witness said the highest Tilden elector's vote was 83,559, and the lowest Hayes elector received 75,240, a difference of 8,619. Witness could not give the vote for Nicholls exactly, but he had a majority of 2,000 votes. The returning board threw out some 10,000 votes to count in the Hayes electors. In the campaign of 1874 we were cheated out of the election results by the same returning board.

Q—Now, was this all you offered to put in Hayes and Packard out? A—We offered these for Nicholls' government. Witness said that we did acquiesce in not opposing the count when we found that the republican party were determined to go on with the count.

Q—Did you and your party friends agree to stop the opposition to the counting in of Hayes? A—We certainly did, sir. We were assured by President Grant that after the count was completed the troops would be withdrawn. I said to Mr. Matthews that while we were assured that President Grant's assurance of Hayes' policy were well intended, yet we wanted these assurances from such men as Garfield, Morton and others whom they regarded more than Hayes. He said he could not answer for them and I said, then we will place your party in such a position that they must speak. I meant thereby that our people would join the filibusters and prevent the States of Louisiana and South Carolina being counted for Hayes. Witness said there were but two phases of negotiations in this thing—Cameron and Matthews' phases. That he made the same proposition of agreement to Cameron as he did to Matthews on February 18th; also to Foster and other leading members of the republican party.

Q.—After the resolution passed on the 17th of February by Congress, deciding not to interfere with the Louisiana count, was there any hope for the republican administration?

A.—No, sir; except some arrangement was made with the democrats of Louisiana. I had a conversation with Hewitt and he said the democrats were determined to put this fraud on the shoulders of the republican party. The republican party were well aware of our determination to break up the count. Witness said he had a conversation with Grant on the 26th of February; he intimated that he would not do anything to prejudice the republican party and would not act until the count was declared for Hayes. Grant allowed us virtually, to take possession of the State. We acted on his intimations and he submitted to them. On the 28th of February, Ellis asked witness to come and see him, and showed witness a letter from Lamar, in which Lamar stated that Foster had told a friend of his of undoubted veracity, that his (Foster's) speech, hinting at Hayes' southern policy, had been made after a consultation with Matthews, Hayes' brother-in-law. Lamar said Matthews urged Foster to state squarely that Hayes would have nothing to do with Packard.

Lamar continued that this was the first word that had come directly or indirectly from Hayes, that seemed worthy of notice by southern men. Their idea was to control the States and free them from the carpetbag government. He suggested that Ellis make some advances to secure the local government, and if possible, get assurances from Hayes that he would not recognize Packard. The witness continued, Ellis proposed and arranged a conference among Matthews, Dennison, Sherman, Foster and witness. Witness showed the guarantees Nicholls would make. Sherman was anxious regarding the senators who he feared must also be democratic if Nicholls was recognized. Finally it was agreed to ask Grant to remove the troops, thus disembarrassing Hayes. Another conference was held in the evening, Sherman, Garfield, Foster, Dennison, Matthews, Ellis, Vivy, Watterson and witness being present. The whole condition of affairs was then discussed. Adjourned.

The "Diplomacy," Restraining Order.

Judge Daniels, in the matter of restraining Maguire from producing the play of "Diplomacy," at Baldwin's Theatre, San Francisco, continued the injunction to-day. The court holds that plaintiffs are entitled to redress without waiting for affidavits; that the present papers are sufficient, and that when Maguire was found within their jurisdiction the plaintiffs are entitled to serve the injunction order on him.

Destructive Storm.

MUSCATINE, Ia., 20.—The most violent storm known in this region for many years raged here last night. The low lands were flooded and considerable property destroyed. No lives were lost.

Stock Stealing by Indians.

ONEIDA, Idaho, 20.—The following letter was received here from Salmon City, Idaho, August 16th:

Messrs. Fred. J. Kesel & Co., Oneida, Idaho:

A courier arrived last evening at 7 o'clock from Skelton's camp. All is well. The Indians attacked Skelton, McCaleb and party, numbering about 14, last Saturday morning, 10th, and killed McCaleb at the commencement of the engagement. From Saturday morning until Monday noon the Indians, 30 in number, kept up an incessant firing, day and night, at a distance of 250 yards. The four was Joe's breastworks, and all hands fought long and well. Lieut. Wilson with 25 men reached Skelton's Tuesday evening and will escort the train to Round Valley. Only three yoke of Skelton's cattle were killed. I sent out a party this morning to escort Snooks to Salmon. I tremble for Johnnie, as the Indians are on the road, stealing stock.

(Signed) GLENDENNING.

E. Skelton was in charge of the wagon train loaded at the terminus of the Utah and Northern Railroad, July 20th, for the Yankee Fork mines, head of Salmon River, Idaho. McCaleb, the person killed, was a partner of Capt. Shoup, merchant at Salmon City. The stage stock at two of the stations on the Montana line were run off last night by Indians about 40 miles the other side of Pleasant Valley.

HELENA, Mont., 20.—The Indians, last night, stole the stage stock from Pipe Butte and Springhill stations, a few miles north of Pleasant Valley, Idaho, and eight head from near Camas Creek, 30 miles south of Pleasant Valley. They are also said to have stolen a band of horses from a rancher near Springhill. They are supposed to be Bannacks from Idaho. They will probably pass through Yellowstone park.

The Yellow Fever Calamity.

WARRENTON, 20.—The register and receiver at Jackson Miss., telegraphs to the commissioner of the general land office, that "there is great excitement in Jackson. The people are fleeing in all directions. The board of health advised all to leave. There are 160 cases in Vicksburg and 20 in Canton. Fever is fatale to appear at any moment, and then escape will be impossible, as a rigid quarantine will be established against Jackson by the surrounding country. What shall we do?"

The following answer has been sent: "You may close office and leave the city when it becomes necessary by local regulations or by the actual visitation of your city by fever."

Natchez, 20.—Natchez is very healthy at present. No cases of fever of any kind exist here. A rigid quarantine is still kept up.

Vicksburg, 20.—It is estimated that 200 cases of yellow fever are under treatment; twelve deaths have occurred in the past 24 hours. An appeal is hereby made to all Masons wheresoever disposed, to contribute to the relief of the sick and destitute in this city.

(Signed) W. G. PAXTON,
Grand Commander Chapter Knights Templars and Chairman of the Masonic Relief Committee.

Nashville, 20.—The city council adopted the following resolution: That so far from restricting the movements of travelers as well as refugees from infected cities, towns and precincts, we cordially invite all such who may wish to do so to make Nashville their home.

New Orleans, 20.—The following are among the deaths: Rev. F. S. Murphy, of St. Alphonse church, Mrs. D. B. Ulowie and James E. Perret. The city authorities are trying irrigation in the jupper part of the city. There was a good flow of river water in many of the streets to-day. The board of health continue to use carbolic acid and the improvement department to scatter lime in the gutters of Constance and other streets in the First District. Lime is also freely used around the custom house. The Howard Association continues unremitting in their relief work.

Boston, 20.—The following dispatch was received here this morning:

Memphis, Tenn., Aug. 20.

To Mayor Pierce:

We are sadly afflicted and unable to supply the wants of our poor. Can Boston help us? (Signed)

G. R. FLIPPIN, Mayor.
W. CASEY YOUNG, M. C.

A reply was forwarded at once by the Mayor, authorizing the Mayor of Memphis to draw on him at sight for $1,500. A meeting of the citizens is called at the Mayor's office at noon to-morrow, when active measures will be taken to relieve the distress.

The "Wyoming" All Right.

Chief Engineer Lockey, of the United States steamer *Wyoming*, has arrived with dispatches, and reports that the *Wyoming* lost her screw two days out from Southampton. The chief engineer left the vessel, in a pilot boat, 25 miles off Cape Henry. All well.

Killed.

SAVANNAH, 20.—W. D. R. Millar killed W. V. A. Goodwin this afternoon. Goodwin had previously threatened to kill Millar for the alleged seduction of his daughter.

Brutal Murder.

DEADWOOD, D.T., 20.—Mrs. John Callison was found, this morning, murdered in her bed. Her forehead was completely mashed in with some heavy instrument. No clue to the murderer nor cause for the brutal act have yet been discovered.

Burned to Death.

ST. PAUL, 20.—The house of Roy Tower, a farmer, living near Waseca, was burned this morning. Mr. Tower and a neighbor's child, 10 years of age, staying in the house, were suffocated in the flames. The bodies are not yet recovered.

Arrested on Suspicion.

CHICAGO, 20.—George Close and Michael Haley were arrested at the house of a German, near Riverside, this evening, on suspicion of being concerned in the recent murder of Mr. A. B. Clark, at La Grange. The mysteries of this murder deepen every day, and the coroner's inquest does not seem capable of throwing any light upon it. Even to-night's arrests were made under suspicious circumstances.

WESTERN.

Daring Robbery.

SAN FRANCISCO, 20.—A Portland dispatch says: At 9 o'clock this morning, three strangers entered the pawnbroker shop of M. O'Shea, Washington street, felled the proprietor with a sling shot, locked the door, packed up the jewelry and valuables, escaped by the rear entrance, passing through a dry goods store, to the first street. The alarm was given and an officer pursued the robbers. At the corner of Third and Morrison Streets, they fired two shots at the officer, missing him, but instantly killing Louis Joseph, aged 14. The robbers then jumped into an express wagon, drove to the outskirts of the city and made for the timber. Pursuit was at once organized, thus far without success. If they are captured they will undoubtedly be lynched in the prevailing excitement. O'Shea's injuries are considered fatal. The alarm has been given in all directions and the capture of the murderers is considered certain. The amount of plunder obtained is yet unknown.

FOREIGN.

AUSTRIA.

The Capture of Serajevo.

VIENNA, 20.—The official report of General Philipovich, shows that the capture of Serajevo was the result of a combined operation of his own force and that of General Tegethoff. General Tegethoff occupied Vlasko on the 17th, capturing a quantity of arms and ammunition. After an engagement, in which he had eighty-two men wounded and four killed, he immediately advanced a considerable distance in the direction of Serajevo. On Monday General Tegethoff's force formed an attacking column against the northern side of Serajevo, and opened a cannonade against the castle at 6.30 in the morning. Insurgent artillery replying. Meanwhile the force of General Philipovich, divided in two columns, was favored by thick fog in effecting the turning movement. A column directed against the insurgent position on the westward of Serajevo, commenced the attack at 7.30, but the main column driving the insurgents with difficulty from their strong positions, only reached its appointed post on the heights south of the city at 10.30, when the insurgents cannon were silenced and the Austrian infantry advanced in swarms. General Philipovich says: Fighting of the most horrible kind ensued which lasted until 1.30. The troops were fired upon from every doorway and window, and even women and sick and wounded insurgents in the military hospitals participated in incredible scenes of the wildest fanaticism. It was only owing to the good discipline of the troops that the town was not more seriously damaged and its many houses burned. Our losses are large. The insurgents fled in all directions, especially towards Rogatica. At the close of fighting the Imperial flag was hoisted and saluted amidst the cheers of the Christian population.

GREAT BRITAIN.

The Porte and the Berlin Treaty.

LONDON, 23.—Intelligence has been received from Constantinople that the English, French, and German ambassadors have urged upon the Porte, in a decisive manner, the strict and unreserved execution of the provisions of the treaty of Berlin.

TURKEY.

The Insurrectionists.

CONSTANTINOPLE, 20.—The Bosnian insurrectionary chief, Radji Loji, has accidentally wounded himself. He has ordered every Austrian commander captured to be hanged.

The Porte has reiterated its orders in regard to non-resistance, but Turkish authority is powerless in Bosnia.

Preparations for a resistance at Scenitra are gradually slackening. Several thousand Turkish troops passed through here on the way home from Bosnia.

BRITISH AMERICA.

The Rioters Fined.

OTTAWA, 20.—The rioters were fined $50 or three weeks in jail.
