CHILDREN do not die of the croup to whom DR. HALL'S BALSAM FOR THE LUNGS is administered. Parents will do well to remember this fact and keep a medicine, which saved so many lives, in the house ready for an emergency. The Balsam overcomes a tendency to consumption, strengthens weak and heals sore lungs, remedies painful and asthmatic breathing, banishes hoarseness and cures all bronchial and tracheal inflammation. If you have a cough, use it "early and often." All druggists sell it.

Solid Merit will Tell.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 25 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. d228 w29

District Court.—Monday morning, November 18.

E. Holman *vs.* Scott and Anderson; Sheeks & Rawlins withdrawn as attorneys for the plaintiff.

Y. M. M. I. A.—Those interested will please remember the special representative meeting of the Y. M. M. I. A. of the Stake, at the Council House, this evening, at 7 o'clock.

Wanted Immediately, for the New Tabernacle, 20,000 lath; also, some painters to work on the roof, to-morrow morning, on labor tithing. Enquire of

GEORGE GODBARD,
In behalf of Building Committee.

That Hole.—If the Street Supervisor will drive up Main Street to City Creek, he will see an opening in the ground, about the size of a horse's hoof, which extends through into the culvert that crosses the road to the Temple Block.

Fire.—The fire alarm that was sounded on Saturday afternoon, just as we were going to press, was caused by an attempt at a blaze, in the Overland House, on Main St. A mattress had caught fire, but was extinguished by buckets before the fire brigade had time to get to the scene.

In Sanpete.—By courtesy of Elder George Reynolds, we learn that Prest. Taylor and party, this morning, visited the site of the Manti temple, and then proceeded to Spring City, to visit Elder Orson Hyde, whose health is said to be improving. President Taylor's party, consisting of himself, Orson Pratt, Erastus Snow and Joseph F. Smith, all enjoying good health.

Mutual Improvement.—The members of the Mutual Improvement Association of the Eighteenth Ward, both ladies and gentlemen, as well as those who desire to unite themselves with it, are respectfully requested to meet at the Ward School-house, on Wednesday evening, at 7 o'clock, sharp, for the purpose of reorganizing the association for the coming winter.

Theatrical Matters.—The secretare of the celebrated artiste, Mrs Scott Siddons, is in town, making arrangements for a brief engagement of that lady, at the Theatre, during the week. Her engagement wil probably be for Friday and Saturday evenings, and will consist of dramatic recitals. It is likely that the Theatre will soon open for the winter season, with a local company, under the management of Messrs. H. B. Clawson, D. McKenzie and George Reynolds, representing the proprietors.

Bear Lake Conference.—Elder James H. Hart sends us the following dispatch:

PARIS, Idaho, Nov. 18.

Editors Deseret News:

The Bear Lake Stake conference was held on the 9th and 10th insts. Present of the Twelve Apostles, Wilford Woodruff and Charles C. Rich, who delivered interesting discourses. The usual routine was followed, in presenting and sustaining the general and local authorities. Presidents Woodruff and Rich, assisted by the leading men of the Stake, selected a site and broke ground for a woolen factory, near Paris. Dedicatory prayer by Prest. Woodruff.

Tabernacle Meeting.—The meeting at the Tabernacle, yesterday afternoon, was very interesting.

Elder William C. Staines, the first speaker, made some remarks concerning the past experience and the present and future duties of the Latter-day Saints, as well as the contrasted conditions of their former poverty and present prosperity.

Elder Brigham Young took up the subject of the persecutions of the Saints, touched upon by the first speaker; said that when he reflected upon what had been endured by the Saints in Nauvoo, and while traversing an unexplored and barren country to find a place where they might worship God according to the dictates of their own consciences, and now saw the same spirit of persecution following the footsteps of the same peaceable people, and urgent efforts being made to deprive them of their sacred rights, he felt to say as a man that it was enough. And if he allowed his own personal feelings to predominate, he would say to such persecutors, "leave us alone, get out of our midst, or take the consequences." But, as a Latter-day Saint, he felt a spirit of another kind, which forced him to his knees in prayer, and "God, thy will be done" was his sentiment, and the promise of the Almighty, "Vengeance is mine, I will repay" constrained him to leave it to Him who doeth all things well.

Elder George Q. Cannon said he had listened with great interest to the remarks of those who had preceded him. He dwelt upon the subjects mooted by Elder Staines, and gave other excellent instructions of a general character.

The choir rendered an anthem and the services came to a close.

At Provo.—Our traveling correspondent is at Provo. On the evening of the 13th inst., the students of the Brigham Young Academy gave a reception in the school-rooms, in honor of Bro. B. Cluff, Jr., one of their number, who is about to depart on a mission to the Sandwich Islands. The occasion was a very happy one. It opened with singing by the students and a prayer by Brother M. H. Hardy. A short address by the principal, Professor Maeser, was followed by the reading of a poem, composed for the occasion, by a young lady. The presentation of a set of Church doctrinal works was then made, by a committee of young ladies in behalf of the students of the Academy. Brother Cluff then responded as follows:

My Beloved Friends: If ever I had aspirations or dreamed of ambition or fame, I might almost say that to-night I have reached the height of my ambition. You have shown me that respect that I could not expect from anyone. No matter what may come, I shall never forget one of my kind friends in this Academy. Receive my sincere thanks, you whom I love so dearly. And to the Principal, and the committee who have been so good, I give the warmest thanks of my heart. I go far away from you all it is true, but my thoughts, my heart will ever be with you. It seems almost like severing one of my life-strings to go from you, and this dear building. This Academy has been even as a father, mother, brother and sister to me. The remembrance of it is sweet to me; I love it, because I know that the Spirit of God is within its walls; because I realize that Our Heavenly Father is blessing us, and know that the teachings we receive here will take us into the presence of God. I only ask that I may have an interest in your faith and prayers."

Songs and recitations were then given by other ladies and gentlemen of the Academy, and then all repaired to the dining room and partook of a feast well seasoned with appropriate toasts and sentiments.

The remainder of the evening was spent in dancing. The Brigham Young Academy is flourishing in its good work, which is manifested in the general conduct of its students, and deeply appreciated by the people of Provo and adjacent towns.

Runaway.—A dashing runaway took place on Main Street Saturday afternoon, which scared nearly everybody, but fortunately hurt no one.

A span of horses attached to a hay rack, started down South Temple Street, going west, but suddenly changed their minds and course, probably thinking that Main Street was a better place to display themselves, and retracing their way to the Council House corner, dashed southward at an alarming speed. Both horses were without bridles, but a man had hold of a halter fastened to the neck one of the animals, and though dragged and tumbled around in a fearful manner, displayed a determination to cling to the halter to the last.

The frightened horses, in front of Z. C. M. I, ran into a coal wagon, coming up the street, and were stopped by the collision. The seat of the coal wagon was lifted into the air by the tongue of the other, and one of the runaway animals was thrown under between the wheel and the horses, on the other wagon, but notwithstanding his desperate attempt to commit suicide, did not succeed in even hurting himself.

Death.—On Saturday evening, Mr. Wm. G. Goforth, janitor at the City Hall, while going toward Main Street, from the office, was suddenly seized with a cramp in the stomach. He was assisted back to the Hall, and taken home in a buggy. About 9 p. m. he became worse, and physicians were summoned to attend him. On Sunday morning, about nine o'clock, he breathed his last. His complaint is said to have been dropsy of the heart.

The funeral services are being held this afternoon in the Thirteenth Ward.

Acknowledgments.—We desire to acknowledge the assistance of those, one and all, who gave their services for the Woman's Mass meeting, at the Theatre on Saturday afternoon. And we hereby tender our sincere thanks to President John Taylor for the free use of the building; to the press of this city for gratuitous notices; to the choir; to the ladies who officiated as ushers, and all who by their uniform kindness and aid contributed to the success of the occasion.

ZINA D. YOUNG,
M. ISABELLA HORNE,
EMMELINE B. WELLS.

From Arizona.—We received a call, to-day, from Brother Henry Thayne, of Forest Dale, Yavapai County, Arizona. The report that the crops at that place had proved a failure this year from drouth, was not correct. If anything, too much rain had fallen in that locality. The crops were excellent. The health of the people generally good.

Upset.—An upset occurred near the City Hall, this afternoon. A load of wood was backed against a team attached to a load of hay; the latter, becoming frightened, suddenly turned and the load of hay tipped completely upside down. The animals were disengaged, and an army of sympathizers assisted in placing the wagon *in statu quo*. No harm done.

Postal Affairs.—The post office at Shaunie, Beaver County, and Thistle Valley, Sanpete County, have been discontinued.

Wm. Bracker has been appointed postmaster at Rush Lake, Tooele County.

In Town.—Mr. John C. Graham, editor of the Utah County *Enquirer*, is in town, and shed the lustre of his countenance upon our office this morning. The *Enquirer* is flourishing and *answers* its purpose as the organ of Utah County.

Women's Exponent.—The November 15, number of this paper, is filled with unusually interesting matter. "The Integrity of Ruth" is an excellent article, "A leaf from an Autobiography," "The New Crusade," also furnish good reading. The anti-polygamy meeting of November 7, is also reported, and appropriately commented upon.

The poetical pieces are entitled "Alone with my Conscience," and "Sometime."

A Studious Embassy.

NEW YORK, 18.—The *Sun's* Washington special has the following on the Chinese embassy: They are a studious set. Nearly every member of the legation is studying English, and the work of acquainting themselves with the institutions and workings of the government appears to be systematically divided among them. At night every room in the house is lighted to the full extent of its gas jets. No one knows precisely why. Lately they have put out their flag.

Grant at Gibraltar.

The *Herald's* cable says: Grant is at Gibraltar, where he was enthusiastically received. He witnessed reviews, sham battles, &c. He will leave on Monday for Malaga on board an English express steamer; thence, after a stay of a few days, he will proceed by rail to Grenada. He will spend several days among the cypress and orange trees of Alhambra Hill.

The "Condor" Reconnoitering.

LONDON, 18.—A semi-official note is published pointing out that England has a treaty right to keep two small gun-boats in the Black Sea, and admitting that the *Condor* really went to reconnoitre the fortifications which the Russians are said to be erecting at Bourges.

The Afghan Affair—Military Movements, etc.

A dispatch from Calcutta says: There are many indications which seem to warrant the belief that an early attack on Ali Musjid is intended. The transmission of telegrams concerning military movements is forbidden. It is more than probable that if the Commissarat arrangements permit, Ali Musjid, Karam Fort, and Candahar will be seized this winter.

The Ameer has not yet shown the faintest desire to submit.

Russia and Roumania.

A dispatch from Bucharest reports that Roumania has refused to make any convention with Russia prescribed by the treaty.

Disastrous Freshet Inundation.

Norwich is inundated by a freshet in the River Wersum in consequence of a fortnights' steady rain. Two of the most densely populated districts are several feet under water. The basements of all the factories, warehouses, graneries and dwellings along the river are flooded. One or two deaths by drowning are reported. Four or five miles of streets are submerged, and from three to four thousand dwellings made unhabitable. The result is a vast pecuniary damage. The authorities are maintaining the homeless poor.

Destructive Earthquake—Failure of Crops, &c.

PANAMA, 7.—A severe earthquake was felt in Manisules Antioquia, on October 9th. Twelve houses were destroyed, including a church, hospital, principal school, city buildings, and many others. No lives were lost. The damage done will exceed $100,000.

The valley of Cauca has suffered fearfully from grasshoppers. All the growing crops have been completely ruined, sugar cane, corn, wheat in the upper portion of the valley, and all sorts of grasses, so that cattle only subsist in a half-starving condition. The prices of provisions of all classes are exorbitant, and as the sugar estates and large haciendas have suspended work, the poor are unable to purchase the necessaries of life.
