SMOKE BEST TOBACCO SOLD CUT SLASH DURHAM WITH 2 oz. FOR 5 cts.

A sea-serpent, 50 feet long, was seen to coil itself up in slippery folds on the coast of Florida last month. Three reliable persons saw the creature distinctly.

Reader, the above is a "yarn." If people would believe the following truthful statement as readily as they swallow sea-serpent stories, it would be the means of saving thousands of lives. Dr. Pierce's Golden Medical Discovery, if taken in time and given a fair trial, will actually cure consumption of the lungs, which is really scrofulous disease. If this wonderful medicine does not do all we recommend, when taken as directed, we will cheerfully and promptly refund all money paid for it. Can any offer be more generous or fair? No other medicine possesses sufficient power over this fatal malady—Consumption, to warrant its manufacturers in asking it under such trying conditions. The "Golden Medical Discovery" is not only the most wonderful alterative or blood-purifier, known to medical science, but also possesses superior nutritive and tonic, or strengthening properties, which make the food to digest and become assimilated, thus building up both strength and flesh. For all cases of Scrofula, Throat and Lung Diseases, accompanied with lingering coughs, it is absolutely unequaled.

$500 REWARD is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Catarrh in the Head which they cannot cure. By its mild, soothing, and healing properties, Dr. Sage's Remedy cures the worst cases, no matter how bad, or of how long standing. Fifty cents, by druggists.

DESERET EVENING NEWS.

Saturday, - August 2, 1890.

WASHINGTON ITEMS.

An Order Issued by the Interstate Commerce Commission as to Food Products.

KEMMLER GIVING WAY TO DESPAIR.

A British Admiral Honored.—Stockyards Fire at Omaha.—A Hardened Wife.

By Telegraph to the News.

From the Capital.

WASHINGTON, Aug. 1.—The Interstate Commerce Commission has issued and will send out tomorrow an order, to take effect September 1, for a reduction of the rates on food products, based on the report sent to the Senate June 7. The order is accompanied by a copy of that report, also an opinion of the Commission overruling the protests and petitions of roads to dismiss for want of jurisdiction. This opinion reverses the powers and duties of the Commission in the matter of beginning and conducting investigations, and the Commission holds that the reductions are necessary to make the rates reasonable.

THE PUBLIC DEBT STATEMENT.

Aggregate of interest-bearing debt, exclusive of United States bonds issued to Pacific Railroads, $709,799,500; debt on which interest has ceased since maturity, $1,985,130; aggregate of debt bearing no interest, including national bank fund deposited in the Treasury under the act of July 14, 1890, $401,856,323; aggregate of certificates offset by cash in Treasury, $474,075,000; aggregate of debt, including certificates of July 31, 1890, $1,584,572,000; total cash in treasury, $709,142,800; debt, less cash in Treasury, June 30, 1890, $876,784,370; net decrease during month, $983,297.

THE POSTAL SUBSIDY BILL.

The House committee on post-offices and post roads has authorized Chairman Bingham to report favorably, without amendment, the Fitzpatrick subsidy bill. The vote on ordering the report was a party one.

Kemmler's Despair.

AUBURN, N. Y., Aug. 1.—Recent developments have more than confirmed the truth of the statement that Kemmler, the condemned murderer, is weakening daily. The utter abandonment of all hope and the consequent realization of his utterly lost condition never came to him with such terrible force as last night. All night long, as he tossed and tumbled on his narrow cot, he cried aloud in his despair. "I wish it were over," he moaned time and again, and his utter lack of all power to control his fears was plainly to be seen. The cause of this sudden and unconquerable despair was the raise of preparation in an adjoining room for the execution, which the prisoner could not help hearing through the doorway which connects his cell with the chamber of death.

An Admiral Honored.

NEWPORT, R. I., Aug. 1.—The British men-of-war *Bellerophon* and *Comus* reached the inner harbor shortly before 10 o'clock this morning. Just before reaching Fort Adams Admiral Walson's flag was run up by the *Bellerophon* and then the guns of the old fort roared out a welcome. When the *Bellerophon* and *Comus* got within easy distance the torpedo station the guns at that port were fired from the naval training station.

The men of war quickly came to anchor and Captain Stanton, in command of the naval training station, and Commander Jewell of the torpedo station, at once sent members of their staff, and Colonel Mendenhall of Fort Adams his adjutant to Admiral Watson with his compliments and welcomed them. Mayor Boggsdell appeared on behalf of the town and said a few words.

The information first sought was in reference to Prince George of Wales. The admiral informed several callers that at no time did the prince propose to come, but that he was proceeding quietly and rapidly toward Halifax.

Sir Julian Pauncefote, British minister, arrived with his wife and daughter at New York tonight and the guests of A. Wilkes, who gave a dinner tonight in their house, at which Admiral Watson was present. Miss Pauncefote was the principal guest at a luncheon given this morning by Mrs. William C. Whitney.

The British vessels will remain here about a week or ten days. Admiral Watson's staff comprises Flag Lieutenant Trowbridge and Secretary Edward Robinson. The commanding officer of the *Bellerophon* is Captain Charles Henry, and of the *Comus*, Captain G. L. Atkinson.

An Omaha Stockyards Fire.

OMAHA, Neb., Aug. 1.—The Union Cattle Company's feeding plant at Gainesto, four miles below South Omaha, was burned last night, causing a loss of $100,000. Insurance, $6500. The plant contained 400 stalls and covered five acres of ground.

World's Fair Bill Passed.

SPRINGFIELD, Ill., Aug. 1.—The House and Senate of the State legislature this evening finally passed the World's Fair bill after knocking out the eight-hour section. This was done after a long debate in both houses and in conference committee, the opponents of that section holding that it was special legislation and unconstitutional. Its friends finally consented to its elimination from the bill on condition that a joint resolution be adopted requiring the directors to make eight hours the rule. This was done and the legislature adjourned sine die.

THE SITE.

CHICAGO, Aug. 1.—Washington Park may be the site of the south division of the World's Fair. Under the terms of the Park bill the addition for Jackson Park may be necessary. The $500,000 allowed to be voted for making necessary improvements will not be enough by half or a third of what will be needed to drain, fill and put in order 500 acres of unimproved ground in Jackson Park. Washington Park is on high, dry land and, it is asserted, could obtain ample water communication with the city by connection with Lake Michigan. Washington Park is nearer the city's business district by four miles and has better railroad facilities than Jackson Park.

A Hardened Wife.

LANCASTER, S. C., Aug. 1.—Rashed Oates and William C. Lehorn, colored, were hanged here to-day for the murder of August Hounds, white. The wife of the murdered man, who conspired with the negroes to murder her husband's murder, went from her cell with indifference. It is said that she was in love with Lehorn, hence the murder of her husband. She is awaiting trial now.

Saloon Money Missing.

MINNEAPOLIS, Minn., Aug. 1.—City License Inspector Enoch Bay is alleged to be missing, with $5500 of license money belonging to saloon-keepers in the city.

A Russian Bank at Shanghai.

ST. PETERSBURG, Aug. 1.—Moscow capitalists have petitioned the government to extend Russian influence in China by supporting the founding of a Moscow-Asiatic bank in competition with the German bank at Shanghai.

A Deceased Missionary.

NEW YORK, Aug. 1.—A cable dispatch just received by the Board of Foreign Missions of the Presbyterian Church announces the death by dysentery, at Seoul, Korea, of Dr. J. W. Heron, medical missionary of the board.

An Objectionable Bill of Lading.

CHICAGO, Aug. 1.—All railroads leaving east from Chicago, excepting the Grand Trunk and Wabash, today put into effect the new uniform bill of lading, against which there has been such a unanimous protest on the part of the shipping interests of the country. The board of trade merchants are very indignant, and as far as possible are giving all business to the Grand Trunk and Wabash.

The Gold Exports.

NEW YORK, Aug. 1.—Arbuckle Brothers ordered $250,000 in gold bars for shipment to Europe. Total engaged this week, $2,475,000.

Cholera at Mecca.

LISBON, Aug. 1.—The cholera is spreading at Mecca. On Wednesday eighty-one deaths from the disease were reported, and on Thursday eighty-four. All ports on the Red Sea, the Levant and Asia Minor are quarantined.

Dead.

PHILADELPHIA, Aug. 1.—Daniel P. Smith, one of the oldest, most prominent men in this city, died this evening after a long illness resulting from a wound received in the war.

Bishop at Cape May.

CAPE MAY, N. J., Aug. 1.—Secretary of State Blaine arrived this evening, and is stopping tonight at Congress Hall. He received an ovation from the people in the lobby on his arrival. From tomorrow he will be a guest of the President until their return to Washington next week.

Forgery in the Navy.

NEW YORK, August 1.—It is very probable that some of the crew of the United States warship Atlanta, who reached the Brooklyn navy yard on Wednesday evening, will be tried by court martial on charges of forgery. The alleged offenses were committed while the vessel was at Key West and for the purpose of punishing the perpetrators with spending money when they reached New York.

President's Will.

NEW YORK, August 1.—General Fremont's will was discovered yesterday in the surrogate of Saratoga. Ransom's office. It was executed August 9, 1864, and deposited in the Saratoga office two days later in a sealed envelope. He gives his entire estate to his widow.

Shot with a Razor.

CHICAGO, Aug. 1.—A woman known as Mrs. Lefevre, living on West Monroe street, and her husband, were horribly slashed tonight with a razor, by one Weber, a man, from the Soldiers' Home of Washington. Neither will die, but the woman is disfigured for life. Weber is a recluse, and it is said the woman recently money from him after her marriage.

A Tobacco Syndicate.

PITTSBURG, Pa., August 1.—A telegram from Findlay, Ohio, says: A government report from manufacturers says nine-tenths of the tobacco in the United States has been sold to an English syndicate. The price paid averages $100,000 per factory, or $2,300,000 in all, as there are twenty-three factories in the country. The price of tobacco will be advanced as soon as the syndicate decrees can not.

Happy Hoosiers.

Wm. Timmons, Postmaster of Linville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined." John Leslie, farmer and stockman, of the same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, inside me I ever taken." J. W. Gardner, merchant merchant, same town, says: "Electric Bitters is just the thing for a man who is run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 50c a bottle, at A. C. Smith & Co's drug store. 2

Remarkable Recoveries.

Mrs. Michael Cotlain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was troubled for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her friend suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited by first dose. She continued its use and after taking two bottles found herself cured and will, she does her own housework and has well never since suffered. Free trial bottles of this Great Discovery at A. C. Smith & Co's Drug Store. Large bottles 50 c. and $1.00. 2

Why It Is Popular.

Because it has proven its absolute merit over and over again, because it has an unmatched record of cures, because its business is conducted on a thoroughly honest manner, and because it contains energy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day. 6

"Husband, I Want You to Try It."

I had suffered for years with a complaint the physicians called gravel, and they gave up the attempt to help me. My wife heard of Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., and spoke to me about it. To please her I got a bottle. I took that and two or three more, and present health is the result. Yours truly, Washington Morton, Cardiff, N.Y.

Neuralgia and Nervous Insanity.

The highest medical authorities of Europe and America have recently decided that a large percentage of cases of insanity is caused by the excruciating pains of Neuralgia of the head and face. If any member of your family suffers this summer, before they be in the Bellard's Snow Liniment. Unexpectation will affect immediate relief and you will soon be out of a dangerous and tormenting disease. Bellard's Snow Liniment is the most penetrating Liniment known. It positively cures Rheumatism, Lame Back, Contracted Muscles, Old Sores, Corns, Bunions, etc. It penetrates and opens up the pores, drawing all poisonous matter to the surface, restoring and promoting a natural circulation of the blood through the diseased parts. 2

Families not already supplied should lose no time in procuring a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is the only remedy that can always be depended upon for bowel complaint in all its forms. Twenty-five and fifty cent bottles for sale by Z. C. M. I. Drug Dept. 4

How I Saved My Life.

I was taken sick while at the dinner table with terrible stomach distress. Before this I had been hearty and strong. For fourteen days I kept getting worse, despite the efforts of two doctors. I took every remedy, and was so weak that I could not get a foot step. My people were

Stomach and Liver Complaint, resulting in an attack of bilious colic. At this time I saw Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., advertised, and sent for a bottle. I also sent for my physician, and told him that I was going to try the Favorite Remedy. He advised it and told me to use it for a few days and I knew the result. In the three days I walked from room. Dr. Kennedy's Favorite Remedy has saved my life.—W. S. Bitter, Hale Mills, Bun Co., Ohio.
