Martin Makes a Strong Talk Claiming Him to be Best Contractor

City Ever Had.

The bids on public improvements to e made in the city this year and as submitted by the board of public works on Monday night were considered by the city council last night as a commit the city council last night as a commit-ter of the whole. Considerable discus-sion was had in regard to the bid of J. W. Poreival for water mains and an attempt was made to throw his bid out because of the fact that he failed to complete his contract with the city last year and asked to be released. His tender this year is \$11559.250, which is \$10,000 lower than P. J. Moran's bid, the next lowest on the list. Fernitrom raised the point spainst Percival and stated that he did not think the bid should be approved for the reason that Percival is the slowest contractor the city ever had and he

the reason that Percival is the slowest contractor the city ever had and he ssked to be released from his contract last year, leaving 25,000 feet of his work undone. He also questioned the right of the board of public works to release Percival from his contract, and sug-gested that its action in the matter be amasticated

gested that its action in the matter be revestigated. Black also opposed approving Per-cival's bid because he violated the terms of his contract last year. He asked Clerk Christensen to explain why the board released Percival from his contract. Mr. Christensen stated that Percival did not complete the exten-sions by 25,000 feet, but that he showed the board of public works where he had done enough extra work to make had done enough extra work to make up for that and hence the board re-leased him.

Crabtree also spoke against the Percival contract and favored throwing it out and awarding the contract to the next lowest bidder, which is Moran. Martin made a strong talk in Per-cival's behalf, stating that he is the

cival's behalf, stating that he is the best contractor the city ever had and that he laid more watermains than any other one. He conceded that Percival had been slow with his work, but he thought that was due to his inability to get pipe. The bid is \$10,000 cheaper than Moran's, contended Martin, and he thought it should be approved because Percival would do better work than Moran.

Percival would do better work than Moran. After several other councilmen had expressed their views on the matter, it was referred to the finance and water-works committees with the city attor-ney associated for further considera-tion as to the right of the board of public works to release Percival from his contract last year.

P. J. MORAN BIDS.

The bids of P. J. Moran for new watermain construction were also re-ferred to the same committees for con-sideration as to which kind of pipe to sideration as to which kind of pipe to be used, whether from or wooden stava. Moran was the lowest bidder on both kinds of pipe but the council was unable to determine which it wants. The wooden pipe is \$85,000 cheaper than the from pipe, but some of the councilmen elaim that it would be useless to put in wooden pipe even if it is so much cheaper. Martin ad-vocated wooden pipe and Fernstrom favored iron pipe so the two had quite a discussion over the matter at the conclusion of which it was referred to the committees named. The bids which will be reported upon favorably Monday night are as follows: James Kennedy, construction of sewer, \$282,728; S. Birch, sidewalks for 1907, \$52,453; P. J. Moran, repair-ing paved streets, \$11,155; Johnson &

DO NOT CROWD THE SEASON

**DO NOT CROWD THE SEASON.** The first warm days of spring bring with them a desire to get out and enjoy the exhibitating air and sunshine. Chil-dren that have been housed up all win-ter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their fiannels. Then a cold wave comes and people say that grtp is epidem-ic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It al-wave cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. yesterday over the mortal remains of John M. Lyön, who passed away at 6 a. m. Wednesday morning, at the family residence, cerebro-spinal meningitis being the cause of death. The family residence had been placed under quarantine, but the remains were viewed through the window from the front porch. As his associates of his quorum, ef the ward choir, of the M. L A. of his Sunday school class, his work-mates and reiende came, with bowed heads and revence, and looked on the features of him they loved so well for the last time, many were the rouching scenes.

scenes. Consent had been obtained for the fam-ity to visit the graveside in closed car-tlages, and as the cortege approached it was met by a concourse of sympathiz-ing and sourowing friends. Quickly the remains were lowered to their last rest-ing place, the grave was filled, and by boy friends of the deceased carefully ar-ranged the floral tributes. Bishop George Romney announced that short services would now be held, and by request of the family Samuel W. Jenkin-son. H. J. Halton and Bishop George Ronney made short addresses. Each spoke of the worth of the deceased, culo-gized his many good qualities and encour-aged these present to emulate the actions of him who had just been laid away. The Twentieth ward choir, of which the deceased was a member and with whom he sang at the Twenty-first ward hast Sunday night, was in attendance and ren-dered the favorite hymnes of their depart-ed member. "Abide with me, fast fail the even-tide," "O My Father," solo by John James, and "Some Sweet Day, By-and-By."

DRUGGISTS AND LICENSES. DRUGGISTS AND LICENSES. Nine drug stores of the city were represented at the meeting of the li-cense committee last night and the matter of compelling all druggists to take out a liquor license was dis-cussed. The druggists were repre-sented by Atty. S. P. Armstrong and they were cited before the committee by the adoption of Mulvey's resolution on Monday night. It was contended by Mulvey that many of the druggists were doing a liquor business without a druggists' liquor business without a druggists' liquor business of \$400. It was shown that a great many of the druggists do not care to sell liquor only on the prescription of a physician and hence they do not want to be compelled to pay the license. They claim that they can not afford to do so. It was finally decided to refer, the gratter back to the druggists as-sociation with a view to mapping out a district where the license shall be paid and exempting the druggists out-side of that 'listrict. The matter of taking out a druggists' liquor license will also be optional. DRUGGISTS AND LICENSES.
