HEARINGS IN THE DISTRICT COURT.

Ponderous Record in the Hamer Vs Howell Appeal Case—Kisner Convicted of Burglary.

PROF. T. E. M'KAY BANQUETED

County School Property Transfers—More Holdups—Horse Stolen—News Briefs.

Ogden, Utah, Sept. 14.—Late yesterday afternoon the case of the State against C. M. Kisner, accused of burglarizing the hardware store of the George A. Lowe company, was completed and submitted to the jury, who, after a few minutes' deliberation, returned into court with a unanimous verdict of guilty of burglary in the first degree as charged. Sentence will be passed on him Saturday afternoon at 2 o'clock by Judge Howell. Frank Schmidt, the man who gave such damaging testimony Tuesday against Kisner, was recalled yesterday morning for cross-examination, which he was put through by Attorney Pratt, but he had evidently told a straight story of Kisner's admissions to him of his guilt and he could not be changed.

The defendant took the witness stand in his own behalf. He denied the crime or having any knowledge of the same. He claimed that he bought some of the razors found in his possession, and the others, which had been identified as part of the stolen goods, he claimed were given to him by two men for whom he was selling the stolen razors and knives.

PONDEROUS COURT RECORD.

Judge Morse Settling Bill of Exceptions in Judgship Contest Case.

In the hearing of the appeal of the case of Daniel Hamer against J. Albert Howell, commonly known as the second district judgeship contest, the supreme court will have submitted to it one of the most ponderous court records ever presented before a court. Judge Charles W. Morse was in Ogden last night engaged in settling the bill of exceptions for the record in that case.

On motion of the attorneys for the contestee, Judge Howell, he permitted an amendment to the bill providing that all the ballots which were recounted in the case should be attached to the record and go before the supreme court for consideration and review. These include all the ballots cast in the election of 1904 in the Second judicial district, comprising Weber, Davis and Morgan counties. Judge Morse directed the sheriff of Weber county to bring the ballots of Morgan and Davis counties to the county clerk of Weber and directed the clerk to attach them to the record in the case. The transcript was already a record breaker and with these exhibits added it will probably require a good sized van to carry the record into court.

At the outset the attorneys for Judge Howell objected to the settling of the bill of exceptions on the ground that too much time had elapsed. Judge Morse overruled them on this point, claiming that the delay had been due to the absence of the court, and that the attorneys for the contestant had taken proper precautions in the matter. The attorneys present were C. C. Richards and O. W. Powers for the contestant, Hayward & McCormick, W. L. Maginnis and James M. Kimball for the contestee.

An adjournment was taken until tonight, when it is expected that the settling of the bill will be completed.

A new departure in the court regulations in the Second district court was commenced by Judge Howell yesterday afternoon, when Clerk Carl Allison read the minutes of the previous day's proceedings. This is being done that the attorneys may have an opportunity to correct the record, should by accident an error have been made.

All jurors excepting those on the Holmes case, were excused until tomorrow morning at 10 o'clock.

PROF. M'KAY BANQUETED.

Sunday School Board and Stake Presidency Felicitate Noted Educator.

In honor of Prof. Thomas E. McKay of the Weber Stake Academy faculty and of the Weber Stake Sunday school board a banquet was given at the Hermitage in Ogden canyon last evening which was participated in by over 50 of his associates in the Sunday school cause and educational work, and a few close friends. After partaking of the fine trout and chicken feast, a number of clever toasts were given, Judge H. H. Rolapp acting as toastmaster. Following the toasts, felicitous remarks were made by Presidents L. W. Shurtliff and C. F. Middleton and Patriarch David McKay. Mrs. S. O. Bennion sang several solos and all then went on to the lake porch in front of the elegant hotel, where they could get a most magnificent view of the mountains at the canyon, and sang "Oh, Ye Mountains High." The evening was one long to be remembered. Prof. McKay has been one of the most faithful workers on the Sunday school board, under whose auspices the event was given. He leaves Ogden Saturday for Logan, where he has accepted a position in the Agricultural college faculty.

SCHOOL PROPERTY TRANSFERS

Only Three Districts Holding Back from Conveying to County Board.

With the exception of the Randall, Slaterville and Birch Creek, the school property of the various school districts of Weber county has been duly transferred to the county school board, as the new school law provides. The trustees of the two first named districts are still holding out against the signing of the deeds for the transfer of the real estate of the respective school districts to the county board of education, and may have to be cited in court and compelled to perform this duty. William Stimson, one of the trustees of Birch Creek, has also refused to sign, and one of the Birch Creek trustees is absent.

Some time ago the county board of education employed County Recorder Dan Ellis to visit the different districts and get the signatures of the different trustees to the deeds. The reasons given by those refusing to sign is that the county board of education has legislated them out of office and that they no longe have any right to exercise any duties pertaining to that office. The answer made by the county board of education and the county attorney is that the Legislature expressly provided that all school property must be turned over to the county board, and that their duties as trustees have not ceased nor have they been relieved of responsibility until they have done so.

MORE HOLDUPS.

About 10:30 o'clock last night Robert H. Bowman reported to the police station by telephone that while passing along Lincoln avenue between Twenty-third and Twenty-fourth streets he was a witness to a hold-up. He passed nearby where one man was standing in front of another one and holding a pistol in his face, was rifling his pockets. Bowman, who resides at 160 Twenty-third street, has a wooden leg and was not able to render the man any assistance. No other report was made to the police station of the matter and there is a little doubt that the hold-up was genuine.

An hour later, down near the Southern Pacific bridge one man who answered in a general way the description of the highwayman who was operating up town earlier in the night, got in among a crowd of eight who were spending the night at the Southern Pacific bridge. He presented his gun and made the bunch line up. Only one man in the crowd had anything worth defending, J. B. Moore, with $10 and a watch. Several others lost small sums and pocket knives. Moore reported the affair to the police. He said the man behind the gun had a white handkerchief tied over his face and was very tall. Some of the others of the eight victims showed little concern and there is a suspicion that they knew the highwayman.

SALT LAKE & OGDEN RAILWAY.

President Simon Bamberger and Chief Engineer Vail of the Salt Lake & Ogden railroad made a trip through this section yesterday, from the bridge across the river at Washington avenue up the south side of the river, along the proposed route of the trolley line. At one point it has been decided to change the course of Ogden river, thus saving the construction of two bridges. Orders have been placed with the Colorado Fuel & Iron company for 2,500 tons of 60-pound steel rails, 1,000 tons to be delivered immediately, the remainder in December.

HORSE AND SADDLE STOLEN.

A horse, saddle and bridle were stolen Tuesday from Corey's livery stable. A man called at the barn and stated he wanted to hire a good saddle horse for a few hours, a fine dark brown riding animal was saddled up and the man rode away, that was the last seen of horse or saddle. Mr. Corey did not think anything was wrong until yesterday morning when he learned that the outfit had not returned, he reported it to the sheriff, who is endeavoring to locate the same.

X-RAYS CURES CANCER.

At the meeting of the Utah County Medical society held yesterday an interesting case showing wonderful results from X-rays in the cure of cancerous epithelioma was presented by George E. Robison. The patient, Martin Ivie of Scipio was present and was examined by the doctors. About three years ago the cancerous growth began on Mr. Ivie's lower lip, and was treated by a number of persons without success. It had covered the entire lip above the chin and was very painful, and had reached such a stage that it could not be removed by an operation. Mr. Ivie came to the Provo general hospital the latter part of August and the X-ray treatment was given. After the first treatment the pain ceased, and after the third application the cancerous substance sloughed off. The sixth treatment was given yesterday and the whole affected area is nearly covered with a healthy growth of skin and the expectation is that Mr. Ivie will be entirely cured in about a week.

An interesting paper on diphtheria, by Dr. J. E. Morton of Heber was read and discussed. In the discussion Dr. Clift urged that antitoxin should be supplied by the state, when necessary, without the patient becoming a county patient.

SHOCKING ACCIDENT

At Sugar Factory Jerry Rankin Crushe Under Cooler—City's Water Supply.

Special Correspondence.

Lehi, Utah Co., Sept. 11.—Jerry Rankins, aged 61, an employe of J. J. Burke & Co., contractors of Salt Lake City who have the contract of putting in the Steffen's machinery here, was so badly crushed by the falling of a seventen cooler under which he was thrown that it is hard to tell whether or not he will recover. The hoisting engine had this cooler hoisted about in place when a heavy hook gave way, letting the cooler down, and Mr. Rankins, who was on a beam, was thrown off his balance and fell directly under the cooler which mashed his arm and a part of his body badly, a large bolt running through his arm and his head was crushed in through the fall. Rankins was taken to the Holy Cross hospital last night and up to this afternoon it was reported he had not regained consciousness.

CLUB DISCUSSES WATER SUPPLY.

At a meeting of the Commercial club held Saturday evening the water supply for the city was the main subject of discussion. James H. Gardner, chairman of the irrigation committee presented some figures as to the cost of installing a water system by the use of driven wells. The cost will be in the neighborhood of $25,000. The mains will be run along alternate streets and the water will be used for culinary and drinking purposes only. Another proposition to increase the water supply for irrigation purposes for city lots was also figured on. The proposition is to tunnel in the hill north of the Briggs' home in the northern part of town and then pump this water into the waste ditch. It is figured that one second foot of water will be obtained at a cost of installation of $2,000. Both of these measures will be pushed by the club committees and water boards.

The primary conference of the Second ward was held in the Central schoolhouse yesterday afternoon which was largely attended and the exercises of the children showed very good progress in their work.

LIKES UINTAH COUNTRY.

Miss Sarah C. Larsen Makes Good Homestead Filing—Hans Larsen Dead.

Special Correspondence.

Manti, Sanpete Co., Utah, Sept. 10.—Hans Larsen, Sr., one of the early settlers of Manti, was buried Friday afternoon. He was born in Denmark, Dec. 23, 1817, and embraced the gospel in 1852. During December the same year he left Denmark in Capt. Fosgren's company. While crossing the plains in an ox team he married Ann Maria Jorgensen, also a native of Denmark. In 1861 they came to Manti, where they have resided ever since. Mr. Larsen took an active part as guard during the Indian wars.

A son has been born to Mr. and Mrs. S. L. Voorhees, and a daughter to Mr. and Mrs. E. D. Sorensen.

LIKES UINTAH COUNTRY.

Miss Sarah C. Larsen, daughter of Senator C. P. Larsen, lately returned from the Uintah reservation, where she has filed on a piece of land in response to number 159. Miss Larsen reports her location on the Duchesne river just west of Rock Creek. It is her intention to have it fenced and partly plowed this fall, which will make the ranch worth about $300 as part of it is already cultivated.

Miss Larsen states that in passing from Daniel's canyon to Vernal one travels about the same distance as it is from Salt Lake to Richfield, and notwithstanding the much broken waste country, which is covered with sagebrush and small cedars, there are benches and rivers enough, if pioneer brain and brawn is used, to make as many cities and homes as can be found between the above named cities.

The trip occupied three weeks. Her company consisting of three ladies and gentlemen.

She states that they encountered severe rains several nights just after the tents were pitched, and one terrific rain and hailstorm while traveling.

BURTON, IDAHO.

KILLED BY LIGHTNING.

Young Peter C. Taylor Struck While Working in Harvest Field.

Special Correspondence.

Burton, Fremont Co., Idaho, Sept. 5.—In a very severe electric storm which occurred here Aug. 25, Peter C. Taylor lost his life. He and some six or eight others were in the field harvesting grain when the accident happened. It started to rain lightly and electricity played freely all around. Suddenly a ball of fire about the size of a man's fist was seen to strike him squarely on the head and he dropped without uttering a sound. His father was at his side almost instantly, but the boy was dead. The lightning followed down his left side, scorching the flesh all the way down, but not burning his outside clothing. It made its exit at the end of his shoe by tearing a hole two inches long in the same.

Deceased was a very kind and obedient boy, always at home and ready to do what was required of him. He was born in Salt Lake City April 2, 1888, and is the son of Peter and Margaret E. Taylor, who resided at Centerville, Davis county, for a number of years and where Mr. Taylor was section foreman, also a member of Centerville choir. They came here something over a year ago.

Abscess.

W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 25c size, and it cured my leg. It is the best liniment in the world."

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Z. C. M. I. Drug Dept. B
