MINING, BUSINESS AND STOCKS.

TESORA MUCH STRONGER TODAY.

The Stock Opened at 72 and Sold Up to 78 on the Exchange.

DALY-WEST IS CLIMBING.

Yankee and Grand Central Weaker—May Day Firmer—Lower Mammoth and South Swansea Softer.

The mining stock market was very active this morning with sharp advances recorded in several of the stocks traded in. Tesora was numbered among the favorites. Sales were made as high as 78 after selling at 72 at the outset. Nearly 4,000 shares changed hands during the call. Daly-West was also very active. Nearly 400 shares changed hands at prices ranging between $39.67½ and $39.95. Grand Central grows weaker right along. A 100-share lot changed hands today at $4.90, May Day was in better form, selling from $1.05 to $1.07½ and closing strong. Lower Mammoth sold from $4.24 down to $4.14½, while Sacramento opened at 37¼ and closed at 36. South Swansea flattened out to 60 at which figure 900 shares changed hands. Century released 200 shares at $2, while Little Chief moved up to 18¼. Richmond Anaconda was in good demand at 25, while Yankee Consolidated was traded in from $4.56 down to $4.50. Mammoth loosened up 200 shares around $2.42½. Silver Shield moved up to 4½, while Ben Butler found a market at 8¾.

Closing quotations were posted as follows:

EASTERN EXCURSION FOR ALL
VIA THE BURLINGTON ROUTE.

On June 11th and 12th round trip tickets will be sold as follows:
To Omaha and all Missouri river points ... $22.00
To St. Paul and Minneapolis ... 25.00
To St. Louis ... 30.50
To Chicago ... 44.50
All tickets good returning until September 30th, 1901.
Pullman Palace and ordinary sleeping Cars through without change to Omaha, Chicago, Kansas City and St. Louis, via the Rio Grande Western and Burlington Route.
Perfect Dining Car Service, a la carte plan. Free reclining chair cars.
For sleeping car reservations or further particulars please write to, or call on R. F. NESLEN,
General Agent.
79 West Second South Street, Salt Lake City, Utah.

POPULAR SUNDAY EXCURSION
To Ogden, June 9th, via The Oregon Short Line.
Special train going at 9:00 a. m.
Only $1.00 round trip.

CONCENTRATES ARE VERY RICH.

Initial Shipment From the Century Show Over 20 Ounces Gold.

BIG OVERLAND SHIPMENT.

Mill Doing Well—Ben Butler Shipments—Utah Ore Settlements—Oregon Gold Ore.

Very flattering returns were received today from the shipment of concentrates from the Century of Park Valley. The lot consisted of five tons, and is the initial shipment from the property. The assay returns showed 20.12 ounces gold, 10 ounces silver and 13 per cent lead per ton. According to this showing the concentrates are worth nearly $425 per ton. Before the concentrator was introduced the company saved what it could with the plates and then cyanided the ore. It was found, however, that a great deal of free gold was lost. The quicksilver did not touch it seemingly and this caused the management to adopt the concentration process, with the result that a very big saving is now being made, which previously went to the tailings dump. The company is now turning out about 200 pounds of concentrates per day from its little mill, which are valued at about $70.

OVERLAND SHIPMENT.

Manager Duncan Settled for 1,500 lbs of Cyanides Today.

Manager Duncan has just settled for the first shipment of cyanides since the new hoist was started up. The lot consisted of 1,500 pounds, the value of which is withheld. Mr. Duncan reports the mill handling 500 tons per day with very satisfactory returns. Now that the hoist has been repaired it is expected that the mine will reach its maximum output during June. It will then be known just how it will pay. A force of about 130 men are employed at the mine and mill.

INTERESTED IN OREGON

F. J. Mallet and A. R. Brown Own Part of a Big Gold Vein.

F. J. Mallet is down from Oregon with very fine samples of rock showing free gold in abundance. The property from which the ore was taken is located in Josephine county about nine miles from Wolf Creek on the Southern Pacific railway. A. R. Brown, of this city, is interested with Mr. Mallett in the property. They have sunk a 50-foot shaft in the vein and encountered water, which necessitates machinery being installed. The boys are seeking financial aid to cope with the water and explore the vein at greater depth. The vein is said to be very large on the surface, though no work has been done to determine its size below. Colorado parties are said to be working at fifteen-stamp

AMALGAMATED COPPER.

Resolutions to Purchase the Boston and Montana and Boston and Butte.

New York, June 6.—A meeting of shareholders of the Amalgamated Copper company was held in Jersey City today, at which 591,300 shares, out of the total of 750,000 shares issued, were represented.

Resolutions to approve the purchase of the Boston & Montana and the Butte & Boston companies were adopted, only 304 shareholders voting against them. Another resolution makes the carrying out of the plan subject to the approval of the chancery court.

The purchase price mentioned in the resolution is five and a half shares of Amalgamated stock for one share of Boston & Montana stock, and 11-3 share of Butte & Boston stock. C. H. Venner, of Boston, opposed the adoption of the resolutions. The absorption of the two Montana companies involves the increase of the capital of the Amalgamated Copper stock from $75,000,000 to $155,000,000.

RESTRAINING ORDER.

Issued in Boston to Prevent Consolidation of Boston and Montana.

A dispatch from Boston states that action has been brought in the supreme court by C. H. Vreener & Co. against Kidder, Peabody & Co. to prevent the respondent from transferring the stock of the Boston & Montana Copper & Silver Mining company deposited with it to the Amalgamated Copper company. Judge Knowlton has issued an order of notice, returnable June 11. The plaintiff is the holder of fifty shares of the stock of the Boston & Montana company and objects to the proposed acquisition of the company by the Amalgamated Copper company.

VERNAL OIL BOOM.

Indications are That Active Prospecting for Oil Will Shortly Begin.

Byron Nebeker, who arrived in the city a few days ago, reports a great deal of excitement in Vernal over the oil prospects of that country. Excellent indications are abundant for about 100 miles along the hydrocarbon belt extending into Colorado. A great many thousand acres have been located on both sides of the state line by speculators, a number of whom do not expect to spend a dollar in development work. For all that, however, Mr. Nebeker expects some of the locators to spend some money boring for oil and it only needs a good well or two to encourage the development of the oil belt on a large scale. A great deal is expected of a California company now securing land a few miles from Vernal. It is stated that over 25,000 acres have been located and the company expects to begin driving two or three wells to test their lands. It is said that Milton McWhorter, who is at the head of the California contingent, was first attracted to the oil possibilities of Uintah county by examining the sand asphaltum deposits of John Beck of this city. Mr. Nebeker and others are interested in a number of claims near Rangeley, Colo., about 65 miles from Vernal. The indications of oil are abundant. The sandstone of the hills is thoroughly impregnated with petroleum, but for all that a great many of the locators are waiting for some one else to do the work so that when gushers are found the value of their property will be increased without any effort on their part.

Alleged Conspiracy to Despoil.

Boston, June 6.—A bill in equity was brought before the Massachusetts supreme court today by J. Forester and John MacGinnis against A. S. Bigelow, W. J. Lass and J. S. Bigelow, stockholders owning a majority of the Boston & Montana stock, and Kidder, Peabody & Co. The bill alleged conspiracy by the defendants to despoil the interests of the minority stockholders of Montana as represented by MacGinnis and Forester.

Utah High Grade Ore.

A car of high grade silver-lead ore was marketed today from the Utah, of Fish Springs, for $2,775. The lot consisted of thirty tons. The assays show 53.7 per cent lead and 127.6 ounces silver. In addition the ore carried 57 cents gold per ton. The mine is now responding very nicely to the efforts of the management and steady shipments are expected during the summer. Another lot is on the way to market and the outlook for a June dividend is very bright.

Mayor Appoints Delegates.

The Mayor this morning appointed the following list of delegates to represent Salt Lake City at the International Mining Congress to be held at Boise July 23rd to 25th: Clarence K. McCornick, H. G. Heffron, Frank Morehouse, John Dern, Henry Newell, James Ivers, William Hatfield, J. C. Lynch, J. D. Woods, J. E. Bamberger and Joseph T. Jenkins.

Coeur d'Alenes Prosperous.

Judge W. B. Heyburn states to the Boise States—in that mining conditions of the Coeur d'Alenes are much as customary, with the value of the output as great as ever. "It seems to be the impression in this portion of the state," said he, "that the mines of that section are closed down. Such is not the fact. Some men have ben laid off, but the results will not be apparent in dollars and cents. In fact the output will be practically the same as it has been. One case in point is on the Tiger—Poorman, where a number of men have been laid off, but this is compensated for in other ways, so that the product is not at all diminished in value."

Judge Heyburn states that the town of Wardner is now going through a rather peculiar experience. Certain parties located the land on which the town is situated as a mining claim, and now they are applying for a patent. The land which they claim is in the best portion of the town and upon it are many business blocks. The people are advising the claim. They believe they will successfully contest, as the patent has not been applied for till this late day.

Ben Butler Shipments.

The Ben Butler of Bingham is now preparing another lot of shipping ore for market. Teams are also busily engaged hauling 125 tons of second class to the mill. Manager Jacobs reports a force of sixteen men employed with A. P. Mayberry as consulting engineer for the company. A new upraise is being started from the tunnel level, 25 feet north of the other raise. The property is said to be looking well.

Tropic Visited by Experts.

Special Correspondence.

Tropic, Garfield Co., June 3.—Tropic within the last few days has been visited by some prominent mining men among the number being Mr. Wilkinson, former superintendent of the famous Mammoth of Tintic, also Mr. D. A. DePue and Mr. James Farmer, an expert. They expressed themselves as well pleased with the mineral prospects of this district. They have bonded some properties and development work will be in progress within sixty days. This part of our wealthy state will no doubt be a big factor in helping to push fair Utah to the front as being presumably one of the richest states of the Union.

Another Injunction Asked For.

A New York dispatch says that Flavel McGee, attorney, went before Vice Chancellor Stevens in Jersey City today and applied for an injunction to prevent the Amalgamated Copper company from carrying out at its special meeting tomorrow the deal for an increase of its capital stock to absorb the Boston & Montana and Butte & Boston companies.

MINING NOTES.

The Carisa of Tintic had four cars of ore on the market today.

Five cars of ore were marketed today from the South Swansea of Tintic.

Two cars of ore from the Lead mine of Bingham were on the market today.

The Taylor-Brunton sampler reported nine cars from Tintic and four cars of ore from Bingham today.

Col. Nick Treweek was out today for the first time in about two weeks, owing to his being indisposed.

The builder of the new May Day mill is considering the proposition to install two more concentrators.

J. H. Bacon returned a few days ago from Elko county, Nevada, where he and other Salt Lake parties are developing a coal deposit.

Willard Smith reports part of the West Morning Glory machinery on the ground. He expects to go out to Tintic tomorrow to witness its installment at the mine.

A fine sample of crystallized lead has been received from the Grand Gulch mine which assayed 62 per cent lead. An 18-inch streak of the ore is reported on the 200 level.

Experiments were successfully made yesterday by Assayer Tremayne in treating the gold ore of the Planetary mine of Park Valley by the amalgamation process.

A fine shipments of cyanide product reached town last evening from the Horseshoe mine at Fay, Nevada, which is expected to run between $90 and $100 per pound. The last lot netted over $100 per pound.

P. L. Kimberley arrived in the city last night and it is expected that the Dalton & Lark deal will now be closed up as President Coram of the Bingham Copper and Gold company is also in town.

Butte Intermountain: The vanners in the Cowan mill at Pony, have been shipped to the Snake river country, where they will be used on the black sands of that section, in an endeavor to save the values which have hitherto evaded the most competent experts in this line.

The heavy snow storms last spring followed by rains caused a snowslide up City Creek canyon, which moved the blacksmith's shop and cabin of the Red Bird Mining company. This is being repaired and Manager Felt expects to resume work shortly. The property is looking very well with encouraging showings in a number of places, though the ore runs a little below shipping grade.

Vernal Express: M. B. Pope came down from the Grizzly mine Thursday, where he and Dave Bennett are engaged in working that property. Mr. Pope states that the prospects in the Grizzly are better than it has ever been of encountering a vein of pay ore. Uncle Jesse Knight, who is the principal owner in this property, expresses his faith by pretty steady work, which he hopes and believes will be rewarded by the finding of a permanent ore body.

United States Deputy Marshal Smyth went to Mercur yesterday to levy execution on the Geyser-Marion property. The circuit court of appeals recently gave Charles B. Stark judgment against the company for about $3,000 damages for the illegal sale of his stock. Since Mr. Stark obtained his original judgment in Judge Marshall's court, and while his appeal was pending, W. S. McCornick obtained judgment against the property, and it was sold on an execution.

Dixie Falcon: Bull Valley has been the scene of extensive operations during the past winter. Gold is the chief mineral and some rich properties have been located. The Vulture mine shows a 5-foot vein of ore which assays $12 per ton in gold. The Pickadilly mine has assays of 40 per cent lead, 35 ounces silver and $10 gold. The Violet mine has three feet of gold milling ore that goes $25 gold and 7 ounces silver per ton. All indications point to great riches in this district and its further developments will be watched with the greatest interest.

PRESSURE TO SELL STOCKS

It Caused Sharp Losses Compared With Prices at Last Night's Close.

Market Opened With Rock Island and Wisconsin Higher—Americans in London Were Dull.

New York, June 6.—The stock market opened today with Rock Island and the Wisconsin Central stocks 2 points and Southern Pacific and Pacific Mail about a point higher. Otherwise changes were fractional and showed both gains and losses among the leading stocks with the gains predominating. The reduction of the Bank of England's rate of discount did not serve to more than rally Americans in London from an early depression except in the case of Denver & Rio Grande, which rose more than a point there. Business was not on as large a scale as of late but trading displayed its recent "spotty" characteristics. Prices rose generally after the opening, but the dealings in various groups were not uniform, some stocks rising a point or more and others merest fractions. Louisville was in demand and improved 2⅛. Atchison, Southern Pacific, Pennsylvania, Ontario & Western, Tobacco, St. Paul and Southern Railway preferred were from 1 to 2¾ points higher at intervals, but did not maintain their best prices. Rock Island was feverish and after losing its 2 points recovered speedily and dropped back again. Pullman was off 3 and Lake Erie and Western 1. The market weakened all around before the end of the first hour, St. Paul losing 2½ and stocks amongst the Pacifics, Trunk line and Louisvilles a point or more. The pressure to sell became more urgent and caused sharp losses compared with last night's prices. Declines from this morning's high level reached for St. Paul and Consolidated Gas 4 and for Union Pacific, Southern Pacific, Atchison, Rock Island, Texas & Pacific, Pennsylvania, Amalgamated Copper, Colorado Fuel and Manhattan between 2 and 3 points. Declines of 1 to 2 points were quite general. On the rally St. Paul recovered 2¼, Consolidated Gas 3 and other prominent stocks a point. Continental Tobacco rose 2¾ over last night. The activity of the market diminished noticeably.

Bonds were quiet and easier.

MONEY AND BONDS.

Money on call, nominally, 3 per cent. Prime mercantile paper, 3¾@4½ per cent.

Sterling exchange firm with actual business in banker's bills at 4.88¼@4.88½ for demand, and at 4.85¾@4.85½ for sixty days; posted rates, 4.86 and 4.89; commercial bills, 4.84½@4.85.

Silver certificates, nominally, 60c

Bar silver, 59⅝c.

Mexican dollars, 48c.

Government bonds steady. Refunding 2s registered, 106½; 2s coupon, 107; 3s registered and coupon, 109; new 4s registered and coupon, 138½; old 4s registered and coupon, 113½; 5s registered and coupon, 108¾.

CHICAGO MARKETS.

PRODUCE.

Chicago, June 6.—July wheat opened at 74¾ to 75, declined to 74¼, recovered to 74¾.

Close: Wheat—June, 72⅞; July, 73⅝; September, 70¼@⅜.

Sheep—Receipts, 9,000. Sheep steady to slow. Good to choice wethers, 4.00@4.30; fair to choice mixed, 3.65@4.15; western sheep, 4.10@4.35; yearlings, 4.30@4.50; native lambs, 4.00@5.25; western lambs, 4.50@5.30.

DENVER LIVE STOCK.

Denver Colo., June 6.—Cattle—Receipts 900. Steady. Beef steers 3.25@4.75; cows 3.00@4.50; feeders, freight paid to river, 3.00@4.65; stockers, freight paid to river, 3.25@4.70; bulls, stags, etc., 2.00@3.25.

Hogs—Receipts 200. Steady. Light packers and mixed 5.75@5.80; heavy 5.80@5.85.

No sheep.

KANSAS CITY LIVE STOCK.

Kansas City, Mo., June 6.—Cattle—Receipts 5,000. Native and Texas beef steers strong to 10 cents higher, others steady. Native beef steers 5.10@6.00, Texas steers 4.50@5.50; Texas grass cattle 3.00@4.50; Texas cows 2.80@4.50; native cows and heifers 3.25@5.25; stockers and feeders 3.75@4.90; bulls 3.40@4.85; calves 3.00@5.50.

Hogs—Receipts 19,000, 5 cents higher. Bulk of sales 5.75@5.85; heavy 5.80@5.92½; packers 5.75@5.85; mixed 5.70@5.85; light 5.50@5.75; yorkers 5.45@5.65, pigs 4.50@5.40.

Sheep—Receipts 2,500. Steady. Muttons 3.75@4.85; lambs 4.75@5.50; grass Texans 3.00@4.15; spring lambs 5.00@5.75.

BOSTON WOOL MARKET.

Boston, June 5.—The Wool and Cotton Reporter will say tomorrow: While the market is still quiet, the demand shows some tendency to expand. A few fairsized lines have been moved, however, but most of the business still consists of moderate sized lots. The outlook for a good volume of business is considered more encouraging, however, by careful observers, who state that they would not be surprised to see a fairly good trade in progress during the course of the next few weeks. The trend of the goods market is still toward an improvement. A number of manufacturers report that they have received more orders and many of those who come into the market look more hopeful and talk more encouragingly.

As far as prices are concerned, however, there is certainly no improvement to be noted. The pressure exerted by the American wool mills has resulted in lowering prices for good domestic quarter-bloods to a 20-cent basis and all lines of medium and low wools are in buyers' favor. Holders of new territory wools who paid for them the equivalent of 40 cents, clean landed, are asking prices ranging anywhere from 42 to 45 cents, clean, which consumers will not pay unless the wools are very fine of run very large into staple. Eastern houses are still buying in the West and especially in Wyoming.

The sales for the week in Boston amounted to 3,435,000 pounds domestic and 356,000 pounds foreign, making a total of 3,785,000 pounds, against a total of 2,690,000 pounds for the previous week and a total of 1,727,000 pounds for the corresponding week last year. The sales since January 1 amount to 94,912,000 pounds, against 63,194,100 pounds for the corresponding time last year.

SAN FRANCISCO WOOL.

San Francisco, June 5.—Nevada, 10@12; eastern Oregon, 10@13; valley Oregon, 13@14; mountain lambs, 7@8; San Joaquin plains, 6@7; Humboldt and Mendocino, 9@10.

ST. LOUIS WOOL

Sugar—Raw, steady; fair refining, 3 21-32; centrifugal, 96 test, 4⅛; molasses sugar, 3 7-16. Refined, quiet; crushed, 6.05; powdered, 5.65; granulated, 5.55.

SAN FRANCISCO GRAIN.

San Francisco, June 6.—Wheat—Easy; Dec., 1.02¾; cash, 97½.

Barley—Steady; Dec., 70¾; cash, 76¼.

BUTTER AND EGGS.

Chicago, June 5.—On the produce exchange today the butter market was firm; creameries, 14@18¾; dairies, 14@16.

Cheese—Steady, 8¾@10½.

Eggs—11¼.

New York, June 5.—Butter—Receipts, 12,084 packages. Market steady. Creamery, 15@19; factory, 11@14.

Eggs—Receipts, 19,277 packages. Market easier. Western candled, 13½@14; western uncandled, 11½@13.

READING THE HAND.

Professor Sterling has already read the palms of a number of leading citizens. A number of them will be published from day to day. Out of this list the following have been selected for today's issue:

PALMER HOUSE
Formerly the St. James Hotel, 325 South Main Street. (near Third South St.)

PROFESSOR STERLING.
THE CELEBRATED PALMIST AND PSYCHOLOGIST

who is now in the city and is recognized by press and public everywhere. All are pleased and delighted with his readings. Multitudes visit his parlors daily and are happy. Palmistry is an exact science, and it excites the wonder and admiration of the most skeptical. Professor Sterling can be consulted on all matters pertaining to the welfare of the human race. Your hands reveal all questions of life, pertaining to marriage, sickness, death, changes, travels, divorces, separations, lawsuits, business transactions, wills, deals, mortgages, lost or absent friends, mining ventures, etc. Consult Professor Sterling. He is acknowledged the greatest living authority on palmistry and all his work is done in manuscript form, and is strictly confidential.

Office hours are 10 a. m. to 9 p. m. daily and Sundays.

Palmistry has been reduced to a science, and following are some of the results obtained by Professor Sterling of well known persons in this city:

J. HARVEY,
Salesman.

You would have been a good doctor. You have indeed a very large headline. You will always have many friends, and you will live to a good old age.

H. T. BALL.

You are not altogether contented and there are times when you are decidedly depressed; but those moods do not last long.

A. E. PETERSON,
Clerk.

You love to travel. You have a courageous and inquiring nature, a strong will and a high temper.

L. N. SMITH.
Mining Man.

You are very proud and altogether you have not had a very successful life in the past; it is better in the future.

G. W. PUTNAM,
Cutter.

Your disposition is an affectionate one, and you are candid and straightforward, and entirely unaffected.

Palmer House (formerly St. James), 325 South Main street. Room 6. CHARGES 50c, and $1.00.

Prof. Sterling does not publish private readings in the daily paper.

THE STANDARD.

Do you have the Standard Dictionary in your library or school room? If not, you are not up to date. It is the largest, best edited, best printed, best bound, and most modern work in all respects yet issued. Only a limited number on hand. Address the Deseret News.

We were boys once ourselves maybe that's the reason we know how to build shoes for boys that will stand the hard kicks of the roughest boys as instance Robinson's seamless shoes for boys, $1.25 per pair and up.

ROBINSON BROS. CO.,
SHOE BUILDERS. 124 Main St.

Offices in Progress Building, Salt Lake City, Utah.

Saponifier.

Pennsylvania Saponifier is the original and old reliable Concentrated Lye for family soap making and general household uses. Beware of counterfeits. The success of this article has induced unprincipled parties to imitate it. None genuine unless Pennsylvania Salt Manufacturing Co., Philadelphia, is stamped on the lid.

Ask your grocer for it and take no other.
