WHITTEMORE HAS RETURNED.

He Declines to Talk Beyond Saying That His Trip has been Profitable to the County.

County Attorney Whittemore has returned from the East. When seen by a representative of the NEWS today he was in a very genial, even happy mood. He looked like a man who was full of hope but he talked like in a general way, in detail he had but little to say.

As is well known his trip East, especially to Chicago, was to look into the big furniture deal with enterprise representatives of the county and Andrews Accompany, Edwin D. Weary, former manager of the company named and E. E. Swiney returned with him and will remain in this city during the siting of the scandal which will begin in earnest on Monday morning next if present arrangements are carried out. When asked what the result of his investigations had been while away from Utah Mr. Whittemore smiled and said, "I can't tell you that yet, I cannot now, but just as soon as that matter question can be made from today after the meeting is over, and if I don't convince you that from $15,000 to $25,000 can be saved to the taxpayers, besides teaching public servants a wholesome lesson, why, then I'll eat my hat, hogs to have something at my expense."

FARMINGTON NEWS.

Funeral Services With Consoling Remarks—Business Items.

FARMINGTON, Davis Co., Utah, June 14, 1895.

Editor Deseret News:

In the Farmington meeting house, at 2:30 p.m., this inst., the funeral service were held over the remains of the wife of Moses Cary, an old and respected member of this place, aged about 60 years. Nine sons have preceded her. She has two daughters, both married, and was survive her, and together with her husband mourn her absence.

Bishop Moront Secrist presided at the meeting. Prayer was offered by Brother Willard Richards and consoling remarks were made by Elders E. T. Clark, Edward Stevenson, James Smyth and Bishop Secrist. The reading of a portion of a revelation by Joseph Smith, the Prophet, was affecting and interesting. It is as follows: (Doc. & Cov., sec. 101, 17-19):

"Zion shall not be moved out of her place, notwithstanding her children are scattered; they that remain and are pure in heart shall return, and come to their inheritances, they and their children, with songs of everlasting joy, to build up the waste places of Zion.....and prepare for the revelation which is to come, when the veil of the covering of my temple, is by my servants which holdeth the earth, shall be taken off, and all flesh shall see me together. And every corruptible thing, both of man or of the beasts of the field, or of the fowls of the heavens or of the fish of the sea, that dwell on all the face of the earth, shall be consumed. . . . I do tell you that day the enmity of man, and the enmity of beasts, yea, the enmity of all flesh, shall cease from before my face. And in that day wonsever man shall ask, it shall be given unto him. And in that day Satan shall not have power to tempt any man. And there shall be no sorrow because there is no death. In that day an infant shall not die until he is old and his life shall be as the age of a tree. And when he dies he shall not sleep (that is to say in the earth) but shall be changed in the twinkling of an eye, and shall be caught up, and his rest shall be glorious."

The creamery in Farmington which has a connection with the one in Kaysville, is doing a good business. Cream is sent to Salt Lake City; the curds and whey is used for fattening hogs. One hundred hogs are owned by the company. Seventy cents per hundred weight is paid for the milk. The capacity of the factory is about 2,000 pounds per day.

PROVO, UTAH, - JUNE 15, 1895.

Territorial Asylum Business.

The board of directors of the Territorial Insane asylum met in regular session yesterday. All the members of the board were present.

The executive committee reported the following patients, who should be removed from the institution, not being proper subjects under the law of the Territory, which makes no provision for the care of imbeciles and idiots in the asylum: Thomas Orr and W. M. Harrison, Tooele county; Alma Rawlings and Thad Burton, Cache county; Elizabeth Hunter and Wm. E. Gould, Weber county; Elmira Ferguson, Beaver county; Alice Omer, Sanpete county; Lars Peterson, Juab county; Fritz Fox, Salt Lake county.

It was decided to remove the following patients to their respective counties: Alma Rawlings of Cache and Elizabeth Hunter of Weber. Juab county had removed Lars Peterson. It was arranged to retain the remainder of those not entitled to the benefits of the institution, at a charge of $4 a week, to be paid by the counties from which they were committed, until further orders of the board.

The committee on the purchase of land recommended the purchase of 15.95 acres from Mrs. Martinda Giddey for $1,700. The report was adopted and $1,500 was appropriated as part payment on the purchase.

Treasurer Dusenberry reported having borrowed $5,500 from J. R. Deary on the 11th inst., as per instructions of the board, and called attention to the necessity for borrowing more money.

A resolution to borrow $6,500 for one year, for the reason that no money could be obtained from the Territorial treasurer, was adopted.

Legal Business.

Alex Jennings has commenced a libel suit against the Enquirer for $10,000. The grounds for complaint is a statement which appeared in the paper on the 7th of December, 1894, to the effect that Alex Jennings was in jail on a charge of passing counterfeit money in Beaver. Mr. Jennings was in jail for some financial offence charged to have been committed in the southern portion of the territory, but it was not passing counterfeit money.

LOGAN.

LOGAN, UTAH, - JUNE 15, 1895.

Burglary and Arrests.

The police arrested two men last night for suspicious conducting in the burglarizing of Wheeler & Co.'s store at Franklin, Idaho, on Wednesday evening. The arrests were made at quite a late hour, but only shortly after word of the burglary and a description of one man had been forwarded. A comedy of errors has been performed prior to this time by the Idaho officials, and several arrests outside of parties who are probably guiltless. The first arrest was that of a man who had not lived in Franklin a week. The reason leading to his arrest were: First, he was a stranger; second, he was seen in the neighborhood of the store late on the night of the burglary; third, the blacksmith's wife at Franklin, whose husband was absent, thought the tools found in the store were his. If he was not just the man, he knew the man who swaped out the blacksmith's shop on the night of the burglary were, and they were overmatched at Weston. Yesterday morning a man from Richmond called at Franklin and was recognized the tools as belonging to the Richmond blacksmith, whose establishment had been broken open on Tuesday night. This gave the officers another clue to follow, so it was brought the tools were stolen for the purpose of burglarizing the Franklin store. The Richmond blacksmith gave a description of a man who were to his shop on the afternoon of Tuesday, and this description, forwarded late last evening to the Logan police, led to the arrests here. The lock of the Webster store had been forced with a large rasp, and two holes three-eighths of an inch in diameter drilled to the door of the safe, filled with powder and exploded. Nearly $200 in cash was secured, and a pound of notes was also taken, but was afterwards found in the rear of the store. The floor was covered with burned matches, indicating that no lamp or lanterns had been used. Not nearly the sum of money taken has been found on the person of either suspect.

A MOVE IN THE RIGHT DIRECTION

Why Not Save the Territory $100,000 per Annum and Keep in Here?

The prominent fruit growers of this fair Territory are at last coming to their senses and believe that Utah fruit and berries are just as good if not a little better than the imported article, and the quarter of a million that annually leaves this Territory would materially help things all around if spent and circulated here. With this in view, and for the instruction of the world in fruit raised and how to can, preserve and make jelly, some of our leading berry and fruit raisers headed by the Salt Lake Horticultural Society have decided to hold a fruit and floral exhibit at Chester's Park for three days commencing June 19th, where the finest exhibit of Utah berries and fruits will be held, also one also on the Arcadian plan of berry cultivation, etc., will be given by well known and competent lecturers. A unique flower and vegetable exhibit will also be a leading feature of the show, as many competitors have already entered to compete for the liberal and numerous prizes. The Horticultural Hall will furnish a pleasant entertainment that no one can afford to miss, apart from the educational aspect of the enterprise, not to speak of the boating, dancing, music, horse racing and other attractions that will be in full swing during the three days of the exhibit. For other particulars see Monday night's NEWS.
