GENEALOGICAL.

To Latter-day Saints who are interested in Genealogical Matters:

By and with the consent of the proper authorities, I have concluded to go to the Eastern States during the present winter, to obtain the genealogies of such families as come from my native place, Farnham, Dorsetshire, England. During my recent mission to three parts I acquainted myself with facilities that will enable me to procure genealogies with a fair degree of completeness, and in procuring those of a number of families at the same time, the expense will be but a very small matter of what it would cost each family separately. This is a rare opportunity for the Saints from New England, New York, New Jersey, Pennsylvania or Delaware, or Saints whose ancestors were natives of these States, to procure genealogies at a small cost. A circular, stating terms, will be sent on application.

Prosecution of Liquor Dealers.

NEW YORK, 28.—Recorder Hackett, to-day, sentenced a number of liquor dealers, prosecuted by the Rev. Dr. Howard Crosby's Society for the suppression of vice, to pay fines ranging from $25 to $250 each. One of them received the additional punishment of imprisonment for sixty days in the penitentiary and another thirty days.

Fishing Fleet Disasters.

BOSTON, 18.—Seven vessels and 37 men have been lost by the Gloucester fishing fleet the past season.

U. S. Treasury Disbursements.

WASHINGTON, 28. — Since the passage of the army bill, the United States Treasury has paid over $30,000,000 in currency, the greater portion of which was paid as compensation to officers and men of the army. The Treasurer is now paying over $23,000,000 in gold on account of the interest on the public debt, due the first of January next, making in all over $53,000,000 disbursed within the past six weeks.

The Cameron Case—Settled for $1,000.

It will be recollected that about a year ago a widow named Oliver brought suit against Hon. Simon Cameron, for breach of promise. Nothing has been publicly known concerning the suit until to-day. Now it appears by a statement in the *Evening Star*, that it was abandoned in January or February last, the widow having waived further proceedings in consideration of the sum of $1,000.

Opposed to the New Territory.

The sub-committee of the House committee on Territories, to-day, heard an argument from Delegate Corlett of Wyoming, in opposition to the bill for the establishment of the Territory of Lincoln. Corlett based his opposition mainly upon the argument that the population of the Black Hills is not of a permanent character. He also opposed the bill because it provides for including a portion a portion of Wyoming within the boundaries of the proposed new Territory.

Sitting Bull's Camp.

Official information from the Big Horn post, Montana, says: Two Nez Perces have come in, having been in Sitting Bull's camp, and report that a white scout is in the camp of the hostiles as prisoner. The Nez Perces are anxious to leave Sitting Bull, and are slipping away whenever possible, but are afraid to come in a body.

Dispatches from Fort Buford say that Sitting Bull is reported encamped on Rock Creek and committing some depredations, chiefly on other Indians, and that he intends to take a small post this winter.

An Uneppa was intercepted recently, bearing messages to Sitting Bull, urging him to accept the terms offered by the United States and come back from Canada. These communications are corroborative of the information received in Chicago recently from other and unofficial sources.

$30,000 Fire.

POUGHKEEPSIE, 28.—The elegant residence of Hon. Wm. S. Eno, at Pine Plains, one of the handsomest in Duchess County, was burned this morning with its contents. The family barely had time to escape with their lives. Loss $30,000, insurance $19,000.

Coal Mine Explosion.

WILKESBARRE, 28.—An explosion in the Stanton shaft, to-day, caused severe injuries by burns and flying missiles to seven men. One named Dimmick is believed to be fatally wounded. Surveyors were in the mine at the time, but escaped damage, though they were thrown down.

Sale of Mines.

DEADWOOD, D. T., 28.—The Golden Gate Mining Company, to-day, consummated a sale of their four mines, the Father Desmet, Golden Gate, Justice, and Belcher, to California capitalists, for the handsome sum of $403,000. This is the heaviest mining transaction that has occurred in the Hills.

Indian Depredations.

LITTLE ROCK, 28.—The treasurer of the Texas and California Stage Co., is in receipt of a telegram from Dan. C. Stevens, assistant superintendent in western Texas, saying that the Indians in that section seem so full of hellishness that, unless more troops soon reach there no stage line can be maintained nor people left alive. Indians attacked the coach in Bassey Cañon and captured four horses and killed both the driver and Gabe Valdez, division superintendent.

Horrible Accident—Three Children Burned to a Crisp.

CHICAGO, 28. — News has just been received of a horrible accident at Morgan township, Crawford county, Iowa. Carl Maas and wife, farmers, locked their three children, aged respectively, one, two and a half and four years, in their house on Christmas day, and went out to husk corn. They were shortly after apprised by a neighbor of the fact that their house was burning, and when they reached it it was wrapped in flames, and the children burned to a crisp. The mother frantically attempted to rush into the flames, but was forcibly prevented. The foggy morning hindered them from seeing the fire sooner.

The El Paso County Troubles.

Correspondence received at the military headquarters details the surrender of Howard and his band at San Elizario, the subsequent shooting of Howard, McBride, and Atkinson, and the other events substantially as given in the dispatches. The rioters were reported to be picking up their effects and moving them over the river. Only five rioters were identified as Mexicans, and it is thought there were not over 10 from that side, although the organized rioters were 250 strong and were accompanied by about 150 thieves. The Mexican authorities have posted a large number of notices on both sides of the river, warning Mexican citizens against participating in the troubles.

FOREIGN.

GREAT BRITAIN.

The Strikers Submit.

LONDON, 28.—Six hundred cotton operatives, who were on strike in Macclesfield, have submitted to the reduction of wages.

The colliers in South Wales have agreed to accept a temporary reduction of five per cent. The general closing of the pits, which the masters at one time contemplated, seems averted.

The German Cabinet.

A Berlin dispatch says the latest report is that Herr Von Benda, moderate liberal, will enter the Prussian ministry, as well as Beningsen and Forkenbeck. The cabinet would thus be more strongly liberal than any which has existed since 1862.

France and the Eastern Question.

A Paris correspondent telegraphs that Minister Wadding, in regard to the eastern question, thinks that France may preserve a purely expectant attitude until the belligerents have opened negotiations, and when her opinion is asked she will give it with the candor authorized by her attitude. He does not hesitate to say at once that she could not regard with indifference any changes in the Mediterranean or the agitation of the small surrounding states by the questions which might be raised in connection with the purely eastern question.

France is disinterested relative to the Asiatic question, and even in regard to the reorganization of Turkey's European provinces. She has no alliances or engagements and does not seek them.

GERMANY.

The Emperor and Bismarck's Financial Policy.

BERLIN, 28. — The Emperor seems to have approved the substance of the propositions submitted by Bismarck, respecting the new commercial and financial policy. If the details can be satisfactorily arranged, there will be an increase of indirect taxation and tariff, and an attempt to place the Prussian finance and railway departments under the effective control of the imperial authorities. This latter measure, besides making the German government paramount in matters financial, is intended to pave the way for adding to the chancellor's authority in other departments, and accordingly will be opposed by some of the minor governments. It is better to overcome their resistance by popular and parliamentary supports. Some of the leaders of the national liberal party will probably be requested to join the German and Prussian cabinets.

FRANCE.

President MacMahon and the Limoges Affair.

PARIS, 28. — The *Temps* says: When the cabinet discussed the Limoges affair, President MacMahon warmly repudiated having ever contemplated a *coup d' etat*, and declared that as far as he was aware nothing was intended beyond precautions against armed resistance, which some newspapers threatened, should the government have demanded a dissolution.
