FUNERAL OF FREDERICK WALL

Honored Veteran Eulogized for His Work and Worth.

Special Correspondence.

Santaquin, Utah Co., Nov. 11.—The funeral of Frederick Wall was held in the ward meetinghouse here this afternoon, under the direction of Bishop Holladay, when a large congregation assembled to pay respect to one they had learned to love and respect during his residence here for over 30 years. The members of the council of the Forty-fifth quorum of Seventy, of which deceased has been the senior member since its organization here, spoke of their love and regard for him during their labors together, also speaking words of comfort to his bereaved family. During the service a quartet was rendered by Mrs. Christina Mace, Mrs. Caroline Openshaw, Conrad Johnson and Erek Mogain, "I Need Thee Every Hour." The bishop, his counselors and Elder Joan D. Holladay, also spoke of the faithfulness, good works and devotion of the deceased to the principles of the Gospel as revealed to the Prophet Joseph Smith. He was a good husband, a kind and indulgent father, and leaves a large family and a host of friends to mourn his departure.

NEPHI.

IN JUDGE GREENWOOD'S COURT.

Severe on Immoral Reprobates—Henry Blair Acquitted.

Special Correspondence.

Nephi, Juab Co., Nov. 13.—For the last week Judge Greenwood has been engaged in the trial of criminal cases here. The first case tried was that of the State against Henry Blair, charged with incest, and the jury found a verdict of not guilty being so instructed by the court on the ground that the evidence was not sufficient to warrant a verdict of guilty. The complaining witness, who was the daughter of the defendant, was before the committing magistrate here about three months ago and told with much detail how her father had been committing this crime with her. When she got on the stand this time, she denied it all and said the reason she had told these things about her father before was because her mother had told her to do so. Since the girl testified before the committing magistrate, her mother has been committed to the state mental hospital.

Henry E. W. Howell of this place was the next to be tried. He was convicted of improper relations with a young girl with whom it is alleged he had been keeping company. There was a strenuous effort made by defendant's counsel and friends to have the judgment a fine instead of imprisonment, but the court gave the young man within one month of the limit, which was five months in the county jail. The remarks of Judge Greenwood to this young man at the time of pronouncing judgment was a gem of advice, and would be good for every young man to have heard and pondered.

Arthur Parsons of Tintic today pleaded guilty of assault with intent to commit rape. He will be sentenced tomorrow morning.

SNOW ACADEMY ANNIVERSARY

Founders' Day Fittingly Commemorated—Increase in Attendance.

Special Correspondence.

Ephraim, Sanpete Co., Nov. 11.—The number in attendance at the Snow academy is increasing every week. There are now about 300 students in all.

On the evening of Oct. 27, Miss Judith Anderson and Professors McClellan and Welbe gave a grand concert here under the auspices of the academy. They were greeted by a large and appreciative audience, and were assisted by the academy choir. The fact that the people of this section are very fond of music was made plain by the emphatic applause given.

Nov. 6 was a big day for the institution, as it celebrated its eighteenth birthday. The faculty, students, and patrons met at the academy at 9 a. m. and arranged themselves for the procession, which was led past the former homes of the school. The academy band furnished music for the occasion. At 10:30 the large assembly room was crowded for the meeting. President Anthon H. Lund, and Elders Hyrum M. Smith of the Apostles' quorum, addressed the people. Immediately after the meeting a splendid banquet was served in the gymnasium. At 2 o'clock the people gathered on the ground to witness some athletic contests between the Snow academy and the Wasatch academy of Mt. Pleasant. The results were as follows: Basket ball, S. A., 33; W. A., 2. Tennis, S. A., two series; W. A., 0. Three standing broad jumps in favor of S. A., by 2 ft. Running broad jumps in favor of S. A., by 4 inches. The only satisfaction the Wasatch boys had was the excellent treatment they received. The day's program closed by a dancing party in the evening, music being furnished by the academy orchestra.

A number of the members of the missionary class of 1903 having returned from their missions, hunted up their old banner and joined the procession on Founder's day. This was highly gratifying. These missionaries are thankful for the time spent in school.

THE LEAGUE OF LEAGUES CONDEMNS MARTIAL LAW.

St. Petersburg, Nov. 13.—The league of leagues has adopted a resolution condemning the proclamation of martial law in Poland as an illegal measure directed against the Polish emancipation movement.

The Ruskoye Slovo prints a dispatch from Warsaw describing a conversation which Gov.-Gen. Scalon had with a deputation of prominent Poles during which the governor-general distinctly announced that he would not allow the organization of a municipal military. Moreover, he added, he would neither remove the troops from the city nor the streets, and he warned the deputation that he was prepared to deal with the situation should the agitation be communicated to the masses.

In addition to increasing the pay of the rank and file of the army the war department has decided to decrease the term of service by one year. The present pay of the infantry is 11 cents per month and the cavalry 14 cents per month.

The fears of the wholesale pillage and murder of the Jews and intelligencia by the "Black Hundred" has not entirely disappeared, although the strictest precautions have been taken against probable outbreaks. Two students were beaten to death near the Obverny canal last night, three house porters were murdered at their doors and many domestic servants left their work, announcing to their mistresses that labor was no longer necessary, as now everybody was on an equality, having become "citizens" and would receive government pensions.

An eminent diplomatic, speaking on the situation today, said:

"The difficulties which confront Count Witte on every side are enormous and would overawe a man of less dominant will and capacity. His task is almost superhuman, but I do not regard it as impossible."

PREST. REINSTATES CHAUFFEUR

Washington, Nov. 13.—Walker Eldridge, the chauffeur who was dismissed from the government service for misconduct which came under the personal observation of President Roosevelt, will be reinstated in his old position at the end of two months from the date of his dismissal. The exercise of leniency by the president is due to Eldridge's excellent record in the Philippines, to the fact that his father was a veteran of the Civil war, and to the additional fact that his wife is an invalid.

In directing the young man's reinstatement, the president made it clear that in his opinion the cause of his dismissal was sufficient, but that in the circumstances he did not desire to be harsh with him.

PLOT TO BLOW UP RAILROAD.

Warsaw, Nov. 13.—In consequence of the discovery of plots to blow up the St. Petersburg & Berlin railroad, all the railroads in Russian Poland are now guarded by military. A patrol today discovered that the line between Warsaw and Tonsa was mined. A powerful charge of dynamite had been placed in an underground chamber which would have been exploded by the first passing train. A short distance on the other side of Warsaw an infernal machine was exploded and destroyed the track, but the damage was discovered before the arrival of a train.

ALL HALLOWS WILL MEET HIGH SCHOOL

Saturday Will See Another Struggle Between Two Best Local Teams.

WINNER GETS HANDSOME CUP.

Was Won Once by High School and It Again Captured Remains Its Property.

It has become a habit of late to style each and every football game in Utah this season as "the best ever fought on a local gridiron," and that kind of a game was fought last Saturday between Ogden and All Hallows. Now the same kind of a game is promised for next Saturday between the Salt Lake High School also known as the "never defeated" Red and Black, and the All Hallows team. The game is for the possession of the Mayo cup, which was won last year by the Salt Lake High School, and which the school claims is its for keeps, as soon as it wallops All Hallows again to prove ownership.

On previous records this year the Salt Lake High School should have a game on its hands worth calling a game at least, and there ought now and then to be an element of contest in it. The High School is lighter this year than last, but weight cuts but little figure with "Callahan's kids."

Its a poor line of his, that can't shift to meet conditions of any kind, and a record of ten years of victories indicates the way they have changed their style each year and each game to produce the winning scores. It is noticed that when the High School boys meet superior weight, they shift their own weight into mass plays on the lightest point of the opponent's defense, and usually plow through it. That the All Hallows team will be met that way Saturday is a reasonable guess should All Hallows prove a heavier proposition than can be easily handled by ordinary methods.

Prior to the game both teams are working hard, and on the east side Coach Bassett is teaching his men some new plays which he hopes will surpise the west siders.

The game may be the final big High School game of the season here as the Thanksgiving game is to be played in Butte.

The Senators took a great big fall out of the Business Men last evening in the city league bowling contest. The other other teams have been poking a little fun at the Seantors of late, but now they will probably be good. Last night they took three straight games from their rivals and then established a record of 2,811 for three games. Hardy Downing got the high score of 234. His average for the three games was 205 2-3. The scores:

BOOST FOR MICHIGAN.

Coach Stagg Says Yost's Huskies Compose the Best Team.

A Chicago dispatch says:

If Chicago and Michigan were to meet today Michigan would probably win. This is the way Coach Stagg of the University of Chicago sized up the football situation concerning the western championship after his return from Champaign last night. His opinion is not supported by the Maroon 'varsity players who accompanied him, however, as practically all of them are of the opinion that Chicago would defeat the Wolverines.

The coach says that his men judged Michigan by their showing against Illinois, however, without taking into consideration what is the best they could do if put to the test. Stagg spoke of the prospect as follows:

"If we were to meet Michigan today I feel positive that their terrific offense would crush through our defense. As yet our line is not strong enough to stop Yost's wonderful attack. I believe Chicago's chances on Thanksgiving day depend chiefly on whether we will be able to build up a defense before then that will be strong enough to meet the plunges of the Michigan backs and lines. The Michigan team is away above our team in weight. Then they are fast and charge hard. There is no use discounting their work, they are great offensively. Their work was not finished Saturday, but they showed enough to prove to me that they will be all right by Thanksgiving day. Without calculating to the pound the average weights of the two teams I should say that when we meet in the final game Michigan will outweigh us something like ten or twelve pounds to the man. This is an awful handicap to overcome.

"This week we will have to train for the Purdue game and I expect we will have a hard game Saturday."

Coach Stagg was well pleased with the showing his freshmen made against the Benton Harbor high school team. He has scheduled a game for them with Morgan park for a curtain raiser next Saturday. They will meet the Wisconsin freshmen a week later at Madison and still a week later they will meet the Illinois freshmen at Champaign.

BAD FOR RICH MEN.

Coachmen Who Make $18,000 a Year Are not Scarce.

The salary of the average high class coachman ranges from $125 to $150 a month, but the income is a widely different matter. Those in a position to judge would place the income of several coachmen at little less than $15,000 per annum, says a writer in the Team Owners Review.

This is a startling assertion, but, for the servant of upper New York Tuxedo and Newport connections, it is not an exaggeration in many cases. And it is rendered possible by a number of things for which the well understood term "graft" may stand as representative.

A certain handsome pony was shown to a wealthy man, and he sent his coachman to look at it. The price was $1,950, and the bargain was closed at that figure, the pony being sent to the new stable while the coachman "dropped around" for his commission. He was offered $350 and threatened to have the animal returned as unsuitable unless he was given another $50 to make it an even thousand.

A rational sensational pair of high-steppers were sold in April, 1903, for $7,500, or approximately that amount. The coachman received $2,000, struck for another thousand and obtained that also. In August both went amiss, they were sore coughing and began to "shy." The man being ten years in his place and of unimpeachable reputation, the owner sold them and got a new pair. They were sold to a third party, representing the coachman, for $1,600, sent to his farm, turned out, fed up, coats let grow, and another pair was secured for $5,000, on which the coachman secured $2,100. The folowing spring of 1904, one of these was lame and sold as incurable for $300, and from the brother of the third party mentioned above the original near-side horse was purchased for $2,500, clipped, newly trimmed, in grand condition, with a new white star peeping from the base of his mane. Of this the coachman pocketed $2,000, and the brother $500, besides the lame horse as a gift.

Up to five or six years ago this evil did not exist to any extent. The coachman always received his 10 per cent and was satisfied. But the tremendous demand in horses during the prosperity boom sent prices way up. It is difficult to suggest a remedy. One very rich exceeding shrewd financier tried bonding his coachman. This was a pity, as it attracted brighter brains for the problem, and the succeeding coachman bled the financier indirectly for over $17,000 in three years; and there was not the slightest proof of any money passing.

This is only a mere outline of the situation, and the dealers are in despair. It is no fancy picture, no sensational story, but a plain statement of the graft surrounding horse deals of today.

FISHER GETTING BUSY.

May Take His Ball Team to Fresno For Next Season.

Fresno, Cal., Nov. 13.—An exhibition game was played here today between the Tacoma Coast league team and the Fresno State league team. Tacoma won by a 5 to 0 score. In the third inning the wildness of Frank O'Brien, Fresno's pitcher filled the bases, and Truck Egan walloped the ball for a three-bagger. Aside from that one bad break, young O'Brien, on whom Mike Fisher has his eyes for coast league timber, pitched excellent ball. Fitzgerald pitched for Tacoma.

This morning Mike Fisher met with the Fresno fans and talked over Fisher's proposition to bring him team to Fresno for next season. Committees were appointed by the fans to get $10,000 together for the financing of the team. Should it be raised, the chances are that Fisher with his Tacoma franchise will transfer here in preference to Spokane. Fisher likes the short jumps which games at Fresno instead of far north would afford.

I am very glad he has been cured and you may use this letter any way you like so long as you do not change the wording."
