THE MINING MARKET.

Today's Call On 'Change Results In But One Transaction.

DALTON THE STOCK DEALT IN.

Other Stocks Receive Quotations Which Indicate Clearly the Condition of the Market—Gossip and Sports.

The Dalton stock met with the only sale on 'change today, one thousand shares leaving its former owner and going to another at the very low figure of one and a half cents per share. The latest stocks were handled as they have been for some time past, receiving quotations which were far below their normal values. Mercur was as offering at $5.75 and Mammoth at $2.60 while the bids placed opposite the respective stocks were $5.50 and $2.45. Sioux Consolidated, which shrunkled a sale yesterday, was bid for at 96 cents, but holders of the stock expressed their positions by asking $1.15 for it. Sunshine could have been bought for $5.15, a figure 10 cents higher than the best bid.

The unlisted call opened with Swansea with bidding and asking quotations of $1.60 and $1.80 respectively, but as no business seemed imminent on the stock, attention was next directed to South Swansea, for which 6 cents was asked with 5½ cents bid. Dalton was the succeeding stock peddled and it had with the only transfer during the day.

The closing figures were as follows:

Gips and Spars.

Coal and fire clay have been found by prospectors in Utah county, at a point within four and a half miles of each line of railroad.

The recent strike in the Grayson at Mercur is said to be showing rare which, to say the least, is very encouraging. The stuff appears to get richer as depth is attained.

Hon. Heber J. Grant and party have returned from Oregon where they own a large tract of rich placer ground. The gentlemen went out for purposes of inspection and report that things there are in every way satisfactory.

The Montreal Mining company, which owns properties near Milford in Beaver county, is persistently pursuing development work, and the indications are that before long the company will be heard from very emphatically.

It is now stated that the parties who are negotiating with the Mercur people, with a view to making a purchase of the bonanza, are Brithsers, and that if the deal has not already been closed, the consummation will come within a very short time.

At a recent meeting the Blue Jay Mining company elected the following directors: Mes. C. D. Kinney, O. D. Henderson, W. H. Chamberlain, J. T. Lynch and C. P. Mason. Mrs. Kinney is president, J. T. Lynch secretary, and C. P. Mason treasurer.

It is rumored that the East Golden Gate drillers have encountered a body of crushed ore on the Tribune level, which runs as high as $50 per ton in gold. The management of the property are very reticent at the present time and refuse absolutely to give any information with regard to recent disclosures, consequently the report cannot be officially verified.

The celebrated Mono mine, once owned by Mat Gilbert and located in the Ophir Mining district, Tooele county, will be sold at the west front door of the city and county building, on Saturday next, August 29th, between the hours of 12 o'clock noon and 2 p. m. Attorneys Marshall and Hoyle will conduct the sale and it is promised that much interest will be contested in it.

The Baker City, Ore., Democrat says that a mining deal of some importance to northern Grant was consummated at Susanville last Saturday afternoon, whereby a Seattle syndicate became owners of extensive placer grounds and water rights near that place. The original owners and parties to the deal were the Ives brothers and Jack Richardson, and the properties disposed of consist of three mines, situated at the mouth of Bear creek. These claims, though only partially developed, are fine producers.

Junction City Jobs.

The Ogden city police are anxious to find Samuel Jackson, on a charge of forging the name of J. C. O'McIlvenny to a $20 check. He is believed to be in Salt Lake.

W. S. Berry, arrested for shouting "Bryan and Sticklem," at the McKinley meeting on Saturday night, has been released on a writ of habeas corpus, the court holding that the officer had no right to make the arrest without a warrant.

The coroner's jury in the case of Harry Bell, formerly of Salt Lake and later of San Jose, Cal., who committed suicide at Ogden Tuesday night, found that death resulted from a dose of morphine, self-administered. Bell's relatives-in-law in Edwin Bishop of Salt Lake. His wife is in San Jose, Cal. His life was insured for $2,000. He gave whisky and sickness as the cause for his deed. This is the fifth suicide in in Ogden two weeks.

Fined for Stealing.

M. V. Reeves was arraigned before Justice Wenger today for petit larceny. The complaint charged that on or about June 20th, Reeves did steal, take and carry away from the premises of a blacksmith named Brown, one chisel valued at about one dollar, and the testimony adduced, part of which came from a second-hand dealer to whom the tool was sold, was deemed sufficient by the court to find the defendant guilty. He was fined $5.

A Family Row Ventilated.

The Schess family row, in which the daughter-in-law is charged with beating and abusing her aged mother-in-law, held the attention of Justice Wenger this afternoon. The defendant while on the stand denied having struck the old lady, but stated that the aged Mrs. Schess got angry and injured herself by striking the top of a stove with her bare head. The case was not concluded at press time.

Police Court Short Bits.

Dan Tonkin, who is charged with using abusive language, will have a hearing before Justice Wenger at 10 o'clock tomorrow.

Casper Smith was fined $10 today for drunkenness, while William Jefferson forfeited bail that came for a similar offense.

The drunkenness of the city allowed $100 to step into the city treasury today in the way of forfeitures.

IRWIN IS ON TRIAL

For Having Relieved a Friend of a Wad Containing $135.

WOOD MAY GO TO STATE PRISON.

The Bacon and Holland Men Pleed Guilty in the Criminal Cases—Another Mining Incorporation.

Thomas Irwin was on trial in the criminal division of the Third district court this morning on a charge of grand larceny. The defendant was accused of having stolen from Thomas McDermott the sum of $135, on July 20th last. Irwin was then examined by Judge Wenger and held to the action of the district court.

The following jurors were called to try the case: John M. Cronenberia, W. R. Foster, I. J. Sherbon, H. J. Shimmings, N. T. Johnson, Harry S. Margetts, William Everett and William Keyling.

The prosecution examined O. B. Raleigh, Thomas McDermott, Charles Meyers, Pat Norton, Raphael Ambrose and Elizabeth McFarlane and then rested its case.

This afternoon the witnesses for the defense were being examined and it is probable the case will occupy the time up till tomorrow afternoon.

All issues not engaged on the case were passed until 2 o'clock tomorrow afternoon.

May Go to Prison.

Judge Hiles today issued an order citing Lee Wood to appear on Sept. 1, to show cause why his former order of the court committing him to the reform school should not be set aside and an order made committing him to the state prison.

In two criminal cases against them for having received deposits in the Bank of Salt Lake when they knew the institution to be insolvent, James H. Bacon, Harvey M. Bacon and William R. Holland pleaded not guilty and filed demurrers to the complaints.

Bingham Placer Mining Company.

Articles of incorporation of the Bingham Placer Mining company were filed with the county clerk today. The stockholders and officers are as follows: Theodore Brohner, president; John W. Lowry, vice president; W. S. McCutchin, treasurer; C. W. Wakefield, manager; C. F. Pearson, secretary. The life of the company is fixed at fifty years and the capital stock at $250,000, with shares at $1 each. The principal office is fixed in Salt Lake City and the business of the company is general mining ore.

This Week's Appropriations.

Following is the total list of appropriations made by the county commissioners at the last meeting on Monday, August 24, as compiled by County Auditor Fisher. AMUSEMENTS.

Elitch's—Tomorrow night the closed season, which has shrouded the Salt Lake Theater in darkness for something over two months, will be brought to an end and theater patrons will be entertained by the only Elitson, who is just reaching the top notch as a magician. The dexterity with which he performs the many new illusions that have been added to his list is little short of marvelous and must be seen to be appreciated. The advance sale at the box office yesterday indicated a good attendance at both performances, commencing Friday Aug. 28th and closing Saturday 29th, after which Mr. Elitson will leave for a tour of several months to the East and South.

THE LYCEUM.

A much smoother performance is being given of the melo-drama American Rose, at the Lyceum by the Alger company, as the week advances and the attendance is slightly increasing. The Saturday matinee will be a good draw and a large attendance.

After Acute Bronchitis

CURED BY USING

AYER'S Cherry Pectoral

A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.
