cent per share on the 15th. Good reports come from the Bullion about the middle of the week, selling $[illegible] per ton to mill running smooth and in the new workings. Considerable of the shipping ore is being racked for shipment. There was no material change in the stock quotations. Both of the Dalys were very strong, this being especially the case with the Daly, which sold above the $8 mark toward the close of the week. Both companies are doing well, nothing regarding dividends being expected was announced.

Eagle is drifting away with fine again and the showing is reported to be very good. Despite good reports received from the Fish Alum at the magnitude of the ore crowing, the stock did not advance as was anticipated would be the case and toward the end of the week quotations showed weakness as compared to prices of ten days ago. Grand [illegible] sold at $6.[illegible] in dividends on the 15th. This stock was very strong, selling at advancing figures. Geyser continue business and is not likely to stop work until the end of 1896. With the Marion company it ended. This struggle is about to commence in earnest. Both Silver was in the control around $[illegible] and small blocks could have found takers at its quote higher. The new developments work at the property has proven to be of a very encouraging nature. Little Pittsburg Wonder is active as usual. The property was still covered with snow.

Silver will pay its usual dividend of $[illegible] on the 10th of the month. The fear that the company would use a month's payment was the cause of the failure of the stock to make the usual gains expected. The Silver Queen continued its steady gain, but the dividend is coming so soon. Some increases are to be made in the mill plant and the new mill will not be completed until some months later on. The increase in ten-hour work enables the company to hold its own employes. Out at the properties the showing is splendid. Monmouth was very strong during the entire week, but the buyers should be disappointed in the dividend which will be disappointed. It is hardly likely that a payment will be made prior to June, although the company's financial is in a position to do so, but some other interests now. Shorter Gold Dust is showing up in a very satisfactory manner.

Galena was strong with little of the stock offered. Silver King paid its regular monthly dividend of 15 cents per share yesterday. Two stock showed great strength are those in little of it offered under $[illegible]. Nana Consolidated was inactive. The lessees of the Contact are at the drawbacks still are reported to have resulted very satisfactorily and the increase in acting will double the safety a most roaring year. The company's properties are in splendid shape, with the big development greater than ever. The stock was quite active, but at about the previous week's figures. Swansea did not be active business. There was a favorite at Stewarts Hollow, Utah, will pay a dividend of 2 cents per share on the 10th. Utah Consolidated, a neighbor of the Mont, is a new accession to dividends. It is a splendid security.

THE MARYSVALE DISTRICT.

Glowing Notes from the First Issue of the Pinto Pioneer.

Col. C. M. Henry and Cyrus Gibbs came in from Deseret about two weeks ago and are now at Good Hill prospecting. Mr. Gibbs was formerly editor of the Night Blade, but is now in the hotel business in Deseret. He owns several claims on Gold Hill and is going to search them thoroughly the coming season, and if his properties prove valuable he expects to take up his residence among us.

Mr. James Donahue has lately been assisting his claim known as the Lion Duke. Mr. Donahue thinks he has plenty of iron to lay the track from Bishfield to Marysvale and have some left.

Frank Wright, Joe Braithwaite and George Hall have lately made a quiet strike, at the head of the Daily Bay gulch.

Although no one is at present being taken out at the Gibbs, there is some development work being done in the way of driving the tunnel, etc. We are told that the lower tunnel extends into the bluffs a depth of about [illegible] feet, and the upper tunnel about [illegible]. A shaft has been sunk to a depth of nearly 200 feet. The mine is working a small force of men and energy is looks promising for the future.

We wonder if we do see the last load of supplies consisting of groceries, dry goods, powder, etc., which were taken to the Indian mine. It is reported in action and we have reason to believe that things are going to liven up there right away.

Work on the Walnut is slowly yet steadily progressing as has been the case for two years past. A tunnel has been driven to a depth of [illegible] feet and the workmen report that the indications of gold are, she being seen on every side. We understand that the company expect to increase their force and be more effective work the coming season.

The Pioneer, the well known mine in Marysvale, arrived in Marysvale Friday (this week) in Salt Lake City and their part of the road. Mr. Pargeon seems fairly feeling happy, as is his usual mode, and seems like him to be relief that Marysvale is coming to life at.

Billy Morgan, an old time prospector, has gone in to make a big prospect in the Vale, and assuming the title in search of the precious metals. Billy is a character, and we earnestly hope his efforts may prove fruitful.

We are informed that a Chicago company are contemplating putting in a custom mill, at the Rover in Ely. If the plan materializes, it will be a great move for the camp.

FROM THE KOH RANCH.

The manager of the Koh ranch, in his letter from the Big Pine Mining company's Indian property, expresses the expectations of the contractors, in whose hands the mine working of the properties have all through been vested and conducted a report similarly of one recently filing the Koh Ranch case.

Since the incorporation of the Big Pine Consolidated Mining company several parties in Lodi, who are in prominent positions, are willing to work investigations.

Lee Coleman and Dwight Smith and Seth Man left Monday morning for Granite Mountain where they will work a few miles above Fort Antonio Fort people.

Bert Wall and Chris Anderson were refreshed from their trip of week. The latter which they acknowledged are which showed during the most part time of their absence entirely unknown with successful prospecting.

E. E. Dale came in from Paradise Sunday and left on Little Dove. He states that property in Dove are continually making stalls on their working tops and the result is a very encouraging outlook.

John Wolverton and Dick Robinson were over in the West Canyon Wednesday to work in ore and progress was being made with the tram which Messrs. Sperry and James are driving.

An Eastern syndicate which has headquarters in Salt Lake City has been negotiating for some days for the purchase of the holdings of the Lion Harvest at Fish Springs and a representative is expected in Salt Lake to close the deal but he is late in arriving.

Olympic Opera.

H. A. Fyfe expects to open up his novelties entertainment in Moroni on Wednesday of next week.

Each passing day adds to the prominence of the Popular Book of gold in and around Farmington.

A number of Park City people were seen coming over the mountain in the West Canyon on Wednesday, presumably with an eye to business.

It is reported from a reliable source that the Mercur Mining company will pay its regular monthly dividend on the 20th inst. It will amount to $[illegible].

David Rees of Mammoth is spending a few days in town visiting friends and transacting business. He reports great activity among the miners at Mammoth and thinks the outlook for continued prosperity of our Lehi producers is the great and growing camp.

Bullsnake Independent: The Independent was shown a sample of coal from the K. & C. mine in Sanpete county. The gleam beneath the appearance of gentlemanly business and the best indeed in the Sanpete coal region. A vein of Pine Hollow, Phillip Hoss, P. L. Hess, Chas. Hess, John E. Boyer, Aaron Whitman, John Barrett and Geo. Nelson. This coal was tested by Mr. Phillip Hoss last January and development work has been going on continuously ever since and so far (sic) has generally encouraging prospects.

AMUSEMENTS.

Last night's presentation of a Trip to Chinatown was satisfactory to a large audience and the merry taste of laughter and low gaiety apparently were the funny situations the play affords. Harry Conor in his original characterization of the part of Wallaby Wong was as clever and funny as ever and he is now with our full in the grace was particularly setting. George Howard Fiske Lyon's acting here with the Jack Wade Fine company here, has added to that company for the Australian tour and the wheedling of Mr. Howe and his interpretation of the Utah Central railroad train, with the Sioux, was very clever indeed. Geraldine McCann made a good Widow Hayes, and Mrs. McDonald as usual Fiff displayed some high dancing ability. The singing of Mr. Leary and Miss Lack was acceptable, but the position of Rosa and Cynthia by the Widow Hayes and Wallaby Wong was not quite so good. The initial performance only to a fairly sized audience. It is not one to stay, however, that the success of the piece is very good. The Tonight's performance will be a benefit for the Company's manager, Mr. Fiske, and the house should be crowded to the capacity to show appreciation of his efforts in the country and wholesomeness.

The matinee is to be given with the play of the Jew Shylock and consider now a very good entertainment for the Kingdom.

The patron this afternoon was not witnessed by the usual large crowd on account of the heavy downpour of rain. Three more performances will be given, the second occurring tonight, the third tomorrow afternoon and the fourth and last tomorrow night. The management expects to determine to change residence in its home season following the crisis and departing for other sections of the country.

Brigade Staff Officers.

Brigadier General Young, commanding the First Brigade, N. G. U., has notified Adjutant General Cannon of the appointment of the following staff officers:

Joseph E. Caine of Salt Lake, assistant adjutant general, with the rank of lieutenant colonel.

Major E. T. Nelson, first infantry, assistant inspector general, with the rank of lieutenant colonel.

Capt. John H. Dowdle, first infantry, inspector of target practice, with the rank of lieutenant colonel.

Major Frederick Dillmann, first infantry, judge advocate, with rank of major.

Major Henry T. Dowdy, artillery corps, with the rank of major.

Frank A. Hood, adjutant, with the rank of major.

The appointment of Dr. C. F. Wilcox, as medical inspector general, with the rank of lieutenant colonel, was previously announced in the NEWS.

Sunday School Conferences.

The annual conference of the Sunday schools of this Stake will be held on Saturday, May 23, 1896, at 10 a. m. in the Assembly Hall, and in the Tabernacle on Sunday, May 24, at 10 a. m. and 2 p. m. The saints are cordially invited to attend all the meetings, and each school of the Stake is requested to be represented at each meeting.

On Saturday representatives from each school of the Kindergarten, Primary and Intermediate departments will be given under the direction of efficient teachers, a special session, and each school of the Stake is requested to be represented at each meeting.

The schools will occupy the front part of the house, and the gallery will be reserved for general public.

The children are expected to be prepared to recite in concert the Lord's Prayer and the Articles of Faith.

Prof. E. M. Bassett will have charge of the singing exercises on Saturday and Sunday morning.

J. H. PARRY, Secy.

MINOR MENTION.

Hon. John H. Boreman of Kaysville is seriously improving in health.

Today's scholastic examination of applicants for positions in the fire department, has been postponed until the 15th inst.

Lafayette Gray got into an altercation with his brother-in-law John Daniels last night; he was arrested for assault and battery and today pleaded guilty to the police court and was fined $10.

Mr. Charles H. Crow, the harness maker, at whose instigation James A. Stewart, an old soldier, was arrested, called at the NEWS office today and stated that he seemed to be to be understood that the warrant was not thrown in jail on his account, but because he was not in a position to pay the costs of court.

Chief Devine received a letter today from Walter S. Moses, chief of the Los Angeles fire department, in which he states that now the Pieces is over, he will devote his attention to the International convention to be held in Chicago in August next, and will endeavor to work up an interest among the chiefs of the Pacific coast. Mr. Moses also sends with his compliments photographs of his department together as they appeared during the Pieces tableaux with roses.

STATE NEWS.

There is considerable sickness reported from Grass Valley, Piute county.

It is feared the fruit crop at Monroe and vicinity, Sevier county, is badly damaged by frost.

Lyman Nichols of Grass valley, Piute county, fell from a horse Wednesday evening, fracturing his arm.

The Piute Pioneer says wind and water are the main themes of conversation nowadays in Piute county.

Lehi Banner: Mrs. Hoey, who arrived in Salt Lake City on Wednesday, April 29, from Glasgow, Scotland, came to Lehi on Thursday, where she went to Manassa Palmer and family at Dry Allen's on Saturday. She went to Manassa meet her husband, who she pulled here to three months ago, nearly by his letters to that time he has saved money enough to send for her. Although the only person entirely stranger to the people of Manassa they treated her and her husband with the greatest respect, extending not only the sympathy generally shown on such occasions, but also purchased a wonderful gift and showed to lay away the one carried. Her remains were brought here on Sunday morning and funeral services were held in the northern school house at 10:30, where a large number gathered who listened of the sad and sudden death. She leaves a husband and two small children.

CONFERENCE IN LONDON.

In the Best Spirit Ever as to Aiding the Elders.

15 Pembroke Sq., Kensington, London, April 11, 1896.

To the Saints:

The Saints of the London conference with their friends, had a very enjoyable time at the conference held in the Commercial Road Hall, Sunday, April 5th. The meetings were well attended and the spirit of God was enjoyed by many. President Anthon H. Lund of the European mission was with us, also a number of visiting brethren from other conferences of the British mission. During the interval between afternoon and evening services, tea was kindly provided for all who wished to partake of it. Prior to the meeting in the afternoon President Lund ordained Brother Alfred Ashton to be a priest, and ordained Brother Ashton to be a teacher. Brother Ashton bears the testimony of the Lord in his calling and ordination.

The meeting in the evening was very good, and the spirit of God was felt by all who were present. The Saints are in good spirits and are doing all they can to aid the Elders in their work. The Saints are in good health and are doing well in the world. Wishing to be with the Saints I remain your brother in the gospel of truth and righteousness.

T. W. NICHOLS.

12 St. Andrew's R. Kensington, Eng.

OGDEN.

OGDEN, UTAH, - - MAY 8, 1896.

Junction City Items.

They offer the most effective medicine, prepared in tablet form, or liquid, and at the lowest possible price, 50 cents per bottle. An honest and effective remedy, which is absolutely free from narcotics or other harmful drugs.

CANCER CURED AND A LIFE SAVED By the Persistent Use of Ayer's Sarsaparilla

"I was troubled for years with a sore on my lip, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improved. I persisted in this treatment, until the sore was completely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood purifier, and, indeed, it seems as though I could not keep house without it." — Mrs. S. A. Fiske, Bloomfield, Ia.

AYER'S The Only World's Fair Sarsaparilla.

Syrup of Figs

Gladness Comes With a better understanding of the wholesome nature of the most pleasant laxative, which modern ingenuity has perfected for the relief of the constipated, the offer of the California Fig Syrup Co. is now meeting with universal approval. It is the only remedy which gentlemen interested sufficiently to write about it, and it is the only one which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If it be the exercise of good health, and the pleasant means employed to secure it, that is to render it most effective and thus most valued. If effective with our school diseases, one may be commended to the most skeptical physician, and it is the only laxative which is well received and gives relief at once. For sale by all druggists. Price one dollar. CALIFORNIA FIG SYRUP CO., SAN FRANCISCO, 1000 Market Street, New York.
