OVER $20,000 IN— GOLD FOUND

The greatest find in the history of Utah, by which over seven hundred people are made to rejoice, and the end is not yet.

When we look into the past for a few months it seems impossible to dig up this much gold, but on the other hand, when you see how it is done you will not wonder, or be surprised, although times are hard. For the past few months we have only been doing that which we thought best, and have reaped for those interested the above amount, one of the best records ever known.

And when we consider that there is now $10,000 to be divided among the people, we can only say to the public, come early and get your share. There will be no partiality shown, as we have made arrangements for plenty of help, who will make it pleasant for you.

Now, the above $10,000 consists of Dry Goods, Notions, Boots, Shoes, Clothing and Gents' Furnishings, Plush Capes and Wraps, which we must get rid of at your own prices, as we say once more, and especially to the stockholders, that you cannot afford to miss these great reduced prices without investigating. Sale now on at the

DESERET EVENING NEWS.

Saturday, - - September 2, 1893.

FRAGMENTS.

The meeting of the chamber of commerce set for last night was postponed until this evening.

The most impressive lecturer, G. W. Pettingill, will deliver a lecture in the Temple of Home Hall in this city to-morrow night.

Monday next being Labor-day, and a holiday, the Third District court and county court offices will remain closed.

There will be a novel street spectacle this evening in the shape of a whisper's lantern parade. The rendezvous will commence at the Knickerbocker at 7:30 and shortly thereafter will commence a tour of the principal streets of the city.

Two alleged bicycle thief, H. H. Leake, who was brought from Cheyenne on Thursday by Deputy Marshal Dunscomb, was then held by Commissioner Pratt in $500 to await the next grand jury's action. He has gone to the "pen."

Governor West last evening issued commissions to Wm. H. Anderson of Portage, Box Elder county, as a notary public; to Charles C. Shaw, of Hyrum, Cache county, as justice of the peace, and to Henry T. Nielsen, of Hanksville, as prosecuting attorney for Sixth county.

A certificate of incorporation to the Adams' Nursery company of Ogden has been issued by Territorial Secretary Roberts. The incorporators are L. C. Adams, W. F. Adams, Sarah Y. Walker, E. M. Allison and Louisa M. Adams, and the capital stock is $100,000, divided into 1000 shares of the par value of $100 each.

Officer Leavitt started a large number of pedestrians last night some 10 minutes by discharging his revolver into the air near Second South, and then stepped to the corner of Brigham's home named Duncan who is alleged attempted to beat a restaurant keeper out of the price of a meal and then escape.

Between 4 and 5 o'clock yesterday afternoon tongues of fire and clouds of smoke were seen issuing from a room on the fourth floor of the Utah Stove and Hardware company's building at the corner of Commercial and First South street. A News reporter turned in an alarm which was responded to promptly by the department. It was ascertained later that the fire was caused by a match caused Raymond throwing a lighted match into a window curtain. In an instant there was a blaze from the top of the edifice. It was extinguished, however, with a loss of only a few dollars.

RELIGIOUS SERVICES.

Regular services of the Church of Jesus Christ of Latter-day Saints in this city will be held in the Tabernacle to-morrow (Sunday), at 10 a.m., 2 p.m. and 7:30 p.m. The occasion being the concluding day of the Semi-annual Conference of the Salt Lake Stake of Zion, the Sunday Schools in the morning and the usual meetings in the evening will be suspended.

The News is requested to publish the following:

The second quorum of Elders comprising those residing in the First and Tenth wards will hold their monthly meeting next Monday evening, Sept. 4th, at 8 o'clock.

THE CITY FATHERS.

An Ordinance Providing That the Poor Man May Pay His Taxes in Work.

CERTAIN SOLONS DON'T LIKE IT

An Annual Rental Imposed on the Poles of Telephone, Telegraph and Electric Light Companies.

The Council chamber was packed last night with a crowd of motley spectators drawn thither with the expectation of witnessing another extraordinary demonstration by the municipal solons. Aside, however, from a little spectacular skyrocketing the session was an exceptionally quiet one.

The members present were Lawson, Hole, Wantland, Bearnley, Simmons, Folland, Bell, Hora, Harry, Rich, Moran, Kelly—12.

Absent—Evans, Loofbourow, Kartzchow—3.

President Loofbourow being absent Councilman Hora was chosen president pro tem for the occasion.

Councilman Folland's ordinance providing that the county collector shall receive city warrants in lieu of cash for city taxes and be authorized to issue his receipt for such taxes upon the receipt of said city warrants, that the collector shall receive the warrants without by the Mayor, or any persons who are property owners and residents of the city who performed labor on any of the public works of the city in lieu of cash and that the collector be authorized to issue his receipt for and city taxes upon receiving the money above recited, was taken up and discussed for nearly an hour.

Simmons pertinently and shortly declared that it was altogether too much pleasure that it afforded to much of the Tolling house city system to vegee to this city.

Hora was on his feet instanter and called the gentleman to order, saying he was not aware that the Tolling house or any of its methods were under discussion; he presumed that it was only one of the Mormon bugs which never there would be no objections offered to its providing it could be operated by the small fry proprietor of that institution.

Folland was also about to reply to the unwarranted harsh on his part of Mr. Simmons when the chairman's gavel fell, cutting off further debate of a personal nature.

On motion of Simmons the second section of the ordinance was stricken out, thus eliminating every feature calculated to benefit the workingman.

Kelly was also in a pugnacious and belligerent mood and pompously declared that he wanted a resolution drawn up "inviting his same ideas."

Ex-Councilman Ewing's disappointed successor was then given to understand that he was setting himself up of the legal power of the property in the city treasury by the parties to be benefited by such extension or the petitioners seeking for such extension and therefore all water script that shall be received shall be received only in payment for water rent assessed or chargeable to the property upon which such script is issued and for no other property or water rent, and that ever after all water script issued should contain a description of the property upon which it is issued, and also provide that it will not be received in payment for any water rent upon any property except that described in said script.

A motion to suspend the rules to place the ordinance upon its passage was lost on a vote of six to six.

AN OLD TOOL REPAIRED.

The Mayor's veto of May 15th of the present year of the appointment of $25 each to Kelly, Hora, Lawson, Folland and Simmons to serve as a board of equalization and review on sewer assessment was laid on the table for another week.

OLD BUSINESS.

At this juncture a large amount of unfinished business was transacted, the papers in every case being ordered filed.

SEWER EQUALIZATION ORDINANCE.

An ordinance creating and establishing sewer districts Nos. 1 and 2 and defining their boundaries, and repealing all ordinances now in force in conflict therewith, was read three times, but failed to pass for want of a majority.

The purpose of the ordinance is to enable an equitable adjustment of sewer taxes to be made.

The Council then adjourned until Tuesday night at 7:30.

Y. L. M. I. A. Conference.

The Y. L. M. I. A. quarterly conference of Salt Lake Stake will be held in the Assembly Hall on Tuesday next, September 5th. Meetings will commence at 2 and 7:30 p.m. Among the pleasing features of the conference will be a brief minute on Church history by Miss Lottie Pace, a song by Miss Blanche Romney, an address by Dr. M. H. Cannon, and a duet by Misses Pinnock and Alice Bell. In addition to these there will be brief addresses upon such subjects as a "Trip to Chicago," "Sights and Scenes in the White City," "Experiences at the Women's Congress," and other timely topics by those who have had personal experience. An invitation is extended to all interested to attend. Please come and bring your hymn books and join in the singing.

Mary A. Freeze,
Stake Treasurer.

Utah Day at Chicago.

President Hatfield of the Chamber of Commerce has issued the following circular letter:

Great interest is being manifested in Utah day at the World's Fair. A large number of Utah people are making arrangements to be in Chicago on that day, September 8, and a general round trip rate of $12.50 has been made by the railways. This is a most desirable season for travel and the Chamber of Commerce is anxious to see a large representation of people there on that occasion to properly advertise this country. Those who are intending to visit the Fair should arrange, if be able, to be there in time for the musical festival, September 5, to participate in the celebration of Utah day on the 8th.

A New Lake Steamer.

If Mr. C. J. Quigg is successful in his efforts, a new steamer will plow the smooth surface of the Great Salt Lake in the near future. To judge from the plans and specifications it will be a first-class vessel, specially adapted for the water it is to navigate. Its cost is estimated at $25,000 and its name will be George Washington.

NINETY CENTS FLAT.

Proposition by the Pacific Paving Company to Accept City Bonds.

The Pacific Paving company, by V. M. C. Silva, last evening sent in a communication to the Council in which the company represented that they had carried through their contracts of paving West Temple street and the State street sidewalks to a completion; that their contract with the city stipulates that the city is to pay 85 per cent of the contract for the work completed to the end of each month, and 90 per cent on final estimate; that the city has failed to perform its part of the contract in making said payments, as the following statement will show:

First estimate, $2912.80, paid in cash.

Second estimate, $11,052.30, paid in vouchers.

Third estimate, $19,551.45, paid in vouchers.

Fourth estimate, $9566.85, paid in vouchers.

Contracts on State street sidewalk, $2,828.80 paid in vouchers.

This leaves $61,912.40 paid in vouchers and only $2,828.80 in cash.

That the company being interested in maintaining the credit of the city has made no protest and has not sued for sale of the vouchers, and now moves a proposition to take city bonds at 90 cents flat in settlement of their full claim as shown, together with the accumulated 10 per cent for the past three years now on deposit.

The proposition failed to come up and Mr. Silva at once gave notice of with-drawal.
