M. SHERIDINE, City Pound-Keeper.

Salt Lake City, January 21, 1890.

DESERET EVENING NEWS

Wednesday, - January 29, 1890.

# IN THE GRAND CANYON.

Lamentable and Fatal Accident to a Railroad Exploring Expedition There.

AN ALARMING EXODUS OF NATIVE CANADIANS.

Gladstone's Political Circular.—Official Report of the Central Pacific Blockade.

(By Telegraph to the NEWS.)

### Perished in the Grand Canyon.

DENVER, Jan. 28.—From information received here today it appears that the second exploring expedition which left here November 20th, to survey a railroad line through the Grand Canyon of the Colorado, has met with a fatal accident. The following letter, dated Yuma City, Arizona, January 21st, to L. E. C. Huckle, was received.

I was badly injured in Marble Canyon three weeks ago and nearly killed. My right leg was crushed from the knee to the foot. I think three of the other men were killed. I have been crazy since, so they tell me. I am now on my way to Denver for treatment, but am without money or a railroad ticket, so I want you to telegraph me $50 immediately to Winslow, Arizona, where I will take the cars. F. A. Nims, Photographer for the Expedition."

A telegram which reached here late today says that Nims has arrived at Winslow on his way to Denver. The first expedition to go down the canyon was organized and left here January 25th, 1889, under the command of Frank M. Brown. This party made their way to about twenty miles below Lee's Ferry, where their boat capsized in the rapids and Brown and two men were drowned. The remainder of the party returned to Denver and a second party left here on the date mentioned with Robert Stanton as chief engineer. A letter received from Stanton at Lee's Ferry Christmas day stated the men were all well and there was every indication of going through without accident.

### THE C. P. BLOCKADE.

#### A Detailed Account From the General Superintendent.

WASHINGTON, Jan. 28.—Senator Stanford this morning received a long dispatch from the General Superintendent of the Central Pacific railroad at San Francisco, giving an account of the terrific snow blockade in the Sierra Nevada mountains. The dispatch says the situation is not materially changed for the better. On both sides of the mountain the snow is piled up till it is three to four feet higher than the cabs of the engines on each side of the track, and the push blows and plungers are of no service whatever, as they cannot throw the snow out of the channel. A very heavy snow and wind storm has prevailed in eastern Nevada and Utah, and two engineers and three firemen have been killed by engines becoming derailed.

West of Summit the snow is piled up on the sheds from fifteen to twenty feet, and it is apprehended that the immense weight will crush them in.

East of Summit the snow on the sheds is even greater, and the telegraph wires at Cascade are buried from ten to twenty feet, although the tops of the poles stand twenty-two feet above ground.

Heavy land and snow slides have occurred at Delta and north of Dunsmuir. To illustrate the

NATURE OF THE STORM,

the dispatch says that at a point about a mile north of the upper sods springs a snow slide came down the mountain, filling up the river, so that its bed was dry below for half an hour. A portion of the slide crossed the river, breaking off trees at the stump two and three feet in diameter like pipe stems.

The dispatch in conclusion says that several hundred men are digging among the snow and rock slides south of Dunsmuir, and it will take them several days to complete the task. The line north of Ashland has been blocked four days and all the passengers have been sent back to Portland.

Another dispatch from Vice-President Crocker of the Central Pacific says he has been blockaded in the snow ten days and has just reached San Francisco. The storm, he says, has been the severest since the road was constructed and never before have trains been delayed more than twenty-four hours by falling snow. Twenty-five hundred extra men have been employed to contend with the elements and great difficulty is experienced in provisioning them, as all supplies have to be carried by means of snow-shoe service and at an enormous expense.

### Mr. Gladstone's Circular.

LONDON, Jan. 28.—Gladstone's usual circular to his supporters in the House of Commons just before the opening of a session of Parliament was published today. He says the condition of public affairs is not without some peculiar features and that the questions to be considered at the opening session may in of pressing interest. The wording of the circular is unusual and is taken to indicate an early discussion of the Pigott letters and other matters of vital importance to the Liberals and Home Rule members.

### Canadian Exodus.

OTTAWA, Jan. 28.—John Charlton, member of Parliament for Norfolk, has given notice that on Thursday he will move that a secret committee of Parliament be appointed to enquire as to the extent of what he calls the "alarming" exodus of native Canadians and settlers in Canada of foreign birth to the United States, as to the chief causes of such exodus, the best means to be considered the influences which have hitherto stimulated the exodus and to suggest means for diminishing this drain upon Canada's numerical strength.

### On Her Suggestion.

SAN ANTONIO, TEX., Jan. 28.—Nieves Quintero and Manuel Ortiego, who are cousins, and employed on the Norris ranch, wooed a dark-eyed señorita. Being unable to decide between them, she suggested that they fight a duel with stilettos. This they agreed to do, but while Quintero was walking across the yard last night, Ortego concealed himself behind a bush and shot and killed him. The murderer escaped.

### A Reversed Forger.

ROME, Jan. 28.—Fricotelli, a prominent man in the clerical world and treasurer of the Academia del Lincei, has absconded. He is a defaulter and forger.

### Explosion at a School.

BLOOMINGTON, ILL., Jan. 28.—This afternoon a gas pipe retort being made exploded in the high school at Dexington. Professor Jones was terribly burned about the face and both eyes are probably rendered sightless. Bert Merrill, aged 20, was so badly injured that he will probably die. Cora Kemp and Hattie Barnard were severely injured and about twenty others more or less hurt. Great excitement prevailed for a time.

### Blown to Pieces.

PITTSBURG, Jan. 28.—By an explosion of nitro-glycerine near Alton, Bradford County, today, William H. McHenry and Alex Conner, two well known torpedo men, were blown to atoms.

### Union Labor Conference.

CHARLESTON, W. Va., Jan. 28.—Chairman Goshorn of the National Executive Committee, Union Labor party, has called a conference of the party to be held at Kansas City February 25th next.

### Another Deadlock in Iowa.

DES MOINES, Jan. 28.—The deadlock is on again. The House met today and nominations were made for permanent officers, and after six futile ballots the House adjourned till tomorrow.

### Washington Items.

WASHINGTON, Jan. 28.—Senator Bruce called upon the President today and accidentally mentioned the race question in the south. Bruce told the President that he thought the salvation of the south and the negroes would be secured by education. The President expressed a warm interest in the race question, which he said had given him more trouble than anything else since he became President. He hoped the trouble would be peacably settled.

THE PRESIDENT'S RECEPTION

to Congress and the judiciary this evening attracted a good but not unusually large assemblage to the White House.

THE SENATE COMMITTEE

on privileges and elections today took up the Montana Senatorial election contest but did nothing more than to set it down for a hearing on Saturday, February 15th. Messrs. Clark and Maginnis, the democratic senators-elect, were present to hear the determination of the committee.

A FAVORABLE REPORT

has been ordered by the House military committee on the bill to retire General Fremont with the rank of Major-General.

### A Disgrace to the Cloth.

OTTAWA, Jan. 28.—The government has just been informed of one of the most revolting revelations ever brought to light in Canada. A young Church of England clergyman in a populous parish in western Ontario was brought before a magistrate charged with debauching small boys. The evidence is so revolting that it cannot be printed, but showed that he debauched no less than twenty boys of tender age. He was sentenced to three months in jail, the severest penalty that could be inflicted as the law stands. The government will take the matter up with a view to inflicting a severer punishment.

### Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at A. C. Smith & Co.'s Drug Store. 3

### The Pulpit and the Stage.

Rev. F. M. Street, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 20 lbs in weight."

Arthur Love, Manager Love's Funny Folks' Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption beats 'em all, and cures everything else falls. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at A. C. Smith & Co.'s Drug Store. Regular Sizes 50c. and $1.00. 3

### Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. Order to show cause why Order of Sale of Real Estate should not be made.

HENRIKA C. PETERSON, THE ADministratrix of the Estate of Andrew Peterson, deceased, having filed her petition herein, duly verified, praying for an order of sale of all the real estate of said decedent, for the purposes therein set forth, it is therefore ordered by the Judge of said Court, that all persons interested in the estate of said deceased appear before the said Probate Court on Tuesday, the 25th day of February, 1890, at 10 o'clock in the forenoon of said day, at the Court Room of said Probate Court, at the County Court House, in the City and County of Salt Lake, Utah Territory, to show cause why an order should not be granted to the said administratrix, to sell so much of the real estate of the said deceased at private sale as shall be necessary, and that a copy of this order be published for four successive weeks in the DESERET EVENING NEWS, a newspaper printed and published in said City and County.

Dated January 27th, 1890.

O. W. BARTCH, Probate Judge.

Territory of Utah, County of Salt Lake, } ss.

I, John C. Cutler, Clerk of the Probate Court is and for the County of Salt Lake in the Territory of Utah, do hereby certify that the foregoing is a full, true and correct copy of order to show cause why order of sale of real estate should not be made in the matter of the Estate of Andrew Peterson, deceased, as appears of record in my office.

In witness whereof I have hereunto set my hand and affixed the seal of said Court, this 27th day of January, A. D. 1890.

[Seal.] JOHN C. CUTLER, Clerk of the Probate Court.

By JOHN L. NEBEKER, Deputy Clerk. d
