SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

The Democratic Programme.

CHICAGO, 30. — The *Journal's* Washington special says: Democratic leaders show more feeling to-day than yesterday over the President's message, and are more defiant in their talk regarding their future action. The feeling is becoming stronger among some of the leaders that the party will not suffer seriously, if they adjourn congress after the legislative appropriation bill is passed and vetoed, and leave the government without money. This course is openly and strongly advised to day by leading northern democrats, who think that the President will be forced to back down when they come together again in extra session. Sensible democrats begin to realize, after this and several other blunders that the chance of electing a Bourbon next year is almost hopeless. With all his underhand work and the use of money and literary political bureau, and traveling agents to buy up delegates, and general scheming, Sammy Tilden is thrust aside. Leading democrats here declare that tens of thousands of democrats, north and south and west will never vote for him and would abandon the contest if he should be able again to purchase a nomination.

Democratic Caucus.

WASHINGTON, 30.—A well attended democratic caucus was held this afternoon for the purpose of determining what course should be pursued in regard to the President's veto. After some discussion upon the proposition to refer the veto message to the judiciary committee, or a special committee with a view to obtaining a report which should exhibit its alleged incorrect interpretation of the purpose and effect of the sixth section of the bill, it was decided to bring the measure to direct debate or reference. A resolution embodying this conclusion was finally adopted with great unanimity as follows:

Resolved, That it is the sense of this caucus that the bill making an appropriation for the support of the army should pass, notwithstanding the objection of the President, and that we will proceed to take a vote on it to-morrow without debate.

The caucus then considered a question of wider scope and greater importance; namely, what further action should be taken by the democratic party concerning the two appropriation bills after they both shall have been defeated by the presidential vetoes, the veto of the legislative, executive and judicial bill with its political sections being, of course, foreshadowed by the present message. An animated discussion ensued in which Randall, Blackburn, Cox and Stephens participated. It was finally determined to refer the whole subject to the caucus committees of the House and Senate, which originally framed the political sections now in controversy, the House caucus committee being revived for this purpose, and instructed to confer with a similar committee of democratic senators, and after mature consideration to report their recommendation to a joint caucus. The membership of these committees is as follows: Representatives Chalmers, Carlisle, Cox, Ewing, Springer, Tucker, Atkens, Clymer, Reagan, Bicknell Phelps; Senators, Thurman, Whyte, Kernan, Saulsbury, Jones, Bailey, Lamar, Voorhees, Vance.

At the commencement of to-day's proceedings strict injunctions of secrecy were imposed upon all of the members. But this was subsequently altered to the extent of authorizing the publication of the conclusions reached by the caucus.

The national greenback members of the House had held a caucus of three hours to-day on the subject of the presidential veto. A general interchange of views occurred but no definite action was reached. Information obtained from a trustworthy source indicates that the meeting was not altogether harmonious, there being great diversity of opinion as to the proper steps to be taken. It developed the fact that the national party will not stand as a unit on the question when it comes before the House but will be divided, some sustaining the veto, others opposing and a third faction refraining from voting either way.

The nett result of the democratic caucusses at both ends of the capital, to-day, was the agreement to make haste in their determination of a course of action to be pursued by the party in regard to the difficult question with which it now finds itself confronted, both in Congress and before the country. Prominent members of the joint caucus committee, to which the whole subject was to-day referred, say it is quite possible there will be no meeting called for action concerning it until after the legislative, executive and judicial appropriation bill shall also have been vetoed. In the House caucus, too, a strong disposition was manifested to report the army appropriation bill with its sixth section so amended as to obviate the President's objection upon its alleged interference with the execution of the laws by civil officers, and thus present to him squarely the sole issue, which the democrats intended to raise, namely, whether elections should, in any way, be interfered with by soldiers. Blackburn made an impassioned speech, opposing any compromise and insisting that the party should stand firm at any and all risks of obstructing, for a time, the ordinary operations of government. Randall favored returning the army appropriation bill to the President in the manner indicated above, but intimated that, in the event of Hayes again vetoing the appropriation bill, the party would do well to extend last year's appropriation until next December, and in the meantime go to the country upon the record thus made. Cox reiterated his well known views in favor of passing the political sections of both appropriation bills as separate measures, and Alex. H. Stephens created a sensation by going still further, and declaring that to withhold supplies from any branch of government because the President would not approve the appropriation bills containing desired political legislation would be to make war upon the President's clearly defined constitutional power, and would be revolutionary. Notwithstanding the great divergence of opinions expressed in the caucus to-day and the apparent preponderance of feeling in favor of continuing the contest in a defiant unyielding spirit, the impression still widens and deepens among cool observers that the necessary appropriations will be provided by Congress before the close of the present fiscal year and that the session is quite likely to terminate early in June.

Appointments.

The Senate confirmed the following nominations: United States consuls—John D. Orguimbau, of New York, consul at Denia, Spain; Robert P. Wilson, of Pennsylvania, at Moscow; Geo. W. Roosevelt, of Pennsylvania, at St. Helena; Francis P. Van Wyck, of Illinois, at Turk's Island; G. W. Griffin, of Kentucky, at Auckland; Elwan, of Pennsylvania, at Paramaribo.

No Trespassing on Indian Territory.

Orders have been issued by the Secretary of War to Gen. Pope, commanding the Department of the Missouri, to furnish such military force as may be required to enable the Indian department to keep trespassers out of Indian territory and enforce the President's recent proclamation on the subject. The force in the Indian territory and vicinity is ample for the purpose, and the administration is determined to enforce the President's orders and protect the treaty and other rights of the Indians.

Increase of Business.

NEW YORK, 30. — The *Public* gives the usual table showing the course of trade for the week as compared with the corresponding week last year, as shown through the Clearing House returns. From this it seems that New York has gained 20 per cent.; Boston, 15 8-10; Philadelphia, 20 2-10; Chicago, 15 8-10; Baltimore, 6 3-10; Cincinnati, 8 7-10; Louisville, 51 1-10; Indianapolis, 22 8-10; Syracuse, 7 9-10; Lowell, 2.

The following cities have lost: San Francisco, 30 4-10; New Orleans 7 1-10; Pittsburg, 1 9 10; Milwaukee; 16 4-10; Providence, 14 9-10; Cleveland, 3 9 10; New Haven, 6 1-10.

In view of such reports as these, which have been coming with very encouraging regularity for some weeks, it is not possible to doubt that the aggregate of business transacted is very much greater than it was this time last year. It is not only a bad omen that exchanges at San Francisco are comparatively small, for they were smaller last year at this time by enormous speculation. Detailed reports are, on the whole, decidedly encouraging. The increase of 10 per cent. in the aggregate exchanges of all the cities excepting New York, promises well, but it would amount to 13.3 per cent. if San Francisco, with its peculiar change in speculative activity, were omitted from the account.

Failures in New York.

Forty-nine failures were reported in this city in April, in which the total liabilities amounted to $1,199,883 and the assets were estimated at $633,121. Compared with the preceding month, this shows large increase in liabilities, March having 40 failures with liabilities at $480,449 and assets at $211,758. In April, 1878, there were 73 failures, and the total liabilities were $9,890,000.

A Strike.

Longshoremen met to-night and rejected the offer to work for 25cts. per hour during the day and 35 cents per hour during the night, and resolved to strike to-morrow for 30 cents per hour during the day and 45 cents per hour during the night.

Boston Wool Market.

BOSTON, 30.—Wool is in fair demand for domestic, and with a desire on the part of the holders to close up the old stock, buyers continue to purchase on favorable terms. In new California and Texas there is no movement of any consequence as yet. In California wool very little is doing; sales at 11½ @ 22 for fall and spring.

Massachusetts Liquor Law.

The civil damage bill passed by the Legislature, which permits the recovery of damages resulting from the sale of liquor from the owners of buildings wherein liquor is sold, was signed by Governor Talbot this afternoon.

A Philanthropist.

Wm. E. Baker offers to donate property valued at $200,000, provided the sum of $110,000 additional is guaranteed, for the benefit of the Massachusetts Public Health Association, for the purpose of carrying out the recommendations of the boards of health by inspection and advice as to improvements in house ventilation and drainage, for the suppression of adulteration in food, and for the establishment of schools of cookery and diet kitchens for the sick.

The Georgia Murder.

ATLANTA, Ga., 30.—The jury is completed in the Cox-Alliston case. The line of defense will be an effort to establish a conspiracy to kill Cox and prove that Murphy furnished Alliston a pistol; that Murphy and Howard, during the fight, were concealed in the dark room of the treasury office, coming out immediately after, and Murphy securing the pistol used by Alliston, and that Howard asked at once that nothing be said about their being in said room. The theory of defence is that Cox was hunting Murphy on lease business, and not Alliston; that Alliston drew and fired without any demonstration from Cox to warrant the attack, and that Cox was fortunate in saving his own life by taking Alliston's in self-defense. Important and unexpected testimony is looked for to-morrow.

WESTERN

Criminal Record.

SAN FRANCISCO, 30.—A Eureka, Nevada, dispatch says: The Ruby Hill stage was stopped near Eureka last night by three men and the passengers and express box robbed.

In Eureka, last night, two men went to a livery stable, bulldozed the hostlers, took two of the best horses and started off, pursued by the sheriff's posse. They were overtaken at Railroad Cañon. The thieves showed fight, and one, named John Sullivan, was killed and the other was wounded and taken to jail. Sullivan was a Massachusetts man, where he has a wife.

FOREIGN.

GREAT BRITAIN.

The Eastern Roumelians.

LONDON, 30.— The Marquis of Salisbury, secretary of state for the foreign department, speaking at a banquet, declared that the government were determined not to depart in any way from the treaty of Berlin. They had already given up a great deal for the sake of peace, but could give up no more. So far as he knew, the great powers, without exception, were firmly resolved to execute the treaty. If the Eastern Roumelians accepted the autonomy which was guaranteed them their position would be an enviable one. If they refused, repression must follow, and their blood would be upon their own hands. But he did not believe they would choose the latter alternative.

Racing News.

The race for the two thousand guineas stakes to-day at Newmarket was won by Lord Falmouth's Charibert, Goaler's, Cadigan second, Count De La Grange's Kayon D'Or third. There were 15 starters. In the betting there was 20 to 1 against the winner, 10 to 1 against the 2nd horse, and 6 to 1 against the 3rd horse. There was 22 to 1 against Uncas. In the betting on Chester trades cup on Wednesday next, Pardie is quoted at 5 to 4, sometimes even against the field.

Movement of Troops, Etc.

CAPETOWN, 30.—A strong British force will be dispatched from Tulega for Cetewayo's Kraal in a fortnight. It is stated from Pretoria that 4,000 Boers have assembled near the place and hostilities between them and the British may arise at any moment. They seem anxious to avoid firing the first shot.

GERMANY.

The ex-Queen of Hanover.

BERLIN, 30.—The Berlin government has agreed to pay to the ex-Queen of Hanover the value of her settlement and private property from the Guelph fund, but adheres to the previous refusal to permit her to reside in the castle of Marienburg.

BRITISH AMERICA.

A Canada Blaze.

MONTREAL, 30.—A fire is now raging in St. Jean Baptiste, in the northeastern quarter of this city, which threatens to destroy the whole village, there being no water. Forty dwellings are so far destroyed.

The fire was extinguished at 10 o'clock, after burning over forty houses, chiefly two-story dwellings, and rendering 70 families homeless, with the loss of most of their household goods. The total loss is $50,000; partially insured.

TURKEY.

The Obstinate Khedive.

CONSTANTINOPLE, 30.—The Khedive's emissary has informed the Porte that the Khedive has refused to assent to the appointment of foreigners as ministers of finance and public works, but would make other concessions to meet the wishes of England and France.

The Czar to the Sultan.

ODESSA, 30.—Adjutant General Obrutscheff passed through here, to-day, on his way to Constantinople, as bearer of a letter from the Czar to the Sultan, and a proclamation of the Czar to the Bulgarians, calling upon them to abstain from disorders and to conform to the stipulations of the treaty of Berlin.

and that the cures which it effects are as prompt as they are complete. The two following excerpts give all we deem it necessary to insert.

Geo. B. Lincoln, Pres't of the Board of Health, N. Y., writes: Your Carbolic Salve is an excellent article, and I thank you for. This is another evidence of the great value of the discovery of carbolic acid.

Dr. H. Locke (Fat rebecca V. Hasty), of New York, states that he has "on the forefinger of his right hand one of those pleasant pets, a 'run-round;' the finger became inflamed to a degree unbearable.

A Friend dressed it with Carbolic Salve, and in twenty minutes the pain had so much subsided as to give a fair night's rest. * * * * *

The inflammation left the finger in a day."

Henry's Carbolic Salve

is used extensively in Hospitals, and is found to be not only a thorough purifier and disinfectant but also the most wonderful and speedy healing remedy ever known. Sold by all Druggists.
