MINING, BUSINESS AND STOCKS.

MAMMOTH IS STILL CLIMBING

Stock Sold on the Exchange This Morning at $2.48.

CENTURY FORGING AHEAD.

Lower Mammoth a Little Softer—Star Con. Weaker—Yankee Con. Not So Strong—Emerald Firm.

The market was weaker today in spots, though a decided improvement is noticed in Mammoth, of Tintic, which sold up to $2.48 with no one able, apparently, to account for the stiffening up of the past week or two. Ajax opened at $1.15½ and moved up to $1.18¾, while United Sunbeam recorded its first sale at 60. Creole, of Park City, also made its first sale of 300 shares at 45, while Daly weakened to $1.65, Dalton & Lark was traded in at 9¾, with Northern Light fluctuating between 11 and 10¼. Daly-West sold up to $36.00, while Lower Mammoth weakened to $3.95. Star Consolidated was softer today, selling down to 45, though it reacted to 45¾ on the closing sale. Century, of Park Valley, made a new record for itself by selling up to $2.37½. Yankee Consolidated weakened to $2.70, while Joe Bowers hung around 4¾ with Emerald changing hands at 7. Black Jack also did a little business at $1.30, while Silver Shield, of Bingham, dropped 2,500 at 4⅛.

Rheumatism is conceded to have its origin in a poisoned condition of the blood and to be most successfully treated by HERBINE, which acts upon the liver, kidneys and other blood purifying organs, thereby divesting the system of the offending agents. Price, 50 cents. Z. C. M. I.

EASTERN EXCURSION FOR ALL

VIA THE BURLINGTON ROUTE.

On June 11th and 12th round trip tickets will be sold as follows:

To Omaha and all Missouri river points	$32.00
To St. Paul and Minneapolis	38.75
To St. Louis	39.50
To Chicago	44.50

All tickets good returning until September 9th, 1901.

Pullman Palace and ordinary sleeping Cars through without change to Omaha, Chicago, Kansas City and St. Louis, via the Rio Grande Western and Burlington Route.

Perfect Dining Car Service, a la carte plan. Free reclining chair cars.

For sleeping car reservations or further particulars please write to, or call on R. F. NESLEN, General Agent, 79 West Second South Street, Salt Lake City, Utah.

Children who are weak, fretful or troublesome should be given a few doses of WHITE'S CREAM VERMIFUGE. They will then become strong, healthy and active, have rosy cheeks, bright eyes, will be happy and laughing all the day long. Price, 25 cents. Z. C. M. I.

RICH STRIKE IN STATELINE MINE.

Main Ore Chute of the Ophir Cut on the 400 Level.

PAYMENT ON TIEWAUKEE

Will be Made Shortly—Plates for Century—New Mercur Consolidation—Joe Bowers Shaft.

The main ore chute of the Ophir at Stateline has been cut in the west drift from 400 level. Such was the information received yesterday afternoon by Messrs. Effinger and Lathrop, who are directing the affairs of the company. The strike is one of the most important ever made in Stateline because it proves that the rich Ophir chute extends from the grass roots at least 400 feet deep. The new find was made at a point 250 feet west from the shaft. Samples of the ore show it to be of the same general characteristics as that exposed in the upper levels. The average value of the ore on the 200 and 300 levels as determined by the shipment of a carload lot, is about $40 per ton. It is said that the ore on the 400 bids fair to run about the same value. The size of this chute is quite phenomenal. Not only does it extend 400 feet deep but the developments above the 400 level show it to be about 100 feet long, and about 6 feet wide on an average. The values are principally silver which it is proposed to save by a laxiviating plant similar to that in use at the Cataglio of Park City. With this object in view the company is now erecting a mill having a daily capacity of 100 tons. Mr. Effinger says the company has fully $1,000,000 worth of ore already blocked out for treatment by the mill when it shall be completed about four months hence.

PAYMENT ON TIEWAUKEE.

Arrangements Made for First Installment About June 1st.

M. L. Effinger, who has just returned from Detroit, Mich., says the Tiewaukee and Winnamuck properties in Bingham now being opened up by Detroit capitalists, will shortly prove to be one of the biggest bonanzas in Bingham. Mr. Effinger's visit to the East had partly to do with these properties on which a heavy payment is due on June 1st. All necessary steps have now been taken to make this payment, amounting to about $30,000, as soon as it becomes due. From this it is inferred that the developments of the past few weeks have been very successful. During this time some very high grade ore has been opeend up, but it is on its milling ores that the new owners expect to realize a handsome sum of money. Arrangements are being made to treat 100 tons of ore per day in the old Winnamuck mill, which is now being repaired. Everything will be ready, Mr. Effinger says, for the start on or about June 1.

CENTURY MACHINERY

Not Delayed by Strike—Mill Will be Nearly Paid For When Completed.

Manager J. T. White of the Century of Park Valley received word yesterday that the machinery for the mill addition has been shipped and its arrival, therefore, will not be delayed because of the strike. An invoice of the shipment of thirty new plates, 2x8 feet, was received today. This will give the company forty-two plates in the new mill in addition to three Willey tables. It is expected that the enlarged mill will be ready to run early in August, at which time Mr. White figures that the company will have all the improvements paid for excepting possibly the sum of $5,000. Within the first month after the new mill is started the management expects to wipe off all indebtedness and begin to accumulate a surplus. The most conservative view justifies this expectation. As the Century will always be run on safe business principles it will probably be three months after the mill is started before the first dividend is paid. The manager and principal owner believes in having a good cash reserve on hand to insure steadiness to the distributions and incidentally to the stock.

Northern Light Assays.

The Northern Light Mining company settled for a car of sorted ore today on controls showing 260 ounces silver, 8.5 per cent lead and $2.80 in gold per ton. The shipment consisted of about 20 tons, which netted the company about $3,000. Another car of similar ore is expected to reach the sampler during the next few days.

When approached today regarding the company's plans for the ensuing year, President Hanauer said nothing has yet been determined. He says some of the directors and an expert will visit the mine next week for the purpose of sizing up things and if the appearance of the property warrants it they will decide to secure greater depth. They will also decide on starting up the mill as the superintendent says the company has more milling ore in sight now than at any season for years past.

The Uncle Sam Crosscut.

Supt. Guenther of the Yankee Con. writes that the ore body has not yet been encountered in the crosscut from the Uncle Sam tunnel, although he has run some 12 or 14 feet in what looks like an iron capping and is similar to that encountered by Uncle Jesse Knight in other parts of the mine. Conditions are said to be extremely encouraging. The bins are being constructed at the Yankee Con. and everything with the exception of the electric arrangements is progressing very satisfactorily.

A Hitch Likely to Occur.

It is probable that a temporary hitch will occur in the proposition to consolidate the Geyser Marion, Gold Dust, Silver Lode and Rover properties in Mercur. It seems that since the reorganization of the Geyser Marion, the new board offered at first to consolidate if $16,000 were allowed the Geyser Marion, or New Mercur Mining company as it is now called, for its mill and water right; the ore in the mine to be valued by competent men and settled for on an equitable basis. This was agreed to by the largest owners in the other properties, but as the old Geyser Marion mine is very lean just now, the directors are said to be considering the proposition to levy an assessment of one cent a share and do a little exploratory work with the view of opening up some ore near the Brickyard property.

New Incorporations.

Articles of incorporation of the Burlington Extension Mining company were filed yesterday afternoon with the county clerk. The capital stock is $50,000, divided into 200,000 shares of the par value of 25 cents each. The officers are: M. J. Kennedy president; Richard Whitaker, vice president; C. E. Kennedy, secretary and treasurer, who, with R. F. Neslen, Mary R. Stanton and John J. Woodring, form the directorate. The company owns the Burlington and the Burlington Nos. 1, 2 and 3 mining claims, in the West Tintic mining district, in Juab county.

Strike in the Homestake.

An important strike was made Monday in the Homestake mine at Neal, says the Boise (Ida.), Statesman. At a depth of some 200 feet a large body of ore was tapped in a cross-cut from the lower Daisy tunel. When the shots were fired at noon Monday they opened the ore as pretty as could be, and of the quality from which the Homestake has been declaring dividends for years past. The cross-cut was only twenty feet in length.

This discovery is of the utmost importance to the entire district, as demonstrating the stability of ore bodies. With the Daisy extracting the finest kind of ore from a chute not more than fifty feet away, and with ore coming from this new strike in the Homestake, the mines have a brilliant future, having at this time sufficient material to run their mills continuously for years.

Location Notices Filed.

Provo, May 23.—The following notices of locations of mining claims have been filed with the county recorder:

Star, Nos. 1, 2 and 3, situated in North Tintic mining district by William Dugan et al.

Valley Queen and Gold King, situated in North Tintic mining district, by John Dugan et al.

Dagmar, Gold Coin, Silver Dick and Red Bird, situated in North Tintic mining district, by J. C. Jensen et al.

Bee Hive, situated easterly from Mill Fork, in Wilkins and Olsen's canyon, by William S. Turner et al.

MINING NOTES.

The Phoenix of Bingham reached the market today with a car of ore.

Two cars of ore from Mrs. Adams of Boise were on the market today.

The Conklin sampler reported 2 cars of ore from Tintic and 1 from Bingham today.

A small force is engaged at the East Buckeye drifting on the vein from the tunnel level.

The Taylor-Brunton sampler reported 2 cars of ore from Idaho and 1 from Bingham today.

A force of 13 men is employed at the Martha Washington. No change is reported at the mine.

Treasurer Geo. H. Dern of the Con. Mercur is expected back tomorrow from an extended trip to Fremont, Nebraska.

Manager Packard, of the Star Consolidated, settled for two cars of ore today which netted $526. No change reported at the mine.

Two cars of ore from the Star Consolidated were sold today on controls showing 32 per cent lead, 12 ounces silver and $1.60 in gold per ton.

Another strike is recorded in the California, of Park City. Some of the ore in the new find assays as much as 63 per cent lead, 28.2 ounces silver and 60 cents gold per ton.

The Utah Mining company settled for a car of ore today on controls showing 54.5 per cent lead and 128.5 ounces silver per ton. The shipment netted the company $2,675. Another car of ore is on the way to market.

Simon Guggenheim, who is a member of the executive board of the American Smelting and Refining company is scheduled to reach the city on Saturday, on a tour of the various western states in which his company has interests.

W. G. Nebeker and J. A. Brown have been appointed to select a site for the new Joe Bowers shaft which is to be sunk a depth of 600 feet before any crosscutting is done. The company has paid its share, $12,570, on the recent damage suit, and the whole matter will be fixed up as soon as the insurance company pays its share of the judgment.

The Boise News says that work on the Weiser smelter will be commenced at once. One hundred men will start in Monday next excavating for the foundation and putting in side tracks at the site ten miles above Weiser. Today the well known contracting firm of Wilkerson & Thompson received telegraphic instructions to proceed at once with the work. They will move their outfit in this week and begin actual work next Monday. This work will require about 60 days.

W. S. Godbe returned last night from a month's trip in the East on mining business. While away Mr. Godbe visited several of the principal cities. He reports no great excitement anywhere in the East on mining matters, but there is a wholesome demand for good properties. Utah is looked upon very favorably in this respect. Mr. Godbe is glad to hear of the new railroad being pushed from Uvada, as it means a great deal to his mining interests at Pioche, Nev.

Wm. H. Child, Stock Broker. 409 Dooly Block. Telephone 694-2.

SALT LAKE MARKETS.

May 23, 1901.

The butter market is still well supplied. The best creamery is quoted at 21 cents per pound, while ranch butter is in poor demand at from 12 to 14 cents.

The egg market is overstocked and quite dull. Prices are weaker.

J. M. Christensen & Co. quote the best Utah eggs at from $4.00 to $4.25 per case with lower grade stock quoted at even lower figures.

Chickens are worth from 12 to 13 cents. Cheese is selling at 11 cents per pound.

MEATS.

The wholesale prices on meats are as follows:

Pork	6½ to 7½ cents per lb
Beef	7 to 8¼ cents per lb
Mutton	8 to 9 cents per lb
Veal	8 to 9½ cents per lb
Lamb	9 cents per lb
Spring lambs	12½ cents per lb

GRAIN.

The wholesale selling prices on grain are as follows:

Shorts, 95 cents per cwt.
Corn, $1.20 per cwt.
Bran is worth 85 cents per cwt.
Wheat, 70 cents per bushel.
Oats, $1.50 per cwt.
Feed barley, $1.15 to $1.20 per cwt.

FLOUR.

Flour prices are as follows:
High patent, $1.80 per cwt.
Straight grade, $1.60 per cwt.
Bakers No. 1, $1.50 per cwt.

HAY.

Loose timothy hay is selling at about $12 per ton, while lucern loose is selling for $9 per ton.

NORTHERN PACIFIC SOARS.

On Sale of Three Hundred Shares, It Goes from 160 to 190.

Opening Prices Showed Continued Strength—Dealings Were Small Except in Erie.

New York, May 23.—Opening prices showed continued strength for most of those which were strong yesterday Others showed fractional declines. Changes did not reach a point in any case and dealings were small except in Erie, in which sales were of 8,000 shares at 41½ to 41 compared with 41⅝ last night. Erie maintained its dominant position in the market and blocks of 1,000 to 5,000 shares changed hands frequently on the up grade, the price rising to 42½. The first preferred stock sold 1¼ above the opening while the second preferred ruled 1½ over yesterday's close. Other coal stocks rose in sympathy.

Lackawanna gained 8 and other coalers over a point. A demand for Sugar, Biscuit, Amalgamated Copper, Pressed Steel Car, Metropolitan Street Railway, Toledo, St. Louis & Western and Colorado Southern first preferred, caused quick advances of 1 to 3 points. Northern Pacific sold 11 points higher at 171 on one transaction of one hundred shares. Railroad stocks were quiet and the grangers and trunk lines were heavy. Southern and southwestern stocks became more active and higher when Missouri Pacific was marked up to 106¾. Not much impression was made on prices of other railroad stocks. Erie reacted below 42 on offerings by traders but worked up to near 43 before noon. Single blocks of 3,000 to 8,000 shares were recorded. Some of the specialties were under pressure, including Lead, Linseed, Consolidated Gas and United States Steel. Consolidated Gas rallied to 1½ above yesterday. Northern Pacific soared to 190 on purchase of 100 and 200 share lots with variations of from 4 to 10 points between sales. A break of 1½ in Union Pacific unsettled the market before noon. Bonds were firm.

The apathy of the demand for stocks brought selling from tired holders and the professional bears joined in the selling. Erie dropped 3⅛ below the best prices generally touched, the low point of the day. Declines in a number of important stocks reached 2 to 3½ and Chicago Great Western preferred lost 4½ and Linseed preferred and Lackawanna 4 each. Northern Pacific sold at 205. Missouri Pacific rallied quite strongly and continental Tobacco advanced 3¾ from the early low level. The continued weakness of Erie kept the market under its influence. The closing was moderately active and weak and showed some wide losses.

CLOSING STOCKS.

New York Central, 149¾; B. & O., 102½; American Sugar company, 146; People's Gas company, 113¾; T. C. & I., 56¾; Erie common, 39⅞; Wisconsin Central, 20; Manhattan, 114; St. Paul, 160; Leather preferred, 77½; United States Steel, 43½; United States Steel preferred, 92⅝; Northern Pacific, 205; Union Pacific, 100½; Great Northern, 178; Chicago & Alton, 41½; Missouri Pacific, 105¾; Southern railway, 29¼; Southern Pacific, 47; Rock Island, 152¾; C. G. W., 22.

MONEY AND BONDS.

Noon: Money on call at 4@4½ per cent.

Prime mercantile paper 4@4½ per cent.

Sterling exchange firm with actual business in bankers' bills at 4.88¼@4.88½ for demand and at 4.84¾@4.85 for sixty days; posted rates 4.85½ and 4.89; commercial bills, 4.84@½.

Hogs—Receipts, 700; steady. Light packers, 5.60@5.65; mixed and heavy, 5.60@5.70.

Sheep—Receipts, 250; strong.

BOSTON WOOL MARKET.

Boston, May 22.—The American Wool and Cotton Reporter will say tomorrow: A number of large mills have been represented in the wool market the past week and there has been generally more looking around on the part of the manufacturers, but the business transacted has consisted mostly of small lots, the aggregate of which, however, makes a fairly good-sized total. Consumers are still buying only to meet current needs and as regards prices they are buying very carefully. It is impossible for holders to secure an advance in prices and the market, except possibly in fine wools, is in buyers' favor, although quotations are not noticeably lower than those of a week ago. The new wools are slow in moving in this market.

Duplicate orders for heavyweights are coming forward in greater volume than a week ago, which is helpful and welcome to the manufacturer and which if continued, may be reflected in a better demand for wool.

The sales for the week in Boston amounted to 2,877,000 pounds domestic, and 650,000 pounds foreign, making a total of 3,527,000 pounds, against a total of 3,600,000 for the previous week and a total of 2,553,000 pounds for the corresponding week last year.

The sales since January 1 amounted to 88,837,900 pounds, against 60,316,900 pounds for the corresponding time last year.

ST. LOUIS WOOL.

St. Loui, Mo., May 23.—Wool—Quiet; weak; territory and wetern medfum, 13@15; fine, 10@13; coare, 10@12.

SAN FRANCISCO WOOL.

San Francisco, May 22.—Nevada, 10@12; eastern Oregon, 10@13; valley Oregon, 10@15; mountain lambs, 7@8; San Joaquin plains, 6@7; Humboldt and Mendocino, 9@10.

SAN FRANCISCO GRAIN.

San Francisco, May 23.—Wheat—Flat; December, 103; cash, 97½.

NOTICE OF SPECIAL STOCKHOLDERS' MEETING.

PURSUANT TO A RESOLUTION OF the Board of Directors of the Utah Sugar Company passed at a meeting held on May 15, 1901, notice is hereby given that a special stockholders' meeting of the stockholders of the Utah Sugar Company will be held on Friday, the 7th day of June, at the hour of 5 o'clock p. m., in room 902, Templeton Building, Salt Lake City, Utah, for the purpose of considering and voting upon the question of amending article VI of the articles of incorporation of the Utah Sugar Company, increasing the capital stock from the sum of one million dollars to the sum of two million dollars, so that said article VI shall read as follows:

"VI. That the amount of the capital stock of said corporation shall be two million dollars ($2,000,000), divided into two hundred thousand (200,000) shares of the face or par value of ten ($10.00) each."

Also for the purpose of considering and voting upon the question of the issuing of new stock and the amount thereof and the time of payment and all other matters pertaining to such issue. And for the transaction of such other business as shall properly come before the meeting.

HORACE G. WHITNEY, Secretary.

Salt Lake City, May 15th, 1901.
