BURGLARIZED IN BROAD DAYLIGHT

Ogden Jewelry Store Entered and Watches Valued at $300 Stolen.

FRANK KRAUCH COMMITTED.

Adjudged Insane and Sent to State Mental Hospital—Boy Dies of Diphtheria.

(Special to the "News.")

Ogden, Sept. 13.—The jewelry store of Ben Peterson at 2271 Washington avenue, was burglarized yesterday afternoon about 5 o'clock, and goods to the value of about $300 stolen. Mr. Peterson stepped out of his place of business to go into a book store a few doors distant, hooking the rear door as he went out. He returned in about 10 minutes, finding the back door open and the goods, consisting chiefly of watches left for repair, missing. Suspicion rests upon a small boy, who was seen in the vicinity shortly before the robbery, but since its occurrence he has not been seen, neither has any trace of the stolen goods been secured.

ADJUDGED INSANE.

Frank Krauch, the man who went violently insane in the Falstaff cafe several days ago, was this morning examined as to his sanity by Drs. Conroy and Steele and ordered committed to the state mental hospital at Provo, where he was taken this afternoon. Krauch was quite violent during the night and gave his attendants considerable trouble. He insisted on divesting himself of his clothing and in other ways acted in a very strange and threatening manner.

BOX CAR HOLDUP.

What is known as a box car holdup took place last night on the Rio Grande Western near Roy. A number of men were riding in the car at the time, when two of them suddenly produced revolvers and ordered the others to turn over all their cash and other valuables to them. In the scrimmage one young man was thrown from the train, which was going at quite a lively rate of speed, and suffered a severe scalp wound. He is now at the police station, while the police are doing everything possible to unravel the mystery.

VICTIM OF DIPHTHERIA.

This morning at 8 o'clock, Parley S. Johnson, the 11-year-old son of Mr. and Mrs. Jesse S. Johnson, died at the family residence, 2143 Stewart avenue, of diphtheria. The boy had been ill about a week with a most malignant type of the disease, and all that skilled medical attention could do was unavailing. This is the first death in Ogden from diphtheria for some months, but the disease seems to be quite prevalent in certain localities.

Mrs. Smith, the woman who last night attempted suicide, was today reported to be doing well.

PROVO MILLS TO CLOSE.

Condition of the Woolen Markets Renders Operations Unprofitable.

At the meeting of the board of directors of the Provo Woolen Mills company held in this city today, it was decided that the mills should be closed down as soon as the present stock on hand is worked up.

This action, while it will come as a serious blow to Provo's prosperity, will not surprise people who have been posted on the conditions of the woolen trade, and the prices of wool for the last year or more. One of the directors in speaking to a "News" representative this morning said that the shutdown would be for an indefinite period until market conditions changed, but that the directors would only be too glad to resume work when a change took place. For some time past, he said, the demand for woolen goods had been steadily decreasing all over the country, as manufacturers were now turning out worsted goods and using more and more cotton. This year the output of worsteds was it its maximum, and the demand for woolens at its minimum, and as a matter of self-protection, the Provo company had to discontinue operations until conditions changed. The factory employs about 150 hands, who will be laid off gradually as the stock is worked up and disposed of.

OLD FASHIONED "RAG BEE."

Daughters of Pioneers Have an Industrious Day Reminiscent of Another Age.

Yesterday the Daughters of the Pioneers were entertained at the home of Mrs. Susa Y. Gates, the affair being in the nature of an old fashioned "rag bee" and each guest coming with work bags filled with rags which were sewn for a rag carpet for the assembly room in the old Deseret News building, which is to serve for a pioneer relic room for the society. Those not able to be present sent balls of rags ready sewn, and Mrs. Naomi Twiss Young furnished eight balls, and Mrs. W. W. Phelps and Mrs. Budd also contributed to the stock. An old fashioned dinner was served, consisting of old fashioned viands and finishing with a desert of corn meal pudding. After dinner a program was given, the hostess reading a paper on the reconstruction of Mt. Vernon, and her daughter, Emma Lucy Gates, rendering two beautiful songs. The guests came early and stayed late, as in good old days, and the fruit of their labor will probably be enough to cover the assembly room. Mrs. C. C. R. Wells presented the society with a beautiful hand-made rug, which will be used as a portiere in the assembly hall. Mrs. Gates displayed a number of curios which she intends for the Pioneer collection. The affair was much enjoyed by all present. The dates of meeting have been changed from the first and third Monday to the first and third Friday.

WILL MOVE SEPT. 27.

Library to Close Its Doors at That Time and Re-open in Home Oct. 25.

At the meeting of the board of directors of the free public library yesterday afternoon it was decided to close the library on Sept. 27, for the purpose of taking an inventory and moving to the new Packard library. The doors of the library will remain closed until about Oct. 2, when the new library will be opened to the public. It was also decided to install an art room and a reference reading room on the second floor of the new building.

The report of the librarian, Miss Sprague, for the month of August, was received, and shows the total number of volumes in the library on Sept. 1 to be 8,306, a gain during the month of 295 volumes. The total membership is 15,279 as against 15,132 on the 1st of August, a gain during the month of 138.

A total of 9,155 books were loaned for home use during the month, and 3,250 were loaned in the reading rooms. The gain in circulation over the preceding month was 743. The daily number of visitors to the library is estimated at 561. The fines received amounted to $59.46, and the number of books lost, destroyed or discarded was 65.

BIG MOUNTAIN FIRE.

Destructive Blaze Sweeps Wide Area In City Creek Canyon.

The mountains to the north of the city have been covered with a cloud of smoke today. Early this morning a big fire was observed far up City Creek canyon. The blaze spread rapidly until it covered a wide area. The whole canyon became filled with stifling smoke that climbed up around the peaks of the range and was lost in the clouds. How the fire started is not known. But the damage must be great as it covered so large a stretch of country.

INDIAN STUDENTS HERE.

Shoshones and Bannocks to Do Advanced Work at Phoenix.

C. W. Goodman, superintendent of an advanced Indian school located at Phoenix, Arizona, is in Salt Lake with seven young Indians in his charge. He arrived this morning from the Lemhi agency in Idaho with four Indian girls and three boys, all about sixteen years of age. They are graduates of agency schools in Idaho and go south for advanced work. Mr. Goodman stated this morning that his young charges were Shoshones and Bannocks, and were selected by competitive tests as the best fitted to do advanced work. At his Phoenix school he has enrolled 750 Indian students.

IN TROUBLE AGAIN.

Ex-Convict Removes Attached Trunks, Contrary to Law.

A young man named Albert Snyder was arraigned before Judge Diehl this morning on the charge of attempting to remove from the Colorado rooming house a trunk and other effects, upon which the proprietor had a lien of $12. The matter was continued without date and the defendant demanded to jail in default of $50 bonds.

Snyder was arrested last night by Deputy Sheriff Andrew Smith. The defendant recently left the state prison, where he served a 10 months' sentence for perjury.

MARSHALL HELD.

Man Charged With Assault Must Face The District Court.

The preliminary hearing of the case of the State of Utah against Carl Marshall, charged with criminal assault upon a 12-year-old girl named Helen Hunt, was held before Justice Dona T. Smith this morning. The state introduced some testimony along the lines already printed, while the defense declined to put on any witnesses. At the conclusion the court held the defendant in bonds of $5,000 to await the action of the district court. Judge O. W. Powers appeared as counsel for Marshall.

Reputation,
Prompt delivery and "That Good Coal."

DREW A REVOLVER.

John Green Taken In by Police Charged With Assault.

A man named John Green, said to be a hotel runner, was arrested this morning by Officers Emil Johnson and Olsen on the charge of assault with a deadly weapon. The name of the man assaulted was not given out by the police. It is alleged that Green became engaged in an altercation with the man and drew a revolver and threatened to shoot. Green will have a chance to explain matters to Judge Diehl.

LATE LOCALS.

Today's bank clearings were $598,482.19 as compared with $446,962.55 for the same day last year.

The Religion Class outlines are now out and may be had on application to Joseph J. Cannon, Manx building, this city.

County Commissioner Mackey returned last night from Wyoming where he has been looking after his sheep interests for the past few weeks.

It is announced from the office of the D. A. & M. society that Prof. Robert S. Northrop of the Agricultural college has consented to judge the horticulture and floriculture exhibits at the state fair.

Capt. Frank D. Ely of the Twenty-fifth infantry called upon Gov. Cutler today and made an informal report on the N. G. U. encampment which just closed and will make a written report on the same in a few days.

Jesse Rider of Mill Creek ward, this county, is showing his friends some excellent specimens of pears grown in his orchard. Mr. Rider takes great pride in the products of his land, and the success he meets with, year after year, is evidence of the intelligently directed labor he bestows upon the soil. Many successful raisers of fruit are needed here, to show what can be done in this line in this valley.

Bamberger Coal Co.,
Four phones, four yards—all kinds of coal.

PERSONALS.

Mrs. Sam Levy is in Salt Lake after a prolonged visit to New York.

Councilman A. J. Davis is back in Salt Lake from a two weeks' hunting and fishing trip in Wyoming.

Ralph M. McKenzie, a special correspondent for Washington papers, is at the Knutsford. He will remain in Salt Lake for several days.

Messrs. J. S. Ostler of Nephi and L. R. Anderson of Manti, members of the state board of sheep commissioners, were in town today on board business.

The "News" had a pleasant call today from F. W. Daugherty of Wellington, O., who has been sojourning in this vicinity for some time. The gentleman says he found Salt Lake much above his expectations, and was agreeably surprised to note the hospitality of the people, who have paid him every attention during his stay here. He has been touring the west generally and is much impressed with its greatness and possibilities. Mr. Daugherty leaves for Denver tonight and from there will continue his journey homeward, after an enjoyable outing of some months.

Yellow Fever Increases.

Jackson, Miss., Sept. 13.—Four cases of yellow fever have appeared at Hamburg in Franklin county.

New Orleans, Sept. 13.—Two deaths from yellow fever occurred here today and 14 new cases were reported.

Sister Mary of St. Celina, died today in Mount Carmel convent of yellow fever.

GUARDSMEN ARE NOW CIVILIANS.

Encampment Will Go Down in History as One of the Best Ever Held in This State.

COURT MARTIAL FOR ABSENTEES

Charge of Lack of Discipline a Malicious Attempt to Slander Officers.

Thoroughly contented with conditions at Camp Taft, and delighted with their week's outing, the men of the National Guard are today back at their civilian occupations. Browned faces and broader shoulders tell the story of camp life, which many of the men speak of with enthusiasm.

The equipment was hauled from the train to the armory last night, and in a short time was stacked way in its regular places. The entire encampment is now a matter of history, except for those who didn't go. Acting Adjutant General Geoghegan today directed Col. Lund to request a report from every captain in the guard, giving the names of all members of his command who failed to report for duty. Court-martials, it is promised, will result in each case where the absence was without leave. Whether civil action will follow that of the military courts is not yet determined, but it is promised that the cases will be followed as rigorously as the law will allow.

DELIBERATE MISSTATEMENT.

A statement in a morning paper to the effect that the First battery was two hours unloading its equipment last night, and that the slowness was due to poor discipline, is characterized by many guardsmen, outside of the battery, as not only a slander but a deliberate misstatement of facts. The day is past when slurring statements regarding the battery can be made with truth, as no guardsman or other person who saw their maneuvers in Camp Taft will criticise their discipline. In this case the actual figures, as certified to by many officers, are that the battery loaded its equipment at Manti in 35 minutes after reaching the depot, and that it unloaded it at Salt Lake last night in less than 30 minutes. Within 15 minutes after arriving at the armory every gun was in its place in the basement, and every harness was properly stacked back of the gun to which it belonged. There was a long delay at the depot last night owing to the failure of the quartermaster general to provide vans and horses enough, and to make arrangements for a clear platform on which to unload. Company B of Ogden remained in its cars and was attached to the Ogden train which left at 6:05 o'clock.

Company E of Bountiful marched directly to the Lagoon train, and did not take part in the parade to the armory. The Salt Lake companies marched to the armory at 7 o'clock and disbanded after unloading their equipment.

NOTICE TO ADVERTISERS.

Owing to pressure on our columns, News advertisers are requested to hand in their advertisements for the Saturday News as early as possible to secure insertion in all editions.

Classified advertisements cannot be assured publication in all the Editions, and in proper classification, unless received in this office before noon on Saturdays.

BANKRUPTCY CASES.

Tropic Co-op., W. A. Clark and W. G. Lamoreaux Listed Today.

In the federal court today Zion's Co-operative Mercantile Institution of Salt Lake City filed a petition requesting that the Tropic Co-operative Mercantile and Manufacturing company of Tropic, Utah, be declared an involuntary bankrupt.

W. A. Clark of Salt Lake filed a petition in voluntary bankruptcy, giving his assets at $263.66 and his liabilities at $1,952. Another petition was filed by W. G. Lamoreaux, Jr., of Ogden, giving his assets at $150 and his liabilities at $637.33.

U. OF U. ATHLETICS.

Meeting of Regents and Football Men To be Held this Evening.

This evening at the Y. M. C. A. building an important conference on University of Utah affairs will be held. There will be present members of the board of regents, members of the athletics committee of the faculty, the advisory athletic board, Coach Maddock, and a number of football men.

The subjects to be discussed are the athletic policies for this year, the establishment of a training table, the plans for completing the gymnasium, and the matter of establishing temporary baths in the completed portion so that athletes may use them after playing. At present there are no shower baths on the campus, as those of the old gymnasium have been torn out, and the baths of the new gymnasium are to be located in a wing not yet commenced.

Coach Maddock has appointed a meeting at 4 o'clock this afternoon to give out suits to football candidates.

BANKER M'CORNICK

Was Today Elected Director of American Smelting & R. Company.

New York City, Sept. 12.—At the annual meeting of the stockholders of the American Smelting & Refining company in Jersey City today, the retiring board of directors was re-elected, with the exception that W. S. McCornick of Salt Lake City was elected in the place of Edmund W. Nash, deceased.

We Can Help
That refractory furnace.
BAMBERGER,
The man on Meighn St.

WANT IRON WORKS TO STOP RUNNING

Home Owners to Seek Aid of Court For Relief From Silver Bros.' Plant.

CAUSES THEM MUCH TROUBLE

Smoke, Fumes, Sparks and Noise all Contribute to Their Inconvenience And Damage.

An injunction suit was filed in the district court today by Amy J. K. Smith and 18 other plaintiffs against the Silver Brothers Iron Works company to restrain defendants from operating its iron works and injuring the property of plaintiffs. The complaint alleges that plaintiffs own a large amount of property near the iron works and have established homes upon the same, and that the operation of the works is damaging their property and has reduced its value for residence purposes 50 per cent.

In addition to that the smoke and fumes emitted from the works has injured the health of plaintiffs and have become so obnoxious at times that they could not allow their windows and doors to remain open. The noise from the mill makes it almost impossible to sleep at night and the cinders emitted from the smoke stacks are a menace to the buildings belonging to plaintiffs. It is further alleged that the operation of the works is a public nuisance in that it annoys, injures and endangers the comfort, health and safety of more than three persons.

It is therefore asked that an order to show cause be issued citing defendant to appear in court and show why an injunction should not be issued to prevent it from operating its plant, and that upon the final hearing of the case a permanent injunction be issued.

THE SHOCKLEY CASE.

Work of Selecting a Jury Drags at a Very Slow Rate.

No additional jurors were secured in the Shockley murder case either yesterday afternoon or this morning, and so far only three have been accepted. This is the third day of the case and at the rate the jurors have been secured thus far it is probable that the requisite 12 men will not be secured this week. At this morning's session of court one juror was passed for cause but the others were challenged by Attorney H. A. Smith for the defense.

The first peremptory challenges yet made in this trial were used yesterday afternoon by the defense upon W. D. Williams, Jame Devine and T. H. Lindley. Out of the 50 jurors on the venire returnable today, 11 were not served, three did not appear and seven were excused on their voir dire examination. Judge Armstrong issued a bench warrant for F. M. Benedict, John L. Johnson and William Quick, who were summoned but failed to appear in court this morning.

So far 102 jurors have been examined and only three of that number have proved satisfactory to District Attorney Loofbourow and the attorney for the defense. There are 300 names on the venire issued and it is not improbable that a special venire will have to be issued before a jury is secured.

COURT NOTES.

A petition for letters of administration of the estate of Robert Gillespie, deceased, was filed in the probate division of the district court today by R. W. Gillespie. The decedent died on Sept. 9, 1905, leaving an estate consisting of real property of the value of $2,300 and insurance amounting to $2,000.

C. F. Stillman, S. S. Stillman and F. N. Stillman filed a petition in the probate division of the district court today asking for letters of administration of the estate of Charles Stillman, deceased, who died in Mill Creek on July 16, 1905. The estate consists of real property of the total value of $2,000 and personal property of the value of $8,781.

Mary G. Smihanich filed suit for divorce in the district court today against Max Smihanich on the grounds of desertion and failure to support. They were married at Pueblo, Colo., on Dec. 6, 1901, and it is alleged that defendant deserted plaintiff on Nov. 7, 1903 and has ever since failed to provide for her. She asks for a divorce and the restoration of her maiden name, Mary Gadal.

Cruelty and nonsupport are the grounds for divorce alleged in a complaint filed in the district court today by Zina A. Watkins against B. F. Watkins. The parties were married in this city on Aug. 17, 1902, and it is alleged by plaintiff that on Nov. 15, 1904, defendant kicked her in an inhuman manner and on March 28, 1905, he drove her out of the house and followed her to the home of a neighbor where he struck her in the face, inflicting a painful wound. It is also alleged that on Aug. 28, 1905 defendant again assaulted plaintiff and has on frequent occasions called her vile and abusive names.

SOCIAL AND PERSONAL.

Yesterday Miss Elsie Riter, daughter of Mr. and Mrs. W. W. Riter, and Mr. Tracy Cannon were married, the ceremony being performed in the Temple during the day, and a brilliant reception being held in the evening at the bride's home. The decorations were entirely in white and green, and were most artistic, the bridal party standing under a canopy formed with ferns and dainty white tulle, while flowers and wax cupids were suspended from it with white ribbons. The arches were strung with wedding bells, and all about were ferns and lilies of the valley, the table in the dining room forming a picture with its dainty decorations of tulle, ribbons and flowers. The bride wore a gown of white chiffon over taffeta, trimmed with rose-point and duchess lace, and carried bride's roses. Her bridesmaid, Miss Maud Riter, was also gowned in white and carried pink roses. Those receiving besides the bridal party, consisted of Mr. and Mrs. Riter, Mrs. Priscilla Jennings and Miss Alice Riter, and assisting in entertaining were Mrs. James E. Jennings, Mrs. Frank Jennings, Miss Mary Sharp, Miss Josephine Wells, Miss Aileen Crismon, Miss Elma Young, Mrs. Walter Scott Crismon, Miss Louise Jennings, Miss Jean Spencer, Miss Ivy Dix and Miss Katherine Little.

* * *

No more beautiful wedding has taken place in the year than that of Miss Helen Mar Gillespie and Louis Shattuck Cates last night. The ceremony was performed at St. Mark's cathedral, with Rev. James B. Eddie officiating, Miss Beatrice Cheeseman, Miss Geneve Horlick and Miss Aileen Maclean being bridesmaids, and Mr. Matthew Brodie best man, while George Lawrence and Sidney Bamberger were ushers. The church was beautifully decorated in palms, ferns, white asters and roses. The bride entered on the arm of her father, James B. Gillespie, being preceded by the ushers, and the bridesmaids, with little Beth Horlick carrying the ring on a large white chrysanthemum. The Mendelssohn "Spring Song" was played during the ceremony, and after, the "Bridal Chorus." The bride wore an elaborate and beautiful costume of white crepe de chene over taffeta, panels of chiffon, laced with white ribbon velvet trimming the skirt, and the bodice having a yoke of rose point lace. The long tulle veil was fastened with a diamond crescent, and spray of lilies of the valley, and at her throat was a necklace of pearls and Brazilian topaz, the gift of the groom. A shower bouquet of brides roses and lilies of the valley completed her costume. The bridesmaids were gowned in pink, and the maid of honor, Miss Aileen Maclean, wore cream colored crepe with girdle and bouquet of pink. After the ceremony an elaborate bridal supper was served at the home of Mr. and Mrs. John Walker, the room being beautifully decorated in different colors with dahlias and asters mingled with palms and ferns. The table in the diningroom was done in streamers and rosettes of pink tulle with sprays of ferns and pink asters strewn about. An orchestra furnished delightful music. Later Mr. and Mrs. Cates left for a trip to the coast, and upon their return will reside at Bingham.

* * *

Another pretty marriage solemnized at St. Mark's church last night was that of Miss Roberta E. Akers of Los Angeles and Joseph C. Hill of Chicago, Rev. Eddie performing the ceremony at 7:30. The bride was given away by her stepfather, W. C. Campbell. Miss Edith Hale and Miss Essie McMillan were bridesmaids, and Duncan Campbell acted as best man. The bride's costume was of white messaline silk and she wore a long tulle veil fastened with bride's roses, and carried a white prayer book. The bridesmaids wore white mull over pink taffeta, and carried shower bouquets of pink and white asters. A wedding supper followed the ceremony at the home of the bride's relatives, Mr. and Mrs. H. G. Williams, the tables being artistically decorated in pink and green, a wedding bell being suspended above. The other rooms were bright with asters, dahlias, sweet peas and ferns. Mr. and Mrs. Hill left on a late train for Colorado, and from there will go to Chicago to reside.

* * *

Miss Jean Spencer entertained yesterday at a souvenir shower party for Miss Allie Martineau, whose wedding is soon to take place. A feature of the afternoon was an amusing quotation contest, and the time was delightfully spent. The guest of honor received many dainty gifts.

* * *

Mrs. J. T. Judson entertained today at a luncheon at the Commercial club in honor of Mrs. Tuner of Texas and Mrs. Keane and Mrs. Jones of Cincinnati.

MRS. ROSEMARY GOOZ WHITNEY
Is now ready to receive students. Italian method taught in voice production. Coaching in Oratorio, Italian and German operas. Studio 276 South Main St. Entrance through Gloss's Fur store.

Just drop in and see the new china store, Davies & Co., 30 South Main. The newest designs and shapes in chinaware, glassware, cut glass, Japanese goods, Russian brasses. Everything marked in plain figures.

WARD ENTERTAINMENTS

Fifth Ward.—The Young Ladies' Mutual Improvement association of the Fifth ward gave a successful social in the ward hall last night. The program rendered was excellent, and on its conclusion delicious refreshments were served. The evening signalized the opening of the season's work and all present had an enjoyable time.

FIRST WOMAN PASTOR IN ENGLAND.

Miss Von Petzold, M. A., whose portrait is given herewith, has recently assumed the pastorate of a Unitarian congregation in Narborough road, Leicester, England. She is the first woman appointed regularly to a ministerial charge in England. Miss Von Petzold is a scholarly and eloquent preacher and has attracted a large and interested following. Previous to her incumbency the parish had fallen into neglect, but it is now properous.

WESTERN MARKET LETTER.

Special Correspondence.

Kansas City, Mo., Monday, Sept. 11.—Enormous cattle receipts and a trade to match the run were the features here last week. Receipts amounted to 80,500 head, including 9,600 calves, and a larger percentage of stockers and feeders was included than usual. The packers bought 38,500 head for slaughter here, 10,000 were purchased for killers at other points, and country buyers took the balance, over 900 carloads. Prices declined 15 to 20 cents during the week, most of the loss on medium class stockers and feeders, and least on westerns suitable for the killers. These cattle are killing out better than heretofore, and packers are neglecting the higher priced natives as long as the westerns last; this condition has been effective since last Thursday, including today. The supply today is 19,000 head, 6,000 less than last Monday. Market steady on everything except stockers and feeders, which are strong to 10 cents higher, and fat natives, which are weak to 10 lower. No heavy rangers have been here, but 1,100 to 1,200-lb. Colorados and Panhandle steers suitable for killing sell at 3.40 to 3.80, most of the branded stockers sell at 2.60 to 3.35, feeders, 3.15 to 3.60, cows, 2.25 to 2.80; nice heifery stuff up to 3.25, canners, 1.65 to 2.15; bulls, 2.00 to 2.50. Veal calves are 50 cents higher than a week ago, and strong today, top 6.50.

Mutton receipts have greatly enlarged at all the markets recently, and prices are lower accordingly. 10 to 25 cents was taken off last week, market 10 to 15 lower today. Country demand is first class, and since the run has increased, these buyers have been able to get quite a number of sheep and lambs, and this seems to bring in more orders. Arizona yearlings at 5.40 last week, 160 pounds. A string of California lambs sold today at 6.75, 66 pounds, Arizona lambs at 6.50. Utah lambs sold at 7.20 to 7.30 Thursday and Friday, the same stuff that brought 7.20 and 7.30 first of the week. Some 60-lb. Utahs sold at 6.50 today. Feeding wethers and yearlings are selling at 4.40 to 4.85, lambs 5.50 to 5.75, ewes 3.65 to 4.25. Supply here today is 18,000 head, as compared with 44,000 last Monday.

TODAY'S REALTY TRANSFERS

Jas. Leach of Second ward corporation, Church of Jesus Christ of Latter-day Saints, warranty deed, part of lot 8, block 9, plat B 2,500

SPECIAL EDUCATIONAL DEPARTMENT FOR BOYS.
ENROLL NOW!
See Educational Director, Business Office. Complete prospectus on Request. 'Phones 2500.

A CLEVER DEVICE FOR A DUCK HUNTER.

The greatly coveted edible duck of the American coasts, rivers and inland lakes has become so coy and suspicious that it requires the exercise of much ingenuity to capture him. One of the most successful devices of the up to date hunter is shown in the cut. It consists of a costume to be worn by the hunter in his boat. As may be seen, it is woven roughly of long grasses and covers the figure almost entirely. A hunter enveloped in one of these disguises resembles nothing so much as a small haystack, being completely concealed from his prey.

A PRIMITIVE HABITATION IN THE SANDWICH ISLANDS.

The type of human habitation shown in the cut may still be found in Hawaii. As may be seen, the style of architecture is the simplest possible, and the material is the tough sod formed by the native grasses. In former times all the inhabitants lived in similar houses and found them water proof and very comfortable. Nowadays these grass huts are found only in the most remote parts of the islands, but many of the old natives cling to them.
