SMUGGLERS PUT ON TRIAL.

New U. P. Committee.—The Lehigh Strike.—A Bank President Gets a Year in Prison.

PHILADELPHIA, Nov. 27.—James R. Sovereign, of Iowa, was elected general master workman of the Knights of Labor this afternoon by a vote of 23 to 3, James Campbell of Pittsburg being his opponent. The afternoon session was characterized by very peaceful and harmonious proceedings. General Worthy Foreman Bishop occupied the chair. Upon assembling the delegates announced nominations for the general executive board, and H. B. Martin of Minnesota, J. W. Kenna of Indiana and D. R. Roy of South Dakota were elected. T. B. McGuire of New York was elected Friday, making the complete board of four.

The next business was the resumption of balloting on General Master Workman Powderly's resignation, which was accepted by 23 to 15 votes.

James R. Sovereign, James Campbell and T. B. McGuire were then nominated for the office, but McGuire withdrew. Only one ballot was taken. This resulted as follows: Sovereign, 23; Campbell, 3. The news of the election was immediately telegraphed to Sovereign, who is expected to be present before the adjournment of the general assembly.

Powderly was seen shortly afterwards by an Associated Press reporter. When asked his opinion of the assembly's action, he said: "Sovereign will have as hearty support by any individual of the order than he will receive from me. He is eminently worthy of the position, and I believe he will fill the office as well as any one can."

The New U. P. Committee.

NEW YORK, Nov. 27.—As a result of the recent conference of gentlemen representing the several interests of the Union Pacific railway, the reorganization committee was completed today. The meeting was held at the office of Senator Calvin S. Brice. The committee is composed of Calvin S. Brice, Senate Pacific Railroad committee, chairman; James R. Riley, chairman House committee on Pacific railroads; General Lewis Fitzgerald; General Granville M. Dodge; Colonel H. L. Higginson; A. A. H. Boissevain; Samuel Carr, Boston, and J. Pierrepont Morgan.

The first action taken was to elect Mr. Brice chairman; L. M. Schwan and W. E. Glynn were elected secretaries; Mr. John W. Simpson and Victor M. Morawetz were elected counsel by the committee.

A sub-committee was appointed, consisting of Calvin S. Brice, chairman, General Lewis Fitzgerald, A. A. H. Boissevain and J. Pierrepont Morgan, with power to act.

THE SECOND WEEK.

Feeling Among the Strikers Growing in Bitterness.

PHILADELPHIA, Nov. 27.—The second week of the Lehigh strike opened with the contending parties apparently as far apart as ever. President Wilbur of the road today declined overtures of representatives of the state boards of arbitration of New York and New Jersey, saying there was no occasion for arbitration, there being no issue between the employes and the company.

At Wilkesbarre the feeling between the contending parties is growing in bitterness, and while no serious disturbance has taken place numberless small demonstrations have been the order of the day, both at that place and in the vicinity.

Reported Earthquake Shocks.

NEW YORK, Nov. 27.—Reports are received to the effect that decided shocks of earthquake were felt about noon in northern New York, in St. Johnsbury, Vt., Greenfield, Mass., and southern Canada, including Montreal and St. John, Quebec. No serious casualty resulted, so far as known.

On Trial for Smuggling.

PORTLAND, Or., Nov. 27.—The trials of the twenty persons indicted for smuggling began in the United States district court this morning. The trials will be of more than usual interest owing to the social and political prominence of some of the defendants, among whom are James Lotan, ex-collector of customs, and C. J. Mulkey, ex-special agent of the treasury department.

The first case called this morning was that of Nathan Blum, charged with smuggling 300 pounds of opium. Blum plead guilty and sentence was reserved. It is stated that Blum will now be a witness for the government.

This afternoon L. C. Sweeney, W. R. Jackling, Robert Gutthorne, W. F. Patterson and Thomas Berg, indicted for smuggling opium, pleaded guilty and sentence was suspended.

Boycott Removed.

CHICAGO, Nov. 27.—The Southern Pacific has removed the boycott against the Canadian Pacific, announcing that it would take all business tendered by the Canadian Pacific at the established rates. The other lines are curious to see if the Canadian Pacific will put up its tariff now that its only grievance is removed.

To Pay Double.

NORMAL, Ill., Nov. 27.—Wm. H. Schureman, who was president of the defunct Exchange bank of this place, pleaded guilty today to embezzlement in receiving money for deposit when the bank was insolvent. He was sentenced to a year in the penitentiary and to pay a fine of twice the sum of the deposits involved.

The Race Yesterday.

PHILADELPHIA, Nov. 27.—Amid the cheers of nearly 3000 people, Monroe Salisbury's gallant Directum defeated J. B. Green's Saladin at Point Breeze today for a side bet of $1000 and a purse of $2,000, the winner taking the entire purse. The sun shone brightly, with little or no wind blowing.

In the first heat Saladin got the pole. They made a pretty race all around. Ten yards from the wire the California horse was a head in front, but in the last three strides Saladin got up and passed under the wire first by a short head. The game horse's victory was received with applause, which was redoubled when it was found that Saladin had stepped the last quarter in 30 seconds. Time, 2:16¼.

In the second heat at the three-quarters Directum had a clear lead of four lengths. Saladin then again began his wonderful rushing in the stretch, and got within a length of the leader, when he broke, and Directum won the second heat by two and a half lengths. Time 2:13¼.

At the first trial for the third heat, Directum at once went out to make the pace. Half a length at the lower end and by a length and a half at the quarter. Going to the half Saladin held his own, but was unsteady, allowing Directum to win by two lengths. Time, 2:11¼.

Saladin attempted to overhaul the Western Cyclone in the last heat, but Directum was moving as evenly as a machine and won by three and a half lengths. The winner did not make a skip during the entire race. Time, 2:13.

To Prevent Conviction.

CHICAGO, Nov. 27.—The trial of ex-Detective Dan Coughlin was abruptly suspended this morning, the state's attorney having received information to the effect that one of the jurors got on the panel in the interest of the defendant, and for the purpose of preventing conviction. Several detectives were hastily put on the case.

Application for a Divorce.

NEW YORK, Nov. 27.—A Paris dispatch to the *Herald* says: Princess Colonna, daughter of Mrs. John W. Mackay, has applied for a legal separation from Prince Ferdinand Galatia Colonna, and for the custody of her three children.

THE TARIFF BILL.

Democrats Pleased, but Republicans Decline to Express an Opinion.

WASHINGTON, Nov. 27.—The meeting of the ways and means committee was very brief. All the Democratic members were on hand, but the only Republican members present were Reed, Burrows, Hopkins, Payne and Dalzell.

Immediately after roll call Chairman Wilson spread the bill before the committee and the clerk instantly thereafter supplied it to the members of the press on the outside. The only advance copy furnished was the one given to a White House messenger half an hour previous for transmission to the President.

No business was transacted by the committee. The Republican members were supplied with copies of the bill, a few jocular remarks being made, and the committee adjourned to give time to the committee to examine the measure.

Most of the Republican members declined to express any opinion on the bill until they should have opportunity to examine it in detail. The Democratic members expressed themselves as highly pleased with the bill, regarding it as directly in line with the party platform and pledges.

Twenty-six Miles an Hour.

SANTA BARBARA, Cal., Nov. 27.—The cruiser Olympia made a run of thirty miles, including thirteen at the rate of 23.29 per hour and for a shorter distance twenty-six, in a heavy fog.

Dead.

ADRIAN, Mich., Nov. 27.—Ex-Congressman Nathaniel Bust Eldredge died today. He served through the war in the Thirteenth Michigan as lieutenant-colonel, and was elected to Congress in 1884 and re-elected in 1886.

FOREIGN NEWS BY WIRE.

Chancellor Caprivi Receives an Infernal Machine.

The Tariff Bill.—Para Revolution.—Denials from Rome.—Sarasin's Choice for Minister.

BERLIN, Nov. 27.—It transpired today that Chancellor Von Caprivi yesterday received a small wooden box from Orleans, handed to the chancellor's aide-de-camp, who, becoming suspicious, examined it and found it to contain an infernal machine. Another report says the whole affair was the work of a practical joker, and the box only contained sawdust.

LONDON, Nov. 27.—A dispatch to the *Daily News* from Berlin says: A box containing an infernal machine was received by Chancellor Von Caprivi, accompanied by a letter, dated Orleans, November 23rd. The letter stated that the box contained a sample of wonderful radish seed. In attempting to open the box, Major Edmayer noticed grains of gun powder falling out of it. This made him suspicious that the box contained a bomb and he called a police expert. They found in the interior of the box a hammer, which was kept down by a band of india rubber. The hammer was so arranged that if the box was opened in the ordinary way it would strike the cap of a nitro-glycerine cartridge. The cartridge was the length of a finger. The whole thing was skillfully made.

Wants Perier for Prime Minister.

LONDON, Nov. 27.—A correspondent of the daily *News* from Paris says: President Carnot is very desirous that Casimir Perier should become prime minister owing to the general respect and confidence in which he is held. Besides this he is known to be backed by a majority in the chamber of upwards of 300 members. Nevertheless it is doubtful whether so large a majority would remain faithful to the central ministry.

IT SUITS ENGLAND.

Must Not Enquire too Closely Into the Motives.

LONDON, Nov. 27.—The *Daily News* says: By early condoling to the public, President Cleveland replies to the rebuffs which his party received in the autumn elections. The new tariff bill fulfils to some extent the Democratic idea of tariff for revenue. The reductions proposed in the bill are certainly less than expected by the [illegible] [illegible] in trade.

The *Standard* says: Chairman Wilson's proposals are not intended primarily, if at all, for the benefit of foreign producers, but it will be a fruit of England's enterprise and industry if we derive no benefit. If the McKinley tariff damaged American trade and industry it also dealt a heavy blow to English industry, so we may cordially welcome a reversion to a more honest and reasonable policy without inquiring too narrowly into the motives which helped produce the change.

Whether the bill will achieve for American manufacturers all the advantages which its projectors anticipate remains to be seen, but it will, at any rate, serve to clear the ground of later disputes.

Two Formal Denials.

ROME, Nov. 27.—The Vatican has formally denied the report that Mgr. Satolli is to be made a cardinal and that his successor as papal delegate to the United States has been named. The Vatican also denies that there is any truth in the alarming report circulated about the pope's health.

A papal encyclical will be issued tonight on skepticism regarding the Bible. The encyclical contains instructions with a view to establish the authenticity of the Bible by a study of ancient languages, monuments and modern science.

PARA REVOLTED.

Ships and Artillery Have Joined in the Revolution.

LONDON, Nov. 27.—The *Times* has received from a trustworthy source in Pernambuco a telegram saying that Para revolted yesterday against the government and that ships and artillery on shore had joined the insurgents. A rebellion also now exists in the northern, southern and Rio Grande do Sul provinces. The dispatch also says it is believed the government is seriously crippled financially.
