WARM COLD HEARTHS.

One Hundred Tons of Coal Given by Z. C. M. I. to the City's Needy Poor.

DISTRIBUTED BY DIRECTION OF BISHOPS.

An Exhibition of True Religion—All Worthy Persons, Irrespective of Church or Creed, Remembered.

The practical application of charity is always appreciated, but never more than at this time of the year when winters cold and want make known their power in the homes of the poor. Not every evaporation or person which has the ability and the otherwise to relieve distress is willing to do so. Fortunately, however, there are some willing workers every year and in every city of the land. This fact is given force by a generous donation of one hundred tons of coal to the worthy poor of Salt Lake by Z. C. M. I. The donation has had a prosperous birth and is destined to live the coming many years, to be extend or wane, according to its prosperity. Will and is the day goes on, through its general manager, Cannon Welles, and W. S. Pierce, President Bishop of the Church, this letter:

"Dear Sir—I have the pleasure to inform you that at a meeting of our directors yesterday, it was unanimously decided to give to the poor of this city one hundred tons of coal. We should be very much pleased if you would arrange to distribute this fuel among such of your poor as you may consider proper, and we shall be very much obliged if you would let us know the name of the party to whom we may address our bills.

"We feel that we are doing a good work in this, and we shall be glad to receive a helping hand in our end all who are so disposed. Let some one for the city and county, I wish very truly,

THOMAS G. WEBBER."

Later Bishop Preston also received this letter from Superintendent Webber:

"Dear Sir—We have arranged with the Green Creek Coal company to deliver to your order one hundred tons of Scranton, screened Green Creek, lump, nut. This coal will be delivered by the agent's teams to the various parties mentioned by you. For the purpose, it will be necessary to furnish Mr. Archer Wheler, secretary of the company, at the President's office, a list of the street addresses of the parties in the several wards who are to receive this coal, and the quantities to each. As soon as we receive the order, and the quantities to each, the matter will be attended to promptly.

Yours truly,

THOMAS G. WEBBER."

NO TIME LOST.

Immediately upon receipt of this letter Bishop Preston took steps to carry out the desires of the donors, so that they might be warmed and cheer about heartbreakers that might otherwise be cold and dreary during the wintry season. As a means of distributing the coal he communicated with the Bishops of the twenty-four ecclesiastical wards, also with the Bishop of Brighton ward, and secured from them a statement as to the number of persons in destitute circumstances and were or less dependent upon charity in their respective districts. Upon this an apportionment was made, which resulted in the following distribution:

Wards.	Tons.
First	3
Second	4
Third	3
Fourth	3
Fifth	3
Sixth	3
Seventh	3
Eighth	3
Ninth	3
Tenth	3
Eleventh	3
Twelfth	3
Thirteenth	3
Fourteenth	3
Fifteenth	3
Sixteenth	3
Seventeenth	3
Eighteenth	3
Nineteenth	3
Twentieth	3
Twenty-first	3
Twenty-second	3
Twenty-third	3
Twenty-fourth	3
Brighton	3
Total	100

WHERE MOST OF THE POOR ARE.

These figures differ some considerably with reference to the localities which have the most and least poor. For instance, the basis upon which the Twenty-fourth was made was a total of 50 per capita one and gives the greatest number of needy persons to be found in the Sixteenth ward, which reports having one hundred and fifty-three individuals of this class. The Fourteenth ward with one hundred and forty-three, while the Twenty-fourth is third on the list, with one hundred and thirty-five. The Seventh ward has less than any other, only fourteen persons who are subjects of charity being reported from that district.

Bishop Preston's instructions to the ward Bishops contained Mr. Webber's letter verbatim with this additional information:

"The amount apportioned to your ward is as above stated, which you will obtain this office, not later than Monday evening next (December 19), on which evening I shall be pleased to receive to Whom you wish this coal distributed. The distribution should be made as the poor and needy, regardless of their religious faith, and we suppose in quantities not less than 50 pounds to any family, and 100 pounds to each family. Very truly yours,

W. R. PROWSE."

POOR NOT INCREASING.

In conversation with a "News" man today Bishop Preston said that as in the days of the Savior the poor were present with us, so he noted the fact that in the Church of the Latter-day Saints there should be no one who were not quite as many poor as on other days. He gave as a reason for this fact those who were dependent upon charity and who were able to support themselves if given the means with which to do so. Some have gone to Idaho to go into the country and make a livelihood on the farms upon which they had been placed. This has been one of the best ways to parents whereby it would be done. The great difficulty that had to be encountered with was getting the people to go into the country. For some almost insurmountable reason they preferred to remain in poverty there in town in a district or section remote from the capital, they seemed to have a charm for them and it was not in easy matter to break the spell. Nevertheless it was being broken and progress was being made. The proper course to follow in all practicable cases was to place people where they could and live in their own support, themselves, of course be to very grateful to Z. C. M. I. for the generosity and in this settlement, he will be joined by the recipients of their generous aid.

SPECIAL GIFT TO SIXTEENTH WARDERS.

City Treasurer Morris Presents the Poor of That District With 25 Tons of Coal.

City Treasurer Morris today, following a custom inaugurated by himself eight years ago, presented the poor of his own ward—the Sixteenth—with twenty-five tons of coal. Bishop Kesler and his aids will see to the proper distribution. It cannot be a time more appropriate, for it is now bitter cold and winter comes over the ground and winds sweep over the plains and when the dwellers are at home in their comfortable abodes, the thought of how it will fare to a number of the city who have the misfortune to be poor, the gift was no surprise, as Mr. Morris's generosity is so well established among the people of the ward and the city generally. While he wishes that it should be a secret, Christmas and a merry Christmas and a happy New year will whisper to many a poor family, the time of misery perhaps long that Mr. Morris was the author of the gift, that the coal will be used to warm deserving homes and sustain.

FREIGHT RATES ARE QUIET.

Lack of Consignments Cause Lines to Lie Dormant With Loads.

Usual Flow of January Restoration of Rates is Looked and of Course Will Be Observed.

Railroad freight rates are quieting down to their normal condition. A prominent freight official said this morning that there was nothing to be done in the matter of rates. The reason for this is the lack of any large consignments being moved at the present time, and gave it as his opinion that were any large shipments to come in sight the lines would be drawn and the war pain doubtful.

The usual flow of January restoration of rates of course is looked. Most of the freight agents have received a notice from headquarters continuing these rates for the month of January. Inasmuch as this "binds in their little pony business will continue can be expected to be observed. Of course in the past a history of such agreements in the past.

General Agent Warren of the Santa Fe has received the following letter which speaks for itself.

"Passenger Department, Atchison, Topeka and Santa Fe.

"On Dec. 1st we addressed a circular letter to connecting lines requesting them reflective Dec. 16th, to cease publishing a point rate and over the Santa Fe in connection with the Chicago Great Western.

"We now request that you cancel the said circular and resume the sale of tickets over the Santa Fe as usual.

"Yours truly, GEO. T. NICHOLSON,

"Passenger Traffic Manager."

The Utah and Pacific are having several of their boats over into coal cars, so as to be able to handle their fuel with their own equipment. Until other arrangements are made they will use the coal from the Sterling mines south of Moab.

Word was also received last night from Chief Engineer West, it is learned that the fuel is not interfering to any material extent with the work of track-laying which is going on at the usual rate.

SOON GREW TIRED.

Married Life of Minnie and Alex Davis Only Lasted Two Months.

Minnie H. Walker, whose former name was Nopper, quietly separated before Clerk Blair yesterday afternoon for the purpose of giving her testimony to the divorce suit filed by herself against her husband, Alex D. Walker. The case was referred to Mr. Blair by Judge Hilton on the 17th inst. According to the testimony of Mrs. Walker it appears that she and the defendant intermarried in this city on the 25th of July, 1897. In less than two months afterwards, she said, Walker left her, and has since failed to contribute anything toward her support. Mrs. Walker could give no reason why her husband went away from her. She believed he had reared to live her and volunteered the opinion that he was a man who would never have got married. Walker, it was stated, is now in Spokane, acting as train dispatcher for the Northern Pacific. He was formerly employed by the Rio Grande Western in this city.

Mr. Blair filed his report today, recommending the granting of the decree as prayed for.

Turner Case Dismissed.

The case of Salt Lake City against Fred Turner, charged with assault and battery, in which he had been committed on his wife, was dismissed on motion of the prosecution by Judge Norrie this morning. The case was where the wife refused to prosecute her husband because she had concluded to give him another chance. Turner went to in the "News" a few days ago.

Revival of Two Judgments.

Judge Morrell yesterday, on motion of D. O. Hempstead, attorney for plaintiffs, made an order for the revival of the judgments in the suits brought by the Commercial National Bank against C. E. and Lillian Wandsend. The amount of the judgments aggregate $1,238.75.

Lower Court Sustained.

The Supreme court has affirmed the decision of the lower court in the case of B. B. Clark vs Kirby & Wilson. The suit involved title to a lot in Salt Lake City. The Supreme court has less than any other, only fourteen persons who are subjects of charity be, requested the lower court.

Bishop Preston's instructions to the ward Bishops contained Mr. Webber's letter verbatim with this additional information:

"The amount apportioned to your ward is as above stated, which you will obtain this office, not later than Monday evening next (December 19), on which evening I shall be pleased to receive to Whom you wish this coal distributed. The distribution should be made as the poor and needy, regardless of their religious faith, and we suppose in quantities not less than 50 pounds to any family, and 100 pounds to each family.
