TELEGRAPHIC.

RAILROAD FOR UTAH.

The Albuquerque, Colorado & Pacific is the Name.

WILL BUILD AT AN EARLY DATE.

All Depends Whether the Money Needed for the Enterprise Can be Raised.

DENVER, Nov. 13.—Papers were filed with the secretary of state today incorporating the Albuquerque, Colorado & Pacific railroad. The route proposed for the road is from Albuquerque through the counties of San Juan, Taos, Rio Arriba and Bernalillo in New Mexico, crossing the Colorado near Farmington, and through the counties of La Plata, Montezuma, Dolores, San Miguel, Montrose and Mesa, touching at Durango and Grand Junction, then proceeding in a northwesterly direction through Uintah, Summit, Wasatch and Salt Lake counties in Utah, to Salt Lake City. The course from this point is not definitely known, in the state of Washington.

The directors for the first year are J. W. Hanna, president; W. W. Rosst, vice-president; J. C. Yeaton, secretary; G. W. Wilson, treasurer; E. T. Wells, counsel.

Judge Wells, the corporation's counsel, said this morning that there was a prospect that the road, or at least a part of it, would be built at an early date. "Surveys have already been made," he continued, "for the portion of the proposed line between Albuquerque and Grand Junction, and it is probable that the work of grading will be started in the spring. If the money can be raised the line will be pushed on to Salt Lake and later to the Pacific or to Puget sound.

"Then railroad securities of definite position the stock will be largely increased.

"The route of the line is through one of the most prolific sections in mineral, stock and agriculture in the United States.

Competition for Utah Traffic.

CHICAGO, Nov. 13.—The meeting of the Western freight agents which was held yesterday for the purpose of considering the reduction in rates to Utah made by the Southern Pacific was continued today, but up to a late hour nothing definite had been arranged. It is more than likely that all of the interested lines will reduce rates from Chicago to Utah points, but the matter has not yet been definitely determined. The reductions, if they are made, will be of a warlike nature, as the roads seem to be firmly of the opinion that unless they take radical action of some sort, the Southern Pacific will take all of their Utah traffic away from them.

KNIGHTS OF LABOR.

Address by General Master Workman Sovereign.

WASHINGTON, Nov. 13.—The chief point interest to the meeting of the Knights of Labor today was in the address of General Master Workman Sovereign and General Worthy Foreman Michael J. Bishop. Much of Mr. Sovereign's address was devoted to the alleged treachery of those who needed the revolt against the general officers of the order during the past year.

"Labor is now between the devil and deep sea," he continued. "Capital has monopolized the elements of production and labor is in competition with itself for the right to live." He censured the action of the bankers' convention held at Atlanta. He said:

"After carefully reviewing the wreck and ruin wrought by the money power and the designs of the sound money state which propose bonds and trading gold for the solution of the labor question, I issued a boycott on the issue of national banks and if I were to die tomorrow I would declare it the most righteous act of my life. It exposed the unsound money of the sound money advocates, threw plutocracy on the defensive and forced the national banks into humiliating concessions of their pinpetuous acts of bad faith with the people, and now I urge this general assembly to indorse that boycott and give it every possible force of official sanction. The conflicts between the working people and the idle holders of idle capital is inevitable. The wealth of the many is gravitating to the few with the increasing ratio, and labor is drifting toward serfdom faster than ever before."

AS TO HAWAII.

President Cleveland Said to Be in Favor of Annexation.

CHICAGO, Nov. 13.—A Washington special to the Times-Herald says: Hawaii may, after all, become a part of the United States, and that within the coming year. Information of a trustworthy nature has been secured concerning the Hawaiian program to be adopted by the friends of annexation during the coming winter. A joint resolution will be introduced either in the House or Senate, requesting the President to negotiate a treaty of annexation with the government of Hawaii. This resolution will have the sanction of the president of Hawaii and of the new Hawaiian minister to this capital, Mr. Hatch, who today arrived in San Francisco en route to Washington. Still more important, it will have the approval of President Cleveland. The resolution, as introduced or amended, will provide that if the President concurs and the government of Hawaii be willing, the scheme of annexation shall include a submission of the question of joining the American Union to the voters of the island.

Holmes Wants a New Trial.

PHILADELPHIA, Nov. 13.—H. H. Holmes, the convicted multi-murderer who was recently convicted of the murder of B. F. Pitzel, today through his counsel filed reasons for a new trial. The grounds laid, which will be argued next Monday, are: That the verdict was against the law and evidence; that the district attorney in his closing speech made statements which relate to other crimes which could not be part of the evidence, and they were of such a terrible nature and their effect on the jury was so adverse to the defendant that it was impossible for them to decide purely upon the evidence in this case; that the district attorney in his closing speech mentioned the death of the children and the finding of their dead bodies in the morgue; that the court erred in allowing Mrs. Pitzel to testify or state what her husband had told her; in not allowing Mrs. Pitzel to testify of her own knowledge to the doings and troubles of her husband in Terre Haute, Ind.; in allowing the testimony of Mrs. Pitzel relating to the bottle of nitro-glycerine; in ruling that the defendant's wife was a competent witness; allowing evidence of the wreckouts of the children and finding their bodies in Toronto; in permitting jurors to enter the box upon their statement that they had formed or expressed an opinion regarding the guilt or innocence of the defendant; in charging the jury by giving undue prominence favorable to the commonwealth and not sufficient prominence to the evidence favorable to the prisoner.

WILD RUMORS FROM TURKEY

Anxiety at Washington for the Safety of Americans.

Massacres of Christians Ordered From the Palace at Constantinople—Cities in the Interior Destroyed.

WASHINGTON, Nov. 13.—Disquieting rumors regarding the security of the Christian teachers in Turkey between Trebizondahi Erzerum were about the state department today, but the officials refused to allay the popular apprehension. There is ground for the belief that the department has heard from Minister Terrell today, and that his advices, while showing that a perilous state of affairs confronts the American missionaries and teachers in that section, do not state that actual murders have been reported to him. The navy department also has a most energetic officer as near to the seat of the rumored trouble as a warship can get, in the person of Captain O'Neill of the Marblehead, and up to the close of office hours he had made no report of a massacre, as he would undoubtedly have done had the news reached him. The nearest state department representative is United States Consul Jewett at Hivre, but he also has been silent. For the very reason that this section of Turkey, including important and inflaming, has all along been without any consular officer representing the United States, Congress at its last session provided for the establishment of two consulates therein, one at Erzerum and another at Harpoot.

BERLIN, Nov. 13.—A dispatch to the Cologne Gazette from Constantinople says all the Armenian Christian teachers in the Trebizond and European districts have been killed.

LONDON, Nov. 13.—The Constantinople correspondent of the Times says: "The effect of the moratorium on commercial affairs has been anything but beneficial. It was essentially an imperial ordinance, suggested to the sultan by interested parties as a measure calculated to calm public excitement and so insure his majesty's safety. The sultan had never before heard of a moratorium but the Turkish fancy quickly takes in any idea concerning the non-payment of debts, and the sultan was prompt to realize its soothing effect. The authors of the idea obtained their wish, and the intermediary pocketed a handsome reward.

LONDON, Nov. 13.—The Vienna correspondent of the Standard says that the foreign ambassadors possess ample evidence that the palace clique of Constantinople issued orders to the effect that the troops and police should only fire upon Armenians, no matter who the aggressors were. Observers of political events at Constantinople have noted that all the imperial princes are now living at Yildiz, Kiosklin.

The Daily News this morning prints a dispatch from Odessa to the effect that it has been officially announced there that the commander in chief of the Caucasian army and the admiral of the Black Sea have definite instructions from St. Petersburg advising them what course to pursue in the event of a disruption of the Ottoman empire.

A dispatch to the Daily News from Constantinople says that a witness of the Erzerroum massacre confirms the statement made regarding the prearranged nature of the outrageous. He asserts that a bugle was sounded before the soldiers commenced their murderous work throughout the city. At first the Turkish troops refrained from injuring women and children but these bounds were passed. Four hundred refugees were sheltered at the governor's house and fifty Armenians concealed themselves in the houses of the Europeans. Two hundred and four horribly mutilated corpses have been collected in the Armenian quarter, and the pounding went on at a wholesale rate, according to the accounts of this witness, who adds:

"I heard of acts of the basest treachery. The next day passed quietly, but on the following day the massacre was resumed. Thirty-six bodies were collected, and nearly all had bullet, sword and bayonet wounds. I saw the bodies of several women who died in defense of their honor. Some of the bodies had been skinned, other bodies had been partly burned through the use of petroleum.

"Many women are missing, and it is supposed they were carried off by the Turks."

Writing again on the following day, the eye-witness said: "The wounded are now being collected at the Catholic and Armenian schools, and assistance has been offered by the American missions. The work of the massacre has been most deadly. A soldier tells me that the orders for the killing of the Armenians were given by the Porte. Persian travelers arrived today report that Pasnun and Fizin have also been destroyed."

The first report received from this European eye-witness also says that 521 bodies were buried in the Armenian cemetery that day.

Gold in Alaska.

WASHINGTON, Nov. 13.—Benjamin P. Moore, collector of customs at Sitka, Alaska, has forwarded to the treasury department a report from Deputy Collector McNair, of Circle City, Alaska, on Yukon river, about eighty miles above Birch creek, in which he states that after talking with almost every miner who came in from the Birch creek mining district, he is of the opinion that the amount of gold dust and nuggets taken out this summer will reach $600,000. The land, he says, flows with whisky, and as many claim owners and most laborers are alone, he thinks a company of United States troops should be stationed at Circle City. The town now has 125 dwellings, fifteen saloons, three stores, an opera house, etc.

LORD DUNRAVEN AGAIN.

His Conduct Discussed by English Papers.

LONDON, Nov. 13.—Under the heading "Should Dunraven Apologize?" the St. James Gazette this afternoon publishes a leading article, in which it again severely criticises his lordship. It says: "Lord Dunraven arrived in New York with the preconceived idea that the 'Defender' people were going to play this trick upon him, and having expected it was going to be done, he found no easy way to convince himself."

The article concludes: "Let Lord Dunraven return to New York and assist the New York Yacht club in its investigation. If he can prove it, we know the Americans well enough to believe that they will acknowledge he has been wronged. If he does not prove it, the accuser owes Mr. Iselin and others a very handsome apology. Otherwise we are afraid that most people will think that temper and mortification betrayed him in behaving rather badly."

The Yachting World says that British yachtsmen "will want more than merely idle assertions before they disbelieve Lord Dunraven," and adds: "The whole history of the cup contests is one of jugglery upon the part of the Americans, who are not the best of sportsmen."

The Press Association this evening sent out the following paragraph: "Lord Dunraven declines to see any premium with reference to his temper and to notice in any way the attacks provoked thereby. He absolutely adheres to all the statements contained therein."

The Yachtsman severely criticises Lord Dunraven's isolated charges, but points out that he has made no accusation against the New York Yacht club, and adds: "It should be observed that at least thirteen tons dead weight is required to bring Defender down four inches, and such a weight is not easily shipped or reshipped without notice."

Josephite College at Lamoni.

LAMONI, Ia., Nov. 13.—The Reorganized Church of Jesus Christ of Latter-day Saints laid the corner stone of their college today. Bishop E. L. Kelly was master of ceremonies. Elder Joseph Smith made a comprehensive address, setting forth the object of the institution, declaring it to be for general educational purposes and strictly non-sectarian in character.

JAPAN WILL BUILD SHIPS.

Two Hundred Million Dollars to Be Spent on the Fleet.

SAN FRANCISCO, Nov. 13.—Although Japanese officials have denied that the Mikado will spend $200,000,000 in warships, it is reported in advices by the steamer Coptic today that ten vessels are to be built abroad, and that possibly the orders for them will be equally divided among the shipbuilders of England, France, Germany, Italy and the United States.

Count Ozuma is in favor of such a distribution of prizes, and says in relation to orders for men-of-war from abroad that it would be advisable to give the contracts to any country that is capable of constructing good vessels of new style, without limiting the orders to any one in particular. Leaving aside England and France, which are known as marine powers, the country should pay regard to Italy, although her shipbuilding capacities are not much known to Japanese. She is the power which originated the idea of building men-of-war of 10,000 tons and thus commenced a new era in the construction of war vessels.

Count Ozuma further says next we should look to the United States. The excellence of her iron work, the stability of the men-of-war built by her and the richness in scientific design are not only what Americans are proud of, but even the old countries of Europe recognize these facts. Moreover, as the United States is our best customer in trade, and as her friendship is warm, she is also a power to whom contracts should be given. Besides these two countries are England, France and Germany, which each boast of their specialty. So that if ten ships are to be built abroad and the orders are equally distributed among these five powers, two to each, it would arouse competition between them and result in the empire's interest.

Express Robbers Escape.

DENVER, Nov. 13.—A special to the News from Colorado Springs, Colo., says: The Wells Fargo express robbers have not yet been captured, and it is now considered doubtful if there is a really good clue of any kind.

It is said that William Pinkerton is en route here from Chicago to take charge of the hunt.

Duke and Duchess at a Show.

NEW YORK, Nov. 13.—The Duke and Duchess of Marlborough were among the guest at the horse show tonight. They arrived at Madison Square garden at 9 o'clock and were the observed of all observers. The scene in the garden when they arrived was more brilliant than at any time during the show.

Thinks Kunitz was the Murderer.

ST. LOUIS, Nov. 13.—A special to the Republic from Fort Worth, Tex., says: Mrs. Caroline Mann, of Fort Worth, who was murdered in Laredo, has a son here, Mr. Arke Herold, in prosperous circumstances. He thinks the real name of the man who killed himself, after killing Mrs. Mann and his niece, not daughter, as the dispatches had it, is Kuntz, who was an admirer of Mrs. Mann. Herold's father was a German nobleman, and the child who was murdered with his mother was the daughter of her stepdaughter. Herold left for Laredo last night to attend the interment of his mother. When she left here she had over $2,000 in money, and visited Dallas and Houston. From the latter place he had a letter, in which she stated she might go to Laredo.

CITES SUSPECTED OF MURDER.

No More Trouble to Anticipated, Says the Indian Agent.

DENVER, Colo., Nov. 13.—A special to the News from Stanton, Colo., says: Your correspondent has just returned from the scene of the killing of the two Ute Indians, about seven miles north of Mayvale. The Utes are under charge of Sheriff Joe Smith and Chief Severo, accompanied by Coroner Stout and jury. One of the Indians, Tau Mayo, was shot in the right ear, the ball coming out of the left and lodging in his nail. Ungeron, the other, was shot through the chest, the ball going clear through. They have been dead at least ten days. A squaw was with them, but she is still missing. The bodies were found in a tepee on Chicken creek, and were certainly killed by other Indians, presumably Utes, as the remnants of two close-by camps were not stirred.

Suspicion points to Juan Tobias, the Indian who took the news to Agent Day at Ignacio, as knowing more about the affair than he has yet told. Chief Severo and Indians buried the bodies where they were found, and the coroner's jury is yet in session. Juan Tobias will be examined tomorrow and he may let out the secret of the murder.

Severo and Indians are satisfied that Indians committed the deed, therefore, no trouble will occur.

Indian Agent Bandlette has wired Gov. McIntire that the Ute Indians who were slaughtering game in Routt and Rio Blanco counties have gone back to their reservations, and no more trouble is anticipated. Major Randlette indignantly denies the charge that he encouraged the red men in their depredations.

Arrangements for a Horse Show.

SAN FRANCISCO, Cal., Nov. 13.—Arrangements are now well under way for the second big horse show, which opens in this city November 18. The exhibit will be continued for five days, and each afternoon and evening an elaborate program will be carried out.

Cleveland's Renomination.

PITTSBURG, Nov. 13.—Vice President Stevenson passed through Pittsburg last night on his way home to Bloomington, Ill. He thought the recent Republican victories would not affect the Democratic chances next year. He said that President Cleveland will be accorded a renomination if he wants it.

ANTI-SEMITE RIOTING.

Vienna Adheres to Her Choice for the Jew-Baiter.

VIENNA, Nov. 13.—Dr. Lueger, the anti-Semite leader of the Reichsrath who was re-elected burgomaster of this city October 29 and whose election Emperor Francis Joseph refused to sanction, was again re-elected burgomaster today in accordance with his announced intention of having himself elected over and over until the government gives its approval. Dr. Fruhin, president of the imperial council, appointed to administer the municipal affairs of the city on account of the abolition of the municipal body, announced on behalf of the lieutenant governor the dissolution of the civic council. The members then quitted the hall amid great applause and were greeted with tremendous cheers from the crowd. The police were eventually compelled to disperse the gathering. A mob of about 100 afterwards proceeded to the imperial Hofburg, the palace of the Austrian princes since the thirteenth century, shouting, "Long live Lueger." The police stopped the main entry, but some succeeded in forcing their way into the palace grounds, from which they were eventually ejected by the life guards.

Missionaries for Asia.

NASHVILLE, Tenn., Nov. 13.—The executive committee for foreign missions of the Presbyterian church in the South met in this city and decided to send at once to China as missionary Rev. W. B. Harrison, of Kentucky, and to China Miss Jane M. Rice, of Florida, and Miss Eliza Emerson, of Virginia.

In Memory of Manchester "Martyrs."

CHICAGO, Nov. 13.—Arrangements are nearly complete for the twenty-eighth anniversary of the death of the Manchester Irish martyrs, Allen, Larkin and O'Brien, which will be celebrated in Central Music Hall, Saturday evening, November 23rd, under the auspices of the Irish National league of Chicago.

It will differ from the celebrations of others in many respects, and those having charge of the affair assert it will be more interesting and its results will be far more lasting than the meetings heretofore.

BRIEF TELEGRAMS.

President Cleveland and Secretary Herbert returned from New York yesterday.

Phillip Townsend & Co.'s nail factory, Philadelphia, burned yesterday. Loss $150,000.

The Turkish embassy in Paris has communicated to the French press a protest against the alleged misstatements in the newspapers regarding Turkey.

A stockbroker defaulted in Glasgow yesterday and other defalcations are expected as a result of today's settlement.

Right Arm Paralyzed!

Saved from St. Vitus Dance.

"Our daughter, Blanche, now fifteen years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. We feared St. Vitus dance, and tried the best physicians with no benefit. She began taking three bottles of Dr. Miles' Nervine and has gained 31 pounds. Her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and has recovered complete use of her arm. Her improvement is splendid."

MRS. R. S. SCHLICK, Brooklyn, N. Y.

Dr. Miles' Nervine Cures.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at $1 a bottle, or address, postpaid, on receipt of price, by the Dr. Miles Medical Co., Elkhart, Ind.

For sale by all druggists.

ALL OF THE WORLD'S.

THE RISING SUN STOVE POLISH is unlike the general blacking of a stove.

THE SUN PASTE POLISH is a black paste, which shines and polishes and rubbed with a cloth.
