MINING, BUSINESS AND STOCKS

SALT LAKE WILL GET THE TEMPLE

Governor Appoints Delegates to American Mining Congress.

LITTLE DOUBT OF SUCCESS

John E. DuBois and Charles C. North To Represent Utah at Pittsburg Meeting.

History repeats itself in matters appertaining to mining as well as to other affairs, and this has been amply demonstrated by the attitude assumed by Denver regarding the erection of the proposed mining temple there.

In 1904 there was something of a contest between Salt Lake and Denver to secure the site for the temple, and the city council here offered a $30,000 site, in good faith, looking to secure the building for this city. Denver, at that time, however, came to the front with many large promises, regarding the raising of funds for the erection and maintaining of the temple and the award followed these promises.

The promises were as far as the matter ever went, however, and now, once more the Queen city of the plains has failed to make good, and has at last said, in so many words, that she don't want it.

Considering all these things, and the fact that Salt Lake does want the temple, Governor Cutler has appointed John E. DuBois and Charles G. North, two well known mining men, and investors, to represent the state at the American Mining congress to be convened at Pittsburg next month. These gentlemen will be given instructions to do everything in their power to secure the temple for Salt Lake, and, as this city is recognized as the logical place for it, there is now no longer much doubt that it will come here.

THE OPENING MARKET.

This morning's session of the stock exchange opened with a fair volume of business for the first day's trading of the week, prices remaining firm since the closing, Saturday noon. There were no advances, but the fact that there were no perceptable depreciations is a very satisfactory condition. While the transactions were not many, those that were recorded were for large enough amounts to offset many smaller sales.

CURB LIVELIER THIS MORNING.

More Sales Recorded at Opening Than Saturday.

Among the unlisted stocks, this morning's business on the exchange was much better than ot the closing Saturday, both as regards prices and the business transacted in volume.

Silver King Colation was offered at $5 but no sales resulted. Ohio Copper opend with a bid of $5 and sold at $5.10 Bingham Central Standard was offered at 34 but sold at 32; 1-2 was bid for East Crown Point but there was no offering. Uinta Treasure Hill sold at 23 and Bingham Central at 16 and 17. Old American was offered at 21.

THE SCOTTISH CHIEF.

Timid Stockholders Reassured by Engineer's Report.

Timid ones among the stockholders of the Scottish Chief can take comfort from the report submitted to the directors meeting of that company Saturday afternoon by Engineer J. W. Wade, who heartily endorses the plans of the present management, and approves the driving of the long tunnel about which, and its expense, some little fear has been entertained by the more cautious ones.

The officers elected at the annual meeting, are: Frank Harris, president, Ernest A. Tripp, vice president, Hugh Park, secretary and treasurer. F. T. Kegler, H. L. Hood, C. M. Dupont and Carl Schied, directors.

COLORADO CUTS PRODUCTION.

Because the smelter is to treat ores other than those from the Knight properties, it is stated that the Colorado will be forced to curtail its output for a time, but the statement is also made that a sufficient tonnage will be maintained at the smelter to carry the eight cent dividend now being paid.

COAL MINE CRITICISED.

An echo of the Hana mine disaster of last March, is found in the criticism of Mrs. B. Evans, the widow of one of the victims of the Rawlins horrors, who charges the Union Pacific Coal company with unfair methods in dealing with the settlements of the families of the dead miners.

Mrs. Evans says that after the disaster in the mine, when so many miners lost their lives, the company provided the distressed families with supplies from the company store during three months, without charge, and now at the time of settlement with them, for the loss sustained by death, is attempting to withhold the amounts of the supply bills.

IRON BLOSSOM SHIPMENTS.

Announcement is made that the Iron Blossom of the Tintic district is now shipping 150 tons of ore daily from the recent strike of silver ore on the 400-foot level of the older workings. Sinking is now in progress on that level, where it is said there is from 15 to 20 feet of ore that will show a return of about 100 ounces of silver.

MANHATTAN GROUP LEASED.

The Manhattan group of claims of Eureka, close neighbors of the Bullion Beck and Gemini, have passed by lease to the National Development company, holding syndicate of the Snyder brothers. Although the bond, in the transaction has not been made public, it is understood that it covers a substantial amount, and that under the terms of the lease development work is to start at once and on a good scale. It is the belief among many that the old Manhattan group will be found the dividend payers within the year.

SENATOR SMOOT'S PLEDGE.

Senator Reed Smoot has wired the committee representing the mine owners of Bingham, which has been circulating a petition protesting agains the taking of the tariff off of lead, that he will use every means within his power to retain the tariff where it is. This message was received this morning and now the entir Utah delegation in Congress has gone on record as being ready to back up the mining interests of the county in this important matter.

CONCENTRATES.

The auditor's report of the Elk Coal company is out, and contains much of interest to the stockholders of that concern. Its affairs are shown to be in a most satisfactory conditions, and a high tribute is paid to those who have had its affairs in direct charge.

H. Kenyon Burch mechanical engineer for the Miami Copper company, of Globe, Arizona, who is to have charge of the erection of the new mill that company is shortly to erect at Miami, is at present a visitor at Garfield, where he is studying practical conditions as they exist there.

MARKET ONLY STEADY AND DULL

New York, Nov. 13.—All stocks started the week at lower prices, the decline outrunning the earlier tendency in London.

A recovery set in almost immediately but there was little inquiry for stocks after they had got back to last week's closing.

With the working off of selling orders prices moved upwards, the traders turning to the long side. Consolidated Gas rose 3¼, Tennessee Copper 2¼, Wisconsin Central 1¾, the Harriman and Hill Pacifics and Canadian Pacific 1. The market was easier at noon.

Bonds were irregular.

Subsidence of the demand at the higher prices gave a chance for the selling interest to carry prices down slightly, although dealings were light.

The market closedy steady and dull. The languor of the demand on the recovery from the excited selling of stock and prices were carried back to below Saturday's close but fell down to the opening level. There was some slight betterment of prices in the final dealings.

BELLE GUNNESS LETTER.

Atty. Worden Making on Effort to Identify Person Who Sent It.

Laporte, Ind., Nov. 23.—Efforts are making to learn the identity of the person who sent to Atty. Worden today from Michigan City a letter signed "Mrs. Belle Gunness," and according to it Mrs. Gunness would be found at a Michigan City address given in the letter. The communication concluded as follows:

"If you attempt to have me arrested I will kill you. Come at 10:30 o'clock. Come at once. Call for Mrs. McConnell."

The defense in the trial of Ray Rampher for the alleged murder of Mrs. Gunness and her three children began today the introduction of the final bits of evidence in behalf of the prisoner, the explanation being that the defense would rest its case tonight.

PRODUCE.

CHICAGO.

Chicago, Nov. 23.—Official predictions of rain for many sections of the winter wheat belt induced considerable selling of wheat today on the local exchange by pit traders, which resulted in a heavy tone. The weakness was accentuated by a heavy movement in the northwest and by lower prices at Liverpool. December opened ⅝ to ¾ lower at 1.06⅝ to 1.06¾ and sold at 1.03½.

Corn was strong owing to buying by shorts based on wet weather in the corn belt which will probably interfere with the movement of the new crop. December opened unchanged to ½ higher at 63⅝ to 64⅛, and for a time held within that range.

Pit traders and commission houses were fair buyers of oats owing to the strength of corn. The market was stead. December opened unchanged at 49⅝ and sold at 49⅝@49½.

Provisions were firm because of a 5 to 10c. advance in live hogs and owing to the strength in corn. Prices at the opening were 2½ to 15c. higher.

Sentiment in the pit was bearish all day. The low point for December was touched at 1.03⅝. The market closed weak with December off ½@⅝ at 1.03½@1.03⅝.

Corn—Nov., and Dec., 64⅛; May, 63⅛@ session, the top price on December being 64⅛. The close strong with December up ½ at 64⅛.

Wheat—Dec., 1.03½@1.03⅝; May, 1.07½; July, 1.01½@1.02⅞.

Corn—ov. and Dec., 64⅛; May, 63⅛@63¼; July, 62⅝; Sept., 62½@62⅝.

WEATHER REPORT

It is uncertain weather today with heavy rains along the California coast, and a low barometric area descending from the northwest, so that cloudy skies prevail here and are likely to continue tomorrow. The barometric pressure is above normal over the south Pacific and the Atlantic states and Manitoba. Over British northwest territory and Kansas the air pressure is low. These conditions have caused showers over portions of Utah, California, Idaho Washington, Oregon, Missouri, Arkansas, Illinois and Michigan. Rain is reported this morning at Spokane, Little Rock, Chicago, Sault Ste. Marie and a thunderstorm at Little Rock. The lowest temperature at time of observation is 20 degrees at Modena, Utah.

High temperatures for this time of year obtain all over the country.

Record at the local office, United States weather bureau, for 24 hours ending at 6 a. m. today:
