Lee Wood, the lad who was convicted of complicity in the crime, was committed to the State Industrial school until he attains his majority. He is now 15 years old, so that he will be in the reformatory will be three years unless good behavior shall release him sooner.

Farnes Not Guilty.

The jury in the forgery case against E. L. Farnes came into the criminal court at 10 o'clock this morning and delivered a verdict of not guilty.

The offense alleged against the young man is bound up in the story of Ebenezer Farnes, who says that he and Dominguez he purchased a ticket over the Union Pacific at Huntington, Oregon, are theirs. He met the missing bound portion of the ticket in Salt Lake and presented it to the agent in the Union Pacific office, which he delivered to Agent Spencer of the Union Pacific upon returning to this city. Mr. Spencer was to send Mr. Farnes a receipt, consisting of the railway company for $15.40 for the unused portion of the ticket. In March of this year the check was sent to Ebenezer Farnes by mail, and he claims that the enclosure in this case called of the pencilled and secured the letter, signed the name of E. Farnes to the second check and cashed it at the uptown office of the railroad company.

This is Ebenezer Farnes's personal version, but all the statements therein contained did not appear in the testimony in the case during the trial. The jury's verdict was a very welcome announcement to young Farnes, who was congratulated by many of the court employes and some of the jurymen.
