OUR CUBAN POLICY.

President Cleveland Says No Change is Contemplated.

IF CUBA EVER BECOMES FREE

It Will Be Without Any Intervention, Other Than Amicable, by the United States.

WASHINGTON, D. C., Oct. 20.—It can be stated on good authority that there has been no change in the general policy of the government with respect to Cuba, nor is any contemplated.

As is well known, the sympathies of the administration as individuals are in a great measure with the Insurgents, but it they gain their independence it will be without any intervention other than amicable, on the part of Mr. Cleveland. From the inception of the present difficulties in Cuba the administration has used all reasonable diligence to prevent the filibustering in this country of hostile expeditions against the Spanish authority in Cuba, and this will still be done. The government has taken this course for the purpose of showing to the world that international law is held sacred by the United States and also for the purpose of making it impossible for Spain to successfully prosecute any claim against the United States for damages growing out of filibustering expeditions, as might be the case were the officials less alert in preventing such expeditions and in prosecuting offenders. It can be stated, also, that the sending of the revenue cutter Winslow to sea with sealed orders has no special significance whatever beyond the purpose of the treasury department officials to keep secret from Cuban spies the movements of the revenue fleet. Historic insurgent agents in this country, through Cuban sympathizers, have managed to secure all necessary information regarding any contemplated movement, even in advance of our own officers, and as a result, the purposes of the government have been defeated. This has occurred so often the officials have determined to stop it so far as possible, by seeing under others to the capacity of revenue cutters, which orders are not to be opened until well at sea.

QUIET DIVORCE PROCEEDINGS.

A Daughter of Blaine Separated from Her Husband.

BOSTON, Oct. 20.—A special to the Journal from Augusta, Me., says: Harriet Blaine Beale, wife her attorney, Louis C. Cornish of Augusta, appeared quietly before Judge Walton of the supreme court this afternoon. Mrs. Beale sets forth divorce from her husband, Truxton Beale, Mr. Cornish made a brief talk, and the divorce was decreed. The libellant prayed for the custody of a minor child, Walker Blaine Beale, aged 6 months, and waived all claim for dower or alimony.

The libel is informal, showing that the process was served on Beale in Washington, October 3rd, and no opposition to it is made by the libelee.

WATSON'S ULTIMATUM.

He May Yet Create the Political Sensation of the Campaign.

CHICAGO, Oct. 20.—George F. Washburn of the Populist national executive committee, arrived here unexpectedly this evening from Georgia, where he had been to see Mr. Watson. He had been in consultation with Mr. Watson. It is stated on good authority that Mr. Washburn returned to confer for the purpose of calling on Chairman Jones of the Democratic national committee and to place before him in the form of an ultimatum two of three propositions from Mr. Watson looking to the latter's nomination on the Democratic ticket in the Empire state. It is stated that Mr. Watson is prepared in the event of Mr. Jones's refusal to take a position which would be sufficient excuse for refusing a nomination or general endorsement if they had reason to believe that such nomination or endorsement was desired or intended by any of their subordinate officers or employes and took no steps to investigate and dispose of it.

The Democratic national committee is in the free exercise of its rights, it is the constitutional right of every local party to vote as he pleases. Any interference with this fundamental right of the citizen by a court would be a high crime, deserving impeachment, and any attempt of the south or anywhere else to coerce other employes of the court to vote otherwise than according to their own judgment and free choice, by threats of discharging them from the service of the court, or by the use of any other illegal means, would merit and would receive instant impeachment from the service of the south, and without regard to the result or position. HENRY C. CALDWELL, United States Judge, Eight Judicial District.

Hearst's Denial.

ANACONDA, Mont., Oct. 20.—In a speech amounting almost to a denial, delivered to Salt Lake and elsewhere, October 16th, while Chairman Hearst of the Colorado silver Republican committee is quoted as saying that he had received a letter that some Jim J. B. Hagerty of the Anaconda Mining company, stating that $100,000 would be subscribed against the silver ticket, The Colorado was received in this city today.

New York, Oct. 20.—Marcus Daly, Anaconda, Mont.—It is not true that Chairman Hearst of the silver Republican committee or anyone else has received from me or from the Anaconda company a letter saying that $100,000 or any other sum will be available against Teller. Please contradict all such statements. J. B. HAGERTY.

Hearst Declared U. S. Senator.

MONTPELIER, Vt., Oct. 20.—Justin S. Morrill of Strafford was re-elected United States senator from Vermont this afternoon. In the Senate no other name was presented and Senator Morrill received the entire thirty votes. In the House Mr. Morrill received 213 votes and Mr. Herbert F. Brigham of Bakersfield, Democratic candidate, received 11. In the joint assembly tomorrow afternoon Senator Morrill's election will be formally made.

The income paid to Senator Morrill by the entire state today is an incident or more least interest. When, on the 4th of March next, he is formally inducted into the office which he has held for forty years, he will remember a term which bids fair to break all records of membership in the national Senate.

Mr. Morrill is 86 years of age.

ARMENIAN IMMIGRANTS.

Consul Lead Claims They are a Desirable Class.

NEW YORK, Oct. 20.—Commander Booth-Tucker appeared before the board of inquiry at Ellis Island today to plead for the admission of the 157 Armenian refugees detained there pending a decision as to their desirability as immigrants.

Dr. Neumann defined the position of the government in the matter as follows: "We want silver lining people to come here and compete with our American workmen. I explained that we don't. Now any Armenian or any other class. A Hungarian, a Pole, an Italian, a Jew, they are welcome as to their merits as individuals and not as a class.

"If they are eligible, then they will be admitted the same as any other desirable persons. Before we can admit these people that the Hebrew and other philanthropists want them, we must have some substantial guarantee to the people of Boston that the people so admitted will not become a charge upon the country.

"The workmen of Massachusetts have complained very much about the immigrants from Armenia during the past few years. It is claimed that they have lowered the standard of wages in some industries, and especially in the shoe trade. Some manufacturers, they say, have even gone so far as to employ none but Armenians."

PROMISES TO LAUGHERS.

Cuban Hanna and Jones Will Help the Printers.

COLORADO SPRINGS, Colo., Oct. 20.—Mark Hanna today telegraphed the officers of the International Typographical union, who are still detained here, that he would do all in his power to bring the printing of all non-union newspapers under the control of the International Typographical union.

Mr. Hanna's telegram was in response to a resolution adopted in the convention requesting that he, as chairman of the national executive committee of the Republican party, see his influence to have the printing of all newspapers patronized by such committee done by the members of organized labor.

A similar request was sent to Chairman Jones of the Democratic party, and a reply promising assistance in the matter has been received.

THE VAN MASSACRES.

The Horrors Described in the Russian Press.

LONDON, Oct. 20.—A Berlin dispatch to the Daily News says: The St. Petersburg Viedomosti gives details of the Van massacre, secured from fugitives who have arrived at Erzoumkaleh. They declare on Armenia's arrival in the city, that the Kurds, declaring they were executing the sultan's will, mercilessly butchered the men, disembowelled the pregnant women and girls, and threw the children into pits intended for storing corn, and buried them alive, in order to save ammunition.

The victims were arranged in rows and killed, two and three at a single shot. The details of the outrages on the priests and temples and the sacred books and vessels are indescribably revolting.

PROBABLY FATAL.

An Acrobat Drops Eighty Feet and Falls on His Head.

CHICAGO, Oct. 21.—While the Dunham family was doing its aerial bar act at Barnum's circus, in the Coliseum, one of its members, J. Jay, met with an accident which is likely to prove fatal. Dropping from a bar eighty feet to a net below, his body turned its mouth and he alighted almost full on his head. The aerialist lay where he fell intact and the attendants picked him up, into him on the lawnmat and called for a physician. An examination showed that the spinal column had been severely injured. Although he retained consciousness, he was unable to move and his lower limbs seemed paralyzed. A carriage was called and he was taken to the Chicago hospital where the physicians report that his injuries are fatal. John Dunham and the Dunham family have been well known in the public for many years. The aerial bar act in which he was injured last night has been regarded as one of great risk, but this is the first time in six years that any accident has occurred. The injured man is 28 years of age.

Too Much Married.

St. Louis, Oct. 21.—Albert Newson is an Englishman with a most pronounced tendency to enter the matrimonial state of matrimony. Four times he has entered the role of a husband and each time he has to divorce proceedings against him. All four of his various wives are said to be white.

One of them, who claims to be Mrs. Newson the third, applied for a warrant against Newson charging him with bigamy.

He was arrested and does not deny that he is much married. He says that his various wives told him that they would not agitate the matter if he would leave them.

Newson came to this city ten years ago. He was accompanied by a woman whom he introduced as his wife. Then she went to Texas and he married Lucy Sutton. Newson was married from again until June 20, 1895, when, under the name of Albert Dobson, he married Mary Stanislaus. He lived with her two years and then deserted her.

Last month Newson figured in another marriage, this time Mary Miller, a Hopewell girl. The whereabout of Mrs. Newson Newson No. 2 and 3 are unknown. Newson is 44 years of age.

An American Editorial.

NEW YORK, Oct. 21.—The Herald's correspondent in Rio de Janeiro, Brazil, telegraphs that the Mexican, twenty minutes, Senor Carpentria, strongly opposes a proposition now before the Chamber of Deputies to increase the duties on the navigation of the river Plata republics. The minister believes these republics would retaliate in kind.

The minister's plan is that a great South American union should be formed, comprising Brazil, Chile, Argentina and Uruguay, his main idea being of the desire to be independent of the German editorials.

The Italian consul Pinsonate will act as chargé d'affaires ad interim.

The foreign minister declares that Signor Brichanieana, Italian consul at Sao Paulo, must be removed. The Italian government has promised to recall him upon the termination of negotiations in the Italo-Brazilian question.

The commercial situation in Brazil is extremely unfortunate.

Sanitarium Salvation lotion, open day and night. 52 West 3rd South.

Mr. J. E. Fenton, secretary and treasurer of the Cortlane Mfg. Canal and Stock Co., of Corinne, Utah, in speaking of Chamberlain's Cough Remedy says: "I consider it the best in the market. I have used many kinds but find Chamberlain's the most prompt and effectual in giving relief and now keep no other in my home." When treated with a cough or cold give this remedy a trial and we assure you that you will be more than pleased with the result. For sale by druggists.

There is one medicine which every family should be provided with. We refer to Chamberlain's Pain Balm. When it is kept at hand the severe pain of a burn or scald may be promptly relieved by the application of a small quantity. Cuts and bruises should receive immediate attention, before the parts become swollen, and when Chamberlain's Pain Balm is applied it will heal them without matter being formed, and without leaving a scar. A sore throat may be cured in one night. A piece of flannel dampened with this liniment and bound on over the seat of pain, will cure most cases, or pain in the side or chest in twenty-four hours. It is the most valuable, however, for rheumatism. Persons afflicted with this disease will be delighted with the prompt relief from pain which it affords, and it can be depended upon to effect a complete cure. For sale by all druggists.

"While down in the southwestern part of the state some time ago," says Mr. W. Chalmer, editor of the Chico (Cal.) Enterprise, "I had an attack of dysentery. Having heard of Chamberlain's Colic, Cholera and Diarrhoea Remedy I bought a bottle. A couple of doses of it completely cured me. Now I take a dozen bottles of this remedy for all stomach and bowel complaints." For sale by druggists.
