MINING, BUSINESS AND STOCKS

FORMER UTAHN ON IDAHO CAMPS

Thomas B. Wilde, Ex-Mayor of Mercur, Comes Down From Horse Shoe Bend.

SPEAKS OF PARKER MOUNTAIN

Original Discoveries Holding Out Under Development—New Funds Being Made.

Thomas B. Wilde, a former mayor of the gold camp of Mercur, but who is now engaged in mining in the Horse Shoe Bend district, in Idaho, was in the city during the day enroute to Philadelphia, where he will join his family.

Mr. Wilde who is associated with some Philadelphia capitalists, has been developing two promising groups of claims in the northern country and with most satisfactory results. Upon his return from the east a few weeks later he expects to get out several car loads of ore for the local markets.

Mr. Wilde has experienced a great deal of difficulty this season in getting help. The excitement created by the discoveries on Parker mountain served as one of the causes for bringing about this condition. Men would not work for wages, Mr. Wilde says, if they had enough ahead to buy a few weeks' supply of provisions and enough to take them to Parker mountain where they could prospect and locate claims.

The original discoveries on Parker mountain, Mr. Wilde says, are holding out well and recently finds which appear to be every bit as important have been made about 10 miles north of the original locations.

Mining men who have investigated, so Mr. Wilde declares, are satisfied that Paker mountain contains an extension of the famous Lucky Boy ledge.

On a whole the outlook for the country is good and everyone anticipates that quite a lively interest will be taken in that portion of Idaho next year.

FORENOON ON EXCHANGE.

Columbus Consolidated Continues Strong Around Two Dollars.

The forenoon sales on the floor of the Salt Lake Stock and Mining exchange amounted to the transfer of 7,700 shares for which was paid $2,184.50.

May Day, Little Chief and New York Bonanza were the active regular call stocks, while on the open board Columbus Con., Carisa, New York and Silver Shield found favor. Columbus Con. was strong at $2 a share, while New York remained steady around 43 cents.

The closing quotations and sales were:

AT THE COMSTOCK.

Supt. Hickey Expects to Inaugurate Shipments Soon.

The ore chute towards which Manager James Hickey of the Comstock has been working for some months past has been reached and is now being developed under favorable circumstances, says the Record of Park City. The vein here runs from 16 feet to 150 feet in width and carries mineral values to no small degree. Mr. Hickey has great confidence in this section of the mine in which he is now working and believes that he will be shipping ore ere long. The zinc middlings from the mill, which have been collecting for some time, have been shipped to the new smelter in Salt Lake, the last of them having been taken down this week, and will be treated at considerable profit there. The Comstock is one of the many Park City properties which this new plant will benefit, among others being the Daly-West and Daly-Judge. With the zinc product of these mines bringing in a revenue the profits to the shareholders will be considerabl.

THE GREAT BEND.

Initial Shipment Sold on Controls Showing $100 Values.

The first shipment of ore from the Great Bend mine near oldfield, Nev., according to the News of that place, has been marketed, the same bringing $100 a ton.

The ore was taken out in running a short drift at the 170-foot level, where water was encountered. The shaft has been continued down to the 200-foot point, where a station has been cut, and three shifts are employed in lowering it another 100 feet. From this point the many big ledges which outcrop from the surface, and that have been encountered in crosscutting in the upper levels, will be thoroughly explored. The flow of water amounts to only about 200 gallons a day, but it is certain that a much greater flow will be found when the dyke carrying the pay shoot is again entered.

It is the intention of the management to lease the greater portion of their big acreage, and six applications have already been received. The company will confine their work to the group imediately surrounding the deep shaft. Under the leasing system there is little doubt but that several big shippers will be opened up before the year is over. Ore that pans well has been found in a number of places, by trenching and in shallow shafts, and it looks as though al lthat it requires is work to make some of them shippers.

AMERICAN IN TONOPAH.

Big Smelting Concern Buys Golden Crown Stock.

Through a deal consummated in this city all of the treasury stock of the Golden Crown Mining company at Tonopah was disposed of, in addition to the big end of the holdings of one of the original shareholders.

The deal was closed up yesterday afternoon through De Witt B. Lowe & Co.

While Mr Lowe refused to confirm it, the "News" is able to say that the American Smelting & Refining company was the buyer of 37,500 shares out of 100,000 shares and the balance was divided among several Utah capitalists, among whom was W. S. McCornick.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. For sale by F. J. Hill Drug Co.

BIG COMPANY FOR BINGHAM.

Plan Outlined to Organize Corporation to Take Over New Red Wing.

THREE MILLION DOLLARS.

The Capital Stock of Proposed Corporation—A. J. Orem Seeks More Money For Utah Mines.

The organization of another big company for Bingham is in the process of incubation and if present plans carry it will mean that one more strong combination of eastern capital will spend hundreds of thousands of dollars in development and for equipment.

The basis for this organization is the new Red Wing mine in Markham gulch, Bingham, which is now under the management of Walter C. Orem of this city.

It is proposed to organize an entirely new company, which is to have a capital stock of 600,000 shares of the par value of $5, or a total of $3,000,000. The stock of the old company is to be absorbed and stock in new company issued in exchange for it.

When asked concerning the proposed company, Manager Walter C. Orem, declared today, that it is yet too early to say very much about it. "All there is to it," he said, "there is a plan on foot, which, if carried through, will enable us to conduct a much more elaborate campaign of development than is possible at the present time. The Red Wing is undoubtedly a property possessing a great deal of merit. It will require money to open it in the shape it should be and by enlisting the support of wealthy interests the desired end can be accomplished much sooner than it could otherwise."

But the whole matter is still in the air and plans may not materialize. A. J. Orem of Boston is looking after the financial end of the project. Mr. Orem has been instrumental in bringing a great deal of eastern capital to Utah for investment in mines and he has been particularly successful in his Bingham operations.

THE REILLY LEASE.

In One Day Ore to the Value of $25,000 Was Taken Out.

The Reilly lease on the Florence is proving the mining sensation of the year, says the Goldfield Sun.

In one day are to the value of $25,000 was taken out, and it is now estimated that the production from the lease will aggregate $700,000 by the time it expires on Nov. 1.

The ore as taken out is averaging $300 per ton, and every man who can work to advantage is being employed in its extraction. The force at the mine numbers 125, and during the remainder of the lease the greatest activity will prevail. The rich ore is being extracted from the 100 and 150-foot levels, and the entire production a sextracted is being sacked for shipment. Mr. Reilly and those associated with him will be made wealthy men as the result of their remarkable success with their lease on Florence ground.

AFTER MUCH DELAY.

Equipment for Bamberger-Delamar Mill Arrives at Caliente.

Supt. Frank P. Swindler of the Bamberger Delamar mines came in from the south this morning and brought the information that two car loads of steel tanks for the new slimes plant had arrived at Caliente.

These tanks were ordered last May. The delay in the arrival of material and equipment has been a serious set back to the completion of the plant. It was expected when the work was undertaken that it would be ready for commission not later than Aug. 1.

Metallurgist Fox Here.

H. W. Fox, formerly chemist and metallurgist at the Con. Mercur properties at Mercur, later going with D. C. Jackling to the Republic Consolidated in Washington and for the past three years has held the position of assistant superintendent of the United States Reduction & Refining company, is in the city on his way to San Francisco. He is the guest of Manager Jackling of the Utah Copper company today.

CONCENTRATES.

P. H. Mahoney will return to Goodsprings, Nev., again tonight.

H. S. Joseph and R. W. Nicol have gone to Good Springs, Nev.

H. E. Meyer of the Federal mine in Beaver county, is up from the south.

The Columbus consolidated has 240 tons of crude and 260 tons of concentrate in today's market.

B. F. Taylor, representing the New York Commercial, was in the city yesterday en route to Goldfield.

Simon Bamberger and members of his family returned from a very enjoyable trip to Yellowstone park this morning.

The new hoisting plant of the American Flag Mining company went into commission on Sunday last. The property is now one of the best equipped in the camp.

The ore and bullion settlements reported late yesterday by McCornick & Co., were as follows: Crude ore and concentrate, $28,700; base bullion, $40,200; gold bullion, $10,000.

A. F. Holden, managing director of the United States Mining company, returned to the city after an absence of several months. While here he will inspect the mine and smelter interests of the company.

J. B. Smithson and J. Grosch, the latter superintendent of the Blue Jay Extension mine in the Indian Peak country, have secured an option on the Ellenpach springs, located about five miles northwest of Modena.

Edmund H. Mead, secretary of the D. H. Peery company at Goldfield, has returned from the Nevada camp and will remain here several weeks. He says the Bullfrog as well as other Nevada districts are going to experience a whole lot of activity during the coming fall and winter.

The ore shipments over the Tonopah railroad last week aggregated 2,126 tons, of which 133 tons came from Goldfield, says the Tonopah Miner. The shipments are divided as follows: From Tonopah—Tonopah company, 765 tons; Tonopah Extension company, 630 tons; Montana-Tonopah, 270 tons; Belmont, 180 tons; Midway, 81 tons. From Goldfield—New Western Ore Reduction company, 21 tons; Goldfield Sampling Ore company, 112 tons. From Lone Mountain—Nevada-Alpine, 39 tons. From Reveille—Southwestern Nevada Mines company, 41 tons.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, $1.00. Sold by Z. C. M. I. Drug Dept. B

LIVE STOCK.

CHICAGO.

Chicago, Aug. 29.—Small local receipts had a steadying effect on the wheat market here today. As a result of continued clear weather in the northwest, pit traders were moderate sellers but offerings were readily taken by commission houses. September wheat opened unchanged to ¼ higher at 79½@79¾. After declining to 79¼ the price rallied again to 79½@79¾. Minneapolis, Duluth and Chicago reported receipts of 275 cars against 421 a year ago.

Clear hot weather had a depressing influence on the corn market. Commission houses were fair sellers. September opened unchanged to ¼@½ lower at 52¾@53¼ to 53 and for a time held within the opening range.

Oats were a little easier as a result of liberal arrivals. Clear weather was an additional factor.

September opened a shade to ¼@¼ lower at 24½@25¼, and sold later at 24¾.

A five cent advance in the price of live hogs caused a firm tone in the provisions market. The volume of business, however, was light. September pork was up 7½; lard 2½ and Ribs unchanged to 2½ higher.

OMAHA.

South Omaha, Aug. 29.—Cattle—Receipts, 5,200; market steady. Native steers, 4.00@6.25; cows and heifers, 2.75@4.75; western steers, 3.00@4.50; Texas steers, 2.75@3.85; cows and heifers, 2.00@3.25; canners, 1.50@2.00; stockers and feeders, 2.25@4.15; calves, 3.00@5.00.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. For sale by F. J. Hill Drug Co.

THEY STOLE COPPER.

Young Men from Ogden Intercepted by Salt Lake Police.

Yesterday afternoon Mounted Officers Taylor and Heath arrested Charles Eddy and David Brooks, two young men from Ogden, who are charged with stealing from the Junction city a wagon load of copper.

The young men drove from Ogden, and the police of that city asked the local authorities to look out for them. Accordingly the officers named went out to Beck's hot springs and waited for the young men. They were brought to Salt Lake, and last night Ogden officers took them back home. Eddy is 20 years of age, and Brooks is 19.

AT THE RESORTS.

The Knights of Pythias are at Lagoon today, surrounded by hundreds of their friends, and a highly enjoyable time is under way. A baseball game, a tug of war, boat races, swimming races, and other athletic sports for which suitable prizes have been arranged, will consume the afternoon, while dancing will be indulged in during the evening.

The Polynesians will celebrate at Calder's park tomorrow, the event being the closing day of the season for the resort. At 3 o'clock a program will be rendered, consisting of Polynesian songs, dances, a supper, and a marriage ceremony, the latter to start the program.

WEATHER REPORT

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometer reading at 6 a. m., 25.676 inches; temperature at 6 a. m., 65 degrees; maximum, 85; minimum, 61; mean, 73, which is 7 degrees above normal.

FORECAST TILL 6 P. M. WEDNESDAY.

Local forecast for Salt Lake and vicinity:

Partly cloudy tonight and Wednesday.

WEATHER CONDITIONS.

Light scattered precipitation occurred over northern Utah, and Wyoming. Light rainfall was also reported from Scranton, New York city, and Boston.
