## PROVO.

**Business Transacted by County Commissioners—List of School Graduates.**

Special Correspondence.

Provo, May 22.—The board of county commissioners were in session today and transacted a great deal of business.

Mrs. Ellen Jakeman, ex-county treasurer, applied for the position of superintendent of the county infirmary. Application taken under advisement.

County Recorder Max Brown-Spence was sent in a recommendation for certain changes among her deputies. The order was that Miss Ella Woods, the present second deputy, be made chief deputy, and that Mrs. Wilmuth White, be promoted chief deputy to the second deputy. The order was made and the salaries of the office fixed. Miss Ella Woods will receive $60 per month, and Mrs. White $50 per month.

The mayor of the Provo City sent in a communication to the board to the effect that with the year into the city would only pay one-third of the county expenses of the county bridge and grounds, instead of one-fourth, as now and prior to last year. The city has paid one-third of the expenses and that was cut down to one-fourth, and that was cut down to one-third last year, and the clerk was directed to notify the city that

First—The board is of the opinion that one-fourth of the expenses is to be paid by the city in the round trip vehicle in force.

Second—Utah county will sell to Provo city all its interest in the county house and grounds.

Third—Utah county will purchase the one-third interest Provo city may have in the court house building.

The purchase price upon either of the last two propositions to be hereafter agreed upon.

The board of county commissioners was again in session today and transacted the following business:

James Borrowdale was granted three months' license to sell liquor at retail at Goshen when paying into the county treasury $125.

In recommendation of Commissioner Davis, F. H. Allred Jr. was appointed constable of Lake precinct.

An ordinance providing for the licensing of all and every kind of business not prohibited by law and regulating the sales of intoxicating liquors was passed.

The board appropriated $15 to Commissioner Hatcher to be used on the highways of Mountain Park canyon and between Provo and Spring Lake.

TAPPED THE CIDER BARREL.

County Attorney Evans and Sheriff Rivers were called to Pleasant Grove today to investigate an alleged case of disturbing the peace. On investigation the officers found that a crowd of youth had been having a very boisterous time in an old barn where they had a few barrels of good old hard cider on hand. The boys tapped the barrels and drawn a quantity of the cider, which proved very quickly on their thinking faculties and before long the whole crowd was in a hilarious state of intoxication. The officers decided that it was not a question that they could handle and nothing was done in the matter.

## LOGAN.

**Railroading in Mexico—Little Child Has Its Hands Lacerated.**

Special Correspondence.

Logan, May 23.—Mr. S. A. Hendricks, who left Logan some time ago and has been railroading in Chihuahua, Mexico, for some time past, was in the city for a few days on his way to his wife back to Mexico, whence he was called last week by the death of his wife at Chihuahua. Mr. Hendricks speaks of Mexico a country of great possibilities and says that the Mormon colony in Chihuahua are doing up these possibilities very plainly. They possess, he says, the most enterprise of any community in the country and are rapidly as a very desirable citizenry to the officials of the government. Mr. Hendricks has completed his work in Mexico and will shortly begin work on the R. P. extension from Durango to the coast.

A SHOCKING ACCIDENT.

A young son of Miller J. P. Hendricks of the Central Mills, had his left hand horribly lacerated last evening through getting it caught in the mill machinery.

The administrator of the estate of Elizabeth Hendricks deceased filed a petition for an order confirming the sale of the personal property of the deceased.

No evidence connecting the four transients arrested yesterday, with the plundering of Mr. Jesse Harris' house in Benson could be secured, so they were turned loose this morning.

Special Correspondence.

American Fork, May 24.—The American Fork Coop has finally purchased the Hoosier property, adjoining the institution upon which to erect their building, and work will be commenced on the foundation of the commodious edifice anon. The consideration paid was $1,300.

Mrs. H. Hendrick will shortly count to her home in Little Rock, Arkansas.

Mr. and Mrs. Theodore Robinson, who have been visiting friends and relatives here for several days past, returned yesterday to their home in Vernal.

LOST BOTH LEGS.

Albert Kelly, son of Wm. and Elizabeth Kelly, who had both his legs taken off in the Hospital at Salt Lake last week, is reported to be getting along nicely. The case is one that appeals to the sympathy of the people. Albert is about 18 years old and has been unable to walk, the result of an accident, when about a year old. He managed to get around by crawling on his knees. He has been determined for some time to have the limbs removed so as to secure artificial limbs, and bravely and without hesitation submitted to the operation. A number have made appeals to citizens to render him financial assistance.

Hiram Wm. D. Robinson is slowly improving, and has been seen on our streets several times lately.

Mr. Joseph Bybee and Julia Esther Bourne were married here Monday night.

## CEDAR CITY.

**Visit of President Snow and Party—Educational Address.**

Special Correspondence.

Cedar City, Iron Co., May 21.—President Lorenzo Snow and party arrived in Cedar from the south on the afternoon of May 20. The young men of the town turned out to meet the President's aquadron and rode out five miles to meet the distinguished party, acting as a body guard to President Snow during triumphal entry into our progressive town. As the party approached the outskirts of the town the people gave anything ever seen in Cedar. Four hundred Sunday school children in purpose holiday costumes lined up on each side of the broad street, while the cavalry squadron lined up on the front. The distinguished party passed through these lines, the President acknowledging the cheering by bowing and lifting his hat.

Meetings were held in the Tabernacle Saturday night and Sunday morning and afternoon. The visit of the Prophet and his distinguished party was fraught with much pleasure to the people of Cedar.

RETURNED MISSIONARY.

Wm. W. Lund, who has been absent for the past two years on a mission to California, returned to his home in this city last Friday. He has labored much gratified with his mission work, and he himself is much improved in health and experience.

ADDRESS BY MRS. M'VICKER.

Mrs. McVicker, regent of the State University, delivered an entertaining and edifying address on last Thursday night in the Tabernacle. Prior to Mrs. McVicker in her graceful style described the educational institutions and methods of California as seen on her recent four months' trip through that State. The speaker frequently indulged in comparisons with institutions and ways and means of our own State, to our disadvantage.

## OUR NEIGHBORS.

### LEWISVILLE, IDAHO.

**Thrift and Prosperity of the Snake River Farmers—Fine Homes and Buildings.**

Special Correspondence.

Lewisville, Fremont Co., Idaho, May 25.—The towns of Ruby, Hayes, Menan and Lewisville are so close to know as the island, or what is called the bottom of the Snake river. It is believed that at some time it was once the main stream. Each of the above settlements are scattered over many miles. There are juvenile land out in each place and the Church school houses more and more houses, but the ranches are large and it pays much better to live on them. Men in this country are far better the people build in close proximity, as they do in Utah. About eleven years ago these vast wheat and alfalfa fields were great sage brush plains.

The crops are later this year than has ever been known in Idaho since the late cold spring. The planting and seeding was as early as in former years, but the dry, cold weather have been very severe. There was a hailstorm a week last Thursday that actually took the wheat out of the ground on some dry, sandy soil, and will have to be replanted. The farmers up in Fremont have very desponded to about the growth. They expected only half a crop. On Saturday morning a very heavy rain set in, and it has now turned into a forty-eight hours heavy rain, and all nature, as well as the farmers, seem to be happy. It will be a heavy crop is assured, and this means more and plenty. These large farms require the most modern and improved farming implements with steam threshers, and thousands of miles of wire fence.

These people come here poor, and to see what they have accomplished is truly wonderful. The immigrants have made a large amount of money. Many are owned by the speculator, but the farmers have learned to plant and tend their own, and the money, among the best in one called the Farmers' Friend. The improved houses and the stockyard companies are running sick mortgages from three horny handed sons of toil, in a few years they will be free. Then they will be to be free. Many people in these mountain States than those bound on the Snake River. The product goes with ease to the Pacific coast. Yet there are many lovely homes, good school and church buildings. Lewisville is the seat of this county, and the best and boasts new brick and other well-built houses.

The children have many miles to go to attend school, and as the winters are cold the children leave the stamps. On May day we had a fine time at school.

Notwithstanding the southern condition of the people, the Bunker schools and all Church organizations are well attended. Still here is a grand field for home missionaries. The sister societies and young men and girls of labor for scores of young men who have the true spirit of this under-day work. And the people of this country believe and their outer world be rare, as there is true "Mormon" hospitality, and every home would receive them gladly.
