THE SEMI-WEEKLY NEWS,

THE GREAT COUNTRY PAPER OF THE WEST.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

THE CONFERENCE TRADE.

All indications point to an immense attendance at the coming Conference, which opens Saturday, April 4. Merchants and others who have special offers to make to country patrons, are reminded that the great advertising medium for reaching the out of town people in their homes is the SEMI-WEEKLY NEWS, issued every Monday and Thursday evening. It is regularly perused by no fewer than 150,000 PEOPLE.

LOCAL BRIEFS.

It is expected that Senator Kearns will reach Salt Lake from the east next Sunday.

The bank clerks will meet this evening in the Commercial Savings bank. It is highly probable that a baseball club will be formed.

One case of smallpox was reported to the board of health yesterday, that of Mrs. Anna Erickson, aged 25, rear of 164 Second East.

The wheat market is becoming stiff on account of the demand from the coast, and the wretched condition of the roads which make it very difficult for farmers to drive in town.

The struggle for the lead in membership continues between the Woodmen and the Maccabees. The former claim that this week will see their roster increased by 200 names.

The Children's Home Finding association will incorporate under the laws of the state, and the meeting preparatory to incorporation will be held April 13, at the Y. M. C. A.

The entertainment committee of the local lodge of the Electrical Workers will meet next Sunday, to further arrangements for next September's national convention of Electrical Workers, which is to be held in this city.

Miss Amy Bishop, who for over two years past has been employed as stenographer in County Clerk James' office, has tendered her resignation to Mr. James, and, on April 1, will enter upon the duties of stenographer in the office of County Assessor Eldredge.

Judge Riner has signed the necessary qualification papers in the appeal taken by the United States Mining company against the decision of the court on Monday afternoon in the case of United States Mining Company vs. Lawson, Wall et al. Judge Riner returned home to Cheyenne on last evening's train.

The first battalion, Twelfth United States infantry, was given a marching drill this morning under heavy marching equipment; and this style of drill will be made a regular weekly affair in order to accustom the men to marching in case they should be called out suddenly. The route lay up Emigration canyon.

Monday afternoon Samuel Stringfellow was tried before Justice Fairbourn at Crescent on the charge of cruelty to animals and was found guilty and fined $45. The case was prosecuted by Assistant County Attorney Whitaker. Stringfellow neglected to provide food and shelter for some stock and nearly starved them to death.

State Engineer Duremus remarked this morning that as soon as the United States senators returned from Washington the matter of using Utah lake for reservoir purposes would be taken up with them, and he was confident that the outcome would be beneficial to all parties. Mr. Duremus does not believe the opposition of the North Jordan Canal people to the merger scheme will really block the improvement.

President Jones of the Home Telephone company states that the change was made from the automatic switchboard which was expected to be adopted, to the Stromberg-Carlson system, as the former was discovered valueless where there were over 1,000 subscribers. The system adopted is of the same general character as that used by the Bell people. Mr. Jones also states that the change from a Nebraska to a Utah corporation was made out of deference to local sentiment.

Capt. Burbidge of the police department left for Butte today, where he goes to bring back Lawrence Morris, who is accused of being very proficient in the game of making out worthless checks. Morris was arrested here some time ago on the charge, but was never jailed. Just why not is not very clear. The officers claim that they thought he was released on his own recognizance. Judge Diehl, however, does not remember making the order, neither do the records show any such entry.

A Frenchman about 45 years of age wandered from the county infirmary on Sunday and was found yesterday afternoon near the railroad tracks on Fourteenth South, suffering somewhat from exposure. The man was sent to the infirmary a short time ago in a bad way from consumption, but after three days' detention he refused to stay longer and started off to find friends in Murray, with the result stated. He was returned to the infirmary where he will likely remain until his condition justifies his removal elsewhere.

The members of the local national guard are much interested in the recent announcement from Washington that there will be no more state militia encampments, but that the state and regular troops will go into camp together, and given the same drill and instructions. Two encampment centers have been chosen so far, viz.: Chattanooga and Fort Riley, and the others will be decided on a little later. The hope here is that Fort Douglas will be made the central encampment for all the troops of the intermountain states, as the Presidio will probably be for the troops of the Pacific coast states. Members of the guard here say that such a move would prove a great incentive to effort on the part of the Utah guard to steady effort in the line of improvement.

The policy adopted some time ago by the general managers of transcontinental lines of prohibiting employes in uniform from frequenting saloons, is finding favor in street railway circles, and General Superintendent Read of the Consolidated Railway & Power company has issued an order forbidding employes of the company from entering saloons while in uniform. The explanation is that a motorman in liquor is capable of doing an immense amount of damage resulting in serious consequences; and a conductor with "three fingers" of whiskey aboard would be in shape to cause a good deal of trouble. Moreover, employes riding while off duty, must sit inside and not stand on the platforms where they talk to the motormen and conductors and interfere with their duties.

Zion's Savings Bank and Trust Company was established in 1873, and has since opened more than 33,403 savings accounts. Have you an account? If not, start one NOW.

PERSONALS.

Elder Ben. E. Rich, president of the Middle States mission, is in the city for conference.

Maj. L. L. Baumgarten has returned from a California trip which extended to Catalina Island. He saw the operations of wireless telegraphy and enjoyed a pleasant visit with Capt. Charles Stanton of the pay department of the army.

Orson D. Romney, manager of the George Romney Lumber company, has just returned from a two weeks' trip to Portland and San Francisco, where he has been on pleasure and business combined. Mrs. Romney enjoyed the trip with him. Mr. Romney says the labor question is causing serious agitation in San Francisco and that the unions have things pretty much their own way.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying sercal other preparations with no effect. For sale by all druggists.

ANTI-SHEETS MEN WILL FIGHT HIM

That is to Say They Will Not Recognize Him as Chief.

WHAT CITY AUDITOR SAYS.

Declares That He Will Not Draw Any Warrants for His Salary—His Appointment Illegal.

According to the statement of a number of councilmen who are opposed to Chief of Police George A. Sheets, that official's administration will not be noted for its peace and harmony; but to the contrary, he will find it rather rough sailing before he completes his voyage. In the first place, appearances indicate that he will have to serve without pay, as the "solid eight" in the council will refuse to approve the payroll with his name thereon, and the city auditor will refuse to draw any warrant whatever for Sheets' salary.

Auditor Reiser has stated that he will not issue a warrant for the salary unless compelled to do so by a writ of mandate from the district court. He bases his contention on section 202, chapter 3, of the Revised Statutes, which provides that the vote of a majority of the members of the council elected shall be necessary for the passage of an ordinance or the creation of a liability against the city. The confirmation of a salaried officer is the creation of a liability against the city, so Mr. Reiser contends, and such confirmation, therefore, requires a majority vote of the councilmen elected. In this instance Mr. Sheets only received seven voies, hence he did not receive a majority vote of the councilmen elected and was not confirmed and is not entitled to his salary.

In the second place, the council will ignore the new chief entirely. According to the statement of President Cottrell, all communications received from Sheets will be returned to him by the council unread and unnoticed. All appointments will receive the same treatment. So it is evident that the majority of the council will make Sheets understand that he is not the chief of police in their estimation, and will make matters rather unpleasant for him, at least. If the matter is ever brought before the courts, the anti-Sheets men are confident that they will win out. The records of the council in regard to the Sheets matter will show that the vote was taken and the president announced that the motion to confirm Mr. Sheets had lost, and there was no protest against the decision of the chair. These records, they claim, will have considerable weight in a court proceeding and will have a great deal to do with the undoing of Mr. Sheets, should the matter ever be tested in court.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

YOUNG SALT LAKERS HONORED

Waldemar Young, Former Member of the Deseret News Staff, Wins Cash Prize for Best Play, and Elsie Reasonor, Once of the Herald, Succeeds Julian Ralph.

Photo by Johnson. ELSIE REASONER.

Photo by Newcomb. WALDERMAR YOUNG.

New York, March 26.—Miss Elsie Reasoner has been appointed eastern representative of the St. Louis Exposition in place of the late Julian Ralph. Originally Miss Reasoner was Mr. Ralph's assistant. She is a native of Leavenworth, Kansas, and formerly resided in Salt Lake. Her father is a retired newspaper editor.

During the Spanish-American war Miss Reasoner wrote special articles for the Chicago papers, particularly regarding the work of the Red Cross society. She was also for two years the Paris correspondent of the London Globe. She attended the coronation of Queen Wilhelmina as a correspondent. She was press representative of the trans-Mississippi exposition at Omaha in 1898 and also visited the Paris fair as press correspondent of the American committee.

Miss Reasoner did considerable newspaper work in this city and for a time was employed on the Salt Lake Herald. Her father, Calvin Reasoner, was once editor of the Salt Lake Times and was active in Republican politics during the movement for statehood. He also wrote the "Handbook of Republicanism" and was the author of a number of other works. He was known as a deep thinker and profound writer.

Stanford University, Cal., March 25.—The prize of $50 offered by the senior class for the best farce written for presentation during the senior week has been awarded to Waldemar Young of Salt Lake, and Ralph Renaud of Washington, D. C. The plot turns on the recovery of the Stanford axe which was taken from the cardinal rooters by California students at the 'varsity foot ball game four years ago.

The friends of Mr. Young will be pleased to hear of his good luck and will congratulate him on the success that has come to him in the contest that has just been closed. Mr. Young is a member of the Deseret News reportorial staff, and his associates on the paper are particularly glad to hear that he has carried off the prize in connection with his Washington confrere. Mr. Young graduated from the Salt Lake High school in 1900, and during the same year entered Stanford. He comes home each summer for his vacation, and during those periods has worked regularly on the "News" staff. He is now in his third year at the famous California institution of learning. He will return to Salt Lake some time in June. His brother Henri is now in Paris studying art, and according to report is making most excellent progress.

Kentucky Elders' Reunion.

The officers of the organization effected by the Kentucky Elders and Saints are making arrangements for their annual reunion to be held in this city during April conference, 1903. The reunion will consist of a dance and banquet and all who feel disposed are requested to contribute to meet the expenses of the proposed treat. The call is signed by Brigham Clegg, president; Fred Brain, vice president, and Stanley H. Hanks, secretary and treasurer, and all connected with the Kentucky conference are cordially invited to be present. Contributions may be sent to the secretary and treasurer, 36 Main street, Salt Lake City, Utah.

New Zeland and Australian Mission

The executive committee of Zion's Maori association is already energetically pushing arrangements for the semi-annual reunion to be held Friday, April 3.

The Assembly Hall has been secured and President J. E. Magleby will deliver an address on "Wonderful Maori Land."

A great number of attractive stereopticon views has been received from New Zealand, and these will be used on the occasion.

A number of musical selections will be rendered and a fine collection of South Sea island curios will be exhibited. The general public will be invited to attend.

Welsh Reunion.

The Welsh Missionary society is arranging a fine program for a characteristic Welsh reunion, to be held at the close of conference on Tuesday evening, April 7, in the Sixteenth ward assembly rooms. Leading Welsh singers, musicians and speakers from this and nearby states will take part in the program, and the public is invited to attend.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. HAVE HAD THEIR DAY.

Old Fashioned Medicines for Catarrh No Longer in Vogue.

For many years past the usual treatment for catarrh diseases was with local douches, sprays, inhalers and liquid medicines composed principally of alcohol, all of which never cured but simply give the temporary relief and stimulation.

A thorough cure can be made only by the treatment which removes the catarrhal poisons from the blood.

A new remedy which meets the requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membrane only.

They can hardly be classed as a secret patent medicine as they are composed of such valuable remedies as blood root, Hydrastin, red gum of Eucalyptus tree and similar antiseptics combined in tablet form, which cure by eliminating from the blood and mucous membrane the poisons of catarrh.

Stuart's Catarrh Tablets are large, plessant tasting lozenges to be taken internally, allowing them to dissolve in the mouth, thus reaching the throat, trachea and finally the stomach.

If desired they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche; a few of them dissolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose a douche made from these tablets will give immediate relief, but the regular daily use internally will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bennett stated "that the internal treatment of catarrh by means of pleasant medicated tablets is rapidly taking the place of douches and local applications" and further says that "probably the best and certainly the safest remedy at present on the market is the Stuart's Catarrh Tablets, as no secret is made of their composition, and all the really efficient catarrh remedies are concentrated in this tablet."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package, and he will tell you there is no safer, more palatable, efficient and convenient catarrh cure known to the trade.

The Stomach Is The Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Z. C. M. I.
