DESERET EVENING NEWS.

MUNICIPAL MATTERS.

Willard Hart Will Not Be Sexton of the City Cemetery.

COUNCIL REJECTS APPOINTMENT.

Mayor Glendinning Tries Again, Naming Thomas Carter For the Place—Miscellaneous Business.

The City Council met last evening at 8 o'clock with all members present except Le Probon. The appointment of Willard Hart by the Mayor was voted down by a majority of 8 to 5. The Mayor then submitted the name of Thomas Carter, which appointment was referred to the committee on cemetery.

The majority of the committee on cemetery were opposed to the appointment of Willard Hart for the reason that the majority of the citizens of the Fourth precinct considered him incapable of filling the position.

Hamilton filed a minority report, recommending that the appointment be confirmed. He also championed the cause of Hart, and stated that the fight being made against him was simply for personal ends, and that his greatest crime was poverty.

Mooney opposed the confirmation in the interest of the people who own lots in the city cemetery who were antagonistic to Hart's confirmation. He thought their wishes should be respected.

O'Meara opposed the confirmation for the reason that it would not be good policy to appoint a man as city sexton who would not be in harmony with the committee on cemetery.

Wilcox then took the floor in favor of Hart, stating that he was capable man and was able to fill the position. A motion to adopt the minority report was then put and lost by the following vote:

Yeas—Buckle, Elliott, Mulvey, Wilcox and Newe—5.

Nays—Allen, Calderwood, Dale, Diehl, Hayward, Morris, O'Meara, Romney and Stewart—9.

ANOTHER FARRELL CLAIM.

The claim of J. W. Farrell against the city which has been so long delayed was allowed in the sum of $4,000.

SEWER BIDS.

City Engineer Kelsey submitted an abstract of bids received for the construction of a sewer on Fifth South street. The bids were as follows:

G. Wilkinson, $0.10 per cubic yard.
Frank Morgan, $0.85.

Referred to the sewer committee.

LIGHT INSPECTOR'S REPORT.

Light Inspector James Devine then filed the following report showing the past eleven months that he saved the city the sum of $207.50 during this time by scrutinizing the monthly bills of Salt Lake and Ogden Gas and Electric Light company, and looking upon reductions of defective lights. Mr. Devine further reported that he had promptly answered all complaints, a number of which were received in November and December last, when the company claimed that the burning out of several arc lamps prevented them from furnishing satisfactory service in the northeastern portion of the city. Mr. Devine says he has visited the power house from time to time and examined the registers indicating the voltage and amperage, as specified in the contract and upon several occasions, in compliance with an arbitrary provision of the contract he has ordered the lights turned on regardless of the moonlight schedule, which he thought the cloudy weather justified such action.

In conclusion, Mr. Devine states that he makes no recommendations for the reason that the Rapid has the matter under consideration, as indicated by his annual message, and would countenance suggest as the result of his inquiry a better policy for the future than the inspector could exercise at this time. The report was filed.

OFFICIAL BONDS.

The city recorder reported that the following city officers had filed bonds with him as follows: C. H. Wilcken, watermaster, $5,000, with Brigham Young and A. H. Cannon as sureties; T. C. Rodhouse, building inspector, $2,000, with J. A. Pulcock and W. E. Standing as sureties; T. A. Hooper, city sexton of Westside and mounds, $1,000, with D. R. Parry and H. F. Heath as sureties; Walter Williams, $500, with Nathan Beaty and H. T. Duke as sureties. Filed.

"QUEEN'S WILL NOT RING TONIGHT."

In reporting upon O'Meara's curfew ordinance, City Attorney McKay said there is no authority conferred in the charter to warrant its passage, and the proposed measure was promptly killed.

SHORT AS POLICE CLERK.

Mayor Glendinning sent in a communication announcing the appointment of Walter Short as clerk of police court. Committee on fire and police.

FINES COLLECTED.

City Auditor Swan reported that $1,021 in cash had been collected in fines.

Reliable Electric Work.

For neat work with bells and electric fixtures, call on or address Jones Mercantile Electric Co., 47 East First South street.

police court for fines during the past month, and $425 has been paid in taxes. Filed.

MISCELLANEOUS.

City Attorney McKay recommended that $69.30 be appropriated to pay the judgment in the case of William Lowe vs. Salt Lake City. Adopted.

The city treasurer reported that $108 has been collected in dog taxes for the month of March. Filed.

The gravity sewer contractors submitted a bill of a receipt to the city in $11,870. Referred to the city attorney.

The petition of W. C. Greene et al was referred to City Attorney McKay for investigation. The complaint is that the Salt Lake & Ogden Gas and Electric Light company was making a minimum charge of $1.25 per month, while in the other cities by ordinance this gas could be furnished at a price not to exceed 50 cents per 1,000 feet.

Mellen J. Lambert and six others petitioned against the action of the Council in appointing meeting to strike the term to remove a private water pipe from a lot Fifth Ward to Second West on North Temple street which they had placed there at their own expense thirteen years ago. Referred to the committee on waterworks.

O'Meara introduced the following resolution, which was adopted:

Resolved, That the city engineer is hereby instructed to confer with the engineering officer at Fort Douglas and see if it is possible to have the commands of the troops stationed in the garrison so that Fort Douglas could be opened at such hours and under such rules as to be extended on Fifth South street to Temple Lot street.

Wilcox then introduced the following, which was referred to the committee on finance:

Resolved, That the city attorney is hereby given authority to employ a typewriter, at a salary of $60 per month, until further order of the Council.

Claims were allowed in the sum of $7,115, after which the Council adjourned.

Chamber of Commerce.

The directors of the Chamber of Commerce met last evening. The most important question that came before the meeting for discussion was a proposition to place the church institutions on a firm financial basis so that it could carry on necessary work.

President Anderson announced the determination to appeal to the public to aid the chamber in furthering the interests of Salt Lake. Messrs. Nelden, Lynn and Cannon were appointed as a committee to formulate further the scheme outlining the interests of the chamber. Messrs. Grant, Rogers and White were appointed as a committee to report a list of prominent property and other owners of the State, for membership. Judge Call-ton was elected secretary and L. H. Farnsworth treasurer for the ensuing year. The meeting then adjourned until next Tuesday evening at 8 o'clock.

REPUBLICAN DELEGATES.

Names of the Men Who Will Go to the National Convention at St. Louis June 16 to 18.

The closing scene in the Republican State convention last evening were decidedly enthusiastic. Only one ballot—the one to progress when the News report closes—was taken; 202 votes were necessary to a choice. Senator Frank J. Cannon was almost unanimously chosen by receiving 501 out of a possible 522; Colonel Trumbo received 500; the also Arthur Brown 495, Thomas Kearns 487, Congressman C. E. Allen 183, W. S. McCornick 295.

The chairman ruled that these gentlemen having received a majority of the votes cast were the regular nominees of the convention. Then the following six, who received the next highest number of votes, were chosen as alternates: Lorenzo Hosmer, C. C. Goodwin, John C. Grayson, J. M. Bell ho, Welch Green and Joseph A. Smith.

ON GRAND RIVER.

A Fatal Accident at Moab—Fruit and Cattle Reports.

Special Correspondence to the News.

MOAB, Grand Co., Utah, April 3, 1896.—A sad accident happened here last Thursday in the death of a little boy by the name of Bertie Hicks, aged nine years, who came to his death by tying a rope around his waist and to the horn of the saddle. At least it is supposed he did it, as he was found by Frank Smith who was driving cattle. He came across the boy on the side of the road, tying fastened to the saddle, he was alive then (2 p.m.) and he lived until 10 a.m. next day, though he never regained consciousness.

Our fruit commenced to blossom March 25. On the 27th it commenced to freeze, which has killed most of the fruit crop. Stock has done well this winter. Sheep at Thompson will all be sheared in a few days—they have wintered well. The city is better than last year. Quite a number are selling cattle (last year) steers are bringing $18, $15 and $20 and as go stock by the yard $12. There will be several carloads head shipped this season.

Everything in our place has been stirring for quite a time.

Last year's apples are all sold. The last of them brought $1.50 a box at Thompson. O. N. WARNER.

Important to Swiss and German Salmis.

For some time past many of the Swiss and German Salmis have been very desirous of obtaining a full and complete genealogy of their families. Many have written and sent money to Lucerne with the hope of getting three records, others have failed or unscrupulous going there for them, but in most cases without any or with only partial success, the reason being that most Elders have either no time or do not understand the labor sufficiently to do justice to the work.

In most cases of successful and satisfactory the records to be obtained in the case of the Holcomatter, 200 to 300 and 400 years back. To do this successfully, however, it requires a person who understands the labor and can devote his whole time to it.

To meet this requirement, a plan has been suggested and adopted with the full permission and sanction of the Presidency of the Church, whereby all who desire and take interest in the work may obtain their full and complete genealogy as far as is possible to be had. James Howard T. Hoag and Julius Bunter Jr. have this in hand. The latter expects to leave for Europe in April 18, provided with letters of introduction and recommendations which will enable him to gain admission to libraries, archives and parish books as perhaps no one who is not provided for in this way would be able to do.

In behalf of such a praiseworthy and very needful labor it is to be hoped that the Latter-day Saints from three to twelve will take sufficient interest to aid their brethren by having them search for their respective records, thus in exercising to the number the advantage of this opportunity offered the expense will be reduced. The prices will be reasonable and in accordance with the time and expense necessary to obtain the records, the money to be remitted when the results are delivered to the parties. It will be necessary in order to meet expenses of traveling and securing the records, to charge five dollars for each period or "ministrant" in advance. If, however, any are not able to pay the amount now, special arrangements may be made by applying either in person or by letter to the above-mentioned brethren, so that none who are desirous of getting their genealogy need be prevented from doing so.

The Saints may be assured that no labor will be spared to do justice to the work, so that they may receive something for their money and not be disappointed as many have been in the past. All applications should be tendered in on or before August 1st with prepayment as stated above and the necessary information to Julius Bunter Jr., 255 N. Fourth West street, or Prof. Richard T. Hoag, 318 G street, Salt Lake City.
