A DELIGHTFUL ENTERTAINMENT.

Reception to be Given Next Friday Evening, for Benefit of Mutual Improvement League.

The reception at the home of A. W. McCune, next Friday evening, for the benefit of the Mutual Improvement League, will be a very delightful entertainment. Some of the best known people of the city are interesting themselves, and an excellent program will be rendered consisting of vocal and instrumental music, recitations, etc.

The statuary secured by Mr. McCune during his visit to Rome will be on exhibition, it being some of the finest in the world. One piece, Hydia, the blind girl of Pompeii, by Guerri, from the studio of D. Andreoni, won a prize at the World's Fair. Another by Pafondi, called Take Me Mama, is a delicate and beautiful piece of work. Cleopatra, the masterpiece of Spalmach, is a wonderful piece weighing over three tons, and is the most exquisite ever seen in this part of the globe.

All who desire to see these works of art are welcome on the above occasion, and invited to be present.

The reception committee are: Mrs. A. W. McCune, Miss Aggie Campbell, Mrs. N. A. Empey, Mrs. Maggie Roberts, Mrs. Ruth M. Fox, Mrs. Louisa Rock, Mrs. Nettie Y. Taylor, Mrs. Lucy W. Smith. Refreshment Committee—Mrs. Julia Brixen, Miss Mae Taylor, Miss Annie Campbell and Miss Annie Cannon.

Funeral Services.

The funeral services over the remains of Martin Lenzi will be held in the Twelfth ward Latter-day Saints' chapel tomorrow (Friday) afternoon at 2 o'clock. His numerous friends are respectfully invited to attend. Those desiring to view the body may do so at the home of the deceased between the hours of 12 and 1 o'clock, at 34 Sixth East street.

Elder Dunn's Released.

The Millennial Star of the 6th inst., says that George H. Dunn, traveling Elder in the Cheltenham conference, has been honorably released to return home on Oct. 22 1898.

Notice.

The St. George Temple, which was closed Sept. 21, will reopen Tuesday, Oct. 25, 1898.

HOMES FOR THOUSANDS.

To Latter-day Saints Who Desire Good Places to Make Comfortable Homes. A Good Opportunity to Accumulate Means to Pay for Them Without Incurring the Bondage of Debt.

One hundred thousand dollars in labor wanted.

Fifty miles of the Alberta company's canal to be built, for which half will be paid in cash and balance in excellent prairie land, at $3 an acre, with free water for two years to first settlers on these lands.

Lands are to be settled in hamlet or settlement form, in order to afford settlers the benefit of ward organizations, including day and Sabbath schools.

All labor will be contract work, at ten cents a cubic yard for earth work. Gravel, loose and solid rock to be paid for in proportion.

An industrious, able-bodied man, with team can earn a good farm, town lot and cottage in one year.

Lands to be settled are adjacent to a railway. Plenty of coal for fuel near at hand.

President C. O. Card, writing to the First Presidency under date of September 23rd, says that work has commenced on the canal; that parties in Utah desiring to do work this fall would do well to bring their teams and wagons by railroad. By doing this they could be at work on the canal in less than a week after starting. Speaking about wintering teams, he says that hay, if needed, will not exceed $4 a ton, and besides, it can be cut there as late as a month from the date of his letter; that no hay will be needed on the canal, as for miles in its immediate vicinity grass is from six to twelve inches high. When work cannot be done on the canal, men can be building houses for themselves. He advises men to come with their teams, leaving their families until the spring, by which time houses may be provided for them. Parties desiring to join the new settlers in making homes, who may not care to do work on the canal, can obtain land through President Card.

For special rates of transportation for passengers, household goods, teams, etc., etc., apply to Wm. C. Foster, Box B, Salt Lake City, or C. O. Card, Cardston, N. W. T., Canada.

THREE ROUGH RIDERS RETURN

Troopers Harris, Morgan and Anderson Honorably Discharged from Troop I.

Their Report is That the Regiment Will Soon be Mustered Out—Health of the Boys Very Poor.

Three members of Troop I, Torrey's Rough Riders, in the persons of Sergeant J. A. Harris, Trumpeter John H. Morgan and Private Erick Anderson, returned last evening from Jacksonville, Fla., these men having been regularly and honorably discharged.

The troopers called at the "News" office before taking the train for their homes and remained long enough to say that the prospects for the regiment's being mustered out were very favorable. The health of the troop, say they, is very poor, and all are anxious to get home—in fact these discharges can't come too quickly.

Messrs. Harris, Morgan and Anderson reside in Monroe, Sevier county, and were among the first of the troop to be discharged. Like their comrades, their health was poor, and they are glad to get home away from the malaria breeding swamps of Florida.

THE WOMEN'S HOME.

Application Made for Increase of Maintenance Fund from City for Wayward Girls' Home.

Mrs. Dr. Pearson and Mrs. Dr. Vincent, representing the association of women who have maintained a home for wayward girls at great expense of money and effort, appeared before Councilmen Hoge, Robertson and Harris of the committee, to urge favorable consideration of the petition for an increase of the $50 monthly allowance from the city toward the maintenance fund. It was represented by the ladies that larger quarters were necessary if the work is to be continued. Winter is coming on and expenses, even on a basis of rigid economy, were constantly increasing. The $50 monthly from the city treasury is added to by solicited subscriptions and donations from charitably inclined people, as shown by the books of the Women's Home association, but it is difficult to make ends meet and to keep out of debt. In pleading for an increase in the city appropriation to $100 monthly, the ladies pointed to the fact that fines collected from women of ill repute amount to $400 or more every month, and that it would be prudent and commendable to devote at least a tenth of this sum to the expense of saving from utter degradation those young girls who are just commencing to lead a sinful life, but are willing to be reformed. It is thought that the majority of the committee will recommend the granting of the relief asked, but the subject may not receive early favorable consideration in the Council.

For Irrigation Relief.

The North Point Irrigation company's formal demand on the city to, in connection with the county, relieve the irrigators of the alkali drain water from the Jordan country, in accordance with the Supreme Court's decree, was the subject for investigation last evening by the City Council committee on irrigation, with City Attorney Hall and City Engineer Kelsey present. The company was represented by Attorney E. W. Taylor, Arthur Parsons and T. J. Almy. It was proposed that the objectionable water be conducted around Wasatch lake at a cost of about $2,000, or, better still, that the drain be extended to Salt Lake, the latter plan of permanent relief involving an outlay of over $20,000. The city's representatives begged for something less expensive to the taxpayers, and for the purpose of securing a better proposition the matter was deferred to enable the aggrieved North Pointers to confer with their constituents.

At the Sugar Factory.

Lehi Banner: The factory has made another excellent run during the past week and has again broken all previous records. The machinery is kept in excellent trim by Engineer Ingalls and the men are all working to make a good run and the result shows they are doing it. Supt. Vallez is proud of his men and of the factory. It has far exceeded its advertised capacity, and does better work than before. There have been a great deal to do with this achievement. The farmers understand the crop and can furnish good beets which will compare favorably with any found anywhere on earth. Last week's record shows as follows: Monday, 451 tons; Tuesday, 465 tons; Wednesday, 426 tons; Thursday, 475 tons; Friday, 477 tons; Saturday, 455 tons; Sunday 466 tons. This is by far the best record ever made. The largest run was made by Foreman Gardner and the men on Wednesday night, when 258 tons were cut.
