The Burlington route is the only line running dining cars on the "A la carte" plan, between Denver and Omaha, Kansas City and Chicago. Passengers have to pay only for what they eat. Be sure that your tickets read via the Burlington route.

DESERET EVENING NEWS.

Tuesday, September 24, 1895.

HEARING POSTPONED

One Week, in the Case of Captain Donovan.

As stated in last evening's NEWS would very likely be the case, the hearing of Captain Donovan's case was postponed for another week, on account of the absence of Commissioner Noble, who is now in Wyoming.

With this exception, all hands were on deck and the hearing would have gone on, had not Donovan's counsel interposed a strong objection, claiming that inasmuch as a quorum of the board was necessary to dismiss an officer, the trial could not be proceeded with, because Mr. Noble had not been notified.

Commissioner Stephens stated that he had addressed a communication to Mr. Noble at Lander, Wyoming, but as no reply had been received, the letter might not have reached him.

Attorney Sutherland as prosecutor decided to proceed with the hearing as there were a number of witnesses present from Sanpete and he did not wish to have them detained.

After further discussion it was agreed to adjourn the hearing for one week, and at the request of Mr. Sutherland, Mr. Brady and Mr. Nielson of Mt. Pleasant were allowed to testify.

The first named testified that Donovan had visited Sanpete and that he had had a conversation with him concerning the object of his visit.

Mr. Nielson, proprietor of a Mt. pleasant hostelry, testified as to Donovan's visit and as to his name being on the hotel register.

This done, and all being satisfied an adjournment was taken for one week.

Redemption of Tax Sales.

There has been filed in the office of County Clerk Stanton, a recapitulation of redemptions from tax sales of the years 1890-94 up to August 20, 1895. The report is as follows: For the year 1890 the taxes paid are $17,238.65 with $2,738.17 interest, and $4,943.28 costs, making a total of $22,916.06. This amount is divided as follows: City, $4,912.11; city schools, $1,965.24; county, $6,425.97; county schools, $2,855.59; the remainder being divided among the school districts.

For the year 1894 the report is thus: Taxes, $444.37; interest, $75.58; costs, $379, a total of $1,398.95, divided as follows: City, $120.67; city schools, $62.56; county, $585.50; county schools, $112.49; territory, $280.50; the remainder goes to several districts.

It does finer and more economical work than any other, Price's Baking Powder.

FREIGHTS TO SALT LAKE.

The Union Pacific and Rio Grande Western Accuses the Southern Pacific of Sharp Practice.

San Francisco Examiner of Sunday: Arrangements are being made for an important meeting of transcontinental freight officials at Salt Lake City. The merchants of Zion are very desirous of getting the benefit of certain reduced rates the Southern Pacific company recently put into effect from San Francisco to Ogden. When the new rates were announced, the Salt Lake people were very indignant with the Southern Pacific for what appeared to them to be a discrimination in favor of Ogden that would promote the rival city's trade at their expense, some sharp correspondence ensued between the Merchants' association of Salt Lake City and Mr. Huntington officials, the latter taking the ground that as they did not own a road into Salt Lake they could not give that place the same rates as Ogden unless the Union Pacific and Rio Grande Western, which connected with the Southern Pacific at Ogden and ran to Salt Lake, would join them in making the Ogden rates applicable to Salt Lake. These two roads declined, so the Southern Pacific decided itself helpless in the matter.

Since that time the Salt Lake merchants have been urging the other communities to join the Southern Pacific in giving them the same rates on shipments from San Francisco as Ogden now enjoys. Their agitation of the matter is the principal reason for the contemplated meeting.

It is said that the Union Pacific and Rio Grande Western are not very favorable to the proposition, because should the cut rates be given Salt Lake, the change would affect Chicago and points farther East which ship over these lines into Utah—business on which they get a longer haul and more revenue than on California shipments. With California freight they would get only the short haul between Ogden and Salt Lake, while the Southern Pacific would get the lion's share of the revenue from the business.

The officials of these two lines say they do not wish to prevent San Francisco merchants from doing business in Utah, but will favor them to a reasonable extent, provided the Southern Pacific will give them a proper percentage of the revenue. This, they say the Southern Pacific is not inclined to do, which is the whole cause of the present dispute.

The feeling among these companies is more or less bitter just at present. The Southern pacific is accused by the others of trying to put them into a position of antagonism to Salt Lake and San Francisco merchants, in order that it may gain a reputation in San Francisco of being willing to do a great deal for merchants here. They say that the real merit of the controversy is not so much an anxiety of the Southern Pacific to put California business into Utah as a desire to pocket nearly all of the freight receipts on Utah business, a thing which they do not intend to do unknown.

The Southern Pacific people claim that they are not demanding an undue percentage of the revenue. Freight traffic manager J. A. Munroe of the Union Pacific was in this city day before yesterday and had a conference on the subject with Southern Pacific officials. It is understood that the meeting was not satisfactory to either side.

The Traffic Association is very strongly in favor of increasing San Francisco shipments into Utah, and believes that such shipments can be made on a large scale in competition with Chicago, St. Louis and other large Eastern cities. On this account it will be sorely disappointed if the roads mentioned do not succeed in putting an end to their quarrel.

In using Dr. Price's Baking Powder you effect the greatest possible saving.

TURNED CROWDS AWAY.

An Immense Audience Witnesses the Work of Professor Gleason at the Skating Rink.

Professor Gleason and his business manager knew the side on which their bread was buttered when they abandoned their engagement at the Exposition building and made arrangements to play the rest of the season out at the old skating rink on West Temple street.

Last night they did a regular boom day business at the new show grounds. Every seat, reserved and unreserved, as well as all standing room was occupied and the performance was scarcely more than under way when orders were given to close the doors. The result was that large crowds were turned away sadly disappointed on account of their inability to secure admission.

Four equine patients were brought in for treatment. The first was a resting and plunging bay, the property of Mr. Mackintosh. The beast was handled singly and alongside Mr. Clawson's highly nervous brown to the thorough satisfaction of the big audience. Crazy Jane was a disappointment as she was as balky as a defeated politician is sulky but during the day she has been doctored and is expected to show more animated symptoms tonight, at which time Fred Simons's saddle horse is to be ridden through steam and showers of tin pans, umbrellas, etc. A pair of fine animals, with runaway tendencies, will also be scrubbed.

Relief Society Conference.

The general conference of the Relief Society will be held in the Salt Lake Assembly Hall in this city, on Thursday, October 3rd, 1895, meetings commencing at 10 a.m. and 2 p.m. as usual. It is earnestly desired that there should be a representation from the Relief Society of every Stake of Zion and town each society which the several Stakes. All are cordially invited to attend the conference, and especially the members of this important organization.

ZINA D. H. YOUNG, President.
JANE S. RICHARDS,
RAYMONDA W. SMITH,
Counselors.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A proper use of this medicine has often averted long and fatal illness. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents a bottle. Z. C. M. I. drug department.

Marvelous Results.

From a letter written by Rev. J. Oudermarsh, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Z. C. M. I. drug department. Regular size 50c and $1.00.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Z. C. M. I. drug department.

Ayer's Sarsaparilla is not a secret preparation. Any physician may have the formula on application. The secret of its success as a medicine lies in its extraordinary power to cleanse the blood of impurities and cure the most deep-seated cases of blood disease.

"For years," says Capt. C. Medlee, "I have relied more upon Ayer's Pills than anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These pills are not severe in their action, but do their work thoroughly."

If afflicted with scalp disease, hair falling out, and premature baldness, do not use grease or alcoholic preparations, but apply Hall's Hair Renewer.

J. W. Whitehead Jr., agent for the celebrated Diamond Coal, office 10 West, 2nd South Street, first door west of Walker Bros.' bank. Now yards 232 South, 3rd West Street. Telephone No. 406.

SALT LAKE CITY, Utah,
August 9th, 1895.

The undersigned hereby gives notice that they will on OCTOBER 1st, 1895, reduce the interest on savings deposits to four per cent. per annum, payable semi-annually.

ONE WORD.

Yes, it's only one word, but it comprehends the biggest half of the volume of good living. You're getting home when you mention groceries. The quality of groceries must be above suspicion, so good that it can't be any better. That's the grade of our goods every time, which is something we can not say, for everybody in Salt Lake knows it. One word of advice: Don't tolerate anything less than good living, and make it a rule to secure the best of everything by ordering your supplies from a well equipped store, where only the best can be found and where no adulterated goods are permitted to enter.
