MINES AND MINING.

Work of the Bulls and Bears on the Stock Exchange.

DALTON & LARK DIVIDENDS STOP

For the Reason That h [illegible] and Lead Work is Too Low—A New Company—Hips and Spurs

Not a single share of listed stocks changed hands at today's call, the tickets leaving all their business transactions until the unlisted class was reached, when Swansea, Dalton and Richmond-Anaconda found favor and each chronicled a sale. The former was strong in the bidding at $1.80, but the traders came at $1.85. South Swansea held up fairly well, holders demanding 70 cents per share while would-be buyers posted bids of 64 cents.

Among the listed stocks Mercur was offered at $5.05 with bids of $5.75; Mammoth could have been bought at $2.50, while $2 was the best bid and Eureka-Croesus was offered at $2.25, with a bid of $1.80 for the stock.

The closing figures were as follows:

MINING IN MAMMOTH.

The Record's Weekly Account Of Movements in the Camp.

The Northern Spy shipped 3 cars of ore last Tuesday, one of copper and two of high grade silver ore. The Spy keeps up its record as a producer.

The force at the Humboldt is to be doubled at once and preparations are being made for a shipment of good copper-silver ore within a short time.

The Cuba Libre group of three claims lying east of the River and belonging to Joseph Wilson and Albert Hayes will be worked in the near future.

On Monday evening fire was started under the boilers at the Opex hoisting plant, and henceforth work on this promising property will be vigorously pushed.

Cliff J. Reich is back from a six months' prospecting trip through eastern Montana, where himself and partner went to hunt for the yellow coat in the Black Hills.

The Bonanza mine, near Silver, is coming in the front in fine style. It has just finished a shipment of three cars of high grade gold ore and has plenty more of the same kind in sight.

Geo Holmes came out from the city Sunday morning, and in company with Manager Rothman and Superintendent Stuart of the Ajax, went over to Bonanza-Bonanza on a tour of inspection.

The Grand Central has been badly handicapped in its operations for the past few weeks on account of a lack of water to run the compressor. Negotiations are pending with the Mammoth company by which it is expected this difficulty will be overcome.

Yesterday evening the first train of ore cars on the new railroad hauled under the Mammoth ore chutes and were loaded and sent to the mill. Talk of end the contest between muscle and steam.

The Bullion-Beck is making a great record these days. The rich strike of ore reported recently on the 700 level is showing up in magnificent shape and nearly doubled in width, at the same time maintaining its high values. The mine is now marketing about 100 tons of ore daily and treating nearly double that amount at their mill.

A party of prominent mining men, consisting of T. R. Cutler, S. S. Jones, J. S. Googhegan and S. H. Allen, were over inspecting the Undine mine last Tuesday. They were well pleased with the promising outlook for this old-time producer to which they are interested. Superintendent Wilson will no doubt bring the Undine again to the front.

A letter from Lime district, in the northwestern part of the state, gives a very glowing account of the richness and extent of this newest discovered of Utah's mineral fields. Among those who have valuable property there we see the names of Seth Johnson, Mat Weiss, Bruce Hicks, Hate Rowe and Billy Williams as of the prospective millionaires of that favored section.

The Cole Storage mining claim owned by Reed & Fitzsimmons, and lying between the Mint and Spy mines on the east side of the mountain, changed hands last week. This property has had some surface work done upon it by the late owners and looks upon its valuable ground. Col. Murphy of Louisville is the purchaser, and we understand he expects to start at once to develop the property. The sale was arranged in the deal is not known, but some valuable Chicago real estate was up in payment of the consideration received by the grantors.

The Dalton and Lark.

The Dalton and Lark Mining company has notified its stockholders that the payment of dividends has been suspended indefinitely. This action is taken because of the depressed condition of the silver and lead market, the management saying that they cannot afford to take out ore and dump it at such ridiculous prices as now prevail. The mine is looking well and the new ore body recently discovered is widening out.

Dips and Spurs.

The Centennial Eureka distributed its $50,000 dividend on Tuesday.

Colonel Dorsey of the Sunshine and Overland is in town, leaves for his old home in Fremont, Nebraska, this evening.

George Crimmon of the Utah and Galena continues to be about in take a trip up into Idaho to look over his Gold Hoss properties there.

The Gold Queen Mining company which owns properties in the Blue Mountain district has levied an assessment of 30 cents per share for the purpose of liquidating present indebtedness.

The Peruvian Mining company has decided to do about 500 feet of tunnel work, with the object in view of intercepting the ore vein on its dip. This work has caused the levying of an assessment of 4 cents per share payable immediately.

Ogden Times: The copper discoveries in La Plata have livened things up there considerably. There are a good many new men in the district and most of these are fixing themselves today to stay in the camp all winter and develop their properties.

There is much excitement in Rawlins, Wyo., over a recent gold discovery on Grand Encampment creek, about forty-five miles southeast of that city and just south of the Colorado line. The discovery was made by A. H. Huston and Ben Cullen in July. They have kept the matter quiet until recently. At a depth of twelve feet they have a pay streak, twenty-four inches wide, assays from which give returns from $200 to $10,000 in gold. The vein has been traced for several miles. Some forty or fifty claims have been located. Numerous parties have gone out to the new fields and others are outfitting and starting as rapidly as they can get ready.

Merit

Made and Merit Maintains the confidence of the people in Hood's Sarsaparilla. Its medicine cures you when sick; it makes wonderful cures every where, then beyond all question that medicine possesses merit.

Made

That is just the truth about Hood's Sarsaparilla. We know it possesses merit because it cures, not once or twice or a hundred times, but by thousands and thousands of cases. We know it cures, absolutely, permanently, when all others fail to do any good whatever. We repeat

Hood's Sarsaparilla

Little but—in fact the One True Blood Purifier.

Hood's Pills cure Liver Ills, Indigestion, Biliousness. 25 cents.

THE DISTRICT COURT.

Today's List of Orders in the Civil and Equity Divisions.

BUSINESS IN THE SUPREME COURT

One Appeal Dismissed and Others Take a Definite Settlement—New Suits Filed Today.

In the equity division of the Third district Court today Judge Ritchie made the following orders:

Before Judge Street.

In Judge Street's court today the following orders were made and his honor adjourned court until 10 o'clock tomorrow morning:

John R. Wilson vs John Hall; dismissed on motion of plaintiff, and defendant waives counter claims.

A. C. Nessel vs Shirley Carter Talbot; by stipulation passed to the foot of the calendar.

Tom Ferguson et al vs John J. Judson; continued to the 30th inst.

Tribune Job Printing company vs T. K. Worthington; to be tried now.

Tom Ferguson vs Burlington & Missouri railway company; continued to the 30th inst.

In the Supreme Court.

In the Supreme court this morning the case of Salt Lake county vs Morgan Richards Jr., state auditor, was set for hearing on the 22nd inst, with permission to use typewritten briefs.

Thomas Bennett, appellant, vs Thomas Cutler et al; taken under advisement after argument by Frank Pierce for appellant and Waldemar Van Cott for the respondent.

Three actions of Elizabeth J. Simpson vs The Home Fire Insurance company of New York, appellant, were taken under advisement after argument by H. T. Twomey for appellant and A. Y. Horn for Mrs. Stephens.

The motion to dismiss the appeal in the action of the New England Loan and Trust company, respondent, vs Julia R. Chapple, appellant, et al, was overruled.

Suing for Money.

William G. Margetts today entered suit in the Third district court against William Hayes and Mary Ann Hayes to recover $1,500 alleged to be due on a promissory note, with interest from September 24, 1895, and $150 attorney's fees. M. H. Brooks is also made a party defendant on account of claims against the mortgaged property securing the note above referred to.

Arnold Schwing & Co. who commenced suit today against the Beveridge-Buckley Clothing company for the payment of $1,610.43 alleged to be due for goods sold by the plaintiff to the defendant between February and April of this year.

The Barnes banking company is plaintiff in a suit filed today against J. G. Kimball to collect $3,081.72 alleged to be due on two promissory notes.

A New Company.

The Windsor, Slater and Hudson company filed articles of incorporation with the county clerk late Tuesday afternoon. The object of the new concern is to buy and sell real estate, mining stocks and do a regular insurance and brokerage business. The company is capitalized for $15,000, divided into $1 shares, and the incorporators are H. B. Windsor, J. H. Slater, Charles E. Hudson, Lindsay Hudson and Amanda G. Slater. H. B. Windsor is president, Charles E. Hudson vice president and secretary J. H. Slater treasurer. These with Lindsay Hudson and Amanda G. Slater make up the board of directors.

THE GREEN BAG.

Junior Heber J. Grant is excused for tomorrow.

The call of cases in Judge Ritchie's court tomorrow will not go over No. 100.

Jurors Emanuel Kahn and Max Lipman were excused for today and tomorrow by Judge Street.

Emma F. Earl has begun suit in the district court against her husband, Wm. A. Earl, for divorce.

The board of public works has awarded the contract for the sewer on the south side of Fifth South to A. L. Hobson.

CAN FIND NO PEACE.

Regular and Independent Republicans Unable to Effect a Compromise.

The last of the Republican conferences was held last night and the without bringing about the peaceful solution of the troubles which has separated the waning factions. Yesterday afternoon at a meeting of several members of the State committee County Chairman Parsons read the following letter, signed by C. S. Varian, chairman of the Independent provisional committee and addressed to George L. Nye, chairman harmony committee, approved at the Knutsford meeting, September 11:

Dear Sir:—The proposition for the adjustment of the differences now dividing the Republicans of the State, submitted by your committee at a joint meeting of the executive committee and members of the Republican State central and Independent provisional committees, held on yesterday at Republican headquarters, has been submitted to and carefully considered by the executive committee and each members of the Independent Republican provisional committee who could be reached within the limited time at our disposal.

It will be observed that the proposition submitted contemplates the selection of a congressional campaign committee only, in the interest of the Independent Republicans of the party, it contemplates the holding of the St. Pleasant convention for the purposes specified in the call therein, including the selection and instructing of a State central committee which shall act only be committed to the interests of the Republican Presidential candidate, and which shall also stand as the recognized head of the Republican party. In this we cannot assent. We consider the right of the McKinley Republicans to nominate and vote for the Presidential electors of their choice, and also to select a State central committee to take charge of their interests. We insist, however, upon the right of Republicans belonging to the other wing of the party to take charge of their political interests through a committee selected by and in accord with them. We appreciate the necessity for equal value of party organization, and so long as a majority of the voters of a party in the State are in accord with the purposes of their organized leaders and executives, we acknowledge the right of such to the allegiance of the party. We beg to remind you that the difficulties awakened among the Republicans of this state have been chiefly centered on a rule which would have put a party convention in the hands of a minority of the party, and thus have deprived the majority of Republicans of
