DETROIT TO WIN SAYS GRIFFITH

New York Americans Have Better Chance Than the Nationals.

CUBS ARE PICKED TO LEAD.

Manager Jennings Declares His Team Will Play Up to Last Year's Sensational Standard.

Leading baseball men all over the country are making predictions just now as to the way the teams will finish in the American league and the National league pennant races. New York fans have received assurances from both Clark Griffith and John McGraw that there will be plenty of fine ball to be seen in Harlem this season. It is the consensus of opinion that the New York Americans have a better chance to win a championship than the New York Nationals. The Cubs are expected to retain their present laurels.

Griffith has been induced to play the part of a prophet and in an interview given out at Hot Springs, he says as his opinion the Detroits will finish first once more, while the New Yorks will be close behind, followed by Cleveland, Chicago, Philadelphia, St. Louis, Boston and Washington in the order named. Fielder Jones, the competent leader of the White Sox says that Griffith's reconstructed team will prove the fastest in either of the big leagues and will surely win out, with the Sox and Detroits the runners-in.

Hugh Jennings, manager of the Detroits, declares that his team will play up to the last year's sensational standard but that he fears the New Yorks more than any other team in the American league. Connie Mack, manager of the Philadelphia Americans, expresses the opinion that the race will be closer than ever before and that New York will be at or very near the top from start to finish.

LA JIRE IS CONFIDENT.

Jim McGuire, manager of the Boston Americans, declares that the Detroit, Chicago and New York teams will fight it out for the flag. Manager McAleer of the St. Louis Browns, thinks his own team is worth a good bet, and picks Chicago, New York and Philadelphia as the other most serious factors.

Napoleon LaJoie, leader of the Clevelands, is confident that his men will carry off the honors this time, and expects Detroit, New York and Philadelphia to be in the thick of the fight at all stages. All of these managers in discussing the chances of the New York team say that Griffith will have a strong pitching department with Glade, Orth, Chesbro, Hogg, Doyle, Newton, Lake and Neuer to draw from and that the team, outside of the batteries, will prove fast in base running and fielding, also effective with the bat. In a word, these critics unite in the opinion that New York has championship material and that it is up to Griffith to exert the necessary managerial skill.

Frank Chance, manager of the world's champion Cubs, has made an unqualified statement that the swift Chicago Nationals will not only win the pennant for the third successive time, but will also capture the world's series again next fall. Chance thinks that Pittsburg and Philadelphia are due to finish behind his team, with New York, Brooklyn and Boston about equally matched in a struggle to finish in the first division. McGraw has made no prediction as yet.

Good judges aver that Pittsburg and Philadelphia will be stronger than last year, when they came to the wire second and third respectively. They also agree that the Boston Nationals, under the leadership of Joe Kelley and strengthened by such players as Bowerman, McGann, Browne, Dahlen and others, will give an account of themselves.

The Brooklyns will feel the loss of Pitcher Stricklett, no doubt, but Manager Donovan has some splendid pitchers and a hustling team in all departments. Nobody seems willing to concede anything but tail-end positions to Cincinnati and St. Louis. Of the two races the struggle for the American league pennant will probably excite the greater amount of interest.

LOGAN TEAM LEAVES.

Champions Going to Chicago to Compete for Championship.

The Logan B. Y. C. champion basketball team left today for Chicago where the players will compete in the Central States championship games. Coach Badenoch is in charge of the party which consists of eight members. Those who are making the trip are: Wilcox, left guard; Hill, right guard; Jensen, center; Waynesgnard, left guard; Roskelley, right guard; Rawlins substitute center; Young, substitute forward.

The players are all in excellent condition for the four games to be played. All the boys are confident of showing the Chicagoans how to play real basketball and they feel certain of capturing the championship.

SMITHSON DECIDES TO QUIT NEW YORK.

New York, March 12.—Forrest Smithson, the world's greatest hurdler, has decided to quit New York. He says he will leave this city today for his home in Portland, Or., where he will remain indefinitely. It is doubtful whether he will ever return.

Since Smithson came east for the national championships at Jamestown, Va., last year he has added a world's record and an American indoor record to his credit and has defeated the fleetest and best jumpers in the country.

While much had been said as to his ability as an athlete in the west, it was not until he won the national championship that he was considered the equal of the eastern champions. In the 120-yard high hurdle race he beat the fastest men in the country and won in such impressive style that he was immediately termed the fastest man in the world over the high jumps.

Shortly after that, while a student at Yale, he accomplished a feat seldom equaled in the history of athletics at New Haven. In one day he won five events in the fall inter-class games. No less than seven times has he exceeded the world's mark of 8 1-5 seconds in the sixty-yard high hurdle event, but on each occasion he unfortunately toppled over a bar, with the result that his new mark was not allowed, and on as many times more equalled the record mark.

Last week at the Georgetown university meet at Washington he established a new American record over the fifty-yard course, by covering the distance in 5 2-5 seconds, or 2-5 of a second faster than it was ever run before.

But his greatest achievement was accomplished at the New York Athletic club's games Tuesday night. In his heat in the seventy-yard hurdle he hung up the mark of 8 4-5 seconds, and in his final won easily in 9 seconds. The record of 9 1-5 seconds, which he lowered, had stood for fourteen years.

What caused his sudden intention to go west is known only to his closest friends, and they refuse to divulge it.

Prolonged Life

There are many persons living to-day, whom doctors have given up to die. Dr. Miles' Heart Cure has added years to their lives. It strengthens the heart nerves and muscles, restores normal heart action, so that it can send the blood through the veins to nourish and sustain life.

"I am glad to recommend Dr. Miles' Heart Cure and Nervine for they have been of great benefit to me. The doctors said I was liable to die any time; my case was incurable. I was told this by doctors in this village and Southern Minnesota. I have used four bottles of Heart Cure and the same of Nervine, and although not a young man, having passed through the war, I feel younger than I did before. I am feeling better in every way and sleep like a healthy six year old boy. I was advised to use your medicines by a man who is now a perfect specimen of manhood. He tried Dr. Miles' remedy and he said it cured him of heart trouble, twelve years ago after the doctors had given him up to die." CHAS. E. MURPHY, Verndale, Minn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

SCHEDULE FOR TENNIS.

New York, March 12.—Official announcement of dates for tournaments to be held during the year under control of the United States Lawn Tennis association is to be made shortly. L. J. Hoskins is to be elected secretary of the association and he reported yesterday that the schedule of tournament dates had been prepared in part at a meeting held in Boston last week with President James Dwight and Palmer E. Presbrey. It is expected to issue the list from this city within the next two weeks. The lateness in the time of issue this year is said to be due to the greatly increased number of tournaments and championships applied for by clubs.

BILLIARD TOURNAMENT.

Games Arranged to Settle Amateur Championship.

Chicago, March 12.—The committee in charge of the national amateur billiard championship at the Chicago Athletic association met yesterday and arranged the schedule of the opening games. As a result of the draw for opponents, Demarest, the present champion, representing the Chicago Athletic association and Jackson, of the Illonois Athletic club, are paired for the opening Saturday night. Monday afternoon Gardner of Passaic, N. J., and Conkin of the Chicago Athletic association are to meet, while Monday night Poggenberg of New York is to play Wright of San Francisco. Tuesday afternoon the loser of the Demarest-Jackson game will play the loser of the Gardner-Conkin match.

MAKING ROMAN CANDLES.

The most solitary person in the world during working hours is the maker of roman candles.

He occupies an isolated cell, says the Technical World, and nobody comes near him while he is engaged in his patient toil.

The wages he gets are high, but not by reason of the loneliness to which he is condemned; he is paid for the risks he is obliged to take.

The quarters occupied by this cremite artisan are a tiny house, which might almost be called a hut, with a floor space not more than six feet square. Standing by itself, at least sixty yards from any other structure, the little building is of wood, of the simplest architecture.

If it were to be blown up the financial loss would be almost nil—a point of some importance inasmuch as its diurnal tenant is obliged to use considerable quantities of explosives in the business which engages his attention.for a roman candle is a sort of magazine or repeating gun, with a paper tube for a barrel and balls of fire for projectiles.

CHINA TO SALUTE JAPANESE COLORS

Upon That Point Japan Insists in Settlement for Tatsu Maru.

CHINESE SIDE SUBMITTED

Diplomatic Representatives of the Several Powers at Pekin Are to Handle the Dowager's Propositions.

Pekin, March 13.—There was a further conference in this city today between Baron Hayashi, the Japanese minister to China, and Na Tung and Yuan Shih Kai, representing the Pekin government, over the Tatsu Maru incident. No final understanding was reached and the discussion of the matter is to be continued. Baron Hayashi proposed that China pay the purchase price, something over $100,000 of the arms on board the Tatsu Maru, if she insisted upon their retention, as well as demurrage for the time the vessel has been in the hands of the Chinese authorities.

TO FIRE SALUTE.

He insisted, however, that China release the steamer and that Chinese warships fire a salute to her flag in the presence of a Japanese consul. In consideration of this Japan would relinquish her claim for payment for the arms and leave the matter of the punishment of the officials who are responsible for the lowering of the Japanese flag on the Tatsu Maru to the discretion of China. To the proposals China replied that she was willing to restore the vessel and incorporate an apology for the flag incident in the final settlement. China has presented her side of the case to the diplomatic representatives in Pekin of the several powers.

WHILE SOUL MARCHES ON JOHN BROWN'S WAGON BURNS

Iowa City, Ia., March 13.—John Brown's antiquated wagon in which he made many pilgrimages during his crusade against slavery, was destroyed by fire here yesterday. The wagon was left here by Brown 48 years ago and has been preserved during that time by Herbert S. Fairall, a pioneer newspaper man of Iowa City.

JAPANESE PEASANTS TO COLONIZE KOREA

Washington, March 13.—According to mail advices received in Washington from the orient, Japanese peasants with their families in large numbers are to be sent yearly to Korea. The statement is made that the proposed Japanese-Korea colonial company shall send about 40,000 peasants, accompanied by their families to Korea every year.

It is proposed, too, that the Japanese military forces shall eventually settle on the land for colonizing purposes. Small hypothetic banks will be established at three or four suitable places in order to give the peasantry the necessary financial assistance.

CENSUS AT PANAMA.

Washington, March 13.—The taking of a new census of the Panama canal zone is in progress. It is a difficult matter to take a census of the zone inhabitants because of the composition of the population, the frequency with which persons change their residence, and the number of languages in common use. Almost all the employes, both white and black, live in barracks or bachelor quarters, and must be enumerated there.

POLICEMAN RISKS LIFE TO SAVE PURSUED THIEF

New York, March 13.—A burglar hunt which began with a policeman shooting at a fleeing robber in the fashionable district in the vicinity of Sixty-fifth street and Park avenue early today ended with the officer risking his own life on the tracks in the New York Central tunnel to save that of the hunted man.

The alleged robber narrowly escaped death under a rapidly moving train, but had he been so severely hurt by jumping into the tunnel in an effort to escape his pursuers that he was taken to a hospital instead of a prison cell.

A policeman who was passing the Palacio apartments at Park avenue and Sixty-fifth street early this morning, heard suspicious sounds in the stairway. When he reached the bottom of the stairway a figure darted past him and started down the avenue at top speed. The fugitive darted into a tunnel opening in Park avenue and plunged through to the tracks 30 feet below. An automobile with a powerful searchlight came up the avenue. It was halted by the policeman, the searchlight was turned down through the opening and the man was seen lying across the tracks at the bottom of the pit. The automobile towing rope was lowered through the opening and a policeman clambored down just in time to drag the man from the track before a train whizzed past. The man, unconscious, was hoisted out of the tunnel and taken to a hospital, where it was found he was not dangerously wounded.

In the stairway where the man was first seen, the police found a shopping bag containing 85 pieces of silver which had been taken from an apartment.

FOG DELAYS LANDING.

Liverpool March 13.—After breaking the record for the voyage across the Atlantic from New York, the big Cunard line steamer Mauretania arrived at the mouth of the River Mersey at 5 o'clock this morning, where she is held up by a dense fog.

Her passengers will not be able to come ashore until late today.

BURNS-ROCHE DELAY.

London, March 13.—There is a possibility that the fight between Tommy Burns and Jem Roche, fixed to take place at Dublin, March 17, may have to be postponed. Burns met with an accident on Tuesday which resulted in inflammation of the eye. Burns has written to the promoters of the fight asking them if they would consent to a postponement of the fight and expects an answer to his communication by tonight. No matter what the answer is Burns intends to go to Dublin tomorrow.

FIVE HUNDRED POISONED.

Upper Sandusky, Ohio, March 13.—Five hundred persons were poisoned here last night at a social given by the ladies of the English Lutheran church by eating chicken and waffles. It is believed that no one will die.

FOULKS SURRENDERS.

Winnipeg, Man., March 13.—United States Custom Officer Foulks, who was indicted Wednesday on a charge of kidnaping farmers, surrendered to the sheriff here today and was released on $4,000 bail.

We must all use laxatives

—we who eat rich foods and exercise too little. The best way to take them is a Cascaret at a time—when you need it.

You know when you need Cascarets.

You feel a certain dullness, a depression—perhaps the approach of a headache.

You say, "I must take something tonight." But why do you waste the day?

It is easy to keep at your best at all times, if you'll do it.

The way is to carry a box of Cascarets with you. Take one just as soon as you need it.

Then the clouds rise at once.

The need for Cascarets is a natural need. Don't think that you are drugging yourself.

We must get a laxative some way. If we don't get it through exercise, and through proper food, we must get it otherwise.

Cascarets are the next best way.

Ask your Doctor about it.

He will tell you that the day of the violent purgative is past. The day of pills, salts, castor oil and cathartics.

This is the day of the gentle in medicine, the natural, the pleasant.

Cascarets act just as certain foods act—just as exercise acts—on the bowels.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C C C on every tablet. The price is 50 cents, 25 cents and
