BUSINESS IN MINING STOCKS.

Higher-Priced Securities Took the Lead on Both Boards.

NORTHERN LIGHT'S ADVANCE

Day's Record 54,100 Shares for $21,-230.24—Movements on Both Exchanges.

Stock transactions today were high in value but lower than yesterday in the number of shares sold, the record being 54,100 shares for $21,230.24. This indicates good business in higher-priced securities, among which Northern Light was a leader on both boards and sold well up to 74 cents a share. All told, dealings on the old board amounted to 25,500 shares for $16,357.41, while on the new exchange, sales reached 28,600 shares, with a selling value of $4,872.83.

NORTHERN LIGHT ACTIVE.

Brokers Deal in Best Advancing Figures—Four Are Steady.

Northern Light took first place on the old board today, the stock being the feature of the call and selling freely at advanced figures. It opened with sales at 67½, but soon left this figure to soar to higher realms, and before the brokers had dispersed, was selling at 75 spot, and 74, buyer 30 days. The latest fingered long on this security and made sales of 2,300 shares, at figures between the highest and lowest above quoted.

The call was productive of a fair amount of business, resulting in it did in sales of 21,300 shares for $16,357.41. Second place was easily taken by Four Aces, which slumped materially from the figures of the day before and was found selling at 42. Dexter continued quite firm and sold at 21.42½, while Daisy went at 38½ and Eagle at 5 and 4½. Grand Central was strong at 85, and bigest made transfers at 25 cents, being followed by sales of Lower Mammoth at 77 and Mammoth at 15.75. Omaha did business at 40 and Potosi dropped 500 shares at 17.

Dealing with smaller stocks, the brokers found business in Iron Tassel at 32½ cents, which was followed by Golden Eagle, which sold for 4 cents, after which they indulged in a little La Reine at 28 and Rockwell at 9. Keystone held up quite well and was dealt in above it, while Little Pittsburg subscribed to at 14 cents and Yankee Consolidated took part in the trading at 12 and a point below.

The closing figures were as follows:

MARKET REPORTS.

NEW YORK MARKETS.

New York, April 12.—The liberal response which London made today to the rise here yesterday, stimulate operations for the long account in the opening dealings, and some noteworthy improvement followed.

Purchases were in very large blocks. The actual work of specialties showed that they were readily responsive to professional operations. In a short time Atchison, Rock Island, Lake Erie, Brooklyn Transit Pair and various other issues 1½ to 2 points. The bulge in the leading properties seemed to realize, when the stock market, which had wiped out the advance in National steel and shaded others 1 to 2 points.

The market closed quite materially with conspicuous strength and activity in Southern preferred and Northern Pacific. The fluctuation in the specialties was soon dominated and some of them made rapid strides upward, some bringing 1.67½. Call money rates were unruffled, most of the business being done at 1@1½.

Partial subsidence of apprehension as to current disturbance in this quarter invited a heavy outside demand for shares.

The bond market was very strong in spots. Wisconsin Central 1st and Oregon Short Line issues rising sharply.

BUSINESS NOTES.

The activity in Utah Sugar company stock continues unabated. Brokers state that from $20,000 to $25,000 has been invested in the stock since the opening of the market last week, the most of it, mostly in large capitalists who have not heretofore been interested in the company. The block of 500 shares was placed by Broker Jas. E. Jennings. Several blocks, amounting in all to over 1,000 shares, have passed through the hands of Broker John C. Cutler this week. Broker L. R. Hatch has placed several small blocks of stock. The prices have ruled all the way from $14.25 to $14.50. Little Bell, up to 4 cents, has been touched by the small blocks, the biggest ones going at the lower figure. At the meeting of the directors of the company's report for the last year was ordered printed and distributed among the stockholders. Mr. Thos. R. Webber and Heber J. Grant being named as an auditing committee. The report is encouraging, as the stock is doubtless due to the fact that the favorable showing made by the reports is just beginning to reach investors. The first meeting of the newly appointed board of directors will occur Monday, the 17th, the regular day, the 15th being Arbor Day.

* * *

Several blocks of E. C. M. I. stock changed hands this morning at prices ranging from $120 to $124.50 per share.

Shares of State Bank stock were quoted at $100@$105 this morning, the report quarterly 2 per cent dividend of this bank is payable on the 15th.

THE RECOVERED HARNESS.

Two of the three double sets of harness, recovered by Officer Rosella at Riverton yesterday, which were supposed to have been stolen by the notorious Sam Grier, were identified by Willis Cohen today, as his property. The other set is still unclaimed and can be seen at the county jail.

MERCUR SHIPS GOLD BULLION.

First Batch of Cyanides Put Through the New Refinery.

PRODUCT VALUED AT $24,000

Good News from the San Rafael Country—Location Notices Filed—Mining Notes.

Four bars of genuine gold bullion were brought in from the Mercur last night, the result of the initial run at the company's new refinery. Mr. John Dern, who accompanied the shipment to this city, stated to a "News" reporter this morning that the refinery was now in good working order and could be counted on for the production of a crude pound of cyanide bullion out by the company's mill. The shipment consists of about 1,200 ounces, which, computed at $20 an ounce, means $24,000 for a two-week's run. Another batch of cyanides will be put through immediately.

Mr. Dern did not visit the Dove as generally expected, but satisfied himself with an inspection of the Mercur and Cheyer-Marion, both of which he found in splendid shape. He says the latter is looking exceedingly well, but denies the report that a decision has been arrived at looking to the treatment of its product at the Mercur refinery.

FROM THE SAN RAFAEL COUNTRY.

Rich Prospects Located—Mining Transfers—Locations Filed.

Special Correspondence.

Provo, April 12.—Frank Tribett has returned from a trip to the San Rafael country, where he has located some very promising copper claims. The samples he brought in show a very fine sample of gray oxide of copper. Mr. Tribett is having assays made by Mr. Kemp, and when the exact value is not known, there is no question about the ore carrying a large percentage of copper. Mr. Tribett says he has looked at it say it will go at least 50 per cent copper. Of this ore Mr. Tribett and a companion brought with him, have a vein from four to six feet in thickness. The location are all along the exact situation of their claims, so they are not yet ready to have too many prospectors visit them.

Hans H. Pedersen has conveyed to Gilbert Swanson, Hannah Nelson, G. F. Hickman, John C. Smith, A. Cantril, Rol. Leonard Swan, Charles Nelson and Frank Zandbert an undivided one-sixth interest to each in the following mining claims situated in North Tintic mining district: The Dewey, The Mary and the Hobson.

Mrs. Mary Steadman has filed notice of location of the Steadman, and Hannah Nelson of the Peace mining claims both situated in North Tintic district. C. A. Lindstrom has filed notice of location of a placer mining claim in block 16, plat B, Santaquin. John Dillon et al have filed notice of location of the Eliza Sun mining claim, situated in Tintic mining district.

SUIT TO RECOVER SALARY.

Trial of the Issue Between O. J. Olsen and Glasgow Exploration Company.

Motion to Dismiss a City Case Argued Before Norrell—Retiring Gets One Year.

Judge Cherry and a jury today took up the case of O. J. Olsen against the Glasgow & Western Exploration company. H. A. Smith appeared for plaintiff and the defendant was represented by Joseph T. Richards.

Plaintiff in this case seeks to recover the sum of $225, alleged to be due him on account of salary from June 16, 1897, to August 1, 1897, at the rate of $5 per day. The complaint alleges that on the 16th of June the defendant company employed plaintiff to work in its mines at Ophir, Tooele county, for a period of forty-five days. On the 15th of June, it is alleged, plaintiff was discharged without cause and was prevented from his services would be no longer required. The defendant claims that plaintiff was discharged for the good of the agreement embodying him. The defense is a general denial. The case was tried a short time ago, before Justice Marquis and judgment rendered in favor of plaintiff, from which decision appealed.

FEMALES IN SALOON.

Motion to Dismiss a Case Appealed from Justice Court.

The case of Salt Lake City vs. E. G. Pollock, came up before Judge Norrell today on a motion to dismiss the appeal. The defendant was charged, at least a season in this city, was arrested by the police last fall on the charge of allowing two female to remain in his saloon for a period of 3 p. m. to 10 p. m. He was convicted and fined $50, and from this judgment he appealed to the district court. Counsel for defendant argued that the case should be dismissed because the complaint failed to allege a violation of ordinance. It did but state that Pollock had allowed the complained women to remain in his saloon after 8 o'clock. He also contended that the ordinance under which the complaint was drawn was unconstitutional for the reason that it made a discrimination between men and women.

Assistant City Attorney C. H. Bowers said that under section 219 of the revised ordinances of Salt Lake it was a violation of the ordinance for any person in the chapter and section of the city ordinance, and that it was not necessary to allege anything further in the complaint. He extended the argument that the ordinance discriminated between the sexes and contended that it had a perfect right, under the law, to pass an ordinance governing the liquor traffic in the city, and that it had a perfect right, under the law, to pass an ordinance forbidding the sale of drink to women in saloons altogether.

Judge Norrell sustained the objection to the unconstitutionality of the ordinance and took the alleged functions of the complaint under advisement.

In Favor of Plaintiffs.

The jury in the replevin suit of Amelia Neisecker et al against George Harvey et al returned a verdict today, giving the issue to the plaintiff for $2,200 and $218.22 interest.

RETIRING GETS ONE YEAR.

Sentence of a Barber Who Used a Revolver Instead of a Razor.

G. T. Retling, the barber, who pleaded guilty on Tuesday to the charge of assault with a deadly weapon, was sentenced this morning by Judge Norrell to one year in the State prison.

The defendant is the man who went into a barber shop on Christmas Eve and took a shot at Leslie Shannon, formerly one of the proprietors. It was claimed that he was under the influence of drink at the time he made the revolver and expressed sorrow for what he had done. Shannon was shot in the thigh and considers himself fortunate that he fared no worse.

HARNESS THIEVES HELD.

Once More the Grier Furnish Evidence of Their Guilt.

At 2 o'clock this afternoon Mr. and Mrs. Grier, who were arrested at Tooele April 1 on the charge of burglary, were brought before Justice Bonner for preliminary hearing. Attorney J. M. Hamilton appeared for the defendant, and Assistant County Attorney Cohler prosecuted. Several witnesses were called, the most important being Deputy Sheriff Commock, who testified to the arrest of the Griers at Tooele and to the fact that he had arrested he and his wife took the harness that Grier stolen from Amos Gorham and J. Grier testified that Gorham gave him the harness in the granary on the Pomeroy place which has subsequently been identified as the property of Gorham. Witness said that he showed the harness to Mrs. Grier at the county jail and asked her if she had seen it before, saying that Grier seems to find never seen it. Mrs. Grier said, "Yes, I saw the harness when Grier put it into the boxes and we drove out to Tooele, and Grier said he never saw it before he lost."

Will Carter testified that the Griers brought the harness out to the farm mentioned.

Justice Bonner concluded that there probable cause and felt compelled to warrant him in binding the defendant over to await the action of the district court in the $1,000 bond. Mrs. Grier was fined at $100 and Grier's at $200. Neither was able to give it and each went back to jail.

FIGHT ON STATE STREET.

Drunken Finlander Knocks Out Four Men in Short Order.

At 1.40 this afternoon quite a little row was occasioned at the intersection of Second South and State streets by a drunken Finlander creating an incipient riot. He was being escorted home by four companions who were endeavoring to induce him to return to Murray, where he is employed at the smelter, when another, feeling the crowd, crowed Roberts came along to give a helping hand, but the sentiment had left the gentleman that they could manage things if he would let the fellow alone and allow them to take him home. To this the other succumbed, at the same time keeping his eye on the affair. As soon as the Murray car here in sight the quartet proceeded to load their unwilling companion on to the car. The burly Finn objected and started a running fight in the street yelling like an Apache. The four friends proceeded to close in on their comrade who promptly backed off and with fine self-directed blows gave to friends up in a heap in the gutter. Then Roberts took a turn and in one seconds had a good right on his hands. The Finn his kicked and so badly hurt Roberts he quit the fight. Four more men the others had brought came to the rescue and after five minutes spent in kicking and doubting the mighty hoofs of the Finn, he was finally handcuffed and thrown into the patrol wagon. He is booked on the charge of resisting an officer under the supposed alias "John Doe."
