DESERET EVENING NEWS.
Tuesday, June 30, 1896.

THE COUNTY BOARD.

Meeting of the Commissioners Held Yesterday Evening.

DISPUTE OVER FEES OF JURORS.

State Jail or Prison to Allow the Claim—Supreme Court Will be Asked for an Opinion.

The county commissioners met at 8 o'clock last night for the transaction of county business, all the members of the board being present. The appointment of election agents for the new voting districts was not taken up and will not be until all the old precincts have reorganized under the new law. The matter of the payment of jurors' fees to civil cases will soon be a question for a supreme court opinion as will be sought by the action of the commissioners.

County Auditor Fisher submitted to the State auditor yesterday a certified statement of fees of jurors and witnesses in the district court of this county, asking a warrant for the payment thereof, and received the following reply which was laid before the commissioners:

L. M. Fisher, auditor, W. P. Lynn, ex-auditor:

Gentlemen—Your certified statement of jurors' and witnesses' mileage issued by the clerk of the district court in and for Salt Lake county, State of Utah, since January 4, 1896, to June 5, 1896, has been received and filed.

Holding, as the attorney general does, that the State is not liable for the services of jurors in civil cases on which neither the bad, by his recommendation, Hon. G. S. Varian, made an elaborate and logical opinion, now set forth my reasons, I am under the obligation to refuse to audit and recommend to draw a state warrant therefor, specifying the said fees arising in criminal cases, as there is no question on that point.

Respectfully,
MORGAN HOUGHTON, Jr.,
State Auditor.

The board passed a resolution authorizing the county attorney to proceed to compel the State auditor to pay the whole claim. This, of course, means that it will be necessary to establish a precedent in the Supreme court.

County Clerk Stanton submitted the following statement of receipts and disbursements of the county from January 1 to June 30:

County Auditor Fisher will open his books with the seconds as they stand on June 5th, the date upon which he commenced to serve in his office.

Mr. Whitemore, county attorney, submitted an ordinance selling aper East Temple street from Fifth South to Twelfth South streets as a driveway for carriages and forbidding the use of the same by heavy loaded vehicles. The ordinance was read once and laid over for future consideration.

County Surveyor Joseph pointed out the dangerous condition of the county road leading to Bingham canyon over the Winnamuck mill and at the Rio Grande Western crossing. Mr. Roberts and the surveyor will investigate and act on the matter. Attention was also called by the surveyor to the fact that in many instances the closing of county roads was due to the land covered by them being assessed, the owners proceeding to close up the roads on the grounds that they have control over property on which they pay taxes. The county attorney was instructed to investigate.

The surveyor also transmitted the deeds to the matter of opening of Fifth East between Twelfth South and Thirteenth South streets, and reported that the deed was closed. His report was filed.

Thirty dollars each was allowed to Byron Cummings and B. W. Ashton for conducting school examinations.

An offer was made by Messrs. E. Briggs and C. F. Evans to grant the county a right of way for a ditch through their garden at Fifth East and Eleventh South streets for $75. Referred to the finance committee.

Mr. P. Miller, Thomas Mulholland and A. Eckman authorized to sign $100 bonds in the bond equalization.

TEN SPECIAL OFFICERS

For Duty During the Carnival Appointed by the Police and Confirmed by the Board.

At a meeting of the fire and police board last night ten special patrolmen to serve during the Carnival were appointed. They were as follows: J. H. Sheridan, William Wright, James Williams, Charles Lowry, O. P. Pratt, Joseph Raleigh, J. B. Chambers, Bauman Cannon, A. J. Player and Dennis Sullivan. These men will report to Chief Pratt for instructions Wednesday morning at 10 o'clock.

In reporting on the case of Ed Flynn against Byrne, Commissioner Cohn criticised the following communication which was received at noon:

The record in this case consists of the temporary application of October 8, 1895, as above quoted, and the application papers of the petitioner, dated November 25, 1895. I am of the opinion that in order to be a member of the regular board of the department, Flynn should have received a regular nomination by the chief and a confirmation by three or four members of the board. In the absence of the convention of 1895 and of a nomination, Mr. Byrne must have been a substitute up to the date of his discharge, and cannot be so, but is the chief appointee by the board.

In my opinion Mr. Byrne can only become a member of the department, under the existing law, by going before the examining board, as was the case with Love and others, and, having passed a satisfactory examination, then be nominated by the chief and confirmed by the board.

I therefore recommend that the prayer of the petitioner be denied.

The promotion of James McCarthy from deckman to captain of Hremen and W. H. Bywater to a similar position were reported by Chief Devine and confirmed by the board.

As a result of an report on the matter of appointing a mounted policeman for South Temple street was received from the City Council and referred back to the city recorder. The same communication also recommended that the wheelmen of the city committee place to pay the salary of an officer.

On motion of Commissioner Cohn, Sergeant E. Hoger was allowed full pay during the period of his suspension.

A communication was ordered sent to the city attorney asking for his opinion in the case of Daniel Welch & the original Hremen who now demand back pay during his suspension.

The fire percussion of the city was reported by Chief Devine as being in a relative condition as it stood then at some time past, and by a vote of the board the chief was allowed to detail a detachment of the Hremen for next Thursday's parade.

Fire and police department bills aggregating $1,831.30 and $2,924.29 respectively, were read and allowed, after which an adjournment was taken until next Monday at 8 o'clock.

F. McBROOM, Asst. Supt.

OPINIONS OF OUR LEADING MEN.

President Angus M. Cannon says of the Keeley treatment:

"I thought it impossible for one man to do what Dr. Keeley has done scientifically in counteracting the terrible evils of intemperance. His treatment strengthens men physically, mentally and morally. Under these circumstances they are given another opportunity to become men among men. Is there a man who loves his fellow beings that can fail to say, I wish Dr. Keeley as engaged in a most commendable work? I trust his good work may continue."

ANGUS M. CANNON,
President Salt Lake Stake.

Call at the Keeley Institute, 160 West Second North, or address Lock Box 468, Salt Lake, for full information and literature. All inquiries are strictly confidential.
