It is stated that Mr. Hunter of Logan and Mr. Hamburger of Salt Lake have a scheme in view for the purchase of a tract of land, known as Forty Acres, on the electric road, and will at once begin the construction of a modern pleasure resort. The plot of ground contains about forty acres and is covered with large trees, which afford a good shade. On the ground are several fine ponds, which will be made into a lake, which would be the place of the resort. There will be a dance hall, music pavilion, a large dance hall, rock conservatory and open air theater, swings, pavilions, refreshment stands, a bear pit, dancing floor, etc., and arrangements have been made to secure all the attractions that are now to be found on Lake Bonneville, which will be made into a valuable pleasure garden.
