INTO THEIR ROOST.

The Castle Gate Bandits Make Good Their Escape.

BEYOND THE REACH OF LAW NOW.

Wild Story That They Laid Their Plans In This City and Intended to Rescue Train Robber Tom.

The Castle Gate robbers have made good their escape. Of that there is little doubt. Mr. E. L. Carpenter, from whom they secured the big $7,000 haul on Wednesday, has none. He said so to a News man this afternoon. The only hope for their apprehension lies with the State. If it will do something, he says, they may be captured, otherwise the prospects of them enjoying their illgotten gains are very bright. He declares that they are now in the "Robber's Roost" of southeastern Utah in rocky fastness that are almost impenetrable except to those who have lived all their lives in that region.

There was a wild story afloat today to the effect that the robbers planned the Castle Gate holdup in this city less than a week ago and that they intended to rescue Tom Union Pacific train robber while incarcerated in the county jail. Of course, it was only a canard.

Mormon Baptisms.

Events, a Y. M. C. A. paper, published at Sioux City, Iowa, under date of April 15th, says: Last Monday afternoon, just after the swimming pool had been filled with fresh water and warmed for the use of the bathers, it was used for an unusual purpose—that is unusual for our plunge. Some recent converts to the Mormon faith were immersed by Elders of that Church, who have been doing missionary work in this city for a short time.

Missionary Report.

MATTHEWS, Graham County, Ariz., April 8, 1897.

To the Editor:

I left home as a missionary on the 8th of November, 1894. Labored in the Mississippi conference for one year as a traveling Elder; was then called in connection with others to open the good work in Louisiana, where I spent the remainder of my time as a traveling Elder. I received my release on the 22nd of March, 1897, and arrived home on the 2nd of April. It calls for a sacrifice on the part of an Elder to fill a mission for a couple of years, but I think there are none but can say they have received many great blessings which they would not exchange for gold or silver. I feel as though my labors had not been bestowed in vain, though in some instances it takes time for the seed to sprout and mature. There are yet thousands of good honest souls who will accept the Gospel message and come in through the way appointed by our Lord and Savior. The hospitality of the South is not to be questioned, and we may have become seeds of the News, I take this opportunity of again thanking them for their kindness to my people while in their midst. The News was a welcome guest in the missionary field and I hope to continue my intimate acquaintance with it.

Plaintiff alleges that in the spring of 1895, he was the owner of an undivided one-fourth interest in several mines, located in American Fork canyon; the defendants at that time being in possession of the remaining three-fourths. A demand was made of Holden for a distribution of said amounts and to pay plaintiff one-fourth of the profits. This, it is alleged, defendant declined to do. Plaintiff sues for judgment and that an accounting be had between the parties in the suit, and as to the amount due defendant Cullen and profits due him. Judge Henderson and W. C. Hall are plaintiff's attorneys. Defendants are represented by Attorney W. H. Dickson.

BIG REAL ESTATE DEAL.

Gus Holmes the Purchaser of Property on State and Second South Streets.

Gus Holmes, proprietor of the Hotel Knutsford, purchased a piece of real estate yesterday paying $192,000 therefor. The property is located on the corner of State and Second South streets and embraces the whole of the ground on which the Way hotel and old Singer block now stands. It has a frontage of 203 feet on State street and 165 feet on Second south.

Previous to the transfer, Mr. Holmes mortgaged his newly acquired property to the extent of $99,817, the money being furnished by Timothy R. Murray of Butte, who holds the first mortgage in the sum of $60,000, due in six years. The balance of incumbrance against the property is represented in two mortgages, one in favor of the National Bank of the Republic, one in the sum of $6,750 and the other $9,067, both drawing 10 per cent interest and due April 22, 1898. The trust deeds and mortgage cover the entire ground embraced by the deed as well as some other property, the following being the descriptions given in all three instruments:

The warranty deeds are in consideration of the sum of $150,000 and $30,000 respectively, while one quit claim deed is for $12,000 and the other for the nominal consideration of $10. Prior to the transfer to Mr. Holmes, mortgages aggregating $56,041 against the property were released.

Mr. Holmes has completed arrangement for the creation of a business block.

PROVO.

PROVO, UTAH, April 23, 1897.

THE CASTLE GATE ROBBERY.

Probability that the Perpetrators Have Made Good Their Escape.

Wednesday evening Sheriff Storrs and Deputy Sheriff Henry joined the Salt Lake officers who went to Castle Gate on the 5:30 R. G. W. train to investigate the robbery of Mr. Carpenter. Sheriff Storrs returned yesterday and informed the News representative that the officers and Mr. Carpenter followed down Price River the same evening with the intention of obtaining horses and going across the country and intercepting the robbers on their way to the San Rafael mountains, which they are supposed to be headed for.

Mr. Loveless of Huntington, who was in Provo yesterday, said that Gillis and Fowler, the men who committed the robbery, were in Huntington last Sunday. He expressed no doubt about the officers being able to capture them, for the reason that the San Rafael country and its approaches is infested with a large posse of desperadoes, and he believes the posse will meet with some interception from them on their way over from Green river.

A larger posse would have gone from Green river but four horses were all that could be obtained at that point.

Notes.

A marriage license was received yesterday by Willis Samsion, aged 21, and Lonie Singleton, aged 18, both of Springville.

Henry L. Davis of Provo Bench was arrested yesterday on a charge of assault and battery committed on J. J. Talmage. The men had trouble over water. Davis will plead before Justice Booth on Saturday.

The following orders were made in the Fourth district court yesterday: The case of Thos. F. Cochran vs. Lucinda J. Cochran et al. was set for the 25th. Utah County Savings Bank vs W. D. Roberts; demurrer to complaint overruled and ten days given to answer.

STOCKS AND MARKETS

New York Stock Market.

NEW YORK, April 23.—The ventures of the leading stock market gave rise to the opening some gains, but pressure soon became all sensible. The dealings were small and manners lacked animation.

Immediate gains were the features in the third one minute to 1 o'clock, the variations in a few stocks being rather wide in either direction.

There was some tendency toward improvement in the general, but not very light trade, however. The bond market was dull, but firm.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, gently, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxative or other remedies are then not needed. If afflicted with any actual disease, one should consult a physician. If in need of a laxative, one should have the best, and with the well-informed, everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

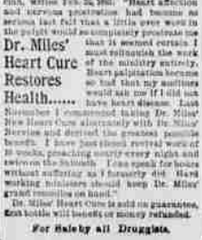
Ministers Should Use Dr. Miles' Heart Cure.



THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble and serious prostration.

Rev. J. P. Easter, M. D., Pastor U. B. church, Loudon Mills, Ills., himself a physician, writes: Feb. 24, 1896: "Heart affection and nervous prostration had become so serious last fall that a little over week in the pulpit would so completely prostrate me that I would be in bed. It seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would say to me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have had no renewal worst of it weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand."

Dr. Miles' Heart Cure is sold on guarantee, first bottle will benefit or money refunded.
