CASE CONCLUDED.

Contrary to expectations when trial of the marriott irrigation case was fairly started, it did not last very long. Yesterday afternoon the testimony of Lorin Farr and J. J. Lucas was taken. The court then dismissed all action as to defendants, Ogden Milling and Elevator company, Alex Hunter, M. J. Burthlemey and Moses Thatcher individual, both contested the hearing of testimony in the case. The further hearing of the case was argumentative. It takes place on Saturday, April 15th, to which date the court adjourned.

Yesterday Eugene H. Dunnom filed a suit for office rent against the county clerk against the Interstate Savings and Loan association, to compel the association to execute a bond and mortgage against Dunnom's property by accepting the stock which he holds in the association in payment in addition to $12.10 to complete the full payment of $600. He also asks $5 damages because the association has hitherto refused to receive the stock as part payment.

Sorrow pervades the home of Mr. and Mrs. Thomas J. Hechkins. The angel of death called there Tuesday evening at 10 o'clock and set his seal upon beautiful little Bernadine Hechkins. The funeral services will be held from the family residence, rear of 245 Twenty-seventh street, Friday at 2 o'clock p. m.

**INJURED BY A LIVE WIRE.**

The voltage from a wire for incandescent lighting caused a serious accident to John Cudick Tuesday evening. While at work in the back yard at his residence he grasped with one hand an escape pipe leading from the bath to the tub, and with the other hand grasped the light wire attached to a lamp. The insulation was worn off the wire at the point where Cudick grasped it, and the connection was made through him to the escape pipe and to the ground. He was thrown down and rendered unconscious. The second finger on the hand that grasped the wire was burned to the bone. Cudick's face was severely burned, as was the fleshy part of the palm. A physician was called and was dressing the wounds. Cudick went to bed and is getting along all right.

Judge Jacob S. Johnson left last evening for a week's hunt at Spring City.

The conference trains yesterday were well loaded with people.

Daniel L. Wright and Judge Ogden Hiles were in the city yesterday afternoon.

Mrs. G. J. Wright, formerly of this city, but now residing at Idaho Falls, Ida., has come down to visit friends and attend the conference.

E. H. Howard, state agent of the Rio Grande Western, was in Ogden yesterday.

In the case of the Utah Loan and Trust company vs Ogden Street Railway company, Judge Johnson yesterday gave the defendant ten days' additional time in which to plead.

Miss Mabel Apsley, of Thus Singing, at the Grand last night, for the people of All Hallows College, attracted a very large audience, and all were well pleased with the entertainment.

## SPRINGVILLE.

**Branch of Lehi Sugar Factory will be Built This Season.**

Special Correspondence.

Springville, Utah Co., April 4.—Yesterday the location and grounds of the proposed branch of the Lehi Sugar Factory at this place were staked off by Manager Thos. R. Cutler and Superintendent Austin and Valdo. They also took measurements of the water from Big Hollow creek to see how much water could be depended upon for the use of the plant.

The branch will be so far completed this season as to receive the first crop of beets grown this year. The beets will be ground only this season, the refining of the juice will be done at Lehi. It is proposed to transfer the juice by means of a pipe line running from Springville to Lehi. It is more to be desired that the railroad people say they cannot furnish cars sufficient to transport the beets promptly when harvested. The beet growers of Springville are promised that next year they will receive the same price for their crop as the Lehi grower receives.

## PARK CITY.

**Business Activity—Moving House Will Soon be Built.**

Special Correspondence.

Park City, April 4.—Elder James Duckworth of Salt Lake, who filed an appointment here as home missionary in Sunday evening, delivered an interesting discourse to a large and appreciative audience.

Elder Thomas L. Allen was in the Park yesterday and states that he is working on the plans for the new Latter-day Saints meeting house to be erected here and it is expected that work will soon commence on the structure, and it will be hurried to completion. Comfortable quarters in which to hold services will be greatly appreciated by the people here who have been using a vacant schoolroom in which to meet during the winter.

The Park City sampling mill is undergoing repairs now while the roads are bad and teams unable to haul ore.

Attorney Frank Dwyer has moved in a new set of Stitch wall rule and are giving things a general overhauling, anticipating a good summer's business.

The Bremen's ball given on the evening of the 3rd inst., was a grand success financially and socially. Cosin's orchestra of Salt Lake furnished the music, and the large crowd in attendance continued the dance until near 4 o'clock in the morning.

Ore is now being shipped over the Utah Central and thence via R. G. W. and their connecting lines to the smelter at Pueblo. It appears the western roads have combined and agreed to divide the business and have advanced freight charges to Colorado points, one dollar per ton on ores.

Things are assuming quite a lively appearance in and around the Daly-West mine. More men are being put to work and stoping and hoisting of ores is now progressing with all things running smoothly. The concentrator is also now starting up with Frank Cobb, formerly night foreman at the Anchor concentrator, in full charge. Ore shipments and dividends will soon be the order of the day with this, one of Park City's greatest bonanzas.

## LOA.

**Early Irrigation—Depicting Missionaries—Death of George Chaffin, Sen.**

Special Correspondence.

Loa, Wayne Co., April 3.—Farmers are busy putting in crops, so they can get what little water comes. There will not be as much high water as common, as there is less snow in the mountains and the Johnson Valley reservoir that was completed last year will stop some. On account of no snow falling in the valley, crops have to be watered before they start to grow.

Three young men, Parley M. Gray, Jr., Allen Taylor and John Lasseby, left this morning on mission to the Southern States.

Thomas Forsyth starts Wednesday for England on a mission.

George Chaffin Sen., of Teasdale, died at Hot Springs April 1st. He was informed from his son, who lives in the Colorado river, when taken sick at Hot Springs a camp ground, miles from any habitations. The particulars are not known as yet.

## SANDY.

**Sudden Death of James Smith, a Well Respected Citizen.**

Special Correspondence.

Sandy, Salt Lake Co., April 4.—James Smith, an old resident of Sandy, went to his work as usual yesterday morning. At noon he went home to his dinner and complained to his wife that he was not feeling very well, but nothing was thought of it as he went back to work evening he grew worse and Dr. Robertson was called in. About 12 o'clock last night he died, the doctors say of heart failure.

Mr. Smith is an old and respected citizen. He was employed as engineer at the Pioneer sampling mill for twenty years, also all spoke in high terms of him. He is survived by an aged father, a grown-up family, consisting of three sons and three daughters.

## RICHFIELD.

**County Affairs—Reports of Health Districts Defined—Marriages.**

Special Correspondence.

Richfield, Sevier County, April 4.—At a session of the county commissioners held on the 3rd inst. the following business was transacted:

John L. Lewis, of Richfield, was appointed county fish and game warden, at a salary of $45 per month during the season, he to furnish a team as required at Fish lake and $10 a month for the remainder of the year.

The resignation of Henry Butterfield, constable of Vermillion precinct, was accepted to take effect May 1, 1899.

The bond of Wayne county for one half the tax on certain sheep owned in Sevier county but ranged part of the time in Wayne county, was refused on the ground that Sevier county had already divided the tax on the sheep mentioned with Wayne county where they were first assessed.

The auditor was authorized to order of the Deseret News Book and Stationery Co. the county officers according to their respective needs.

A resolution was passed dividing the county off into five health districts and appointing health officers therein. The districts embrace the precincts as follows:

No. 1—Joseph, Monroe, Elsinore.

No. 2—Richfield, Inverary, Annabella.

No. 3—Burrville, Piutant.

No. 4—Glenwood, Central.

No. 5—Salina, Redmond, Aurora.

The officers for the districts are: For No. 1—Dr. M. W. Ashby; No. 2—Dr. Griffith; No. 3—Dr. W. H. Schock; No. 4—E. C. Peterson; No. 5—Dr. Margaret Pence.

An ordinance was passed fixing the office hours of county officials from 9 a. m. to 4 p. m., the auditor and a half intermission from 12:30 to 2 for the clerk, and 12 to 1:30 for the other officers.

Leonard Burr and Peter Mathew were appointed road superintendents, the former for Richfield, the latter for Glenwood.

The clerk was authorized to advertise for bids for the erection of a fence on the south and west sides of the county house square.

The contract for papering the offices of the judge, clerk and treasurer was awarded to Lund and Christensen for $43.85.

Appropriations were made amounting to $[illegible].

Our old county fair is now being torn down by Marion Hallett, the first inmate of the new jail.

A marriage license was issued during the past week to Peter Hendricksen and Pearl Bell, both of Glenwood. The bride is the daughter of Bishop H. H. Bell, and the bridegroom P. Hansen, and Hattie Clark, of Richfield. The bride is the daughter of Hon. William Clark of this city.

To infant son of Mr. and Mrs. L. J. Rice at that has been lying at the point of death for the past week appears to have changed for the better and hopes of its recovery are now entertained.

Banker James M. Peterson is still a very sick man, but the prospects of his recovery are now more favorable than they have been for the past month.

Many of our citizens will go to conference.

## FILLMORE.

**Will Build a Road to Gunnison—Stockmen in Clover.**

Special Correspondence.

Fillmore, Millard County, April 4.—A very unimportant session was held in session on the 3rd and 4th inst. Very little business was transacted, but they expect to commence the construction of a wagon road from Delta to Gunnison before long, the last Legislature having made an appropriation to build the road.

The Kelly Brothers have taken the contract to run the mail from Fillmore to Ober by way of Kanosh and Meadow, Marcellous Webb, having sub-let the same.

Stock men are turning their cattle on the ranges since the recent storm.

Mrs. Gabriel Mortensen has been sick for the past week with a severe attack of la grippe. All members of the family were temporarily ill, but at present are in good health.

## THOMPSON'S SPRINGS.

**Peculiar Climatic Variations—Big Sheep-shearing Contracts.**

Special Correspondence.

Thompson's Springs, Grand County, April 4.—It is wonderful what a few intervening miles makes in the climate of eastern Utah. At Moab, in Pleasant valley and vicinity, it has been snowing for four months. In Grand county there has been a scanty fall of rain or snow, but still, dry weather has prevailed throughout the winter.

As I passed through Price a few days ago, sheep shearing was in active operation. In the mountains in the vicinity of Price stock seems to be doing well.

Here at Thompson's the summer weather prevails, everything is dry and dusty, and the vegetation of the new springs found here.

Sheep shearing is going on here with contracts made by Jos. H. Christensen of Pleasant Park to have with a crew of forty-two men, thirty-eight shearers and four boys, to shear 15,000 head of sheep. Mr. Christensen has another large contract in Emma Park.

The sheep men say that they have suffered but little comparatively on account of the late trouble they have had to contend with being the lack of water. There has hardly been enough to enable them to keep their flocks so far out on the desert as they wished to.

## PLEASANT GROVE.

**Death of Willie Armitstead—Schools Closing for Want of Funds.**

Special Correspondence.

Pleasant Grove, Utah Co., April 5.—Henry Armitstead and his family have been called upon to mourn the death of their son Willie, aged 12 years, who died last night. About one month ago the family were all down with la grippe, six years old. Much sympathy is felt for the sorrowing household.

John E. Robinson has recently returned from the Southern States mission, in quite ill of chills and fever. Elder Robinson has not been entirely well since his return home in January last.

Our meeting house has received the finishing touches of the painter's brush and the edifice is a credit to the place.

Our district schools will close next week for want of funds. Patrons are very much annoyed over the results.

The Linden people will give a theatrical performance shortly for the benefit of an out going missionary.

## OUR NEIGHBORS.

**WESTON, IDAHO.**

**Death of Mrs. Catherine Clark Hooper—Other Bereavements.**

Special Correspondence.

Weston, Oneida, Idaho, April 3.—Weston has had its share of sorrow lately. Within the last three weeks we have had to chronicle five deaths; four were of small children; but the last death of all was that of Mrs. Clark of Sister Catherine, wife of Daniel L. Hooper, and a daughter of Bishop John H. and Sarah Clark, aged 24 years. She always bore a kind and obedient daughter, a loving wife, an affectionate mother and a kind and benevolent friend to the needy.

The deceased was born in North Ogden, July 27, 1874, and died in Weston (Oneida Co., Idaho, March 31, 1899, of chilled fever. Although she was less than four years of age, she was the mother of thirteen children, eleven of whom together with six grandchildren, also left behind.

The funeral services were held Monday, April 2, 1899.

**QUARTER OF A TON OF LION.**

[Boston Traveler.]

"What does a lion weigh? Ask that question of any naturalists, and no doubt he will say, 'Those who know the look of the king of beasts best, and how small his lithe body really is, will probably come furthest from the truth. About 300 to 350 pounds is a most estimate. But this is below the mark. A fullgrown lion will weigh, the scale at no less than 500 pounds. Five hundred and forty pounds is the record, for an African lion. His bone is solid and heavy as ivory.

The tiger runs the lion very close. A Bengal tiger, killed two years ago by an English officer, scaled 520 pounds. A tiger of this size has, however, considerably more proportion of strength than the biggest lion. Few people know that a grizzly bear can give points to any other carnivorous animal in point of strength. A grizzly bear weighing just four hundredweight has been known to carry a carcass of a cattle three-quarters of a ton weight for two miles up the most steep and rugged mountain side, and then he should pause for one instant for rest. The grizzly bear is the largest and most powerful of all the bear tribe. But the cougar, the cinnamon bear, runs him very close, and the big white polar bear, though not quite so dangerous a customer, is capable of performing the most extraordinary feats of strength. A polar bear has been seen to drag a seal from a bowlder six men had with difficulty got in position to guard a cache of provisions.

**A POINTED RETORT.**

[Washington Post.]

"I went to a big revival meeting down in Little Rock one night last week," said a traveling inspector of Indian agencies who blind into town a couple of days ago. "The revival had been going on in one of the big halls down there for some time, and the last sheep were being gathered in by the pastor. The place was packed, the meetings was of the perforiliest kind, and at the end of each of his sermons the pastor would say that the wax of evil he would remonstrate all of those in the crowd who wanted to be saved to come up to the front. At a sizeable bunch came to a perpendicular posture every time, and he'd count them out loud and beamingly. Most of those upon them for their nerve in standing up. A couple of young fellows who sat near me had been up three times, but as the minister came to one of the counting periods, and as they got out into the aisle he shouted:

"'Two more——'

"When, however, he saw the young chaps proceeding toward him, he hesitated for one short, he added the words:

"'Come to perdition!'

"One of those young fellows who looked like a mountaineer in Littlerock sat for a warm time, turned around in his tracks, eased at the minister sleepily, and said:

"'All right, pard; see you later.'"
