BOULEVARD PROPOSITION.

Weber Club Projects Grand Driveway From Business Center of Ogden to Mouth of Canyon.

SESSION OF THE CITY SOLONS.

Newspapermen Banqueted — Accidental Shooting at Liberty — Teachers Meeting — Alban Dahl Dead.

Ogden, Utah, Sept. 18.—The Weber club is fostering an important movement at the present time which it feels confident will materialize. It is endeavoring to interest the city and county officials and the public in general in the building of a beautiful boulevard from the business section of the city to Ogden canyon, a distance of about four miles. The club has had the matter under consideration for some time past devising the most suitable route and plans by which it may be constructed. It has appointed committees to investigate the proposition further, and to report on the same as early as possible. The committee, of which J. T. Lewis is chairman, yesterday sent a communication to the board of county commissioners inviting the members to go over the route and while it is out of their jurisdiction, being within the city limits, the committee desired their influence as citizens. The invitation was accepted to make the trip this afternoon. The city council also received an invitation, and appointed the street committee and city engineer to go over the proposed route and to give an estimate of the cost and amount of work it would require to build the driveway.

Blue prints have been prepared by the club showing the route in contemplation. It proposes that the driveway be made up Twenty-fourth and Twenty-fifth streets from Washington avenue to Monroe avenue, north along Monroe avenue to Twentieth street, east on Twentieth street, passing the grounds of the State School for the Deaf and Dumb to Jackson avenue, north along Jackson avenue to the Ogden Ranch Canal company's canal, and thence in an easterly direction along the line of the canal to a point near the mouth of Ogden canyon. The proposed driveway is to be 25 feet wide with a row of catalpa trees on each side of the road to be watered from the canal, and the entire route macadamized.

The proposition is sure to meet with the general approval of the public, and if completed will give Ogden City one of the most beautiful driveways in the west, which will attract a great many tourists to our city. This boulevard connecting with beautiful Ogden canyon, which is acknowledged by everybody to be one of the grandest in the country, would not only be a credit to our city, but would afford much pleasure to the public.

CITY COUNCIL SESSION.

Discusses Revised Ordinances — Mayor Vetoes Resolution—Cement Sidewalks.

The session of the city council last night was devoted mostly to the reading of the revised ordinances. The work, however, was not completed, but one more meeting, it is thought, will complete the work.

The mayor vetoed a resolution passed by the council instructing the city engineer to put in a cement walk on the east side of Grant avenue between Twenty-fifth and Twenty-sixth streets for the reason that the city council had already contracted for more work than it is possible for Ogden City to pay for this year. The veto was sustained.

The city has gained jurisdiction to build a sidewalk on Washington avenue between Twenty-sixth and Twenty-ninth streets, also on Twenty-sixth street from Wall to Washington avenues. The contractors for the sidewalk work were instructed to begin operations where the city had gained jurisdiction. This includes Washington avenue north of the Ogden river bridge to Twelfth street.

Contractors J. P. O'Neill and Wheelwright Brothers were allowed estimates aggregating the amount of $11,509.

On recomendation of the fire committee, 1,100 feet of hose was ordered purchased for the fire department.

NEWSPAPER MEN BANQUETED

W. L. Wattis the Guest of Honor at the "Hermitage."

William G. Wilson was host last evening at a banquet given at the beautiful Hermitage hotel in Ogden canyon in honor of the newspaper men of Ogden, and W. L. Wattis in particular. Mr. Wattis, who has been manager of the Ogden department of the Salt Lake Herald for over 11 years, will depart for New Mexico in a few days to take charge of the Utah Construction company's railroad contract work there, and the banquet was arranged as a farewell party by his press associates. There were 19 who sat down at the banquet tables and partook of a sumptuous trout and chicken dinner. All the newspapers in Ogden and Salt Lake City were represented. At the conclusion of the repast, Mr. W. F. Bossner, successor to Mr. Wattis on the Herald in behalf of the newspaper men, presented Mr. Wattis with a beautiful gold fountain pen; and speeches were made by representatives of each of the papers, expressing their kindly feelings towards Mr. Wattis and wishing him every success in his new business venture.

The party drove to the Hermitage in T. B. Heller's excursion wagon.

"DIDN'T KNOW IT WAS LOADED."

Word was received here yesterday from Liberty that Mrs. Amy Rhodes, daughter of Charles E. Clark of that place, was accidentally shot by her husband while he was cleaning a .22-calibre target rifle. Mrs. Rhodes appeared at the door just as the gun was accidentally discharged, the bullet entering her face near the corner of the mouth and coming out near the ear. Dr. Shields of Huntsville dressed the wound, which is not considered dangerous, although very close to an artery. Mr. Rhodes did not know the gun was loaded.

TEACHERS' MEETING.

The first general meeting of the teachers of the city schools will be held in the auditorium of the High school on Thursday afternoon. Rev. E. I. Goshen will deliver the principal address of the day. The music will be under the direction of Squire Coop, and solos will be rendered by Mrs. William Allison and Charles Kent. A general invitation is extended to the public.

DEATH OF ALBAN DAHL.

Alban Dahl, a resident of Hooper, succumbed to an attack of typhoid fever at the Ogden general hospital early this morning after an illness of about two weeks. The remains will be shipped to his former home for interment. Deceased was 30 years of age.

TURNER-JENKINS NUPTIALS.

Thomas Jenkins, 27, of Plain City, and Miss Florence Turner, 26, of Hooper, secured a license to wed yesterday afternoon and were married by Judge Howell at the courthouse.

BRIEFS AND PERSONALS.

James H. Wallis of Sugar City, Ida., spent yesterday in Ogden visiting with relatives, and left this morning for Chattanooga, Tenn., where he is editor of the "Elders' Journal," the missionaries' organ in the Southern States.

J. S. Lewis has purchased from W. G. Wilson 18 acres of land in Ogden canyon, which gives him 300 acres of resort land in the canyon.

Joseph Careswell of Idaho and wife are spending a few days in Ogden visiting with relatives and friends.

Mrs. D. H. Peery and son, Hannon, have returned from a pleasant eastern trip.

George Higley, Sr., met with serious injuries Sunday in a runaway, receiving internal injuries.

Millie Lindsay and Fred Adams, two incorrigibles, have been committed to the State Industrial school by Judge Patton.

A sneak thief stole a small hand satchel belonging to an eastern lady, Mrs. A. Mannering, at the Union depot. The satchel contained her ticket and trunk check.

Tomorrow night at the Grand Opera House the people of Ogden will have the pleasure of hearing the Salt Lake Opera company in the "Jolly Musketeer." The play house will no doubt be crowded.

In the district court yesterday, Judge Howell sustained the plaintiff's demurrer to the affirmative matter in the answer of the defendants, in the suit of Francis Clark et al vs the North Ogden Irrigation company, and the case will be tried today on its merits. The above action is in connection with the controversy that has been before the courts for some time regarding the use of the water in the North fork of the Ogden river for irrigation purposes.

The results of the efforts of the executive committee of the Weber club in regard to the freight rates which exist on the Oregon Short Line and San Pedro lines to points south of Salt Lake and which operate to the disadvantage of the Ogden shippers, is already apparent. Yesterday it was given out that the old rate on one commodity had been restored, which is a material reduction over the later rates established by the above roads. It is said that wheat and flour come within the reduction.

"Billy" Wilson, the proprietor of the Hermitage, announces that he will keep his resort open until Christmas and possibly all winter, everything being arranged for the heating of the hotel during the winter months.

E. M. Allison, Sr., superintendent of the State Industrial school, has tendered his resignation to the board of directors, to take effect Nov. 1 next. No action has as yet been taken on the matter by the board.

ENTHUSIASTIC MASS MEETING

Committees Appointed to Raise Subscriptions to Restore Burnt College.

Special Correspondence.

Logan, Cache Co., Sept. 18.—The trustees of the Agricultural College met yesterday and in addition to considering the routine business transacted they discussed ways and means for replacing the buildings and equipments of the mechanic arts department. It developed that outside of the $7,100 there will be needed nearly $27,000 to put the department in proper shape. Governor Cutler and Attorney General Breeden met with the board but did not express themselves as to whether the state would allow the trustees to make an overdraft necessary to reconstruct the burned buildings, preferring to withhold their decision until they learn more fully what the citizens will do.

CITIZENS' MASS MEETING.

At a mass meeting in the court house tonight, which was one of the largest ever held here, considerable enthusiasm was aroused by the addresses which were made by State Senator A. G. Barber, President W. J. Kerr, Trustee E. R. Owen and others. There was a unanimous feeling to help the college. President Kerr stated that L. L. Nunn of Provo had voluntarily offered to head a subscription list with $1,000, and many others from other cities had come to the front with generous offers.

Subscriptions will be solicited by a general committee of 15, who will report tomorrow night, so that the board of examiners may know about how much must be raised by the state. Committees were also appointed for every precinct in the county.

The members of the general committee are F. K. Nebeker, A. M. Fleming, Thomas Smart, J. A. Hendrickson, Joseph Odell, G. H. Champ, H. E. Hatch, S. A. Langton, Anton Anderson, W. J. Kerr, H. G. Hayball, J. W. Crawford, I. C. Thoresen, Lorenzo Hansen and M. J. Ballard.

Indications now are that a considerable sum will be raised by subscription, in which event the state will no doubt authorize an overdraft to make up the amount desired.

Officer Peter Christensen is in a very critical condition as a result of an attack of appendicitis.

SCHOOL COMMENCEMENT.

Several hundred students have reached town and are busy getting located and preparing for active school work. The district schools and the B. Y. college opened today. The Agricultural college opens tomorrow.

There was a severe frost in all parts of the valley last night and all garden truck and vegetables were killed.

ROAD RULES FOR TRAVELERS.

City Council Prescribes for Street Traffic—Accidents at Alpine.

Special Correspondence.

Provo, Utah Co., Sept. 19.—At the meeting of the city council last evening Mayor Roylance presented the appointment of the following members of the free public library board: Dr. Fred W. Taylor, Rev. S. H. Goodwin, Prof. George H. Brimhall, Mrs. S. A. King, Mrs. Maud Taylor, R. R. Irvine, Jr., S. P. Eggertsen, John E. Booth and Wm. M. Roylance. The appointments were confirmed.

An ordinance was passed prescribing rules and regulations for persons and vehicles passing each other within Provo city. Persons using the sidewalks are required to use the right half of the sidewalk, according to the direction in which they may be traveling. Persons driving or riding any horse or horses or riding or using any automobile, motor bicycle or other riding machine upon the principal streets of the city, shall use the right half of the street, according to the direction in which they may be traveling and are entitled to the use of the right half of the street as against persons going in the opposite direction.

All persons using vehicles or riding machines are required to turn to the right in passing. A fine not to exceed $25 or imprisonment in the city jail not to exceed 25 days or both may be imposed for a violation of the ordinance.

A right of way was granted James W. Farrer and Irving Hansen to lay sewer pipe on First South street to connect with the main sewer on Second West street, location to be referred to the superintendent of waterworks and the city engineer.

A bill for an ordinance granting a franchise to the Rocky Mountain Bell Telephone company passed its first reading, and was made the special order for the next meeting.

Mayor Roylance was added to the special committee appointed to secure a right of way for bringing the city's irrigation water from the mouth of Provo canyon.

CITY SUED FOR $5,000 DAMAGES.

Suit has been commenced by Bert Bowen and W. M. Wilson against Provo city, Mayor Roylance, all the members of the city council and the county commissioners for $5,000 damages. Plaintiffs are the lessees of the Provo Lake resort, and the damages are alleged to have been sustained by reason of defendants causing a large quantity of dead fish (estimated at 100 tons), to be washed down Provo river and left near the resort, said fish causing such a stench as to prevent persons from visiting the resort in the months of June, July and August.

In June of this year, through the diversion of the waters of the river into the various canals, a large quantity of fish were left in the river bed below the canals to die for want of water. In order to remove them the city and county officials obtained sufficient water to work the fish into the lake, where they lodged near the lake resort, which is just south of the mouth of the river, and produced the condition of which complaint is made and damages in the sum of $5,000 asked.

RAWLINGS-OLSEN NUPTIALS.

A marriage license has been issued to Ole Olsen, 30, and Harriet Rawlings, 24, both of Vineyard.

ACCIDENTS AT ALPINE.

J. T. Bateman and Heber Walton were over from Alpine yesterday. Mr. Bateman reports two serious accidents in his home town. Perry Clark, a young man about 20 years of age, son of Lee Clark, fell from a horse and had his leg broken, and Miss Vern Brown, daughter of Mrs. Jenette Brown, suffered a broken arm through a fall.

Mr. and Mrs. Benjt Johnson, Jr., of the Second ward, gave their annual entertainment to the choir last evening in the ward house. A delicious fruit luncheon was served, and a pleasant evening spent with an impromptu program of music, speeches, etc.

Many people from adjoining towns will attend the "Jolly Musketeer" in the opera house Saturday evening.

RANDOLPH.

DISASTROUS FIRE.

New Threshing Machine and 800 Bushels of Grain Destroyed.

Special Correspondence.

Randolph, Rich Co., Sept. 15.—A disastrous fire occurred here at about 2 o'clock this afternoon, by which the Randolph Steam Threshing company lost an almost new J. I. Case separator of the latest improved pattern, worth about $1,200, and Oliver W. Jacobsen lost about 800 bushels of grain in the stack. About 1,100 bushels had been run through. This was saved. The fire is supposed to have originated from sparks from the engine fanned by a strong wind. It spread so rapidly that the men around the machine were barely able to escape the flames, some of them being obliged to literally pass through the fire.

There was no insurance and the loss falls very heavily on the owners, being comparatively poor men.

The crop of oats around here and at Woodruff and Argyle is very heavy this year, being the principal grain crop grown in this valley.

The hay crop is also very good and can be bought for $2.50 to $3.50 per ton in the stack.

CEDAR CITY.

SHOCKING GUN ACCIDENT.

Geo. Ashdown Instantly Killed through The Careless Handling of a Gun.

Special Correspondence.

Cedar City, Iron Co., Sept. 17.—A shocking and fatal accident befell one of our respected citizens at about 1 o'clock yesterday afternoon at one of the steam saw mills located about 10 miles up the canyon. George Ashdown, the owner of the mill, was assisting his son and family to remove to the city, they having been staying at the mill a portion of the summer. Two young boys were in the house handling firearms, when one of the weapons was discharged accidentally. After passing through the lumber walls of the house the missile struck Mr. Ashdown, who was standing about 25 feet from the building in which the boys were, killing him almost instantly, the bullet entering the right side near the region of the heart. His son Frederick, who was stunding close by his father, went to his rescue, and in a few moments the father passed away in his son's arms. The body arrived in town last evening. Elder Ashdown was a native of England, coming with his family to Utah some 25 years ago, and lately has been engaged in the lumber business. He was a progressive, industrious and excellent citizen. He leaves a wife and large family of children, most of whom are grown to manhood and womanhood. All are heartbroken over the sudden and unexpected taking off of their husband and father.

MANTI.

CUPID'S BUSY WEEK.

School Opening—High School in Temporary Quarters—Silver Wedding.

Special Correspondence.

Manti, Sanpete Co., Sept. 18.—The public schools began this morning. The high school will be held in the annex of the tabernacle until the new high school building is completed.

The silver wedding of Mr. and Mrs. John R. Nielson was celebrated Saturday Sept. 16. About 100 invited guests were present to wish the bride and groom many more happy years of married life.

Mrs. Andrew Sorensen of this city has gone to Salt Lake to have her eye treated. Some time ago she was ringing some clothes and the scissors slipped so that its point struck her in the eye, thus causing a painful wound.

WEDDING BELLS.

The county clerk was kept busy last week issuing marriage licenses to the following couples:

H. L. Denison and Helen Funk of Sterling.

N. L. Edmunds of Wales and Nina Nielson of Chester.

Fred Barkle of Wales and Rozina A. Majors of Elwood.

Karl Farnsworth of Beaver and Emily K. Sperry of Nephi.

Leld Peterson of Salina and Ethel Cherry of Ephraim.

John H. Standfield and Elvina Jensen of Mt. Pleasant.

H. Joseph Hansen and Oliva Westenskow of Manti.

N. P. Sorenson and Ella Bradley of Moroni.

F. R. Lamb of Wales and Etta Musig of Sterling.

You will need to prepare your system for the coming cold weather, get your organs to work like clock work. Hollister's Rocky Mountain Tea taken this month will do the business. 35 cents, Tea or Tablets. Ask your druggist.

PAYSON.

FILING FOR MORE WATER

From the Strawberry Creek Project—Death of an Infant.

Special Correspondence.

Payson, Utah Co., Sept. 16.—The 15 months old little son of Mr. and Mrs. David Butler of Spring Lake died yesterday of cholera infantum.

About 15,000 acres of land has been entered for Strawberry water at the Payson office. This does not include the land irrigated under the Petesetneet creek, which comprises about 1,500 acres. This land is being entered now, which with other lands not entered will add several thousand to the total. The above figures do not include the Spanish Fork division. Prof. Swendsen is expected here tomorrow in the interest of the project.

Some typhoid fever is reported in town, otherwise the health of the people is good.

The engine for the electric light plant is on the way and when it arrives will soon be put in position. The system is to be enlarged so as to benefit a greater number of people.

The city council has under consideration the granting of a franchise to the Independent Telephone company. Poles are already here for the extension of the line of the city.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Z. C. M. I. Drug department; price 50c, guaranteed.

PAYETTE, IDAHO.

SCHOOL OPENING.

Additional Teachers—Increase of Attendance Looked For.

Special Correspondence.

Payette, Ida., Sept. 14.—The Payette schools will open next Monday for an other nine months' term better equipped for work than ever before in their history. There will be two additional teachers, one in the high school and one in the West Side school, and while there will be more pupils, the enlargement of the corps of instructors will undoubtedly lighten the work of all and will enable them to handle it more satisfactorily. Besides this feature of improvement, the high school will soon have a thoroughly equipped laboratory and with the addition of a course in German this fall will rank with the best in the country.

Last year the school census of Payette was 800 with a total enrollment of 709 and at that time there were only five larger schools in the state. They were the schools of Lewiston and Moscow in the north, Pocatello and Idaho Falls in the southeast, and Boise in the central part. This year no doubt there will be a substantial increase in the enrollment, as many new families have been added to the community.

GLENDALE, IDAHO.

Death of Mrs. Sarah Lisk Dobbs, of Heart Failure.

Special Correspondence.

Glendale, Oneida Co., Ida., Sept. 10.—Mrs. Sarah Lisk Dobbs, wife of John Dobbs, died at her home here of heart failure, Sept. 5, 1905. Deceased was born in Illinois, March 5, 1842, and was a faithful Latter-day Saint. She embraced the Gospel in her native state, her home being a refuge for the Elders on missions. Sister Dobbs was a friend to the poor and will be greatly missed by the members of her family as well as of the ward in which she lived.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by Z. C. M. I. Drug department.

DOUGLAS, WYO.

NEXT YEAR'S WOOL CLIP.

Buyers Anxious to Contract for Wool Now Growing—Prices May Advance.

Special Correspondence.

Douglas, Wyo., Sept. 15.—W. F. Hamilton, one of the leading woolgrowers of this section, yesterday sold his 1906 clip of wool for 20 cents. Another large woolgrower sold for 21 cents, and several deals are on in this section for next year's clip at prices ranging from 17 to 22 cents. It is believed that more than 22 cents will be offered before the close of the present month. The buyers are very anxious to contract for next year's clip, and this anxiety on their part has had the effect of delaying sales, the growers believing they see the possibility of still further advances.

Abscess.

W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg. One day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 50c. size, and it cured my leg. It is the best liniment in the world.

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Z. C. M. I. Drug Dept. B

OBITUARY.

MRS. ANNIE WALKER WILSON died at her home in Midway, August 21, 1905, of Bright's disease and dropsy, after a painful and lingering illness. Deceased was born at Stewarton, Ayrshire, Scotland, April 30, 1855; she was the daughter of Wm. Walker and Ann McGuire; she was baptized when 11 years of age; emigrated to Utah in 1877, and was married to James T. Wilson on Feb. 27, 1877; she was the mother of eight children, six of whom survive her. She was modest and unassuming, kind and considerate of others; a true and devoted wife, an affectionate and indulgent mother, a consistent Latter-day Saint. She was buried from the Midway meetinghouse, Aug. 23. The speakers, John Huber, Jas. B. Wilson and Bishop Jacob Probst. Each bore testimony to her sterling worth.

NOTICE.

NOTICE IS HEREBY GIVEN BY THE City Council of Salt Lake City of the intention of said council to make the following described improvement, to wit:

Extending and laying sewer lateral of 8-inch vitrified pipe, on J Street between Second and Third Streets, in Sewer District No. 1, and defray the abutters' portion of the cost and expense thereof, estimated at four hundred and sixty-two ($462.00) dollars, or 70-100 ($0.70) dollars per front foot of abutting property, by a local assessment upon the lots or pieces of ground within the following described district, being the district to be affected or benefited by said improvement, namely: All of lots 2 and 3, block 22, and all of lots 3 and 4, block 33, plat "D," Salt Lake City Survey.

All protests and objections to the carrying out of such intention must be presented in writing to the city recorder on or before the 9th day of October, 1905, being the time set by said council when it will hear and consider such protests and objections as may be made thereto.

By order of the City Council of Salt Lake City, Utah.

Dated Sept. 6th, 1905.

J. S. CRITCHLOW,
City Recorder.

Sewer Extension No. 148.

NOTICE TO MASONS AND CONTRACTORS.

The Crystal & Cement Company are now prepared to furnish you with the best lime on the market (all kinds of lime), any amount you want, prompt delivery to all parts of the city. All kinds of plaster supplies, hair fiber, hard plaster, red mineral paint, cement etc.

We own all the lime kilns on the east bench, formerly owned by the Santa Cruz Lime company. We have just completed two of the largest kilns in the State near Beck's Hot Springs, (the place where John Rumel, at one time, burned the famous white lime).

We are now in a position to handle small and large orders from one to a hundred thousand bushels. COMPETITION IS THE LIFE OF TRADE. Our methods will be full weight, honest treatment, at all times and prompt delivery.
