

AN ESSAY ON UTAH.

The Advantages and Resources of the Territory in Following Terms.

Utah derives its name from the Indian tribe. One tradition is that it is an Indian name, and another is that it is a corruption of the word "Utah," which means "the land of the blue sky." The territory is situated in the western part of North America, and is bounded by the Colorado river to the south, the Mexican territory to the south and west, the Arizona territory to the west, and the Nevada territory to the north and west. It is a vast territory, and is rich in natural resources.

The climate of Utah is very favorable. It is a land of sunshine, and the winters are not very severe. The soil is fertile, and the water is pure. The territory is rich in minerals, and is a great source of wealth.

The people of Utah are a brave and enterprising people. They are fond of the outdoors, and they are proud of their territory. They are a people who are full of life and energy, and they are a people who are full of hope for the future.

The territory of Utah is a land of great promise. It is a land of great beauty, and it is a land of great wealth. It is a land that is full of life and energy, and it is a land that is full of hope for the future.
