MORE STREET PAVING.

Improvement to be Extended Down East South Temple—The Cost.

Estimates of the cost of paving south East Temple street from Fourth to Ninth South streets have been prepared by City Engineer Riter. The block between Fourth and Fifth South streets will cost $11 per front foot and the remainder of the street will cost $8.75 per front foot. The city's portion of the cost for paving intersections, etc., will be $26,875. The petition for the paving of the street was signed by J. R. Walker, M. H. Walker, Mrs. A. E. Walker, J. W. Houston, the Houston Real Estate Investment company and a number of other property owners. Between Fourth and Fifth South streets the street will be paved its full width, but below Fifth South it will be narrowed to 72 feet, and the sidewalks will be widened on each side accordingly.

SUIT OUT OF THE WAY.

Real Estate Association Formally Withdraws Objections to Bonds.

A written statement, showing that the suit filed by J. W. Houston for the Salt Lake Real Estate association against Salt Lake City, to enjoin the issuance and sale of the special water and sewer bonds had been abandoned by plaintiff, and would not be revived, was given to City Attorney Dey yesterday by Attorney Allen T. Sanford, who represented plaintiff. It was immediately forwarded by the city attorney to the Mutual Life Insurance company, the purchaser of the bonds, to insure it that there would be no further trouble in the bond matter as far as that suit is concerned.

The company yesterday telegraphed Councilman Wells, its local agent, requesting him to send a copy of the supreme court's opinion in the Ellerbeck case, in which it was held that the bond issue is legal. The opinion will be sent as soon as handed down regularly by the court. With the real estate association case out of the way, there is nothing now to prevent the commencement of the improvements contemplated in the city's water and sewer system, hence the city officials are getting ready for active work, which will commence as soon as the first money is received from the bonds.

ABOUT THE SOUTH.

Missionaries and Saints From That Section to Meet at Barratt Hall.

An interesting meeting of the Saints and missionaries of the four Salt Lake City stakes will be held at Barratt hall on Monday night at 8 o'clock. The speakers will be President Ben E. Rich, Elders B. H. Roberts, J. Golden Kimball, William Spry and others. Matters pertaining to the welfare of the Southern States mission will be discussed. All persons interested are invited to attend. On Tuesday evening at the same hour President Rich will meet the Saints and missionaries of Granite stake at the Granite stake Tabernacle and on Wednesday afternoon at 2 o'clock he will hold a similar meeting at the Third ward meetinghouse in Ogden.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won, and cured my disease, by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." BIG RECEPTION AND FINE PROGRAM

U. of U. Faculty, Students and Patrons Participate in Social Gathering.

WORK OF SUMMER SCHOOL.

President Kingsbury Delivers Address Of Congratulation on its Success—Prof. Stewart Active.

Over 200 members of the faculty and students and patrons of the Summer school of the Utah State University met last evening, in the large assembly hall of the museum building, where a reception and social was given by the faculty to the students and friends of the school. A short program opened the evening. This included several selections from the Home Mandolin and Guitar club consisting of Mrs. Allen and her sons Frank, David and George, who furnished excellently rendered numbers deserving well the applause given. Dr. and Mrs. Ebaugh played two piano duets, one of which was two movements from the Peer Gynt suite by Grieg, and was well done. Dr. Ebaugh was also the accompanist of the evening. Then Miss Emily C. Jessup, instructor of music at the school, sang a number of children's songs in illustration of part of her regular work. The presentation of these songs called for elocutionary talent of no mean order, and a comprehension of child character, as well as a flexible and well managed voice. Miss Jessup possesses these requirements, and the result was that the audience was much pleased. Miss Jessup had organized a "primitive band" for exhibition purposes, such as has been given with success in settlement work in New York, but as half the band failed to materialize this feature had to be omitted.

The program closed with a pleasing address from President Kingsbury of the University in the nature of congratulations on the school's successful work, and calling attention to the favorable opportunities offered by the curriculum of the school for advancement in knowledge.

Prof. Stewart was master of ceremonies, and presided with his customary happy grace and tact. After the speaking the remainder of the evening was given up to social and terpsichorean festivities, and there were light refreshments. The entire occasion was one of profit and pleasure to the members of the school and their friends.

AT THE RESORTS.

Yesterday was a heavy day for bathers at Saltair. A warm wind and a water temperture that was just right combined to make most of the visitors to the resort head for the bathing suits. The Southern States missionaries held their annual reunion yesterday and there was a great amount of handshaking and telling over old stories in consequence. At 5 o'clock a formal program was rendered in the new theater, which consisted of appropriate remarks by a number of speakers, and music by the orchestra, in which southern tunes were given exclusively. The speakers were Elders B. H. Roberts, Ben E. Rich, Wm. Spry, Mat Thomas, and Willard Bean, Mr. Bean giving an imitation of a southern preacher exhorting his flock. Thomas Sloan was master of ceremonies.

At the Lagoon yesterday the Norden Literary society stood sponsor for an old-time Swedish festival, and furnished an afternoon and evening to a large turnout of people. The afternoon was given over to games, the evenign to musical numbers and later a two-act comedy was rendered. The Norden band added much to the occasion by playing Swedish popular airs. In the games the winners were as follows: Girls under 8, Eva Jorgenson; girls between 8 and 10, Viola Landeen; girls between 10 and 15, Edith Mayce; young ladies between 15 and 25, Nellie Jenson; ladies between 25 and 40, Hulda Olson; ladies between 40 and 60, Mrs. Katherine Jorgenson; boys between 15 and 25, Charles Nielson; men between 25 and 40, Edward Gaymon; men between 40 and 60, August Lindholm; men over 60, Edwin Headman; ladies over 60, Charlotte Janson; boys under 8, Lawrence Mortenson; boys between 8 and 10, Oscar Carlson, and boys between 10 and 15, Hjalmar Headberg. The men's boat race was won by Gus Backman, with A. Carlson second. The ladies' boat race went to Mrs. Lindberg, with Mrs. Sigrid Norell second.

The Ladies Aid Society and Epworth League of the First Methodist church will take an outing at Lagoon on Friday next.

BANK STATEMENT SHOWS A DECREASE

Changed Condition Due to the Wells-Fargo Retirement.

BUSINESS AS IT REALLY IS.

Resources of State Banks, Both Private and Corporate, Amount to $20,198,553.51.

A recapitulation of the statements of the 35 private and corporate banks in the state at the close of business on March 14 and May 29, filed with Secretary of State Tingey, shows a decrease in resources of $26,483,523.72, all of which is due to the suspension of business of the Wells, Fargo & Co. bank. That bank always filed a statement of the business of all its branches and did not segregate its Salt Lake bank from its others, hence the bank statements heretofore have been somewhat misleading and the decrease of resources as shown by the last statement does not indicate any great loss in that respect. The statement of conditions at the close of business March 14 is as follows:

IDAHO MAN BOOMS THE "GEM" STATE

Talks of Sugar Factory Growth And the Rapid Progress Being Made.

ABOUT FREMONT AND BINGHAM.

Speculation as to a New Railroad Entering and Crossing the State—Cricket Scourge is Abating.

George E. Hill, Jr., and wife of Rigby, Idaho, formerly of Salt Lake, came in this morning over the Short Line on their way to the Portland fair, via Los Angeles and San Francisco. Mr. Hill reports the eastern part of the Gem state, or what is termed Upper Snake River valley, in a flourishing condition. He claims that Idaho will soon be the chief beet sugar producing state in the Union, if the present ratio in erecting sugar factories keeps up for a few years. The state now has three large and modern sugar producing plants, with arrangements practically completed for the erection of two more in the southwestern part of the state, while the people in the Minidoka country are negotiating favorably for a factory there next year. Bear Lake people have assurances, it is stated on good authority, for the necessary acreage and financial support to insure a factory in that county in the near future and the country on the west side of Snake river from Blackfoot affords a good location for a factory, and the inhabitants there are negotiating for one now. This is a great record, considering what the three plants already erected have done. The two factories of the Idaho Sugar company, near Idaho Falls, and Sugar City, will grind about three times as many beets this fall as last year. The acreage is nearly this much larger, and the stand is much better this year than formerly. This has been an ideal season for beets.

Mr. Hill states that Bingham and Fremont counties have enjoyed a phenomenal growth and development the last few years. It is no longer a new country and therefore in the experimental stage, but has demonstrated what it can do to the satisfaction of all home seekers. Rich land, plenty of water, good climate and a thrifty people have and are accomplishing wonders in an otherwise arid region.

There are strong assurances of a new railroad passing through the country near Rigby, which is no other than the proposed new line from Denver via Laramie, Wyo., to Boise and Portland. This road will necessarily have to follow down the south fork of Snake river, which enters the valley 15 miles east of Rigby. Another trunk line through this part of Idaho will increase the state's population 75 per cent within five years thereafter.

The cricket scourge in the northern part of Fremont county, Mr. Hill states, is being somewhat checked, but still much damage has and is being done. About 250 bushels per day are being destroyed. The crickets get in the large canals in attempting to cross, and are thus forced between large rollers turned by the water, and in this way hundreds of bushels are crushed. Mr. and Mrs. Hill expect to remain on the coast for about three weeks.

WARD ENTERTAINMENTS

Second Ward.—A farewell reception will be given Elder Paul Roelofs, prior to his departure on a mission to Holland; also a welcome home to Elder Joseph Fagergren on his return from Scandinavia, in the Second ward meetinghouse, Tuesday evening, June 27, at 8 p. m. The following program will be rendered:

Accompanist, Marion Hardy.
Remarks by Bishop H. C. Iverson and missionaries.
The public is invited.

Fifth Ward—The widely heralded June Jubilee opens in the Fifth ward hall on Tuesday night next, June 27. The feature now attracting attention is the voting contest for bride and groom, which is being conducted at the ward stores. Already quite an array of candidates has been entered and a spirited fight is now on. For bride Della Seddon heads the list, but is closely followed by Emmeline Jesperson, Lucila Harrow, Julia Littley, Lottie Marcroft, May Green, Ada Cowan, Annie Jesperson, Hannah May Burt and Ellen Abbott. For groom James B. Cowan leads all competitors and will be hard to beat unless friends of the other candidates do some lively voting within the next day or two. Runners of a heavy reserve vote are being circulated and it may be that before the close of the polls on Thursday night, a "dark horse" may be sprung and win out. The carnival closes on Friday night with a grand wedding reception, on which occasion the victorious bride will be awarded a season ticket to Saltair. The hall is now beautifully decorated and the opening on Tuesday night will be little short of a revelation to those present.

WHAT DOCTORS SAY OF PE-RU-NA.

Found Pe-ru-na a Notable Exception.

Dr. A. Morgan, 814 West Gater street, Indianapolis, Ind., writes:

"Regular physicians do not, as a rule, endorse patent medicines.

"I have, however, found in my practice that Peruna is a notable exception and not at all like any other medicine generally sold as "patent medicine."

"In examining it I find that it is a scientifically prepared medicine, composed of herbal remedies of high medicinal value.

"It is a specific for catarrh of the head, lungs or stomach, a fine remedy for female trouble and invaluable to mothers and children.

"After fevers and other protracted illness, it is one of the best tonics I know of to restore the system to normal condition and I recommend it to convalescents.

"It is a high class remedy, good for young and old."

Afterwards he boldly proclaims its virtues and gives public endorsement of Peruna.

All the way from California to the District of Columbia are to be found physicians who believe in Peruna, and prescribe it for catarrhal diseases.

Professor of Howard University Recommends Peruna to the Public.

Dr. A. P. Bogue, formerly Professor of Anatomy at Howard University, writes from the Bureau of Education, Washington, D. C., as follows:

"I have used Peruna in several cases of catarrh and have found it an excellent remedy.

"I can honestly recommend it to the public as an excellent remedy for catarrh and colds."

As a rule, physicians are opposed to proprietary medicines.

Many are opposed to Peruna just because it is a proprietary medicine.

In spite of the natural prejudice against it, however, Peruna has won the favor of a great many physicians.

Some very prominent physicians use and prescribe Peruna.

Many times Peruna finds its way into the physician's family first.

His wife or children make use of it and its value is demonstrated in the physician's own home.

Then he timidly prescribes it for his patients.

Considers Pe-ru-na the Peer of All Patent Medicines.

Dr. W. Green, 330½ S. Spring St., Los Angeles, Cal., writes:

"If people would take less medicine and pay more attention to the general laws governing health, they would be better off.

"I am also satisfied that the majority of patent medicines are at best almost worthless and unfit to take or cure anything.

"I have found, however, one exception to this rule, and that is in Peruna.

"I have often prescribed it in cases of catarrh of the respiratory or digestive organs, and have also found it very valuable for female weakness and ovarian troubles and scores of women are happy and healthy mothers to-day on account of Peruna."
