SUIT FOR A MILLION.

John Robinson's Complaint Against the Southern Pacific.

HIS STORY OF ALLEGED FRAUD.

A Lawyer Said to Have Drawn a Salary for Deceiving Dissatisfied Stockholders.

SAN FRANCISCO, May 2.—A highly sensational complaint against the Southern Pacific railroad company has been filed here by John R. Robinson. In remarkable accounting, Robinson alleges that he was defrauded of ten shares of the stock of the Central Pacific railroad in 1867. At that time, the complaint alleges, the stock was worth $1,250,000 in cash and 15,625 acres of land held in trust by the company, but in which the directors claimed private ownership. Robinson prays for judgment for $1,250,000, with legal interest from April 27, 1877, and 15,625 acres of land, or the equivalent in money.

The Central Pacific Railroad company, the Huntington, Stanford, Crocker and Hopkins-Stanford interests in the two companies and the estate of A. A. Cohen, deceased, are made parties to the suit.

A sensational feature of the case is an allegation that Attorney A. A. Cohen, while supposedly a bitter enemy of the railroad corporations, was lobbying in their employ, drawing $10,000 a year, and that while serving in that capacity he contracted with Robinson to conduct a lawsuit by which Robinson sought to establish the fact that he had been defrauded of the same any properties which he now claims to possess. In his complaint Robinson alleges that his case was compromised by Cohen under these circumstances for $17,000, of which Cohen retained fifty per cent as his fee. Robinson alleges that for some time previous to his employment of Cohen the corporations and the railroad company had secretly waged bitter warfare, but that in reality the pretended feud between the company and Cohen was started to induce dissatisfied stockholders and other claimants to put their cases in the hands of Cohen, who in return and then out to the corporations.

Union Burning.

SAN FRANCISCO, Cal., May 2.—The Grand Union, Solano county, is reported burning. No particulars at 3:30 p.m. could be had beyond the fact that a hall, two stores, three saloons and blacksmith shop have been burned, other buildings are still burning.

Reported Resignation.

ST. PAUL, May 2.—General Manager G. W. Case, of the Great Northern railway, has resigned his position because of the complications growing out of some misunderstandings in connection with the beginning of the strikes on that road. The statement is made on the best authority, although no formal announcement of the resignation has been made. It is reported that General Superintendent Bryant has also resigned, but this report can not be confirmed.

Resolved to Strike.

TACOMA, Wash., May 2.—By a vote of 219 to 47, the miners in the Northern Pacific railroad company's mine at Roslyn, agreed to resist a twenty-per-cent reduction in wages by striking. After offering to accept a reduction of ten per cent and being refused, the miners then took their tools from the mine and left work.

A Populist Mayor.

SPOKANE, Wash., May 2.—The Populists city committee now admits the defeat of their candidate for mayor, and the election of Bell, Populist, by from 50 to 100 majority. The Populists also elect the city comptroller and the Populists elect the treasurer. There was no Democratic ticket.

CANADA SCARED.

Quarantine Rules to Prevent the Importation of Smallpox.

OTTAWA, Ont., May 2.—The Dominion government has issued an order which is calculated to have a far-reaching effect upon railway travel from the west to Chicago via the Canadian routes. It is reported to the minister of agriculture that smallpox prevails in various states of the United States, and to a very marked degree in the cities, notably New York, Brooklyn and Chicago. In the last named place 229 cases were reported in eighteen days, and the disease is said to show no signs of abating. It is said that one case of smallpox has already been brought into Canada from Chicago and another in Boston, N. B., from New York.

It has therefore been decided by the government to put into effect the quarantine regulations relating to what are called unorganized islands in the quarantine stations, every railway collector of Canada being by the order in council, passed by Minister of the interior, ex-officio a quarantine officer. In order to meet the danger threatened to Canadian health it will be necessary to place for sale from a number of points on every line connecting the frontier between Canada and the United States, who will examine and report on every train coming from the United States as to any cases or suspicion of cases to be made as circumstances may require.

THE CONEY CRAZE.

Knights of Labor Declare Themselves in Favor of the Interstate.

DES MOINES, Ia., May 1.—Grand Master Workman Sovereign arrived in Des Moines today, with the avowed intention of throwing the influence of the Knights of Labor in the shape of a mass of men for Kelly's army. Asked what he would do if Coxey's army is with us, "I can only repeat that Kelly shall not walk out. The Coxey movement, though every road in town be tied up. I do not say the K. of L. could take work gangs of men, but with the aid of the American Railway Union, should a move be made, it will be successful.

KIDDY STRIKERS.

TACOMA, Wash., May 1.—The industrial strike, through Mrs. "Jumbo" Cantwell, finds another appeal to the Northern Pacific cadet boy strikers to carry the mails. Kiddy is 95, Fred, attending $1,000 in H. General Traffic Manager Hannaford renews to assume the government. The "cadets" are boys in street now and, of which they crowds were made, are wont to rushes in the crowd shouting to a lady to the railroad headquarters building and demanding to see Hannaford. That gentleman has gone to Seattle, and after some unmeaning talk, the crowd paraded the streets and dispersed.

MONEY ON HOOSIS.

PERRY, O. T., May 1.—The company of Cherokee organized have now numbers 300 and is being augmented daily by scores. A leader of the band said in a speech that poor people were going to have money or have food.—Popular the leaders headed the movement.

BROWNS RAISED OFF.

WASHINGTON, May 1.—Late in the afternoon, Browne's suit was filed at point. Mrs. Emily Briggs, a wealthy resident of this city, and Mrs. Anna Hanks, a prominent labor sympathizer, undertook the bond, and the chief marshal was at free. Chairman Columbus Jones was left to languish in the station house. None of the Coxey people seem to be particularly interested in his condition, and it is doubtful if any effort will be made to get him out of jail.

Cut Rate on Wool.

BOISE, Idaho, May 1.—A Caldwell special to the Statesman says the assistant freight agent of the Union Pacific was in Caldwell that point, has announced a rate of $1.37 per hundred pounds on wool to Boston. This is a cut of nearly $1. Some time ago the Southern Pacific made a rate of $1.50 from Kelton, and wool now in the southern portion of the state were in transit to that point.

Robbery and Murder.

MINNEAPOLIS, Minn., May 1.—Miss Vera Castle, daughter of ex-Congressman Castle, of Stillwater, at one time a claim in Washington county, in lying at the point of death in this city with a bullet wound in her temple. The circumstances of the shooting are somewhat mysterious, the only evidence her known being that while the upper room over the Postal pale this evening she was shot by Mrs. Scott Blake, who is the proprietor of the establishment. While assist in a large chair one fall asleep and when Blake went to call her he was followed into the room by his wife, who drew a revolver and fired at Miss Castle, the latter the revolver against her husband but missed him. The affair was not reported to the police for four hours.

BURIED IN A LANDSLIDE.

A Farmer and His Family Swallowed Up by the Earth.

Desolation for Miles—The Scene of the Disaster—Hands, Houses, Cattle Do Swept Away.

ST. ALBANS, Quebec, (via Lacharbre), May 1.—Samuel Gauthier, a farmer of St. Albans, his wife Emily, their sons Joseph and David Gauthier, and a brother, are buried under a hundred feet of earth by the terrible landslide at Frenay last. For miles there is nothing but desolation. Where the St. Anne river was seen merrily a little while it is now only a narrow stream, raging and surging in a vain attempt to break its new bottom. Woods, houses, cattle, all are gone and nothing is left but rather ground of uneven height for six miles each. Here and there the debris of the land fathomless, gaping and cracks, houses are seen in little heaps, tangled up with uprooted trees, and carcasses of dead cattle, but the bone of it has been swept into the river and carried, long since, into the St. Lawrence, and there is would the scene.

The sides of the river are of peculiar formation and rise hill feet above the level of the water, except for a mile or so where the slide occurred. Here, for about almost seven miles back, the earth has a gentle declivity and is nearly level with the river, whose bed and rises at best sixty feet. What the scene must have been when the earth began to move can be imagined. The lower soil of the river bank is composed of clay, homogenized by the water, that for years earth has filtered through from the mountains. It was 5 o'clock in the evening when these clay banks yielded to, and with the incredible of tons of sand to rip slid into the river.

The farmers were just preparing for supper. The noise was terrible, but was followed by a sudden calm, but the rest of the fall had been emptied and in the crumbling earth. The ground, however, began shaking as from an earthquake, and the farmers for miles around rushed out of their houses for shelter, which they did not know where to find. After the happens were over the shaken people they went back, but the river had slowly risen, snow and ice, which is still plentiful here, helping to strengthen the swelling waters for miles. It was long for last night, when the earth began again moving, first slowly, then faster and finally so fast that those who were fleeing were thrown down. It was a terrible, indeed, that no more houses were left.

A Chinaman Runs Amuck.

NEVADA CITY, Cal., May 1.—A Chinese Chinaman, with a dagger ran amuck at Yuba last today. A posse of citizens armed with clubs finally made a stand, and the boat was made unconscious. Today he confessed that at Long Hill, Placer county, yesterday, he killed a Chinese shoemaker and badly wounded another. Colonel, after which the state was turned to the ground.

Drowned in Idaho.

BOISE, Idaho, May 1.—Charles Hallock and another man named Daniels were recently drowned near Kooskia, in the interior of this state. They left no details.

Stockholders' Campaign.

WASHINGTON, D. C., May 1.—Colonel W. C. P. Breckinridge, the congressman defeated in the Blue Grass district last fall, said today: "I start for Lexington Tuesday morning, and will open the campaign Saturday afternoon at that place."

Speaking of the campaign, Colonel Breckinridge said: "I am confident that I will be nominated and elected. The American people have always been generous and fair. I propose to address as much a fair and practical treatment at their hands, and never before was an opportunity will to affordee me hope of nomination and re-election to Congress."

TO RESCUE SEAMEN.

The Great Northern Strike Believed Off.

ST. PAUL, May 1.—After being fled for nearly eight days, almost completely from end to end, the Great Northern system will be in full work, the great strike being ended off tonight. It is positively a victory for the American Railway Union and President Debs, although the commercial history of the affairs were largely responsible for the result.

Will Submit to Receiver.

OMAHA, May 1.—The Bee will say in its editorial column tomorrow morning that there is an alliance probably that the interest on the Oregon Railway & Navigation company's mortgage be said to will be defaulted on December. This will bring about foreclosure proceedings.

There is good reason for stating that a petition will soon be filed in the circuit court of Oregon for appointment of a receiver, pending the foreclosure of the mortgage on the Oregon Railway & Navigation company's property.

CHANGE OF TIME.

The Great Western Railroad.

Effective Sunday, April 29, 94, train No. 4, Atlantic Express, will leave Salt Lake at 8:25 p.m., instead of 8:35 p.m. The first train the east will arrive at 1:20 p.m., and report for Ogden at 1:50 p.m. The Eastern train will depart at 8 a.m., instead of 8:10 a.m., and will arrive in Salt Lake at 12:45 a.m. Passengers for Memphis and Shelby will leave at 2:20 p.m., instead of 2:15 p.m.

CATARRH

POSITIVELY CURED BY DRS. SHORES & SHORES' NEW SYSTEM OF TREATMENT.

There is Nothing Like It.—Cures When All Others Fail.

MRS. ROBERT BRADY.

CHRONIC DISEASES

OF THE VERY WORST FORM YIELD TO DRS. SHORES & SHORES' NEW SYSTEM OF TREATMENT.—EVERYBODY SAYS IT IS THE BEST; AND WHAT EVERYBODY SAYS MUST BE SO.

Mrs. Robert Brady testifies: For three years I have suffered with a long affliction of leucorrhea. I had very severe headaches, pains down my back and my whole system was in a deranged condition, which at times I thought would overcome me death. Pains down the back part of the neck, extending to the shoulder blades. I was alone at meals, and my head seemed to falter upon waking up early, and I would become sick and dizzy.

I had no appetite, and what little I did eat made me sick. I had kidneys regularly, and it was at a small penalty do so about as my stomach.

I was advised by friends to go to Drs. Shores & Shores, for they were old physicians and would surely cure me. I was glad I did, for after the first treatment I began to improve. Their treatment is mild and pleasant, and I would advise all sufferers to not delay but go to them at once and they will cure you as they did me.

MRS. ELIZA BRADY, 720 Eighth South Street.

O. W. WARNER,

Of Nash, Grant County, is One of the Best Known Men in the Territory of Utah.

He tells what the Shores & Shores' NEW treatment has done for him. Mr. Warner is an interview says: My system was so undermined from the effects of cocaine, that I was almost helpless when I left Idaho for Salt Lake City, to take the new treatment of Drs. Shores & Shores. I did not think it possible for me to make the trip, so I procured a ticket for Provo. After reaching that place I ventured to cross the road of the city. I was so weak that I had to use a walking stick to help support myself. Upon reaching the Shores Medical & Surgical Institute, I had to be assisted up the stairs. I had all the disagreeable symptoms of cocaine my stomach was in such a wretched condition that it was impossible for me to eat anything, the only nourishment I could take was warm milk. I lost twenty-five pounds in weight; indeed, I was a very sick man.

I started with the treatment, but I grew worse rapidly, and I can truthfully say that my improvement has been astonishing wonderful. I now eat anything I want. I throw away my walking stick and have gained rapidly in weight and will have no hesitation in being a well and happy man.

Mr. O. W. Warner is one of the largest fruit growers in the Territory, and being so well known he will be read with great interest by his many friends.

IF YOU CANNOT COME TO SALT LAKE

Write for the mail treatment. One of the physicians in attendance always remains inside the mail department and by a system of close correspondence controls those out of the mail system as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.

$5 a month for all diseases, medicines free.
