Last Night's Dispatches.

CONGRESSIONAL.

HOUSE.

WASHINGTON, 9. — Blackburn presided in the absence of Speaker Randall.

Foster, from the committee on appropriations, reported the bill providing for an appropriation of $1,583,445, deficiencies for the service of Government for the fiscal year ending June 30th, 1878. Referred to the committee of the whole.

A night session for debate only was ordered for Monday night.

Kelley then replied to Garfield's speech of a few days ago.

EASTERN.

Washington Items.

CHICAGO, 9.— The *Journal's* Washington special says: The President will not transmit to Congress any message regarding the recent award of the fishery commission, until something definite is heard from Minister Welch, regarding the probable action of the British Government in relation to the late outrages upon American fishermen on the coast of Newfoundland by British subjects.

Kelly, Garfield and Foster took up about two hours to-day in making personal explanations on Kelly's Youngstown, Ohio, speech.

All the members of the Cabinet, but Evarts, who is in New York, were present to-day. The tariff bill was under discussion. It appeared, from Secretary Sherman's figures, that the bill would reduce the revenue $14,000,000 to $15,000,000, and that the tariff must be imposed on articles now on the free list in order to make up the deficiency.

Wool Market.

BOSTON, 9.—Wool is very dull, prices continue low and unsatisfactory, with no prospect of immediate improvement. Manufacturers are very indifferent about purchasing owing to the dull trade for goods. Fine fleeces are about as depressed as previously noticed. Sales of the week: 80,000 lbs. of Ohio and Pennsylvania, mostly at 42@43. These quotations may now be considered fair quotation for medium X and XX and above. Other transactions include Michigan and Wisconsin, X 38@40. Heavy New York 34. Combing 48. Oregon 17@30, scoured 33 1-3@80. Pulled wools steady, but in moderate demand, with sales for the week 122,000 lbs. at 31@48 for super and X. Combing pulled is inquired for, with sales at 42@45. Very choice Maine and eastern supers still go up to 45, but the principal sales of good super and X are 35@40. A fair business is doing in California wool. About half the sales of which are of this description, at 14@26 for fall, and 20@33 1-3 for spring. The total sales of domestic wool for the week are 805,700 lbs.

Further Particulars of the Storm East.

CHEYENNE, Wyo., 9.—The storm, exceeding in violence and duration any previous season, set in at 11 p. m. on the 7th inst., continuing without abatement until noon today, the wind ranging in velocity from 50 to 64 miles per hour, carrying snow with it, and drifting in banks 10 to 15 feet high in the city. So far, only one roof has given way. It extended from Bitter Creek on the west to Julesburg on the east. A great number of the cuts are level full of snow, and all the trains on the Union Pacific, Denver Pacific and Colorado Central are either side-tracked or snowed in. The plows stationed here have been shovelled out, and to-morrow morning, if the storm, which has not wholly ceased east, does not increase, they will be vigorously manipulated. Passenger trains No. 3 of the 8th and 9th are laying at North Platte, No. 4 of the 8th at Bitter Creek, No. 4 of the 9th at Green River. Freight train No. 6 is reported snowed in at Separation, and the emigrant west-bound of yesterday near Bushnell. The Denver Pacific train is side-tracked at Carr, and the Colorado Central between Collins and Loveland. There is no reliable evidence of individuals having been lost in the snow in this vicinity, though there are many rumors to that effect. There is no communication north, whither many freight outfits are now traveling, and probably the loss of stock will be great, if not life.

Horrible Butchery.

NEW YORK, 9. — Advices from Lima, Peru, state that a most revolting and cruel murder was committed on board the steamship *Ilo*. After leaving port, two stowaways were discovered on board, and by order of the captain were placed in irons on the main deck and fastened to a stanchion at the after part of the vessel. About three o'clock in the morning a deck trader, a Chilian, who had his tent at the opposite side of the deck, approached the prisoners and accused one of them of stealing a cheese from his tent. The man protested his innocence, stating that it was impossible for him to do it, being in irons. The trader insisted in accusing him, however, saying that he could get his hands out of the irons. He then drew his knife and cut the man's throat and afterwards cut his head off and threw it overboard. The other passenger, who was bathed in blood, was helpless and too terrified to call for assistance. The brutal murderer threatened to throw the body overboard, but finding it fast by the wrist, he cut around the wrist, broke the bone across his knee, and thus freeing the body, threw it into the water. The crime must have been accomplished very rapidly and with great alliance, since it was not discovered till daylight. The murderer was handed over to the captain of the port in Iquique.

Attempted Wife Poisoning.

Rev. Geo. R. Vosburgh, pastor of the Madison Avenue Baptist Church, Jersey City Heights, was to-day arrested on the charge of attempting to poison his wife. Vosburgh waived a preliminary examination and gave bail in $1,000 to await the action of the Grand Jury.

There is a great deal of excitement over the arrest of Rev. Geo. R. Vosburgh, pastor of the Madison Avenue Baptist Church, Jersey City. He has the entire confidence of his congregation, who believe that the charge of his attempting to poison his wife is made through malice on the part of his brother-in-law.

The Vanderbilt Will Case.

Dr. Bennett, one of the witnesses in the Vanderbilt will case, to-day before the Surrogate, testified that the Commodore told him he had a vision, in which he saw a road shaped like a horseshoe, and this road was death. He saw several of his acquaintances walk along and drop off, but some would come back to the edge; and that he was then walking along the edge and did not know whether he would drop off. He also told witness he was a clairvoyant and believed in curing by sending a lock of hair. Counsel offered to prove by witness that Mrs. Vanderbilt said, "The old man must die, I can't stand this hell any longer," but it was excluded. The Commodore once sat up to read a newspaper and witness suggested to him that he was then well enough to see his children, but he got into a furious rage and said, "No, damn them, they are all bastards except Bill."

Defeat of Baez' Army.

A letter from San Domingo, dated January 19th says: The revolutionists attacked Baez's army near the city and utterly defeated it, capturing many prisoners and all its artillery and ammunition. A great consternation prevailed in the city. The only places that still held out against the revolutionists were Azua, San Domingo and Porto Plata, but the last named place was on the point of capitulating.

Explosion of a Gasoline Machine.

HARRISON, Ohio, 9.—Last night, at a town hall meeting, a new gasoline machine, which was being tested by those unskilled in its operation, exploded. F. Rapp, a member of the council, and a little girl, were instantly killed. A. Probest and F. Fisher were dangerously injured, and many others slightly injured.

Pedestrian Match.

NEW ORLEANS, 9.—The interest in the pedestrian match of Schmehl and Ellen Wickers is increasing. The former made his second hundred miles in 27 hours and 30 minutes. Wickers, up to 9 p.m., made 150 miles.

FOREIGN.

AUSTRIA.

The Vote of Credit.

VIENNA, 9.—The statement accompanying the bill for the credit to be submitted to the delegations, says: "In the present position of affairs, it is not impossible that government will be obliged to take extraordinary measures for the protection of the interests of the monarchy. In this case, government must be in a condition to cover expenses, and therefore ask for 60,000,000 florins. It is not proposed to expend this is completing the equipment of the army, but it is intended to afford government aid to insure the monarchy against danger and surprise."

GREAT BRITAIN.

Steamer Burned—Loss of Life.

LONDON, 9. — A dispatch from Trieste says the Austrian steamer *Sphynx*, from Cavollo, with 2,500 Circassians on board, caught fire and went ashore near Cape Ella. Five hundred lives were lost.

Masons' Strike.

A meeting of the London striking masons, yesterday, resolved, in consequence of several masters having offered 9½d. per hour, all the strikers are authorized to accept that rate. The strikers originally demanded 10d. The strike is collapsing.

The Italian Ministry.

A special from Rome announces that the ministry has resigned. The king will probably summon Signor Zarandelli to form a cabinet.

Suleiman Pasha Reported Drowned.

A letter to the *Cologne Gazette*, from Pera, states that Suleiman Pasha has been drowned. His papers proved that he was contemplating a conspiracy for the overthrow of the Sultan.

EASTERN.

The Snow Blockade.

CHEYENNE, Wyo., 10. — The Union Pacific is still blockaded by snow. The western division is open beyond Laramie, but nothing has passed that point eastward.

The eastern division is open east of Sidney. Nothing has passed Antelope westward, where number 3 passenger, due here on Friday, still remains awaiting relief.

Several hundred men, with shovels, together with a number of plows, have been engaged, to-day, between Sidney and are endeavoring to lift the blockade.

The heaviest plow on the road left Laramie this morning, but stuck at the tie siding.

The snow in the cuts is packed very hard, and the plows, which left here eastward at 7 a. m., have not made much progress, returning home at 7 p. m.

The Colorado Central train is at Taylor's station, 18 miles south, with a plow in the ditch, while the Denver Pacific is 10 miles south, in a similar predicament.

Relief has started from the south for both these trains. No news from the north yet.

Reports from Colorado say the Kansas Pacific is badly blocked.

The Silver Purchase.

WASHINGTON, 10.—The Secretary of the Treasury has appointed a commission consisting of Asst. Sec. French, Dr. Linderman, director of the mint, and Treasurer Gilfillan, to consider all the propositions under his circular for the purchase of silver bullion and to report the result to him.

Perished in the Flames.

OTTAWA, 10.—W. McIlnes' house, at Rochesterville, was burned this morning. McIlnes went into the house for valuable papers and perished. His daughter was severely burned in attempting to save her clothing.

Disastrous Collision.

NEW ORLEANS, 10.—The steamboat *Thanson*, from Ouachita River, with 800 bales of cotton, at 3 a. m. collided with the monitor *Canonicus* and sank in a few minutes. It is thought no lives were lost. The boat is a total loss. A portion of her cargo may be saved badly damaged. The boat and cargo are valued at $60,000.

Schmehl Wins the Walking Match.

The pedestrian contest between Henry Schmehl and Ellen Wickers, the former to walk 400 miles in 120 hours, the latter, 250 miles before he completed his task. Schmehl won by five minutes and 20 seconds. His time was 119 hours 46 minutes 25 seconds.

In Favor of Silver Coin Senator, Etc.

LOUISVILLE, 10. — At a mass meeting of business men, last night, resolutions were adopted favoring the repeal of section 3 of the specie resumption clause of the act of January 9, 1875, and to equalize the mint privileges of gold and silver bullion, favoring the authorization by Congress of the issue of silver certificates of the denomination of $10 and multiples thereof, said certificates to be available for all purposes for which standard coin may be used. A resolution was also adopted in favor of the repeal of the bankrupt law.

FOREIGN.

GREAT BRITAIN.

The Peace Demonstrations—An Unruly Mob.

LONDON, 10.—According to the largest estimates the number of persons who attended the peace demonstration in Hyde Park, yesterday, were about 2,000. They were hustled about the park and finally ejected by a large and disorderly mob. Sticks were freely used and several men, slightly hurt, were taken to the hospitals. The mob then separated, giving a cheer for Lord Beaconsfield and Musurus Pasha. A large crowd cheered and groaned before Gladstone's house. Gladstone and wife, when going to church, were obliged to take refuge in a friend's house, whence they were escorted by the police.

The Duke of Teck was mistaken for Count Schouvaloff, the Russian ambassador, and insulted and hustled by the mob.

Seven Hundred Perished.

A special from Constantinople states that 700 Circassians perished on the steamer *Sphynx*, which burned near Cape Ella.

Paris Exposition—German Artists.

A Berlin dispatch says: Government is preparing a bill to authorize the raising of 75,000 marks to assist German artists in sending their works to the Paris Exhibition.

It is proposed that the three Emperors meet after the congress.

The Eastern Question.

A telegram dated Constantinople, Sunday, says: Reouf Pasha and General Ignatieff departed for St. Petersburg, to-day. Hobart Pasha will leave for Crete on Tuesday.

The visit of the Grand Duke Nicholas to the Sultan has been abandoned for the present.

A report is again current that the Austrians are about to occupy Bosnia and Herzegovina. This is unconfirmed, but it is understood the Austrian plenipotentiary will, with the consent of Russia and Turkey, bring the question of the future position of those provinces before the congress.

A dispatch from Athens says, the British representative has informed the Greek Government that Lord Derby has sent a dispatch to the Powers proposing that Greece be admitted to the congress. This caused great satisfaction in Athens.

The troopship *Euphrates*, which was detained at Malta with 1,000 soldiers, has sailed for home, and the *Serapis* outward bound, has proceeded to her destination.

A St. Petersburg dispatch says: The impression produced by the Czar's remarks at his reception, today, of the diplomatic corps, is decidedly pacific.

A special from San Stefano says, it is stated that Reouf Pasha will ask the remission of three hundred million of the indemnity.

The Sultan has ratified the treaty. It is reported that the last clause is to the effect that Russia and Turkey will regard the treaty as a solidaire, implying that they will not recognize the right of any power to interfere with its terms, except as regards the question of the straits and the settlement of the boundaries of Montenegro.

A Vienna dispatch announces that the congress will open on March 31st.

A Pera special says the question of the visit of the Grand Duke Nicholas to Constantinople results in a compromise that the visit will be less ostentatious than was first proposed.

The Vienna *Political Correspondence* asserts that if Russia persists in not submitting the whole treaty to the Congress, war is certain.

AUSTRIA.

The Vote of Credit.

VIENNA, 10.—A demand was presented to the delegations on Saturday, for a grant of 3,720,700 florins on account of extraordinary and urgent army and navy requirements.

The sub-committee of the Hungarian delegation, to-day, discussed the bill for a grant of 60,000,000 florins. M. Falk, reporter of the committee, said he had coincided in government's view, but as there were rumors of the intended occupation of Bosnia and Herzegovina, he desired guarantees, that if action should prove necessary, government would immediately seek the co-operation of constitutional bodies. Count Andrassy replied, and the debate was adjourned until Tuesday.

ITALY.

The Ministry.

ROME, 10.—Signor Cairoli, of the Left, has undertaken the formation of a ministry.

The *Courier de Italie* states that the king has informed Signor Depretis, that he would only assent to the formation of a new cabinet from the Left on condition that the foreign policy remain unchanged, and the law of papal guarantees and the fundamental laws of the State be maintained.

SPAIN.

The Budget.

MADRID, 10.—In the Cortes, yesterday, the Minister of War presented a bill fixing the military contingent for 1878 at 100,000 men. The Minister of Finance introduced the budget, showing a deficit of 3,000,000 pesetas which, however, is expected to be balanced by the sale of state property. The budget proposes a special duty on petroleum and other mineral oils imported from countries not having commercial treaties with Spain. The Minister of the Colonies announced that the Spaniards who remained abroad did so voluntarily, as the amnesty was general.

HIGHEST HONORS

AT THE

UNITED STATES

Centennial

World Exhibition,

1876.

MASON & HAMLIN

CABINET

ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of such instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, being all that would, under any circumstances, have been "awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S models of Reed Organs and Harmoniums show improvement in the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Simplicity and equal adaptedness of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the only ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded the highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors at

Every World's Exposition!

at which they have been exhibited; being the Only American Organs which have ever obtained any Award at any competition with best European makers, as in all European World's Exposition!

NEW STYLES, with improvements, are offered at the CENTENNIAL, elegant new cases in great variety. Prices lowest consistent with best material and workmanship. Organs sold for cash or installments, or rented until rent pays. Every Organ warranted 6 yrs. unless otherwise sold; to parts reasonable for any reason; or repaired. ILLUSTRATED CATALOGUES sent free.
