UTAH COUNTY BUSINESS.

The county attorney was instructed to draft a resolution consolidating int. one district the Provo Bench, Pleasan View, Lake View and Vineyard school districts. This was brought about through a conference between the trus-tees and other representatives of the districts and County Supt. Brown, af-ter the commissioners had heard peti-tions for changing the houndering of tions for changing the boundaries o the districts and had heard the argu ments of the petitioners. The grounds on which the changes were asked was a more equitable distribution of railroad and other corporate property in order to obtain the benefit from taxes de-rived from such property. Supt. Brown is greatly pleased with the consolidation and believes it will prove of general advantage to the school interests of the entire section affected by the

change. The petition of Thomas Featherstone and others of American Fork asking that a portion of Pleasant Grove school first the incorporated in American Fork school district, was withdrawn. This was also after a conference be-tween representatives of the two districts and Superintendent Brown, who were requested by the commissioners to try and agree among themselves, which they did.
