Do You Take A RIDE?

No more pleasant ride can be found anywhere that that to the suburbs Southeast of Salt Lake City. If you drive, ride horse back, or use a bicycle, the nicely sprinkled roads afford continual pleasure. The popularity of the East Boulevard is attested by the hundreds of wheels and thousands of people that daily ride on it.

Why not combine business with pleasure? If you buy a home in Forest Dale, you can enjoy the ride to and from your residence that hundreds are anxious to take for pleasure alone.

What is more invigorating during these warm days than a ride on an open electric car? Try it early any morning or after your work in the evening; and then if you wish a home, buy in Forest Dale. By doing so you can enjoy the canyon breeze, and still be near your work. Can have water belonging to yourself piped to your door and still not pay city taxes. Can have the benefit of good schools, and of pleasant associations, and yet have none of the smoke and discomfort of residence in a city.

Inducements to build. Small payments and long time at low interest will be allowed desirable parties.

Call at Cannon's office, 153 Constitution Building, and get plat and prices.

Saltair Beach Time Card.

SEPTEMBER 22, 1894.

On and after this date trains will run as follows until further notice:

For Beauty,
For comfort, for improvement of the complexion, use only Pomeroy's Perfecta Shirts. Is nothing equal to it.

DESERET EVENING NEWS.

Wednesday, September 26, 1894.

MUNICIPAL MATTERS.

Councilman Daly Surprises His Colleagues By Resigning.

STREET LIGHTING GHOST AGAIN.

A Fire Department Reinforcement Ordinance Fore-doomed—West the Copper Plant Ready to Draw Interest.

A meeting of the City Council was held last night. President McCornick occupied the chair. All members were present except Lynn and Morris. Business was transacted as follows:

Bishop Leonard, on behalf of the Episcopal church, asks for a rebate of $101.60 on sewer construction done under special contract with the city and under which he was entitled to a rebate of that sum. Committee on sewers.

A petition requesting that the liquor license of Demetrio Pistolis be revoked was received and referred to the committee on license.

B. H. Thomas asked to be allowed a rebate of $102.70 for alleged overcharge of sewer connections made to his property in Kendall terrace. Committee on sewers.

A petition from Simon Hamburger et al. asking for an extension of water mains to Fulton and Superior streets, was referred to the committee on waterworks.

The mayor sent in a communication recommending that the portion of W. H. Rideout and others, for the macadamizing of streets in North Salt Lake, be granted. Committee on improvements.

City Engineer Young submitted a report showing all the useful government lands within the water sheds of Parley's Emigration and City Creek canyons, with the view of providing the same in pursuance of a suggestion recently offered. Committee on Jordan canal and by-gulch.

The recommendation of the board of public works that the office of Cahill Lazier be accept $250 for damages done to his property in the construction of the gravity sewer to accrued was approved and the amount placed on the appropriation list.

The board also recommended that the petition of the Utah Lime and Cement company asking that the county road between the Hot Springs and the Warm Springs be repaired, be granted, that the work be done under the direction of the street superintendent, and that sewers be constructed on both sides of the entrance. Adopted.

Superintendent of Waterworks Daley called attention to the fact that the water pipes had been exposed in grading certain streets, and recommended that the department be authorized to lower them at a cost of about $600. Committee on waterworks.

The committee on streets, reporting on the proposition of L. C. Trent & Co. to erect for the city an electric light plant, which would enable the same to save $1,200 a month in the cost of lighting the city, recommended that it be received and placed on file. Adopted.

Liquor licenses were granted to H. M. Gurney, Phil Margetts, John Leslie, G. Jaeckwitz & Co. and G. M. Lewis.

O'Meara moved that his resolution in regard to advertising for bids for street lighting, which failed of adoption, be referred to the committee on ways and means, with a request that they make a report Tuesday evening if possible. A good deal of discussion ensued, and ended without disposing of the matter.

The liquidation of the joint building title was over another week.

Young submitted a title for an ordinance providing that the fire department shall consist of a chief of the department, assistant chief and such other officers and men as the chief shall deem necessary, but in no case shall the number of firemen exceed twenty-five of all below twenty, the members to receive such compensation as may be fixed by the council.

Cohn moved that the words "or full below twenty," be stricken out. Carried.

Mr. Young said the ordinance was introduced at the request of Chief Dinwoodey, as he found it impossible to keep the expenses of the department within the $5,000 per month allowed by the Council under be reduced the force, and that he could not do under the present ordinance. There are twenty-six firemen now on the department, and he believed he could easily twenty-five if all be necessary. The new ordinance gives the chief power to employ any number he saw fit not to exceed twenty-five.

The rules were suspended and the ordinance was read three times and passed.

O'Meara offered the following:

Resolved, That the member be hereby requested to notify the heads of all the departments to make a requisition for the amount of fuel they may need for the three months ending December 31, 1894, and the heads of all departments are hereby requested not to purchase any supplies in excess thereof by the Council.

The resolution was adopted on a vote of 8 to 5—Clawson, Cohn, Cannon, Daly, Harry, McCornick, Mason and O'Meara voting aye; Harris, Clemens, Newell, Watson and Young, no.

Bacon introduced an ordinance amending an ordinance to regulate licenses, restrain and prohibit slaughterers, butchers and dealers in fresh meats, approved August 6. The amendment provides that any firm regularly engaged in the meat trade may use wagons and sell meats from said wagons. Committee on municipal laws.

O'Meara submitted an ordinance repealing the minimum penalty for fighting dogs in the streets from a fine of $10 to $2, which was read three times and passed.

It appearing that the resolution requiring the Line to the Big Cottonwood Power company to pay equal to 1,000 horse power of electric power into their plant by October 1, 1895, passed at the previous meeting of the Council was illegal because it should have been treated as an ordinance and not as a resolution, the matter was taken up again and the amendment read three times as an ordinance should be and passed.

Young called up the bicycle ordinance, which has been on the table for days, prohibiting the riding of bicycles on the sidewalks, and the same was referred to the committee on municipal laws with the city attorney associated.

Clawson said he had observed that the city attorney, city engineer and chairman of the board of public works had absented themselves from the meetings of the Council and he understood that their absence was due to the fact that by virtue of a resolution of the Council the sergeant-at-arms had forbidden the city engineer to come within the rail defining the portion of the Council chamber set apart for the members of the Council. He thought this was entirely wrong, and submitted a resolution instructing the member to invite the city engineer, city attorney, chairman of the board of public works and the heads of all other departments to attend the sessions of the Council when they so desire. Adopted.

Appropriations amounting to $1,325.07 were passed.

The ordinance reducing the salary of the relief engineer at the sewer pump from $100 to $62.50 per month and that of his assistant from $75 to $67.50 per month was read three times and passed.

Clawson offered a resolution as follows: "That it be the sense of this Council that the treasurer place the $25,000 known as the copper plant bonds at the best rate of interest he can obtain on call, consistent with absolute safety." Adopted.

EXCURSIONS DAILY REQUEST.

The following communication was received from Commissioner Daly and its reading caused a good deal of surprise among that gentleman's colleagues:

SALT LAKE CITY, Sept. 25, 1894.

To the President and City Council:

I hereby respectfully tender to you my resignation as a member of the City Council from the fourth precinct.

Upon the occasion of surrendering to the people the trust committed to me by them at the last municipal election I think I may properly offer some reason for my action. I accepted the office I now resign with a full appreciation of the high compliment paid me by my fellow-citizens at that election, and entered upon the discharge of its duties with a keen appreciation of the responsibility imposed upon me and with an earnest purpose to give my best efforts to the promotion of the business and the promotion of the welfare of this city. I found the work congenial. My association with the Mayor and members of the City Council has been pleasant in the extreme, and I take this opportunity to express to these associates my thanks for their courtesy and their uniform kindness.

The only reason I have to assign for retiring from public life is that I cannot, in justice to my personal interests longer defer my position of responsibility in the private business. I have anticipated for some time to resume my personal affairs so as to consume of office with the end of my term, and I confess how disappointed I am in being able to do so in the future. The demands upon my time are daily becoming more frequent and I am no longer able to give the business that I have to my business interests. I cannot therefore give to my office as I would desire to do, and I feel it my duty to resign.

With expressions of high regard, I am,

Very truly yours,

J. J. DALY.

The resignation was accepted. Cohn nominated H. G. Mellish to succeed M. Daly.

Before action had the matter of evening a successor be deferred for one week. Lost.

A motion to adjourn was also lost.

O'Meara then moved that the nomination of McMillan be confirmed.

Clawson nominated Thomas W. Jennings for the place, but before action could be definitely taken the Council adjourned.

THE UTAH COMMISSION.

A Resolution by Sherman on the Registration Question.

At a special session of the Utah Commission yesterday afternoon there were present Chairman Letcher, Commissioners Norrell, Sherman and Tarbox.

The following resolution was submitted by Commissioner Sherman: Resolved, That in our opinion and in order to secure a full and fair registration, it is the duty of the county registrars to furnish all reasonable information and answer all reasonable inquiries as to the issues on the registration laws, and that an inquiry coming from any duly accredited agent or either of any of the regular party organizations as to such issues is entitled to inquiry and a reasonable inquiry and should in the interests of fairness be promptly answered.

The voting was: Ayes—Messrs. Sherman and Tarbox—2. Nays—Chairman Letcher and Commissioner Norrell—2. The motion was therefore declared lost.

The commission decided unanimously to deny the applications for additional polling places at Bingham, Salt Lake county, Grouse Creek, Box Elder county, Rocky Mill, Utah county, for want of good and sufficient reasons. The jail regarding the last request was that there were only eight voters and as the election expense would be $12.50, the average of $1.56 per man, it was considered too heavy a cost to incur. The distance to the regular poll is four miles.

Kindergarten Lecture.

The lecture last evening by Rev. L. H. Bigelow, under the auspices of the Salt Lake Kindergarten association, was well attended and very cordially received.

The conception of presenting to the audience a model exercise conducted by one of the leading kindergarten teachers of the city, with a class of her pupils, and to have the teachings and principles of the system clearly enunciated by a gentleman so competent as the speaker, was a most appropriate one, and the results will prove highly beneficial to the cause.

Miss Bertha Robinson having entertained the audience in a very pleasing manner, Mr. Bigelow was introduced by Mrs. E. R. Parsons, and gave a very clear and concise presentation of the aims and scope of the kindergarten work, emphasizing the importance of such an education and training and of its beneficent effects upon the rising generation. The initial entertainment was a profitable one, as viewed by the friends of the cause.

OCTOBER FORECAST.

The Weather Record for Utah for that Month for Twenty Years.

The chief of the weather bureau directs the publication of the following data, compiled from the record of observations for the month of October, taken at this station for a period of twenty years.

It is believed that the facts thus set forth will prove of interest to the public, as well as the special student, showing as they do the average and extreme conditions of the more important meteorological elements and the range within which such variations may be expected to keep during any corresponding month.

TEMPERATURE.

Mean or normal temperature, 52 deg.

The warmest October was that of 1875, with an average of 59 deg.

The coldest October was that of 1882, with an average of 45 deg.

The highest temperature during any October was 86 deg. on October 6th, 1893.

The lowest temperature during any October was 12 deg. on October 26th, 1879.

Average date on which first "killing" frost occurred (in autumn), October 12th.

PRECIPITATION (RAIN AND MELTED SNOW).

Average for the month, 1.61 inches.

Average number of days with .01 or more of rain, 7.

The greatest monthly precipitation was 5.46 inches in 1893.

The least monthly precipitation was 0.20 inches in 1882.

The greatest amount of precipitation recorded in any 24 consecutive hours was 1.00 inches on October 19 h-19th, 1893.

The greatest amount of snowfall recorded in consecutive hours (one or consecutive storms) was 9.0 inches on Oct. 1st-2nd, 1891.

CLOUDS AND WEATHER.

Average number of cloudless days, 12.

Average number of partly cloudy days, 10.

Average number of cloudy days, 6.

WIND.

The prevailing winds have been from the southwest.

The highest velocity of the wind during any October was 42 miles on Oct. 11th, 1877.

GEO. N. SALISBURY,
Observer, Weather Bureau.

Sept. 25, 1894.

TEMPLE NOTICES.

The Salt Lake Temple will be closed on Friday evening, Sept. 28th, and will be reopened on Monday, Oct. 8th.

LORENZO SNOW,
President.

The St. George Temple will close on Friday, 28th September, and reopen on Tuesday, 9th October, 1894.

DAVID H. CANNON,
St. George, 19th September, 1894.

The Manti Temple will be closed on Tuesday, Oct. 2nd, and reopened for ordinance work on Tuesday, Oct. 9th, 1894.

JOHN D. MCALLISTER,
President.

Logan Temple will close on Wednesday evening, October 3rd and open again on Tuesday, the 9th of October, 1894.

M. W. MERRILL,
President.

John Reilly, aged 14, a member of a prominent family at Hailey, Idaho, shot his right hand off Friday evening while loading a gun. The unfortunate lad was showing his gun to another boy when, through carelessness or otherwise, the weapon was discharged, practically severing the right arm at the wrist and shattering the arm up to the muscle. Amputation was necessary.

AN OPINION GIVEN.

Recently Mr. J. D. Thomas, of North Dakota, visited the Shenandoah Valley, Virginia, and after carefully examining the country located in Winchester, he writes to Mr. V. Bucaria, Land and Immigration Agent, Baltimore & Ohio Railroad, Baltimore, Maryland, as follows: "I have been in nearly every state and territory of the United States, and am frank in my opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce as finest crops. I thank you for directing me here, and advise those seeking pleasant and profitable homes to locate in this country."

That $1,000 Worth of Prizes

To be given away by the Great Soap company are all on hand and ready for the holders of the tickets. The day of the grand distribution has been changed from Friday, Oct. 5th, to Wednesday, Oct. 3rd, the day being Home Manufacturers' day at the Park. Come Wednesday evening, at 8:30, the drawing will take place. All tickets must be handed in or forwarded to the Great Soap company, Salt Lake City, not later than Tuesday, Oct. 2nd, which leaves but only a few days more in which to secure some more tickets from your grocer. Remember, there are seventy-eight prizes, one of which—the $500 cash one—will come to lucky ticket winner for your children's shoes or for you—well, just like Hire's Soap.

THE MARLBOROUGH HOTEL,

151 East Third South Street,

Has just been renovated and is one of the coolest and best equipped houses in the city, and is under the efficient management of Mr. and Mrs. M. M. Fisher, late of the Alpine, Denver, Colorado.

Go to Bayneer's old book store, for all kinds of books, news, stationery, magazines, etc. 22 East Second South.
