TELEGRAPHIC.

SNOW IN THE EAST.

Blizzards and Bad Roads Interfere With the Voting.

RAIN STORMS IN SEVERAL PLACES.

Telegraph Wires Blown Down—Horses Killed—Cold Weather Predicted.

BUFFALO, N. Y., Nov. 6.—A slight fall of snow occurred here last night. The temperature was 35 degrees at 2 o'clock this morning and the weather bureau says it will be much colder today with cloudy weather and probably snow. Considerable rain fell in this vicinity yesterday and the country roads are in bad shape. This may keep the vote down in the county. The wind is quite brisk but the indications are that it will be very strong before morn.

THREE INCHES OF SNOW.

ALBANY, N. Y., Nov. 6.—A snow storm raged all day yesterday and part of last night, fully three inches of snow falling in Pine Hill and many other places.

The first snow of the season in Fulton and Clinton Falls.

A severe rain storm passed over Poughkeepsie during the night and towards morning turned into snow which soon covered the ground.

The weather is clearing in Chenango county. High winds and cold weather will probably prevail today. The roads are muddy because of recent rains.

THE RAIN IMPASSABLE.

WHITEHALL, N. Y., Nov. 6.—Dispatches from Beaver Point, Poultney, Fair Haven, Castleton Corners, Wallingford, Wallingford and other points along the Lake Champlain valley, state that a severe hard last night and a heavy snow storm has raged in the vicinity of Saranac lake all night. It is now four inches deep which will make the roads almost impassable.

IN BOSTON AND VICINITY.

BOSTON, Mass., Nov. 6.—The storm in Boston and vicinity was confined to heavy rains until about 10 o'clock last night when the temperature became lower and snow began to fall. It is still falling quite heavily.

The government bureau here has experienced much difficulty in obtaining news about the weather from outside points, particularly to the eastward, because of the violence of the storm in that direction, the telegraph lines being nearly all down. A heavy snow storm prevailed all night in the vicinity of Concord, N. H., Portland, Me., and Montpelier, Vt. Messages from points in Connecticut by long distance telephone this morning report that a regular blizzard with a wet snow and sleet prevails generally throughout the state. New Haven reports that a genuine blizzard is raging there and the conditions appear to prevail in all directions. The wind is blowing at the rate of 74 miles an hour. The last Western Union wire to New York from this city passed working just east of New Haven soon after 10 o'clock and at a quarter to 11 o'clock the last of fifteen wires of the Postal Telegraph company between Boston and New York went out of service.

Information comes from Hartford that two and a half inches of snow fell there between 7:30 and 10:30 o'clock last night. At midnight a perfect blizzard was raging. The wind blew at a rate of 70 miles an hour. Telegraph, telephone and electric wires are lying on the ground in a tangled mass. It is reported that many horses were killed by receiving shocks of electricity from wires lying in the streets.

A report from Springfield states that a heavy snowstorm prevails there and is mostly becoming water. The storm was first reported at Palmyra in the northwestern part of Connecticut. The wind and snowfall was more severe there than at any other place in the state. The storm was generally to the eastward toward evening. The Southern New England Telephone company suffered immensely from the storm. The wires were all blown down and at midnight communication was open only to Waterbury.

Will Be Returned to St. Louis.

SAN FRANCISCO, Nov. 6.—Arrangements have been made by Postoffice Inspector Erwin to send back to St. Louis Henry Smythe, the young man arrested in Oakland on a charge of violating the postal law in Boxing Chicago and St. Louis merchants through the mails. There is but one charge against him here, so little is thought there are many, as it was brought just to return him to St. Louis.

To Search for Explorers.

LONDON, Nov. 6.—A dispatch from Christiania says: The Russian government has chartered the steamer Lincoln to search for the steamer St. Jonas on which Captain Wiggins, the Arctic explorer, left Yenisei on September 15, with his wife and two other women, intending to sail for Obi. It is believed that Wiggins is intended to the Kara sea. The relatives of the Lincoln are hoping to get tidings of Wiggins at Christiania. Should he fail to do this he will send parties overland to the Siberian coast.

FOUND LIFELESS.

Supposed to be Murdered for Money—Two Men.

TACOMA, N. Y., 6.—About daylight this morning the dead body of Matthew M. Dennett, a well known young man, was found on the sidewalk by a newsboy. His right ear was bitten and his nose gone, he has no other marks of violence, though papers from his pocket were scattered about. His watch was unfinished. A theory generally advanced is that Dennett was murdered for money by three men, the operations south of Accomac, Joseph A. Scott at the Southern hotel on last Monday.

Fair in 1893's Doubtful Prediction.

NEW YORK, Nov. 6.—"Go the evening," "Coming Short Arm," and similar phrases were current at the various headquarters today. Most of these places were almost deserted, as many of the managers have gone home to vote.

An exception to the rule was the case of Chauncey Depew, at the Republican headquarters in the Fifth Avenue hotel, who having patted voice with a friend in Utica, will remain here until after election. He said nothing has occurred today to change the estimate of Republican success already made public. On the other hand Chairman Thacher, of Democratic state committee, before leaving for Albany this afternoon gave out an estimate that Hogan would not have more than 60,000 plurality, above the Harlem river and that to overcome this Hill would have majorities of over 60,000 in this city, at least 15,000 in Kings county and from 1,000 to 1,500 in Richmond county. Mr. Thacher admitted, however, that this county, where Hill must have a majority, would have to exceed by more than 5,000 votes was at best doubtful.

Democratic claims are made by talk about on the hotel lines. The majority of the estimates in the newspapers yesterday indicate that Hogan will be elected by a "good majority" and that the result will estimate of figures on the local result are wholly.

Injured Never Sold.

CHICAGO, Nov. 5.—Death in the origin of the disease is known being of two ranges of cribs sold at 128 to 132 Market street. One man is dead and several others injured, one may die.

It is dead with is David Friend, warehouse.

The fire was caused by an explosion of two cartridges of commercially pure nitrogen. All the men were injured in handling the acid inside. Capital Williamson is well known in the spelling world as a scholar.

CHINA WANTS PEACE.

She Asks European Powers to Mediate in the Dispute.

LONDON, Nov. 5.—The Daily News says the Chinese minister has imparted to the foreign office China's desire that the powers mediate with Japan for peace. The minister has gone to Paris to make a similar request of France.

In a leader commenting on the foregoing the Daily News says that the Chinese have approached the powers with terms of peace she will offer Japan. This is a formal renewal on a larger scale of the overtures made to the ministers of the powers in Pekin, Lord Rosebery's cautious attitude has been more completely and states only vindicated. No European power can wish desire to plot in this shameless conflict. Even the United States, despite the Monroe doctrine, must be encouraged for the regularity and severity of their great trade with Japan. It will be difficult to extend the interference is premature now.

A Shanghai dispatch says orders have been issued forbidding the despatched dispatches of large supplies of food for the army at New Chwang. It is due to the fact the board of war has abandoned all hope of staying the progress of the Japanese army in Manchuria. The dispatch adds that nearly Chinese merchant vessels have recently been placed under the German flag.

ALL HOPE ABANDONED.

YOKOHAMA, Nov. 5.—The report current to the Associated Press that Pung Wang Ching was set on fire before the evacuation by the Chinese has been confirmed by advices from the front. The Chinese have evidently abandoned hope of making a successful defense against the Japanese army, set fire to the castle and then fled without waiting to be attacked.

TERMS OF PEACE.

ROME, Nov. 5.—A dispatch from Pekin states that China is disposed to conclude peace with Japan on a basis of a guarantee of the independence of Corea and by the payment of indemnity, the amount to be fixed by the powers.

SUSPECTED OF THE CRIME.

A Boy Arrested for the Murder of Two Little Children.

PAULDING, O., Nov. 5.—As soon as the news of the appalling murder of the two children of Samuel Hart spread, hundreds of people gathered. Sheriff Stalter was among the number and arrested Charley Hart, a neighbor's boy, who was at once suspected and the people of the neighborhood are firm in the conviction of his guilt.

Young Hart says he cannot read or write and does not know his age and is very nervous. When accused of the crime he denied it in a nervous way. The hatchet was found within three rods of young Hart's home and about a mile from the children's home. The little boy's boots were found in the grass a short distance from the bodies. Their little heads were tied together with a piece of rather rope attached to a tree of wood resembling a rough-hewn pump handle.

It is thought this will furnish a definite clue if the boy is guilty. One of the grounds of suspicion is that when the dead bodies were found the boy discharged his gun and ran to his home in an excited manner. He was one of the searching party and was not far distant when the children were found.

VANCLEVE, O., Nov. 5.—At noon Hart was taken to the Paulding jail a mob of 200 to 300 men organized to hang the prisoner at once, but were dissuaded on plea that the chances were largely in favor of the boy's innocence and that the guilty party was still at large. It is currently reported tonight that the mob is coming from Paulding into Van Wert to such numbers that it cannot be restrained by the authorities here.

In addition to the arrest of Hart, Levi Cline and Clarence Shindle have been placed in jail. There is no direct evidence that they were connected with the crime, but they were found in Hart's house when the bullet was taken into custody. The Hart residence is two miles, and has a trembly selected. When it was searched two coin purses and an axe were found to be missing. These are the items the marriage of Minnetoka and such as the moment in the commission of the awful crime. The people of Paulding are in a frenzy over the affair and while there is no possibility of immediate violence it will be hard for these responsible for the death of the unfortunate little ones as soon as their guilt is ascertained.

Woman Against Woman.

DAYTON, O., Nov. 5.—Mrs. Harriet Campbell, who is a leading merchant of West Alexandria, Preble county, locked the wife of Dr. Gregg with a revolver while her three sons tied the latter into insensibility with a rope, etc. Mrs. Gregg is a party to a divorce suit brought by Mrs. Campbell against her husband. Dr. Gregg has also brought suit against Campbell asking for $10,000 for the alienation of his wife's affections.

COTTON CARGOES BURNING.

Fire Discovered in Seven Vessels in the Savannah Harbor.

No Explanation Offered as to the Origin of the Mysterious Flames.

SAVANNAH, Ga., Nov. 5.—At 8:30 o'clock this evening fire was discovered in the hold of the cotton steamer Stanley, at the Central Compress wharf. The fire was in hold No. 3, in which there were about 300 bales of cotton. The Stanley has about 10,000 bales aboard. She had about completed loading, and would have cleared tomorrow. The fire has gained considerable headway with steamers, and at this writing is still burning.

At 9:30 it was discovered that there was fire in the cotton hold of the Norwegian Hallowdale City, at the Gordon Pier wharf, about a mile away from the scene of the fire on the Stanley. Also, about the Hallowdale City, at the neighbor Castle Garth, and a few minutes after the discovery of the latter's cotton on fire, fire was also discovered in the two piers of the Castle Garth, in which some cotton was stored. All the men of crews from the steamers Stanley, Hallowdale City and Castle Garth and put on guards.

About the time that the Stanley was reported afire in Gordon's, it broke out in the hold of the steamer Dessie, at the Central Pier wharf, near the Stanley. In a few minutes the steamer Peonia, also at the Central Pier wharf, was reported with fire in her cotton. The crews after at the wharf were not over 300 yards apart. The three other ships were a little away. The fire on the Peonia was easily extinguished. All at the Bremen now not except the one on the Stanley, which is burning. The loss so far can be not between $50,000 and $100,000.

As to the origin of the fire there is no explanation. The ships and cargoes are covered by contracts. There has recently been trouble among the longshoremen in this city, but there is none now.

At 10:30 a. m. a fire broke out in the steamship Atlanta, at the Central railroad wharf, making seven fires on the list. This fire was slight, and was soon extinguished. All the fires are now supposed to be of the Stanley, which is under control.

SHOT AND STRANGLED.

Horrible Execution in Indian Territory.

SOUTH MCALESTER, I. T., Nov. 5.—Sam Lewis, the condemned Choctaw murderer, was shot at Wilburton at 10 o'clock this morning by Sheriff Parsley. The bullet from the sheriff's Winchester missed the condemnation man's heart, passing through one lung at both above the nipple, and he had to be strangled to end his sufferings.

Sheriff Parsley anticipated trouble, having just before the execution received a letter from Lewis's friends threatening vengeance, and he had over one hundred heavily armed deputies at the scene. Arrived at the place of execution, he offered up prayer, followed by a short talk. He then pulled off his coat, vest, boots, and the sheriff placed a cross beneath his nipple. Lewis then sat down, and was blindfolded.

While two men held his hands the sheriff retrieved his steps five feet and fired. The bullet went clean through the murderer's body, but missed his march, and Lewis, throwing back his head, sank groaning to the ground, the blood spurting from the wound. To end the horrible work, the sheriff was finally compelled to take hold of the man's nose and smother him to death. He lived thirty minutes after being shot. Twenty-six other Indians are under indictment for the same penalty for which Lewis was executed. When they come to trial, trouble is anticipated, as their sympathizers are aroused. Lewis was 24 years of age.

Both Claim a Plurality.

SAN FRANCISCO, Nov. 6.—The chairman of the Republican State central committee claims that Estee's plurality for governor will exceed 30,000. The chairman of the Democratic State committee claims a plurality of 12,000 for Budd.

MR. WM. L. SAWYER, 128 EAST SIXTH SOUTH STREET.

Mr. Sawyer says: "I can't say positively how long I have had catarrh in my system—a year or so anyway. Had severe, dull, heavy headaches over and between the eyes most all the time. Head and nose were always stopped up on one side or the other. Mucus dropping back in my throat kept me hawking and spitting continually. My throat felt sore and dry. Appetite was variable, never good. Drs. Shores' new treatment has proven satisfactory in my case, and I can recommend them to all catarrhal sufferers.

FREE—Consultation, whether at office or by home, is free. No charge whatever for thorough examination, diagnosis of your case and all advice. Drs. Shores' new treatment has cured thousands, and if your case is curable will cure you. If you live at a distance write for a symptom blank.

$5 A MONTH for all catarrhal diseases. Medicines furnished free.

Drs. Shores & Shores.

SPECIALISTS.

Elite Medical & Surgical Institute, 34 East Second South St.
