THEY PETITION THE GOVERNOR

Utah Boys at Manila are Tired of German Duty in Time of Peace.

Want to be Mustered Out of Service at Once—Look Upon Their Retention as a Great Injustice.

The Utah volunteers at Manila are getting weary of being marched day in, place down and have appealed to Governor Wolcott, through their officers, to get Mr. Gladstone to release them at once. Here is the letter which has been received by the Governor:

Manila, Philippine Islands, Nov. 3, 1898.

"Governor Heber M. Wells, Salt Lake City, Utah:

"Dear Sir—Your attention is respectfully directed to the fact that many organizations of volunteers therein are making vigorous efforts to secure their discharge from the service and are making arrangements to the governors of their respective states, to present their petitions for their release.

"We do not claim that our part is more or less deserving than that of other organizations, but we do claim that we are entitled to equal consideration with the balance of the volunteers.

"We enlisted for the duration of the war, and without entering into an unnecessary scrutiny to show that we do not stand on an equal footing with other organizations after another discharged before us and leaving us here to be mustered out, we do claim that we have served our time, and that we should be mustered out.

"When it shall be decided that we are the volunteers, home, it may require several months to transport all of our men, and we do not see why our entire assistance in having it consummated should be lost to be mustered out.

"We stand ready and willing to do our work duty, but feel that the notoriety for prominence have been passed, and that the Utah volunteers are entitled to the same consideration as other organizations.

"We do not claim that our services are of more importance than other organizations, but we do claim that we are entitled to equal consideration with other organizations.

"We stand ready and willing to do our work duty, but feel that the notoriety for prominence have been passed, and that the Utah volunteers are entitled to the same consideration as other organizations.

"Hoping that we have made our position clear, we place the matter entirely in your hands and request that in such manner as you deem proper you will cause our recall at an early date as practicable and consistent. Most respectfully, your obedient servants.

Fine Christmas Meats.

One of the finest displays of Christmas meats seen in a long time is that now shown at the Tribing market. There are beef, mutton, veal, pork, chickens, ducks, turkeys, etc., in abundance, and all of the choicest quality. The exhibit has been very tastily arranged by Foreman Wm. Grover, and actions the admiring attention of all visitors. The decorations, though simple, are pretty, but the most prominent feature of the display are the dressed turkeys in all sizes and fat, plump which marks the whole exhibit. The animals which provided the meat on this occasion in the stock farm during the past few weeks, everything being in prime condition, our animal also received special notice from commissioners in a fortnight before, and which tipped the beam at 30 pounds, dressed.
