OGDEN.

Bert Trunkhill Confesses the Burglary—Court Notes—County Affairs.

Special Correspondence.

Ogden, March 21.—Bert Trunkhill, who was arrested Sunday on suspicion of having had a hand in the burglarizing of A. J. Aland's store on Washington avenue last Friday night, made a confession yesterday implicating Wallie and Bert Furr, the two boys who made their escape when the officers searched the house where the stolen goods were found. According to the young man's story, he and his brother (who was arrested Saturday and released Sunday morning) came to Ogden from Rock Springs, Wyo., about six months ago, and have since been intimate with the Furr boys. Trunkhill's confession sheds light on several cases of mysterious disappearance of various articles from several first-class stores and business houses, among them being three saloons and Brownlee's, the publisher's magazine. They secured liquors in bottles and beer in barrels, giant and smokeless powder, dynamite and giant caps, and got a pistol from the house of Deputy County Clerk L. J. Hoffner, whose house was robbed last fall.

Bert Trunkhill is still confined in the city jail. The Furr boys are at large, or were up to last night, for the officers have no trace of them. It is said that they left town by way of Riverside Saturday night.

LOGAN.

Law Recepition—Row in a Dance Hall.

Special per Deseret Telegraph.

Logan, March 20.—The townspeople of Representative Law arranged for a sort of demonstration in his honor on Saturday evening. The affair was held at Paradise Lake's house, and scarcely any one outside of that town participated, although efforts were made to have some of the Republican leaders attend. The regular Republican organization, however, refuses to recognize Law in any way. From reports that have come in they seem to have had quite a jolly time all the same.

A disgraceful row occurred at the Parry amusement hall in the Fifth ward last Saturday night. Two girls named Schiffman entered the dance in a partly intoxicated condition and according to reports, started to make a young lady. A gentleman going to the rescue of this lady, was set upon by the Schiffman girls and had to use a little defending himself. He received several hard blows in the face and blood flowed pretty freely. Warrants are issued, and arrest will likely be made today.

Three Seventh ward boys were fined $5 each this morning for stealing cake at the Relief Society dance and money given in the Seventh ward on Friday evening.

The old folks' gathering in the Fifth ward of Logan on the 14th inst. at 10 noon, included all over 60 years, and the widows and missionaries' wives (we have 42 widows in the ward).

The meeting house was nicely decorated. The meeting was opened with singing and prayer, after which Bishop Wm. Hyde made an address of welcome. At 1 o'clock about 150 sat down to the tables, which were loaded with the good things of the land. After dinner, a program of singing, speaking, step dancing, reeling and merry-making all around was carried on till about 8 o'clock, when lunch was served and the program continued till 10 o'clock.

SPRINGVILLE.

Only a Huge Joke, No Robbery Intended.

Special per Deseret Telegraph.

Springville, Utah, March 20.—In the case of the State of Utah vs. Albert Clark, according to the evidence there was no intent to commit a crime. It was intended as a joke and the prisoner was discharged.

At the examination which was held before Justice of the Peace Nephi Packard, Mr. G. Fishel, Mr. Chase, Sr., Dewand and Thomas Fuller testified to being held up by the defendant. They did not take it as a joke. Mrs. Grimsell stated that he accosted Mr. Clarke, about 11 o'clock at his house; he gave her the money and showed the pistol to the marshal, the pistol was not loaded. The prisoner said he did it to have some fun and intended to give up the money in the morning. Witnesses for the defense, Mrs. Clark, Mrs. Ruby Lather, Mr. Esthen, Frank Houts and Cris Stevson testified to hearing defendant say he was going to hold up his cousin and falling to find him, was going to have some fun and hold up some of the boys.

Case submitted without argument with the result above stated.

FRANKLIN, IDAHO.

Mormon Elders Have Struck the Town and are Holding Interesting Meetings.

Special Correspondence.

Franklin, Oneida Co., March 20.—On Sunday evening, March 12th, a meeting was held in the Franklin meeting house by two young "Mormon" elders, Jens Nemoy, Isaac H. Nash and Joseph A. Parkinson. The house was well filled with people, who came not to hear what the "Mormon" preachers had to say. At the appointed time for the meeting, one of them arose and said that they had come to preach to the people of Franklin and proceeded to open the first principles of the Gospel of Jesus Christ. He then gave out a hymn, "Hail to the Brightness of Zion" and asked the congregation to help them to sing as they were not very good singers themselves. After singing, prayer was offered by a young lad who had come with them. They sang again. "What Shall the Harvest of Heavens," etc. Then Elder Nash spoke on the subject of Faith, one of the first principles of the Gospel. He quoted the Scriptures that all must have faith in God and in Jesus Christ; that faith and faith alone was not sufficient to obtain salvation, as James says, "Faith without works is dead." Each individual must work out his own salvation by keeping the commandments of God. Elder Parkinson followed and showed that not only must the candidate for salvation have faith, but he must repent of his sins, forsake them, repent and forsake his sins and commit them no more.

Both the speakers did well and created a good feeling among their hearers, so much so that they desired to have a meeting on Monday evening as the doctrine they preached was Bible doctrine. So it was agreed that they should meet on Monday and Tuesday evening, the 13th inst., which they did before a large audience the Nemoy brothers, who continued the subject of Sunday night, namely, the first principles of the Gospel. Both handled the subject in a manner that pleased the people as well that they received an invitation to preach on Wednesday and preach to them again on next Monday night. A good many of our young people were greatly taken up with their preaching, and I verily believe that some of them are convinced, and will join the "Mormon" Church.

A meeting of the citizens of Franklin was held Monday, the 13th inst., in the meeting house, for the purpose of forming the advisability of forming one the cemetery to the trustees of Franklin cemetery, which was done by a unanimous vote.

On Friday, the 17th, the Relief Society of Franklin met at noon at the society's house to commemorate the fifty-seventh anniversary of the first organization of the society by Joseph Smith, the Prophet. They had a very interesting time. A good dinner was served at noon, and Bishop Hyde made a "Mormon" meeting there to hear what good things prepared for them.

Sunday, the 19th, at 2 and 7 p. m., the district conference of the Young Men's Mutual Improvement association was held in Franklin. An excellent spirit was manifested throughout the meeting and valuable instructions were given.

As the president of the Franklin ward, Bishop Oliver Shurtleff, is about to move away, he was honorably released.

Elder William Challis was nominated as president and he was unanimously sustained.

The health of the people of Franklin as a general thing is good. Times very dull, business very quiet, no money drive. We have lots of snow yet; but it is going away fast now.

UNIVERSITY OF UTAH.

Law Providing for Its Removal to Site Granted by Congress.

ESTABLISHMENT THEREON.

A Measure that Will Make the Last Legislature Famous in the History of the State.

One of the most important laws passed by the late Legislature, and one that in its consequences may be as far reaching and as beneficial as any law ever passed in this State is the law establishing the University of Utah University to the East Bench. This important measure, unopposed, passed quietly on approval of the Senate in the House of the House, and was one of the first to be signed by the Governor.

The bill, which was the subject of Bidwell in the Senate and of Cannon in the House, but it received the support of all the Salt Lake members, and there was little difficulty in carrying it through.

The bill carries an appropriation of $200,000, one-half of which is to be borrowed from the University land fund and is to be repaid by the State, the balance is to be paid to the State in four years, beginning with a payment of $15,000 on July 1st, and a like payment thereafter for six the whole of the $100,000 is repaid, when the University land fund will be the property of the State.

The University land fund is now in the care of University lands.

The law also provides for appropriating $15,000 this year and $10,000 next year, to carry out the provisions of the act, and receive the deed to the University square and buildings, which will be sold when a good price is obtainable, and the proceeds of the sale are to be used to build $125,000.

The other proposition was worked out by the Senate committee of Joseph Smith, the Prophet. They had a very interesting time. A good dinner was served at noon, and Bishop Hyde made a "Mormon" meeting there to hear what good things prepared for them.

Sunday, the 19th, at 2 and 7 p. m., the district conference of the Young Men's Mutual Improvement association was held in Franklin. An excellent spirit was manifested throughout the meeting and valuable instructions were given.

As the president of the Franklin ward, Bishop Oliver Shurtleff, is about to move away, he was honorably released.
