CAMPAIGN CAROLS.

Rumors rife among the congeling officials at the City Hall.

What a loss the gang ticket suffers when compared with that of the of opposition put before the public by the Citizens.

I am told that Charlie Stephens has taken to drinking copious amounts of farm buttermilk ever since he contracted the habit he has noted employees on the farmers who vow it is just as was debated in the convention.

The largest and most extraordinary natural gas well in the world was recently discovered in Ohio. The great geyser of valuable vapor has not yet been exhausted and there is no small amount of speculation as to what it will be called. How would the Minneapolis Monster sound?

An extra half a million of Columbian half dollars stolen away in the vaults of the subsidiary at Chicago, are causing the treasury experts Illinois considerable worry at this time as to their disposition. A well known local politician who has not had the best of luck in managing his campaign cash suggests that the coin plan might be used for stalwarting purposes in Utah to very good advantage just now.

And so one Patrician J. Moses has again been nominated as a representative to the Territorial Legislative Council and that too as a champion of the poor workingmen. Pat won in the legislature two years ago and he demonstrated the fact that he was a better plumber than he was a lawmaker. His tactics ways, "could not" bring an awkward question, yet to say outlandish and longitude sinners have caused many a workingman to drop his head and make excuse for unmeasable for the recipient little tyke.

He who loves good government, patriotism and happy homes will roll up his sleeves and go to work for the success of the Citizens' ticket. It can and must win. It makes better citizens, redeemed good and ultimate financial security. The election of the mormon manufactured ticket on the other hand means exactly the reverse with all of their attendant evils. Washed extravagance and criminal expenditure have had their run in this city. The old order of things must pass away.

Who dares challenge the statement that it would have been better for silver and the West if Charlie Goodwin and ex-Kindergarten Lecturer Allen had remained at home? These two worthies recently went to Washington at the expense of the mine owners in this region making them believe that they really were somebody. In case all other tactics failed they were going to hold the administration up in regular western style and get precisely what they asked for. But they soon discovered how inconsequential they were and after getting lost heads together they perpetrated an open letter to the President in which Charlie signed his name. It has been stamp in the west ever since.

That the party of political iniquity and municipal corruption is determined to a measure at least to repeat its fiendishness operations at the polls on the 7th of November there can be no question. The accumulating evidence at the Citizens' headquarters against practical non-residents, transients and false swearers prove conclusively that the same unscrupulous contractors of olden days are manipulating the perjury mill. Also that remuneration, immunity and substantial recognition are offered by the machine gang to the despicable creatures that dare make a transcontinental and then further violate the laws of the country by casting a bogus ballot. Honest men should see to it that Fred Trimmels are sober about the polls on election day.

In conversation with a prominent American last night I learned that Jerry Conklin, candidate for Mayor on the machine ticket is not by any means a popular man with the members of that oath bound organization. Mr. Conklin has been said to still reported to belong a Catholic. This I observe the gentleman denies in a quasi sort of way, that is to say: "It was reported while back that I was a Catholic, but that does not make me one." It is a well known fact, however, that Mr. Conklin's family are Catholics and that he is a sympathizer if not a supporter of that ism and that is enough to forever condemn him to the minds of the anti-Romanists. How they can vote for him and remain true to the terrible prescriptive vows they have taken does not appear.

The man who dares to employ a Catholic is branded by this secret society of dark lantern Know Nothingism as a victim of aspectal disfavor and dislike. Under no circumstances will he be treated or supported by them if such a thing is possible to avoid. And as to a Catholic himself he would be turned out as an outcast and as no-count thing as being wholly unfit for the society of Americans. And woe to the man who dares to give employment to a Catholic after having once been an American without the sanction of Mayor Van Horne or Dennis Keeney. That official quietly appointed to office a Catholic, in the person of John F. Farley, late chief of police of that city. He was immediately expelled from the organization and resolutions passed against him of a most foul and cutting character. Here is a sample clause: "Resolved, That all transactions socially or otherwise with said traitor and perjurer by any member of this order be now forever ceased." This is something that all Catholics should remember when called to vote for an American citizen on election day. CHARLES ASHTON.

Death of William Gowell.

The many friends of William Gowell of the Twenty-first ward, will be pained to learn of his decease which occurred on Monday night last, death resulting from consumption and other complications of a serious nature, arising from that cruelest disease.

The deceased was a native of Hartfordshire, Pontypool, South Wales, and was in his 39th year of his age. He came to Utah about four years ago and up to few months ago was employed in the grocery department of R. P. Tanner & Son. He has a wife and two infants to the city. He is a person who was in Wales. Buried in some instance from them were had of anxiety regarding their lap. It was their wishes that he should return, but his unexpected would have been a disservice, as the condition rose the time was such that and so anxious to carry out their desires he would not have survived the journey.

The deceased was of a most lovable and amiable disposition which was coupled with the heart of all who had the pleasure of his acquaintance. He was prominently connected with the Beehive Home and Mutual Improvement association of his ward and was unmistakable in his attachment to the cause of the latter-day saints. His family have the sympathy of a host of friends in their bereavement. At the request of his former employer and fellow employees, so that they may attend in a body, the funeral services will be held Sunday, from the Twenty-first Ward meeting house, commencing at 2:00 o'clock.

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly be true to itself that does not keep them on hand for use in emergencies.

MANDRAKE

is the only vegetable substitute for that dangerous mineral, MERCURY, and while its action as a cathartic is fully equal, it possesses none of its perilous effects.

In Constipation, Mandrake acts upon the bowels without disposing them to subsequent costiveness.

No remedy acts so directly on the liver, nothing so speedily cures Sick Headache, Sour Stomach and Biliousness as these

PILLS.

For sale by all Druggists. Price 25c per box. [illegible]

SUNOL!

ROBERT BONNER
Superintending the shoeing of Sunol with the Putnam Nail.

PROSPECT HILL STOCK FARM,
FAIRFIELD, VERMONT, U.S.A., Feb. 18, 1893.
PUTNAM NAIL CO.,
GENTLEMEN:—Regarding to your favor of the 8th inst., will state that I have used the Putnam Nail on Sunol for the last three years with the most satisfactory results. I will state that I have used the Putnam Nail on my horses for the last three years, and find it to be the best nail for the money. I will also state that the Putnam Nail Forged Nail if I can procure it. With these nails my shoes so good. I have what these nails are and manufactured. I cannot recommend them too highly.
Very respectfully yours,
Chas. Marvin

The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box, if the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The shoe at the top, from a photo representing Sunol, shoeing with the Hammer-Pointed Putnam nail, which [illegible] the shoe of Sunol, will be seen in the form of a half moon, also, [illegible] on the hammer-pointed Putnam nail.

PUTNAM NAIL CO.,

Neponset, Boston, Mass.

BACK VOLUMES

—OF THE—

DESERET WEEKLY.

The six volumes of the DESERET WEEKLY in the present form is now bound. A limited number of copies of these six volumes can be obtained at the DESERET NEWS Office, Salt Lake City, in bound form at $5.00 per volume. It is the best history of current events to be obtained, and by far the cheapest, and the time is not far distant when they will be eagerly sought after by students of history, anxious to be informed of the stirring events which have transpired within the past three years—the most interesting period of the history of the Latter-day Saints. Every person who can afford it should secure these volumes while they are to be had for future reference, and especially should they be obtained for every Sunday School, Improvement Association and Ward library. Apply early to make sure of getting them.
